LOCAL

J. Fish is building a residence on Lovell's Lane for rent.

The Mt. Vernon Power Co's plant is a first class up-to-date outfit.

Charley Coffey of the Langford Station community had a fine horse to die of colic Sunday.

We have repairs for McCormick and Deering and can furnish repairs for any mower. J Fish & Son.

Mrs. W. H. Cox, who has been so very sick for three weeks shows a slight improvement. She is still very sick.

Don't forget the stockholders meeting at the Mt. Vernon Fair Ground Saturday (tomorrow) afternoon at 2 o'clock

Locust is the main street in Sparks & Davis addition, It starts from Quarry street, runs west and ends at Somerset road opposite Fair Ground.

Mr. and Mrs. Walter Robins have the sympathy of all in the loss of their first born, a fine boy baby. The mother, who was Miss Jennie Davis before her marriage is doing very nicely.

Senator Joe F Bosworth, candidate for the Republican nomination for Congress will spend next week in Rockcastle speaking at various points thruout the county.

Any one holding claims against the estate of John Cherry will present same to me at once, properly proven.

J. Thos. Cherry, Executor,
May 22-3t. Crab Orchard, Ky.

George Farmer, formerly of this place, was killed by falling slate in a mine at LaFollette, Tenn, last week and was buried here last Saturday. He leaves a wife and child besides several brothers and sisters.

J. M. Craig was here yesterday making preparations for beginning the construction of side walks along his property on West Main.

There is some misconception as to which is "the" town hill. That knob lying to the east of court house and owned, by Dr. A. G. Lovell is the only genuine "blown in the battle" town hill. The peak to the south west of the seat of justice is known "school house hill." The crag to north east, where the late murder ocurred, is East Mount. To the west of town close to Joplin Gap is Fairmount (Fair Grounds).

COUGHS AND COLDS WEAKEN THE SYSTEM

Continued Coughs, Colds and Bronchial troubles and depressing and weaken the system. Loss of weight and appetite generally follow. Get a 50c. bottle of Dr. King's New Discovery to-day. It will stop your cough. The first dose helps. The best medicine for Stubborn Coughs, Colds and all Throat and Lung Troubles. Mr. O. [Continued from last page]

She told me that the operators frequently suffered nervous breakdown. Their work is confining and it requires constant application. A girl often answers a call every few seconds. She is always under the eye of the supervisor. Furthermore, the abuse she must stand for is trying to the nerves. This girl told me she was frequently called chump, bonehead and idiot, and they were not allowed to answer back.

On the whole, doesn't it seem to you that the telephone operator is the last person with whom you should be impatient, rather than the first. Ruth Cameron.

A TEXAS WONDER.

Last Friday evening marked the close of a most successful year of the Graded School. The High School graduates were Robert McKenzie, Jamie Thompson and John Lair, who acquitted themselves with honor and with credit to the institution. Prof. J. S. Irvine and his able assistants have done a splendid year's work as was evidenced by the exhibit of work done. The faculty for next year will be composed of Prof. Irvine, principal, with Mrs. Fishbick, Miss Georgia McKerron, Miss Bernice Landrum, Miss Clyde Watson and Miss Bradley as grade teachers and Miss Rowlee again at the head of the High School. Miss Watters, who has been with us for three years resigned on account of the illness of her mother, and John D. Henderson, declined a position to engage in other work. The work of the Graded School for last year was most satisfactory both to teachers and patrons.

Mystery Unsolved. The identity of the man murdered on East mount near this place three weeks since yet remains, along with the murderer, a mystery. Indications are that the dead man was a peddler and was killed for his goods. It appears that he was carried to the place where found. Some "Sangers" had used the campfire close to where body was placed but no suspicion is cast toward them as it was some days before the murder when the fire was used. For purpose of possible tracing of the dead man's identity and description is hereby repeated: About five feet seven and half inches in height, black hair and eyes, scant mustache, weight 145 or 150, dressed in blue serge coat, yellow or Khaki or yellowish trousers, elkhide laced boots. Had but few trinkets in pockets such as comb etc. and a white handkerchief with the letter L embroidered thereon.

This man or his "double had a Lincoln county peddler's license endorsed" by County Clerk S. F. Bowman at court house here a few days before the body was found.

The officers are working on clues that may lead to conviction of guilty party or parties.

Bullying the Telephone Girl.

J. E. Woodall, the popular London traveling salesman for Kellogg & Co., Richmond, handles in the following appropriate article:

"I waited five minutes before central even answered me, and five minutes more before she condescended to tell me the line was busy." I heard a man indignantly informing the chief operator over the telephone the other day.

A glance at the clock. He had been at the telephone barely five minutes.

And yet, he is a truthful man and one who means to be just and kind to those who serve him.

What is it about the telephone which so transforms pleasant, reasonable people?

Is it because the exasperating ringing in one's ear when the line is busy, the wearisome waits, the mistakes and disappointments put odes's nerve on edge?

That may have something to do with it, but I'll tell you a bigger factor than that. It is the impersonality of the operator. We don't see her. She doesn't answer back. We scarcely think of her as a human being, and so we dare to visit upon her defenseless head all the irritation her mistakes have caused, and for good measure some of the irritation of the day's disappointment.

If you went into a shop and found all the clerks busy, what would you do? You'd wait your turn, of course, then ask pleasantly for what you wanted and give the clerk a reasonable amount of time to get it. Unless she was remarkably slow you wouldn't think of complaining. And if she made a mistake, you'd probably tell her about it pleasantly enough, no matter how indignant you were inside.

That's because you are face to face with her and realize that she is a woman and not an automaton.

They say that some day we shall have an instrument which will bring people face to face just as the telephone girl is now made visible, she will have a much better time of it than she now does.

There are many people whose manners to their business associates, their friends and those who serve them are always suave and agreeable, but who have two outlets for their bad temper. One is their family, the other the telephone girl. Anyone who has belonged to the family of such a man ought to be able to sympathize with the operator.

The other day I visited a hospital which is an institution for nervous wrecks rather than for the bodily ill. I was surprised to see several young girls in such a place. The nurse explained to me that they were telephone operators. I talked with one of them.

Oklahoma Oil Opportunity

Oil is the greatest money maker and Oklahoma is the greatest field in the United States in the value of her oil productions, totaling over $1,000,000 income weekly. Glenn Pool and other Oklahoma fields made millionaires rapidly when oil was selling at thirty five cents per barrel. Now the price is more than double Fortunes are accumulated almost between the rising and setting of the sun in the great Mid Continent field of Oklahoma.

When one considers the State produces more than $1,000,000 a week, that wells can be drilled in from six to twenty days and often these wells pay for themselves within a week after drilling, that the owner of a single forty or eighty acres of land frequently has an income of $300.00 a day and that stock bought in Company at $1.00 or $10.00 share is many times worth $100.00 to $300.00 a share within a year one's brain reels at the thought. And yet this is the history of many individuals in the state of Oklahoma that reads like some fairy tale. The gold field of California in their palmiest days are left far in the rear; the great gold awakening in Alaska is forgotten; the diamond field of Kimberley in South Africa pale into significance. Nothing in the history of civilized mankind has aided man in accumulating fortunes so rapidly as the oil and gas interest of the great Mid Continent field in the State of Oklahoma.

Here even children of he white Indian and negro races who have had a small piece of land left to them thru the inheritance have frequently an income of $100.00 to $300.00 per day from royalties while the Oil Company that is developing their land is frequently making 100 per cent a month. Language fails to express the reality and even eye witnesses can hardly believe the marvelous facts of production of oil.

A number of strong Companies have been organized and are operating. Among these is the Great Western Petroleum Company of Tulsa, Oklahoma, incorporated under the laws of Oklahoma for $1,000,000 with a strong directorate of business men, three of whom are experienced and practical of men, which is now offering 100,000 shares of their stock at the par value of $1.00, stock to be sold in blocks of five shares and upward.

Those who desire to know some thing more of the great oil interests are invited to address B. J. Waugh, the Stock Sales Manager of the Great Western Petroleum Company, Tulsa, Oklahoma, and make inquiries or get the published literature of this Company giving its holdings and other facts and figures as to the real condition of the oil interests in the State of Oklahoma.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

BRODHEAD.

Frank Ward was up from Junction City during the week — I. Thos. Cherry and R. L. Collier were in town Thursday of last week. — Miss Oma Brown spent several days with Mr. and Mrs. A. M. Hiatt last week. — J. W. Kincer, railway mail clerk with headquarters at Cincinnati, Ohio was at home the first of the week — Mrs Wm. Francisco and children are visiting Mr. and Mrs. Steve Adams in Berea this week, and attending the Berea Commencement. — Mr. and Mrs. Allen Hiatt, of Quail, were in town shopping Wednesday — Mrs. J. W. Moore attended the Berea Commencement this week. — Miss Sproule is visiting relatives in Williamsburg this week. — Bill Newcomb, who was recently released from the State Penitentiary is with his sister, Mrs. John Adams, this week. — Prof. and Mrs. T H. Likins left Thursday for Caneyville, where they will visit relatives for several weeks. We understand that Mr. Likins has the Principalship of the Graded School at Bethlehem, Ky. We are very sorry to lose Mr and Mrs. Likins. — A little girl of Mr. and Mrs Ed Cox have been very low with pneumonia for the past few days — Dr. W. F Carter, L. & N. surgeon, made quite a record the past few days On Thursday of last week he performed an operation on Mrs John Hunt, at Maretburg. Dr. E. J. Brown, of Stanford, administered the anaesthetic for him. On the following Saturday he performed a slight operation upon Mrs. Mollie Durham at Sparks Quarry, Dr. B. F. Wilmott assisting, and Tuesday operated upon Mrs. James Henderson, with Dr. W. E. Gravely assisting. All the patients are doing nicely. — Mr. and Mrs. John Cress and children, of Preachersville, were the guests of Cashier and Mrs. A. M. Hiatt, Saturday and Sunday, and were also visiting relatives in the Hiatt section. They made the trip in their new automobile. — Mrs. Hiram Roberts and daughter, Mrs. Spoonamore, of Junction City, were here last week with relatives. — Bronston and Leslie Elder were visiting relatives in the Quail section a few days since. — Dr. W. F Carter sent two mares to Shelby county last week by B. R. Wilmott. — Mrs. Jacob Elder returned a few days ago from visit to her son, Walter Elder, at Eubanks. — Mr. and Mrs. W. A Tyree were here the first of the week. Mr. Tyree is working for the L. & N. at Elkatawa, Ky., now, and is said to be at the head of list of Concrete foremen. Mrs. Tyree will remain here several weeks. — Dr. W. E. Gravely and Jacob Elder attended church at Providence last Sunday week. — Bronston Elder is Assistant Agent to J. R. Cass now. Given Cason resigned on account of his eyes. — Mr. and Mrs. E. B Nash, of Pleasureville, are visiting Mr. and Mrs. J. H. Barnett near here this week. Mr. Barnett is a nephew of Mr. and Mrs J. H. Nash. — John Pike was at home during the week. — Uncle John Sigman is able to walk to town now. — Mrs. J. H. Thomas, of Carolean, N. C., was visiting her brother Dr W. F. Carter, the first of the week. — Mr. and Mrs. H. E. Christie's little girl has been quite sick this week. — Prof. Likins sold his household and kitchen furniture to a young man of this place. Now, this looks a little suspicious, don't it? — The people here are all guessing who this young man is. If we knew we wouldn't dare tell, and have no idea that it is a bachelor teacher or a student of postmaster. — We understand that this young man has also rented the property vacated by Mr. Likins. — Miss Maggie Owens is visiting her uncle and aunt, Mr. and Mrs. John Riddle, at Walnut Grove this week. — Work was begun on the track at the new lab grounds the first of the week, and at this writing yesterday in the 8th section. We lose in adjustment pertaining to the grounds. The buildings will be begun in a few days and everything completed as speedily as possible. A very enthusiastic stockholders' meeting was held at the Citizens Bank building last Tuesday night, and it was decided to rush the work thru in order for the fellow who is continually saying that we wont be able to hold a fair this year to see, not only that we will have a fair, but to convince him beyond all question that we will have the best arranged grounds and buildings, and the best half mile track in this community, and we invite any one who doubts us having a fair to inspect our premises and be convinced. Dates are Aug. 12, 13 and 14. — Mr. and Mrs. John Riddle, of Walnut Grove, were here during the week the guests of his sister, Mrs. J. M. Owens. Mr. Riddle has decided to move his roller mill from the present location, and the business men here are offering him some inducements to locate with us. If he decides to move to this point he will likely buy the Anderson property and it is a very desirable location. We hope that Mr. Riddle will see his way clear to locate here, and we feel that he will make no mistake by doing so. — Mr. Teed Payne, who moved his family here for the purpose of taking charge of the Telephone Exchange, returned to the place from whence he came, Wednesday morning, and Mr. and Mrs. John Harp moved to the property vacated by Mr. Payne, and will have charge of the exchange. W. H. Graves is making some needed improvements in the telephone business here, and we are looking forward to the time when we will get service worth while. — Mrs W. P. Rigsby, of the Preachersville section, was visiting here and at Mt. Vernon during the week. — Brack Durham was down from Sparks Quarry, Wednesday evening. — W. H. Anderson was visiting his parents, Mr. and Mrs. A. Anderson, in Garrard County, the first of the week.

LIVINGSTON.

By failing to get in a letter last week we failed to report the death of J. M. Oliver who died Friday May 22nd. Born in North Carolina April 14th 1839, served 4 years in the Rebel army. Married Dorcas Allen and to that union was born 8 children viz: Mrs. A. H. Hamlin of Mt Vernon Mrs. C. C. Ray of Hazel Patch, J. A. Oliver of Livingston, E. C. Oliver of Hazel Patch, R. W., N. H. and L. M. Oliver of Livingston and Mrs. Willis Bustle of Hazel Patch. Mrs. Oliver died Nov. 25, 1891 and later he was married to Miss Ruth Tilson and to that union was born 2 children, John and James. He had been a member of the Baptist church for years. His remains were laid to rest in the Ward burying ground to await the summons of his master. — The largest engine that ever passed over the Lebanon branch of the L. & N. R. R. passed thru here Tuesday, it being No 2400. There were several photographs taken of this engine here. Scotty Fallas was handling the throttle and Doc Bryant was the conductor. — Floyd Bryant of Lebanon Jct. is with relatives and friends here this week. — John Cockerell of Paris, Ky. is visiting relatives here. — Johnie Bullock has returned from a visit to relatives at Irvine. — J. B. Donally is visiting relatives in Lexington this week. — J. B. Hays is suffering from a bruised leg caused by Miss falling on him, off a stack while he was measuring them. — J. T. Elliott was in Lancaster Sunday. — Mr. and Mrs. J. F. O'Mary and children have returned from Dallas, where they have been visiting relatives a few weeks visit with relatives at Berea, Ky. Dave Bryant, who is a student at Berea College, spent Sunday with his parents, Mr. and Mrs. S. B. Bryant. Miss Ethel Bryant, who is a student at Berea College, spent Sunday with her parents, Mr. and Mrs. S. B. Bryant. — Miss Ethel Bryant, who has a position in Louisville is visiting his mother, Mrs. Orndorf and his sister, Mrs. Mary Hagan of this place. — Sheriff Cam Mullins of Mt. Vernon was here between trains Monday. — John Seburn sold his property near town to Frank Maxey for $600.00. Maxey is from Covington. — Alvin Argenbright is visiting relatives in Knoxville, Tenn this week. — S. C. Franklin the watchman was here Tuesday. — C. A. Blanford after a few days visit with his brother, T. T. Blanford in Louisville has returned home. — Wm. Brummett of the Gauley section is at Berea for a few days. — Atty. J. W. Brown of Mt. Vernon was in our town Tuesday. — G. W. Martin who has a position as brakeman on the assistant local will move his family to Rowland. — T. J. Pennington has the contract of building a 30x60 feet brick store room for L. H. Davis and he began work today (Tuesday). — J. H. Walton who has been on the sick list for some time is slowly improving. — Mrs. Ellen Dillon of Stanford, after a few days visit with her mother, Mrs. Ema Jones has returned home. — Henry Mahaffey has sold his property in the south end of town to John Seburn, price paid $450.00. Mr. Mahaffey will move up in town. — Wm. Preston is in Louisville for a few days. — Now Mr. Ed we thought that our trouble with Mr. S. C. Franklin and Mr. Maret was over but in looking over last weeks issue of the Signal we find where they have sailed forth again. Now we very much dislike to jump on a defenseless man or a cripple, but we believe the trouble with them now is that they are both suffering from the following diseases:

Humpus Lugubriensis. Is a malady which is common at this season. The symptoms are grouchiness, depression, and general conglomeration of the coperzootic. The causes are too much of a muchness, a too intense seeking after the whyness of the wherefore and the thusness of the this.

Teething babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach disordered, bowels loose and the body uncomfortable. The best help you can give the little sufferer is McGEE'S BABY ELIXIR. It corrects sour stomach, cools and quiets the bowels and helps digestion. Price 25c and 50c per bottle. Sold by John Robins, Brodhead, Ky.

LEVEL GREEN.

The singing at Friendship last Sunday was largely attended — Mr. and Mrs. J. B. George of Etna, spent Saturday night and Sunday with Mrs. M. E. Price. — The farmers are rejoicing over a nice rain here on last Monday, the first we had had for three weeks and it was badly needed. — Mesdames T. J. Nicely, G. M. Ballard and James Anderson of Mt. Vernon were among those who attended the Decoration at Mt. Pleasant last Saturday. — Mrs. J. J. Brown spent Sunday with Mrs. Wm. H. Brown. — Mrs. J. T. Vanhook and children have returned from a months stay with her husband at St. Helena. Mr. Vanhook accompanied them back and will probably stay. — Mr. F. S. Mullins of Wilbers, was a pleasant guest here from Saturday until Monday. — Miss Hallie Sowder spent Saturday and Sunday with her cousin, Miss Julia McAlister near Flat Lick. — Mr. W. H. Thomas suffered the loss of a good cow last week. — Mr. G. W. Shells has been sick for several days. — Mrs. S. T. Vanhook of Oaks, spent last Thursday with daughter, Mrs. O. J. Mullins. — Mr. and Mrs. A. C. Martin and children of Stanville attended the Decoration of Mt. Pleasant the 30. — Miss L. Hazel one of our progressive young school ma'ams of Oak Grove, spent a few days last week with her parents, Mr. and Mrs. J. H. Brown. — Decoration of the week with her parents, Mr. and Mrs. Proctor. — Mr. Proctor

Federal Plan For Highways Betterment

WILL DEAL WITH STATE AS SMALLEST UNIT

In Federal roads legislation, it is a practical certainty that the National Government will recognize the State as the smallest unit with which it will deal. When the Senate Postoffices and Post Roads Committe reports the measure which came to it from the House, it is predicted that the so-called roads rental clause will be missing, and that whatever money is appropriated after division among the several States, will be expended on the roads the Governor and the secretary of Agriculture may decide. Thru its National Good Roads Biard, the American Automobile Association has greatly concerned itself with the highways question approached from a national stand point, and Chairman George C. Dieh comments thusly on the present situation:

"The basis of apportionment of Federal appropriations to the respective States is a matter upon which there is very little disagreement, and it is probable that population, area, and post road mileage will be the factors finally adopted for determining the proportion of Federal money to which each State will be entitled.

"Finally our solons will probably begin the program of Federal aid with a modest appropriation, probably not to exceed $5,000,000. This sum, together with an equal amount to be provided by the States, will involve an expenditure of $10,000,000 during the first year's operation To start with a modest appropriation and increase it as conditions warrant would be to insure the success of the policy from the outset.

"The question which has threatened to become the rock upon which the Federal aid good-road forces would split is that of Federal inspection There are legislators who stand sghast at the possibility of another great Federal bureau growing to such proportions as to cast its shadow upon local anatomy. They profess to see the crumbling of "States rights" stifling of local initiative and endeavor, and the growth of a political machine. If Federal inspection involved these consequences, it would be a dangerous and highly undesirable policy. As a matter of fact, Federal inspection, under reasonable legislative restriction, involves no menace whatever to local liberties.

"The weight of precedent, and the common sense of Congress are sufficiently powerful to make certain the inclusion in any Federal-aid bill that may be passed of an adequate amount of Government supervision.

"Federal revenues come from all of the States, and the right of a state to do as it pleases with its own property does not carry with it the right to do what it pleases with property that comes from all of the States To say that Federal inspection of work for which the Federal Government pays a portion of the cost is either unwarranted or unwise, is to say that the Federal Government should from year to year make appropriations for specific purposes and yet take no steps whatever to ascertain whether the money is applied to such purposes

The contention that Federal aid under self help, is not borne out by experiences in the respective States where an analogous plan has been in effect for some years between States and counties. In 1904 the total expenditure on public roads thruout the United States amounted to $89,000,000 In 1913 the total expenditure aggregated about $206,000,000, and this in spite of the fact State participation in road work has had its spirit of greatest development since 1904, and that the total expenditure of State funds up to and including the year 1913 amounted to about $155,000,000."

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

IN MEMORY OF H. H. BAKER

As the bright and joyous month of May was ushered in, the spirit of H. H. Baker, one of the oldest and most prominent citizens of Rockcastle, took its flight.

His death followed an illness of several months caused by a complication of diseases. For several years he had made his home with Mr. and Mrs. Jonas McKenzie where every care that loving hands could give was bestowed upon him. Mrs. McKenzie had given her father the most faithful attention and her grief over his death is only lightened by her implicit faith in Jesus Christ and the blessed assurance that "God doeth all things well"

By men who knew him in public life, he was called one of the best men that ever lived in Rockcastle county and all who knew him loved him. He often told his friends that he rode Sheriff for eleven years. He had been a member of the Baptist church for many years, always interested in its growth and welfare as the liberal contribution in money and personal service testified.

During the last illness he often sang the following song which no one had ever heard him sing before, being a memory of by-gone days:

When I behold young converts
How swift they travel on,
How bold they speak for Jusus
How dear they love this name.

When he became so weak that his voice would rise no more in song he would repeat the lines feebly to himself. He had copied in his Bible the lines of the song beginning:

"Come all ye weary travelers
Come let us join and sing."

Ever seeming to think of the welfare of others. On that all men would show such evidence of Christ's love in their hearts and lend a helping hand to the weary travelers on life's pathway.

Harris H. Baker of Rockcastle county and Maranda McQueary of Pulaska county were married on the 3rd day of May 1851 by Elder Richard Collier. Nine children blessed this union of hearts, three of whom Mrs. Lydia White, Mrs. Matilda Adams and Mrs. Sallie McKenzie preceeded him to the great beyond where his beloved wife awaited him.

The children who survive him are Mrs Joe Thompson of Lancaster, Ky., Mr. William Baker of Annabel, Missouri, Mrs. Jonas McKenzie and Mrs. John McKenzie, Sr., Vernon, Ky., Mr. Andrew Baker, Pulaski county, Ky., and Mrs. J. J. Purcell, Plano, Ky. The grand children born, 67 in number, and the great-grand children 36. His grand son, little George McKenzie who so often drove with him in his buggy when health was failing, feels his loss most keenly, and his sad face expresses this sentiment. We miss his cheery voice above the hall We miss his smiling face before the fire. We miss his morning talks the most of all. The loved one who has left and gone up higher.
