

Library News

By Kathy McKibben - Children's Librarian

It's that time of year again when all the little children get excited to dress up and go visit homes of friends and receive treats! This year we will be hosting a party for the preschool and elementary students Tuesday, October 31st from 3-5 p.m. in the children's room of the Library. There will be a costume contest with prizes for the following three categories: the most hilarious, scariest and creative. Games and activities will be played and refreshments will be served. Prizes will be given to the winners of the costume contest and of the games, and of course candy will be given out to all of the children! Come on down, bring your children, and have a good time as well as a safe and happy Halloween.

We want to continue to remind our patrons of Story Hour for the children every Tuesday at 1:00 p.m. We have an enjoyable time with them while reading stories, making crafts and having light refreshments. I would like to say a special thanks to the ladies who always attend and help out. It is such a joy to know that we are working with people who show care and concern for today's youth. On Tuesday, October 31st there will not be a Story Hour because of the party. Our regular schedule will be picked back up on the following Tuesday. Come bring your Preschool and Elementary aged children to this event and check out all of the exciting changes that have taken place! We guarantee you'll have a great time!

What My Library Card Can Do for Me

By Adrienne LaShae Childress
My library card is very important to me. I plan to tell you why. I really like to read. It is a hobby of mine. The skill of reading you will use all of your life. But who wants to read the same books all the time. Your library has hundreds of books you can get any time. In order to borrow books you have to get a library card. This is so easy to do, it doesn't cost a thing. Since I love to read so much I have one of my own. If you can't read there is books recorded on tapes and you can go on the computers and do fun stuff. My library card helps me do my homework because I have a ready assignment every night. My little sister can't even read, but she enjoys going to the library as much as me. They have toys for her to play with and books with the pictures for her to see. Now see why my library card is important to me.

My Library Card By Sarah Herbert

One day me and my papaw went to get my first library card and it is yellow. It is a pretty color and it has my name on it. It is cool to have a library card, cause I can check out books like big books and little books. They are fun to read cause it is just cool to read. But it is hard sometimes. But I do it anyways.
