

Coach's Comments

It was a dream season. Most people will remember the record and the accomplishments, but I will remember much more.

We went through the entire season without a problem from any player. All 50 players had great attitudes and dedication. Each level had outstanding seasons.

The working relationship of the coaches and the support from the school and community have been tremendous.

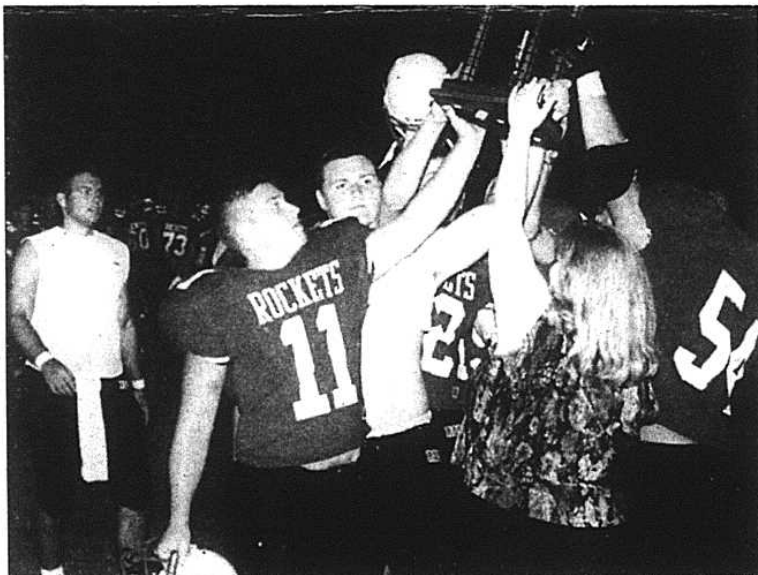

I do want to say a special "Thanks" to the "Pigskin Moms" and the "Touchdown Girls" for everything you have done. Parental involvement this season has helped make the team come closer together as one big family.

Congratulations to the nine fine seniors on this team. You are well deserving of this season. You worked hard to accomplish something no other before you have.
