Miss Oma Brown, at the Norton Memorial Infirmary, returned to her home at Quail first of the week. Mr. and Mrs. A. G. Crider while on their way home from Richmond last Sunday afternoon happened to a serious accident in which both were badly hurt, and as a result are in Berea Hospital. They were driving their new Ford Run-about, and in company with Mr. and Mrs. Edd Smith and family, and Mr. and Mrs. Sam Maharg and family, all of whom were driving Fords. Mr. Smith, who was in front passed some children on a bridge about four miles out of Richmond, and it seems that the children got back on the bridge and were looking after Mr. Smith's car. Mr. Crider following closely sounded his horn a number of times but the children failed to hear, and without checking his speed he came upon the children and in dodging them ran his machine off the bridge, which was about eight or ten feet high. Both Mr. and Mrs. Crider were caught under the car, but were soon extricated by Mr. Maharg and son, Ray, who were closely following them. Mr. Crider suffered a dislocated and broken shoulder and a broken finger, and Mrs. Crider was reported to be hurt internally. Both were rushed to Berea Hospital, and the wrecked car sent to a garage in Richmond. Their many friends are very sorry to hear of their misfortune, and it is hoped they will soon be able to be brought home. Mr. Crider is a very popular merchant of Hiatt—H. E. Christie who recently received the several degrees of Masonry in Brodhead Lodge and Chapter, went to London where he received the degrees conferred by the London Commandery No. 33, Knight's Templar, and on Thursday night of last week the degrees were conferred on him by Olieka Temple Ancient Arabic Order Nobles Mystic Shrine, of Lexington, Ky. Mr. Christie says he has now reached the end of his Masonic journey.—Rev. J. W. Masters, who has been holding services in Pulaski for the past few days, was here Tuesday on his way to his home in Corbin.—Alex Smith died at the home of his son, James Smith, in the Hiatt section Sunday night. He was a Civil War veteran and a highly respected citizen of that community.—The play given by the Graded school Tuesday evening was well attended and greatly enjoyed.—The proceeds will be used for the school library.—Robert Chappell, of Lebanon Junction, was here a few hours Tuesday.—Mrs. Edd Sturgeon, who has been with her mother, Mrs. Mary Johnson for several months, joined her husband in Cleveland a few days ago. D. R. Belcher has moved his family from the Morris Frith farm near Gum Sulphur to J. M. Adams property on East Main street.—Mrs. W. A. Robins was in London Tuesday to see her husband who is at the infirmary there. Mr. Robins who underwent an operation for appendicitis about ten days ago, is getting along nicely and will be able to come home in about another week.

BRODHEAD

Ben Riddle made quite a reputation as marshal of our town a few nights ago. Three drunks came to the moving picture show, and after leaving in rather an abrupt manner, had no sooner reached the ground until they began firing off their revolvers. Mr. Riddle, who had followed them closely down the stair way, saw two of them run behind the old building of Frith Bros. near the bank, and he going the other way met them and at once placed them under arrest. When he demanded their pistols they, of course, denied having any, and when he tried to search them and hold both of them too, he heard something fall a short distance from him, and supposing they had thrown away their revolver as he was unable to find it, he placed them in jail, and returned to the place where he first caught them and with the aid of a flash light found a 32 Special Smith & Wesson revolver. The parties were brought before the Court the following Monday, this being on Saturday night, and confessed to being drunks, but denied that the pistol was theirs. Besides collecting his usual cost for the arrests, Mr. Riddle has the pistol "to boot".—Union Services will be held at the Christian church next Sunday evening by the Revs. Potorf and Bowling. Mr. Potorf will preach at the Methodist church Saturday evening and Sunday morning. Every body are invited to attend these services.—Rev. H. T. Young, of Mt. Vernon, and his brother B. T. Young, of this place, spent last Friday in the Gum Sulphur section hunting

quail.—The play given by the Baptist folks Thursday night of last week was quite a success, and was greatly enjoyed by the large audience that attended.—Chas. Carter, of Shelby, was with his uncle, Dr. W. F. Carter and family last week.—Miss Tempest Ward was with friends in Livingston Friday.—Mr. and Mrs. John Evans took their little daughter, Geneva, to London Friday and had her tonsils removed. Dr. Pennington performed the operation, which was very successful.—Mrs. J. E. Thompson, of Mt. Vernon, was with her sister, Mrs. T. K. Francisco, here last week.—Mrs. Steve Brown died at her home in the Ottawa section Thursday night of last week.—Mrs. A. Owens is spending a few weeks with her daughter, Mrs. T. K. Francisco.—Master Edgar Dunn Newland was with relatives at Cedar-Creek last week.—Miss Amy Proctor, of Mt. Vernon, was with her aunt, Mrs. U. K. Martin, last week.—We understand that Rev. J. N. Bowling has rented the Granville Owens property near the fair grounds, and will move his family here by the first of the year.—Little Miss Elizabeth Furnish, of Mt. Vernon, was the guest of her cousin, Miss Anna Furnish last week. Rev. Clero Purvis preached two excellent sermons, at the Christian church Sunday morning and evening.—Mr. and Mrs. John Bealy, and Mr. and Mrs. Frank Catron were recent guests of Mr. and Mrs. John Riddle.—Mr. and Mrs. Fred Durham were down from Mt. "John Barley Corn" Alias "Old Bourbon"

Out of respect for our time honored beverage, we wish to speak considerably, without giving offense to any one associated with him, or engaged in the manufacture and sale of "our friend" in any form.

While he has had no respect no consideration for our social welfare, it is charitable at least, to avoid calling names, and let his last days pass out without inflaming the evil passions of those who will cling to him and fight for him, to the "last ditch."

It will be a "fight to the finish" from now on; not piece meal a voting precinct here, a town or city war there, nor even will "County Unit" methods receive much attention.

The "order of the day" is "State Wide". Using a popular phrase "playing both ends against the middle," that is just the game.

We quote again: "The people for which this government was framed, is made up of people, just 'folks' like you and I and we U. S. & Co., are taking a hand in running it."

A large number of us counting by states have found fault with "John Barley Corn" Alias "The liquor traffic."

John and his friends have fooled us and made fools of us "time and again."

He has persuaded us, that he was our minister, our lawyer, and medical adviser.

He's made us feel "Rich as a Jew with no poor kin. At times we thought while "John" was backing us that we were a "hoss" in fact a whole team, and could whip our "weight in Wild Cats."

Sometimes John made us believe that we possessed the "wisdom of the ages" yea the knowledge of the universe was treasured up in our befuddled whiskey-soaked brain.

Indeed no Philadelphia lawyer could put the "one over on us."

About the meanest thing John ever did to us, was stealing the money our wife and children needs for victuals and clothes.

He did us all that way and keeps on doing so.

He has meddled with our voting "time out o' mind." He would tell us this party, or that party is your best friend, "Vote for us and the county will be safe."

If we couldn't see it that a-way why—"pshaw take a drink—take an other" and pretty soon we couldn't see the way home, and besides all this—a quart of John Barley Corn, or fifty cents or five dollars had found their way into our pockets, stomach and brain.

Behold! friends; Look about you and tell me! Can you see the multitudes of voters, some have passed to their reward—who have been deceived and betrayed, by John and defrauded him into voting for Booze!

Can we see what our attitude has been, and how much we are responsible for the delusions of the arch traitor, and tyrannous Kink Alcohol.

However, we are slowly but surely parting company with John and his host of coadjutors.

Coming down to brass tacks, twenty three sovereign states are "Dry."

Here's the list. On November 7, Michigan, Nebraska, Montana, South Dakota went dry on constitutional amendment vote, prohibition governors elected in Florida and Utah and a popular vote for the abolition of the liquor traffic in Alaska. The Wets in Arkansas, Washington, Colorado, and Oregon, already dry states, tried to mollify state

wide regulations, to suit liquor men but were overwhelmingly defeated.

The other dry States besides the ones that went dry Nov. 7, are Virginia, West Virginia, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Arkansas, Oklahoma, Kansas, North Dakota, Idaho, Oregon and Washington. Missouri had a close call for "dry" but the Big Brew-Business of St. Louis held it wet. In Michigan which went dry, all the big cities voted dry except Detroit, which was a "draw." Detroit has a population of eight hundred thousand.

To sum up John, you have lost legal right—"legal right" you have no legal right to engage in Booze Business in any form; without a license, or permit. As we were saying twenty three states have set their seal to State wide Kentucky, Missouri, Florida, Indiana, and Texas are planning to Kick you out.

The goal, John, is a "dry" United States. The Ball has gone over 60 per cent, of the way counting people, and 80 per cent counting territory already "Dry" John just one more word, a lot of us will feel bad to let you go, out once dead and buried we'll all dry our tears, and say, "It's better for all of us," and for "The rest of mankind" as one of our presidents wrote in his annual message. He said "We are at peace with the world" and added,—"and the rest of mankind"

It is too late now John, to clean up, and make the saloon look like a Sunday School. The two institutions are so different the one is lifting all sorts of people out of the slums, of vice, the other, throwing them in as fast as time moves.

That's what the "people" have against you John,—you are a deadly enemy to home, school, church and state, and you are doomed.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. LIVINGSTON BORN, to the wife of Roy Fenwick, a fine girl, on the first Mother and babe both doing well.

Born, to the wife of Robert Griffin, on the second, a fine ten-penny boy. Robert says it is great to be called papa. He has almost learned to sing the little song, "Rock o' By Baby."

Born, to the wife of George Smith, twins, December 4th. One died a few hours later.—Mrs. Georgia McClure has been very sick for a few days, but is much better at present.—Miss Tempest Ward, of Brodhead, has been visiting Mrs. Georgia McClure.—John Mullins has moved his family to Berea.—Willie Rambo, who has been very sick for some time, is some better.

J. H. Owens is some better at this writing.—Mrs. Earl Rice, of Louisville, has returned home after a few days visit with her parents. Dr. and Mrs. W. T. Amyx.—J. W. Baker, of Mt. Vernon, was here between trains, Saturday.—G. W. Doss is attending court at Whitesburg, Ky.—We had a small racket here on the streets, Tuesday. Hobbe McClure, from what we can learn, got too much Devil's Dish Water and tried to be unruly, but the marshal arrived on the scene and administered a few doses of soothing syrup in the form of a billy and McClure's nerves soon got steady. A word to the wise is sufficient. Boys, don't think you can get a few drinks ahead and then paint the town red. The time has been when such was the case, but not now. Such will not

be tolerated and we expect to keep the town quiet, if it takes all of the citizens, to accomplish this. We will stand behind our officers. So, beware.—L. H. Davis has his dwelling, over the river, almost completed.—Urban Channing was called to London on account of the illness of one of his sisters.—R. L. Payne left here for Tennessee, Tuesday, to work for a mill firm.—Walter Owens, E. C. Herd and Acy Lemaster went to Cincinnati, Monday.—A. P. Dell and Bill Lemaster went to Covington a few days ago and all three of the brothers took the 32nd degree in Masonry together, a very unusual occurrence.—Rev. Baker of Paris, came down Saturday and assisted Rev. Shaw in the meeting and baptismal service.—Rev. Rowd Shaw, evangelist, closed a series of meetings here at the Christian church, last Sunday night, which lasted almost three weeks, with several additions to the church. It was a splendid meeting and much interest was manifested, and we are sorry the meeting closed at the time it did. He went from here to Mt. Vernon, Monday night, to begin a series of meetings at that place. We wish to say that Mt. Vernon is fortunate as well as us in securing the services of Bro. Shaw. A delegation of Livingston folks will attend church at Mt. Vernon, Saturday.—W. A. Cox, of Mt. Vernon, was here between trains, Monday.—C. A. Blanford was called to Louisville, Tuesday, on account of the death of his aunt.

THE LIVINGSTON SCHOOL—THIRD MONTH. This month shows, by far, the best work of the term, with many more pupils and parents who really desire to make the work better day by day.

The work in domestic sciences so much better than we expected—thanks to the good mothers in this town and community, who seems are competent, ready, and willing to help us out along this line of the work. The pupils who have made very good this month are: E. McMarrin, Ninth Grade; Bertha Summers, and Lena McCormick, Eighth Grade; and Minnie Jones, sixth Grade; Bessie Dees, Ida Clark, George Gehring, Lawrence Oliver, and Homer McHaffey, Fourth Grade; Carrie E. Wadley, Clifford Amyx; Bradley Summers, Elizabeth Rue, Eloise Fenwick, Arville Jones, Margaret Pickett, Leila Dickerson, Olga Stidham and Willie McCormick, Third Grade; Sammel Gehring, and Ray Ponder, Second Grade; Alma Pike, Robert Cockerell, and Glen Ponder, First Grade, on Honor Roll. Star Roll—Lillie Johnson, Sophia Johnson, Georgia McDaniel, and Hazel Ponder, Sixth Grade. In addition to this we are pleased to mention a few of the many pupils who are doing so much for the progress and success of the school. Mr. E. McMarrin, our proficient librarian who has charge of the literary department of the school and who not only selects but also directs the reading for most all the grades. If any body needs a book, "Mickie" has it or knows where to get it. If it happens to be a poem for the work in any grade "Mickie" has it or knows where to find it. Along this line we certainly miss Walter E. Browning who contributed much to the life of the school. If there is something to be done any where, any time, for any body—done now and done well—it is "Mr. Cott" Who is "At your service if you please" with Ebb and Thurman Jones, Omari, Rambo, and Dickerson and many others who may be relied upon to do more than a fair part in anything that comes up. Then too the young ladies and girls—who are too numerous to mention and with just as much push and enthusiasm, we have reasonable grounds for believing that the work for each succeeding day and month will be better still.

WOULD PUT PROHIBITION AND SUFFRAGE TO VOTE.

Louisville, Ky.—The Louisville Times, which under the same ownership with the Courier-Journal has bitterly opposed prohibition and woman suffrage, has come out in a recent edition in a first page editorial demanding that constitutional amendments, which have for their objects the establishment of prohibition and woman suffrage in this state, be submitted by the legislature to the voters of Kentucky. The Times says it believes "that the agitation of these issues has reached a point where their settlement will do more to clear the air of Kentucky politically and commercially than any other agency."

DANGER SIGNAL. If the fire bell should ring would you run and stop it or go and help to put out the fire? It is much the same way with a cough. A cough is a danger signal as much as a fire bell. You should no more try to suppress it than to stop a fire bell when it is ringing, but should cure the disease that causes the coughing. This can nearly always be done taking Chamberlain's Cough Remedy. Many have used it with the most beneficial results. It is especially valuable for the persistent cough that so often follows a bad cold or an attack of the grip. Mr. Thomas Beeching Andrews, Ind., writes: "During the winter my husband takes cold easily and coughs and coughs. Chamberlain's Cough Remedy is the best medicine for breaking up these attacks and you cannot get him to take any other." Obtainable everywhere. NERVOUS WOMEN. When the nervousness is caused by constipation, as is often the case, you will get quick relief by taking Chamberlain's Tablets. These tablets also improve the digestion. Obtainable everywhere.

While in a drunken fit, on yesterday Sam McClure struck his son Hoy, in the back with an ax, inflicting a wound about two inches long, but just how deep the doctor was unable to tell without probing. The wound is not serious. When sober, there is no more harm than a man in Rockcastle than Sam McClure, it was his whiskey acting and shows what whiskey will make a man do.

The following announcement was received by friends of the groom here this week: Mr. and Mrs. Thomas Francis Blair announce the marriage of their daughter, Katherine Agnes, to Mr. Elmer John Lechleiter, on Wednesday, the twenty-ninth day of November, one thousand nine hundred and sixteen, Earlinton, Kentucky.

Mr. James Maret, state road inspector, suffered a severe attack of acute indigestion Tuesday afternoon and for a time was in a very serious condition. He was stricken while looking over the work of the Ruckerville pike, about nine miles from the city, and was brought here in an automobile. He was taken to the office of Dr. Russell Henry where he received treatment and was soon out of danger. Winchester Sun.

Three U. S. Revenue men came to town yesterday and caused considerable consternation among the malt mead people, when they demanded revenue in proportion to number of barrels sold for several months past. The tax collected ranged from \$27 to \$60. We understand that they also took one or more bottles of the product from each place where Maltina is sold and sent them in for an analysis to be made. A recent ordinance passed by the town board puts all the malt mead joints out of business after January 1st, but there will be plenty of them just on the outside of town.

Rev. Rouse Shaw, Evangelist, began a series of meetings at the Christian church Tuesday evening. Each evening brings larger crowds and those who have been regular in attendance are more impressed with each service. We have never heard "Billy" Sunday but from what we have read of him, the first impression of Rev. Shaw leads one to think that he is some what on Mr. Sunday's order. But the more you hear of him, the more you are impressed with his personality, the earnestness of his efforts and his past record in Kentucky for more than eight years tells the story of his good work. Services begin promptly at 7 o'clock each evening and a cordial invitation is extended to every person in Mt. Vernon and vicinity of Mt. Vernon to attend the meeting which will continue through next week if not longer.

Practical Economy

Baking powders made from alum or phosphate may be bought for a trifle less than Royal Baking Powder, which is made from cream of tartar, derived from grapes.

Alum powders are not only cheap, but they differ greatly in leavening power.

If a cheap baking powder is used for a fine cake and the cake turns out a failure there is a waste of costly materials worth more than a whole can of the cheap baking powder.

Royal Baking Powder produces the finest food, and its use therefore, results in an actual saving.

LEVEL GREEN

WELL, Thanksgiving has come and gone again, and I wonder how many really spent the day or felt the meaning of the day as they should. It seems that the day has come that people in general are not thankful for anything.

We have had a few days' revival at Friendship, which, owing to the inclement weather, was not largely attended but much enjoyed. Most people are done gathering corn and the corn crop is fine in this locality and selling at 90 cents and \$100 per bushel. James Vanhook lost his house and entire contents by fire last Friday night. The origin of fire is unknown.

Mr. and Mrs. W. E. Anderson are now residents of our village and we are certainly glad to welcome these fine people into our midst. Some thief, or thieves went into A. F. Lawrence's house last Saturday night while they were at church and made quite a raid, as Mrs. Lawrence had mostly prepared her Sunday dinner, and they got the benefit of it. Such people should be handled to the extent of law.

Granville Hurst, of Plainfield, Ind., is visiting his parents here. F. S. Barr and Price Johnson, of Wilmore spent Thanksgiving with R. H. Brown and hurred several days with the boys. Mr. Banner Hampton happened to a very painful accident while hunting last Thursday; shot one of his hands so badly that his thumb and three of his fingers had to be amputated. He is getting along nicely. Miss Jalye Price was at home a few days last week.

She was accompanied by a Miss Johnson, of the Dormitory. Mr. and Mrs. Walter DeBord, of Wilborn, were with Mrs. DeBord's parents, last week. Mrs. R. M. Testerman, of Elrod, spent a part of last week with her daughter, Mrs. M. E. Burton. Bob Mullins and Herbert Anderson, of Livingstone, spent on Wednesday till Sunday with friends and relatives here.

Miss Lula Proctor, of Quail, and Miss Grace Proctor, of Hiatt, were the guests of Mrs. R. H. Brown, Sunday. Mrs. Alice Hamm and children, of Pruden, Tenn., are visiting relatives here. Wm. H. Brown spent last Friday night with his daughter, Mrs. Eugene McWilliams, at Brandy. Mr. Charles Hampton and Miss Stella Thompson drove over to Mt. Vernon, last Thursday, and were married. Mrs. John McKinney died last Saturday after two weeks' serious illness of complications of diseases. W. A. Todd is slowly recovering from a three-month's attack of malaria fever. Mrs. D. R. Gentry and little daughter, Omega, spent last week with her mother, Mrs. J. N. Brown.

Colds Coughs Catarrh

A trinity of evils, closely allied, that afflict most people, and which follow one on the other, in the order named, until the last one is spread through the system, leading to many evils. But their course can be checked. PERUNA CONQUERS

It is of great value when used promptly for a cold, usually checking it and overcoming it in a few days. Ample evidence has proved that it is even of more value in overcoming chronic catarrh, dispelling the inflammatory conditions, enabling the diseased membranes to perform their natural functions, and toning up the entire system.

The experience of thousands is a safe guide to what it may be expected to do for you. Liquid or tablets—both tested by the public and approved. THE PERUNA COMPANY, COLUMBUS, OHIO

PEACE MORE DELAYED

President Not to Take Definite Action at Present.

Diplomat's Agents Abroad Instructed Not to Commence This Government as Being a Step Toward Peace.

Washington, Nov. 29.—President Wilson and his closest personal advisers, in a series of conferences in quick succession, decided not to make any definite move toward obtaining peace in Europe at this time. It was stated in official circles that the belligerent nations on the subject will be given instructions immediately not to commit this government as being in a position that peace come quickly.

Washington, Nov. 29.—Ambassador Gerard, it also was learned, received instructions to inform the German government upon its return to Berlin that the new German submarine warfare "makes it seem apparent that German submarine commanders are running the risk of losing the plaudits given to this government." The ambassador was also instructed to tell the Berlin foreign office that the United States would "seriously regret" any interference with American relief work in Belgium. The American relief work in Belgium is being hampered by the German deportation of Belgians to Germany. Ambassador Gerard will sail from New York next Tuesday. He will carry out the instructions upon his arrival in Berlin.

COL. LAMBERT IN LOVE SUIT

Chief Magistrate Is Object of Bill for Alienation—Action Seeks \$200,000 Damages.

Joliet, Ill., Nov. 29.—Col. John Lambert, millionaire steel associate of the late John W. Gates, is all mixed up in a love suit which promises some sensational results. The colonel, who maintains residences in Joliet and in Pasadena, Cal., is defendant in an action filed here last week for \$200,000 damages. The plaintiff is Roger B. Cornell, physical adviser for millionaires and lifetime trainer of James J. Jeffries. It alleges Colonel Lambert alienated the affections of his former wife, Lilian Cornell, who was associated with him in the conduct of an artistic culture resort in Pasadena.

SHELL YPRES FRONT AGAIN

Fighting Activity on the Western Lines Is Extended Beyond the Somme Sector.

London, Nov. 29.—Fighting activity on the western front is extending beyond the Somme sector. The British war office reported that the Germans have carried out a violent bombardment of the British positions north of Ypres, in Belgium. The English casualties were small, it was stated. Southeast of Souchez, in Artois, the British exploded a mine and occupied the crater. Afterwards the position was consolidated. The Germans attacked three times in an effort to capture the crater, but were repulsed each time.

Until you serve it, you will never know how much pleasure coffee can give

A million other women have learned what good coffee means—they have solved this question in their homes for all time.

They know now that to get good coffee, the coffee itself must be right.

Have in your home the enjoyment of drinking the coffee which, of all the coffees in America, is the most popular! Solve your coffee problem in the identical way a million other women have. Serve Arbuckles' Coffee tomorrow—know how much pleasure coffee can give.

STATE SURVEY TO CURB FIRES

PREVENTION ASSOCIATION PLAN IS OUTLINED BY HEAD AT CONVENTION.

W. J. GILSDORF IS RE-ELECTED

Twelve Districts, Each With an Inspector, is the Suggestion That Was Adopted.

Western Newspaper Union News Service. Louisville, Ky.—On recommendation of President W. J. Gilsdorf, the Kentucky State Fire Prevention Association, during its sixth annual meeting here, voted to divide the state into twelve districts, in each of which fire prevention meetings will be conducted and inspections will be held during the year. Such meetings have been conducted regularly, but the new method of leadership is expected to increase attendance and produce better results.

The association is composed of forty-seven field men, or special agents, of the Union and Bureau companies. Heretofore the president has conducted meetings and inspections in twelve cities every year, but the members, not being charged with any particular responsibility, have in many instances failed to attend, and results have consequently not always been satisfactory. President Gilsdorf's suggestion, which was adopted, was that a chairman be appointed for each of the twelve districts into which the state will be subdivided, and that this chairman be responsible for the inspections and meetings.

Secretary Miller, in his annual report, said 40 per cent of requests for improvements made by the association during the year had been acted upon favorably, and that, while this percentage was not so great as in the year preceding, it was gratifying.

The association adopted a resolution providing that when any Kentucky town starts a movement for installation of a waterworks system, the secretary shall notify all members, who shall give their active co-operation.

W. J. Gilsdorf, president, said that among all the hazards known to an dweller, the shingle roof was one of the greatest. He likened the average shingle roof to a pile of excelsior saying a windy night and a little spark were all needed to start a conflagration. Mr. Gilsdorf, of Lexington, was re-elected president of the association and L. C. Riker, of Harrodsburg, was re-elected vice president.
