Keisling, the gentleman who keeps the lunch stand at this place, went up stairs to her room early in the night, and about 10 o'clock, she got up and went to her window and hoisted it and walked out in her sleep, the result of which, was to fall some 12 or 15 feet. She became conscious about the time she left the window, but it was too late. She fell on her hand and side, but was not fatally hurt, only bruising her hand and side a little and straining one rib. She has been out a little this week and will be alright in a few days. We think it would be wise for Miss Mattie to change her bed room and sleep in the lower apartment of the house, as she cannot afford to risk repeating this kind of a night walk the second time.

ANNOUNCEMENTS

We are authorized to announce Chesley Payne,

as a candidate for Magistrata in the Second district, subject to the action of the Republican party.

In the tax list returns, recently made in New York City, were found some of the following ridiculous statements: John D. Rockefeller, Pierpont Morgan, Senator Depew, Russel Sage, Helen and George Gould and a host of other Million heirs, multi million heirs, and some, who almost reach the billion mark, when called upon give in their tax list, raised their hands and took an oath, that \$350,000 to \$400,000 was the full amount of their taxable property. Throughout the whole country exists just such a rotten condition of affairs; the people who have the money and should pay the taxes, by their dishonesty, are allowed to go and pay upon just such amount as they see fit, and the poor, honest working man, has to take his hard earned dollars, and pay taxes, which amount would be reduced and make the burden lighter, if the dishonest rich man was made to pay the amount, that he is morally and legally obligated to pay.

The question is often asked, why Gov. Beckham, didn't appoint Judge James D. Black, to succeed Judge J. H. Tinsley, in the 27th judicial district. The question can be readily answered by saying that Judge Black did not want it. If he had, there is not a doubt but what he would have received the appointment, but there is a letter and higher office, than a little judgeship which it has been "so rit down" that Black, the Cicero of the Mountains, shall fill before many more years have come and gone.

The good roads convention, which was held at Hopkinsville Wednesday, was a marked success in every particular. Even though, it was right at the busiest time of the year, yet, the farmers, feeling the need of good roads throughout the state, left their work, to attend this meeting. May the day soon come when the same interest will be taken by the people of this county for good roads, as was shown by those people at the Hopkinsville convention.

The trial of Ellis Glenn, at Parkersburg, W. Va., charged with forgery, is one most singular cases, ever brought up for trial in the state. The facts in the case, show Ellis Glenn to be a woman, who for years passed herself off to be a man and a real estate agent. She is to be pitied unless she made a mighty good looking man.

CHINA has filed claim for indemnity to the amount of \$500,000 against the U. S., for alleged mistreatment of Chinese in Butte, Mont. The Chinese! government is like some people, doesn't know, when it has enough.

THE gracious whisky combines have agreed to limit their production next year to the extent of 2,900,000 gallons. What generous people they are.

MORE money for State College, State Treasurer Hager, having received \$25,000, which is to be placed to the credit of that institution.

OR the 870 saloonkeepers in Louisville' 820 have asked for a renewal of their license. They will be in line before it is too late.

If you favor the other fellow all the time, and never ask for anything in return, you are strictly the people.

CURE FOR CHOLERA INFANTUM Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble, give it a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy and perfect health been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. Bear in mind that every bottle is warranted and if it does not prove beneficial the money will be refunded to you. For sale by Theo Wesley Druggist.

NEVER KNOWN TO FAIL.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—MRS. CURTIS BAKER, Bookwalter, Ohio. WHEAT CROP IN KENTUCKY.

Elizabethtown News: The estimate made sometime ago of a half crop seems to be a fair one.

Hopkinsville Kentuckian: The yield is reported satisfactory and the quality of the grain generally is good.

Scott County Georgetown Times: Wheat harvest is about completed. The fly has done considerable damage in some fields.

Henry county Farmer's Journal: Harvesting has just begun here and the wheat crop is far beyond expectations.

Columbia Spectator: The wheat harvest is over and the yield fell short of an average crop by about 40 per cent. in this county.

Marion Falcon: Owing to damage done by the fly and other causes a portion of the wheat crop will not be cut in Washington county.

Letcher county Farmer's Journal: Wheat harvest is now in full tilt. Reports from most of the farmers show that the crop is very good.

Barren county—Glasgow Times: The corn crop is fine and the farmers are done laying it by, but the wheat crop is very sorry; some farmers will not make enough for seed.

Woodford Sun: The wheat harvest has begun in this county. There is prospect of a fine yield of wheat of good quality, except where damaged by the fly and the storm.

Logan County News: From the best reports we have been able to get, the wheat crop of the county is hardly up to the average in quantity, but what is lacking in quantity is made up in quality.

Anderson News: The Hessian fly, which, for the first time in the history of the crop, worked all the winter, has caused incalculable damage, and as a result a large part of the crop has fallen.

Bullitt county—Spencer Courier: The wheat is good except where it has been damaged by the Hessian fly. Some planters report their entire crops ruined by this fly, while others report no damage at all.

Lebanon Falcon: Wheat harvest in the county is about completed. Many farmers complain that the fly and the rust have done great injury to the crop. The average yield will hardly reach 50 per cent. if conditions are as has been represented.

Lancaster Record: In the early spring it was feared the crop would not turn out well, but the yield is far ahead of expectations and almost a full crop will be made. The recent high winds have caused some trouble by blowing down the wheat, but little or none has had to be abandoned.
