Prof. James McGranahan, the well-known hymn writer, formerly connected with Moody and Sankey, the evangelists, is dead at his home in Kinsman, O., of diabetes. He was 67 years old.

Noah Simpson, who broke jail at Lancaster several months ago, was captured at Richmond. He is under sentence of twenty-one years in the penitentiary on a charge of murdering two men. A reward of \$250 had been offered for his arrest.

June reports show the oil situation in Kentucky to be good and the prospects better than ever, as new territory has been opened by additional wells. Some good wells have been brought in in the established sections of Wayne and Clinton counties.

Conditions on the stock market have further improved, after three months rest following three months of severe liquidation, which culminated in the March panic. One of the features in the situation is the steady improvement in the crop outlook.

Southern iron foundries have sold up nine months ahead, and are having no trouble taking orders at \$18.50 a ton for No. 2 foundry. The mills are trying to get increased production so as to meet the demands of the trade, and mines are getting out large quantities of ore.

The Triennial Conclave of the Grand encampment, Knights Templar of America at Saratoga Springs, July 7-11, will be the first gathering of this order ever held in New York State. Knights Templar from all parts of Europe and America will be present at the convention.

John Magoffin, a blind man, is accused of the murder of James Peel, at Lexington, who died Sunday morning from the effects of a pistol ball fired into his body in his home in that city. The Coroner's jury returned a verdict that Peel had been shot with his own pistol, in the hands of Magoffin.

The cases against Judge James Hargis and others, charged with the Cox assassination at Jackson, was called Tuesday at Sandy Hook. Special Judge Moody is said to be anxious to go into trial, and an urgent plea will be necessary to secure a continuance. It is probable the State will be allowed several days to get absent witnesses and that in the interim the jury will be selected.

The historic national banner of Stars and Stripes which inspired Francis Scott Key to compose "The Star-Spangled Banner," and which floated over Fort McHenry, Chesapeake Bay, during its bombardment by the British on the night of September 13, 1814, has been placed on exhibition at the Smithsonian Institution in Washington. The flag is the property of Eben Appleton, of New York, who has loaned it to the Government.

A Chicago paper figures from the returns that during the 24 hours included in the 4th of July, 58 persons were killed and 1,475 wounded in the celebration in the United States. The fire cracker heads the list of casualties, but the weapon that was thought to be unloaded played a good second. The returns are not near all in, but the indications are that there is a decided improvement on last year, when 158 were reported killed and 5,308 wounded.

LONG LIVE THE KING! Is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Fine, Truro, Mass. says "It never fails to give immediate relief and quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lung and sore throats after all other remedies have failed; and for coughs and colds it's the proven remedy. Guaranteed by C. C. LAND, STOCK AND CROP

W. B. Woodford sold to Jonas Wiel two car loads of fat cattle for delivery the latter half of August at 5 1/2 cents per pound. Maurice Weil sold to James Evans Monday 20 head of 900 pound feeding cattle at 4 1/2 cents—Paris News.

Reports from over the country show that the only drawback to the wheat crop is the lack of hands in Kansas to harvest the grain. A union of farm hands was formed, but was broken up quickly when the farmers refused to pay the additional wage demanded.

Wheat harvest is almost over, nearly all the farmers having finished cutting, says the Paris News. The crop is not up to the average, and will yield only 12 or 15 bushels to the acre, whereas last year it yielded 25. The heads are short and not well filled out. The farmers attributed the shortage to abundant rain. The rye and barley crops are good, and grass and oats are fine, but corn is not growing as the weather has not been favorable for it and hay, which is being harvested short.

C. C. McDonald, buyer for Sulzberger & Swartzchild, purchased of Waller Sharp, at Mt. Sterling, last Saturday, 150 head of export steers at 5 1/2c per pound. The cattle will weigh over 1,400 pounds and brought an average of \$77 per head or a total of \$11,550. Mr. McDonald also purchased of Jack Gatewood 75 1,400 pound cattle at 5 1/2c per pound. Most of the buyers are holding for higher prices, 6c straight being asked. One miser refused \$5.80 for 149 good ones.—Danville Advocate.

N. K. Foster bought of H. S. Caywood, of North Middletown, 30,000 pounds of tobacco at 12 cents straight. T. W. Ducey worth, of Jessamine, sold his growing crop of wheat to G. L. Ryles, of Versailles, at 80 cents per bushel.

Paris Court Day Monday was the dullist in years. No cattle on the market and only a dozen mules. No sales made worth recording.

Frank P. Buford, of Bourbon county, has finished cutting the first crop from a field of forty acres of alfalfa, from which he secured forty tons of hay. The Elberta peach crop of Arkansas is said to be so large that the most sanguine citizens cannot realize the enormous amount that will be marketed within the next month or six weeks. The shipping will begin about the 10th inst., and it is expected that fully 2,500 car loads of the luscious fruit will reach the city markets. A strange disease has broken out among the hogs in some sections of the county near Hopkinsville and hundreds of them are dying. When first attacked the animals loose the use of their legs and their hoofs swell to three times the usual size. Some die in a few hours while others live a day or so. Thus far all experiments have failed to furnish a remedy.—Winchester Democrat.

THE CHARMING WOMAN is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth velvety skin, beautiful complexion. Guaranteed at C. C. OUR SUMMER SCHOOL.

With three great Summer Schools for Sunday school workers in our reach it will be almost criminal for any Sunday school not to send at least one representative. These schools are in every respect up to the very highest standard. Every Sunday school should send at least one delegate, pay his way and have him make a full report to the school on his return.

The first of these schools in point of time, is the one at Montecagle, Tennessee, only a short distance from Nashville and Nashville, is only fifty miles from the southern border of Kentucky. Dr. Hamill, the dean, has spared no pains to make this the greatest thing of its kind not only in the South, but in America. He has secured a one-fare rate for the round trip, and good board can be secured for \$7 to \$10 per week. This makes the expense exceedingly light. Besides the advantages of the school, Montecagle is a delightful summer resort where you can spend your vacation at a small outlay. The date of the school is July 21-30. Those who contemplate going should write at once to F. A. Butler, Montecagle, Tenn., for list of boarding houses. The next school in point of time is our own school in Owensboro, August 4-11, in connection with the Seven Hills Chautauqua. Subjects of vital import to Sunday school workers of every class will be discussed by experts who are making a specialty of their respective lines of work. This is an opportunity that should be grasped with eagerness, especially by the workers in the Western part of the State.

Last but not least is the school at Winona Lake Ind., August 9-16. Winona is the most popular summer resort for christian workers in America. This school is the first of the International Training Schools, and is therefore the mother of them all. It began with and has maintained a high standard of excellence. Last year a large num-

We are often asked should a young man or woman go to college? Now a days the thing of going to college or nit, is in the air. We hear it discussed a great deal and hear many arguments both for and against a college course. As to the propriety of it be said that it all depends on so many circumstances that a direct answer is impossible. That every young man or woman should go to college is just as nonsensical as that no one should go at all. Real genius is independent of all conditions and hence some of the world's greatest men never entered a college door. Such was the case of Abraham Lincoln. It always seems to us that a college education would have spoiled him and crippled his rare genius. But all such men have a training of some kind and equal to a college education.

But on the other hand all other things being equal, a college education is necessarily of great value. Because a few or even many college graduates are "asses" is no argument against college. The college cannot change the nature of men or women. If they go into college as impracticables they will as a rule come out the same. A college develops, but does not create. It is an artificial institution and not a supernatural one. The question of going to college or not can only be solved by knowing the man or woman, the college and the circumstances incident to the case. Here as in all cases, every tub must stand on its own bottom. Individuality must be consulted. Many persons will not take an education any more than some coarse rough stones will not take a polish. To attempt to educate them is to throw away time and money. It is to encourage false ambition and to breed disappointments. On the contrary, supposing the possession of a good mind and character, there is nothing that can add to its power and usefulness like a college education. Here the mind is taught to work. The foundation may be laid for all future growth and development. A college education of the right kind and in the care of the right person is capital invested and well invested. It is not simply a money investment but also a mind and heart investment and brings pleasure and enjoyment to all the subsequent life. Hence go to college, if at all possible.

There are too many men who expect an editor to slave in defense of their pet notions and hobbles, advocate their views against the strongest opposition and then coolly withhold the business support by which alone a small newspaper can live.

Mayor Schmitz, of San Francisco, was given five years in the San Quentin penitentiary, for extortion. Pity that it could not have been for life.

The old school bell again chimes out "come," and as we look forth and see the groups of boys and girls on their way to school, we note some whose elastic step and cheerful faces are highly indicative of the soul and mind, and all such will prove a blessing to themselves, their teachers and their school. Their actions show their anxiety for work; their lessons will be perfectly prepared; their recitations well given, and they will attain to that round on the ladder of fame and learning called success. They will master all knotty problems, not only in school but in life. They will not require punishing in order to teach them the necessity of getting their lessons. They study because they love to; are industrious and energetic from principle; their life will be a success.

Following comes another group of boys whose lagging steps and sullen faces show that the sound of the bell grated harshly upon their ears. These boys will prove unruly, unkind and unlike the other class named will take but little interest in their work, and at the end of the year, in spite of a teacher's earnest efforts in their behalf, will be but little farther advanced than in the beginning.

We need not say what the result will be in the latter case, but to these boys' parents we wish to say, try to cultivate in their minds a love for the school and school work. See to it that they are in school every day; that their report cards show a good grade or know why such is not the case. In other words see if you can't control your boys and not depend upon the teacher to do it.

BRODHEAD.

Miss Jewel Francisco has returned home after spending two months in Paris, the guest of her sister, Mrs. W. E. Spraul. One of the saddest deaths that has happened in our town for many years was when it was made known that Alvey Renner had dropped dead. He was working on the section for Mr. Hurt and had just eaten a hearty dinner when Mr. Hurt announced it was time to go to work and just as he went to get up he fell over dead. We extend to the wife and several children our heart felt sympathy. He was quietly laid to rest in the Christian church cemetery on July 4.

Albright a fine girl on the 4th inst.—Miss Katie Cass has returned from a two week's visit at Danville.—School began last Monday with 163 in attendance. Our teachers for this year are W. E. Woorley, of Hamilton, Ohio, Jacob Elder, of Ottawa, and Miss Carrie Frith, of this place. With these good teachers we are bound to have a good school.—M. C. Albright is in Louisville this week on business.—Mr. and Mrs. J. W. Hutcheson and son, James Edward, have returned home from a two weeks visit to Mr. Hutcheson's parents, at Owen-ton, Ky.—M. B. Bowling, U. B. Cass, J. E. and J. C. Evans went to Cincinnati last Sunday to see a ball game.—Mrs. M. E. Wilmott and daughter, Miss Clyde, will leave next week for an extended visit to Corbin, Ky., Caloway and Knoxville, Tenn.

Walter Miller, of Lebanon Junction, spent Tuesday here with

his family. J. W. Tate is in Knoxville this week.—Seph Leece and Woodyard Owens, of Lebanon Junction, spent Sunday with home folks.—J. J. Maret, of Parksville, is sending lightning here now nights.—Born to the wife of H. L. Tharp a fine young son, christened Graveley Farris Tharp. Mother and son both doing well.—W. T. and Jno. E. Evans left Wednesday morning for a six weeks trip through the South and Eastern Kentucky and Tennessee.—Mrs. Silvan Borders and Earl Leece spent July 4th here the guests of Mrs. M. E. Wilmott.—Miss Eliza Pike has as her guests Miss Julia Reynolds, of Mareburg, Miss Myrtle Pike, of Livingston, and Champ Mullins, of Wichita, Kan.—John D. Pike, of Lebanon Junction, spent the first part of this week here with his parents, Rev. and Mrs. A. J. Pike.—The Fourth of July celebration at the fair grounds was a great success. The church cleared over \$50 and that amount will be used to help pay the debt.—Misses Rosa Pike and Cora Sigmon have returned from a ten days stay in Corbin and Jellico.—Miss Willie Benton and her father, Dr. Percy Benton, are at Crab Orchard Springs for a few days.—Miss Alma Brooks, of Columbus, Ohio, visited Miss Carrie Frith first of week.—Quite a crowd attended the opening ball at Crab Orchard Springs from here last Friday night. Among them were Misses Carrie Frith, Alma Brooks, Willie Benton and Messrs. R. G. Wilmott, A. C. McClary, Dr. O. O. Stone, M. B. Bowling, Jno. E. Evans, M. C. and B. E. Albright and J. G., G. M. and O. A. Frith. The light fantastic was tripped till the wee hours of morn.

Mrs. Lou Ella Weber and Mrs. Jno Jarrett were in Stanford shopping Wednesday.—Robert G. Wilmott will leave Monday to assume the cashiership of the Citizens Bank of Nepton, Bob as he is familiarly known it 26 years of age and the oldest son of Mrs. M. E. Wilmott! He has been employed in the bank here and also at Pine Knott. He will open his bank Saturday, July 20. We hate to give him up but our loss will be Nepton's gain. We predict for him a brilliant career in the finance world and heres hoping that in a few years he may be another Jno. D.

J. J. PAINTER WRITES OF THE PRESENT AND PAST OF MARETBURG CHURCH.

The ringing of a bell can now be heard on the Christian church near Mareburg. For a long time, almost fifty years there has been a meeting place there but until last week has there been a bell on the church although it has been talked of for a long time but until recently did some of the members begin with earnestness to procure one. A private subscription was started and in a few weeks enough money was subscribed and a large bell was put on the church. Brodhead and Mr. Vernon were the nearest of its from which a church bell could be heard and to now hear one at Mareburg sounds a little odd, yet when we heard it for the first time a few evenings ago memories went back to the past, some pleasant and some sad ones. On the knoll or hill where now stands the Mareburg meeting house, we spent our boyhood school days. The first Sunday school we ever remember of attending when a very small boy was organized by "Uncle Joe" Hopper, a Presbyterian minister now living in Perryville, Ky. This Sunday school was held in an old school house on the hill opposite where the present school and church house stand. Then for a number of years we attended common school there with such men as Sam Cummins, Harvey Vanhook and Matt Debord, S. H. Martin and of lady teachers Miss Ada Hunt and Mrs. Lucy White. We sometimes try to enumerate those of our young days and where they are now. Some dead, others moved to other states but few, comparatively are living around here. Behind the church house is a "bell-city" and instead of spires pointing upward it's markers are little monuments, slabs and head and foot stones. But little over a dozen years old is this quiet city, yet most three score inhabit it, and if we are not mistaken the father of the editor of this paper was the first to be interred therein. The neighborhood around Mareburg church is the best the country affords and the members of the church there justly deserved a bell on their meeting house. We, for our part are proud of it and listen to its ring with pleasure. Then ring out ye bell of Mareburg: peal forth your clear sweet tones echoing from hill top to hill top meadow and vale calling to young and old to assemble around the altar beneath these where lessons are learned of Him who said: "I am the Way, the Truth and the Life." CIRCUIT COURT:—Levi Roberts and Horace Norton, on trial at the time of our last issue, for complicity in the killing of James and Harlan Arnold, were each given six years in the pen, a new trial being refused the case will be appealed. The motion for a new trial in the case of Rufus Spires for the killing of Colonel Loyings was overruled.

An item was started by some one who knew no better and has been copied by many papers, that according to a new law passed by the Legislature, that a voter must pay his taxes before being allowed to vote at the coming November election. We have no doubt this law would work well, but no such law is in force and cannot be until the State Constitution shall be changed.

Tom Black who has formerly been employed with the Greer Wilson Lumber Co., in this city has gone to Ft. Branch to accept a position in the same line. He will be the manager of the yard of the Greer Wilson Co., in that city. Black is the youngest manager in the employ of the company there being over fifty yards in the state. Notwithstanding the fact that he is barely 20 years of age he has duly qualified himself for that line of work and is quite capable of managing the work. His many friends congratulate him upon his success.—Sullivan (Ind.) Evening Times. Mr. Black is a brother of W. A. Black of Sullivan and left this county ten years ago in next month.

Mr. C. H. York tells a pretty good joke on our good friend John Lear, the grocery drummer. "Tint" as he is better known went to Mr. York's a few nights since to spend the night and the room which he occupied was on the second floor. About 12 o'clock Mr. York heard a terrific noise in Mr. Lear's room followed shortly by the alarm "there is a rattle-snake in the room. Realizing that Mr. Lear was not accustomed to seeing snakes, Mr. York rushed to the room to help destroy the great monster. Finding the door locked Mr. York proceeded to gain an entrance, the alarm still coming from the inside, becoming louder and louder with each succeeding time "there is a rattle snake in the room." Not being able to open the door, Mr. York rushed to the woodpile to get an ax and the fact that he got a briar-scythe, thinking it was the ax is pretty good evidence that Mr. York had become somewhat alarmed by this time himself. However, returning to the room he finally gained an entrance by bursting the door, and on entering the room all he saw of Mr. Lear was his feet dangling through the opening which he had made through the ceiling for escape. Mr. York with cautious tread began his search for the much feared reptile, but to his great delight found that it was only chimney swallows in the room.

A test of the ore from Barytes mines in Boyle county has been made, and the product proves highly satisfactory. A. H. Smith, general manager of the New York Central railroad, will be President of the company being formed to work the mines and will visit Danville in his private car with other New York promoters soon to look over the field.

The copy for the catalogue of the Brodhead fair, is now in the hands of the printers at this office and will be ready for distribution in a few days. We congratulate Secretary Robins on the get-up of this year's catalogue and believe that the changes will prove materially beneficial to the fair. The premiums heretofore paid for "spud" races, will be given on show rings, and if we are not badly mistaken, this year will witness more and better stock than ever seen at the Rockcastle fair.

LIVINGSTON

Mrs. Alfred Owens and little grand-daughter are visiting relatives at Calloway and Pine Hill.—Casper Adams has accepted a position with E. S. Elmore at Etowah, Tenn., as assistant clerk in a storage room.—Mrs. David Argenbright has returned from an extended visit with relatives and friends at Louisville, Lexington and Lebanon Junction. Mayor Eugene Schmitz, of San Francisco, was sentenced to five years in the penitentiary upon conviction of extortion, after one of the most remarkable scenes ever witnessed in a court room. The convicted Mayor objected to the language of the Judge in pronouncing sentence, and called it a lecture for newspaper purposes. Several more cases against Schmitz are to be tried. He announced that he will be a candidate again for Mayor of San Francisco and expects the people to vindicate him.

Already dissatisfaction is springing up among the Republican host over the nomination of certain men for State office and over the "straddle" of the party leaders on the one live questions with the voters of Kentucky, of Kentucky, that of temperance and Sabbath observance by the rum sellers in the cities and towns of the State. The first Republican newspaper to openly declare that it could not support the ticket is the Somerset Republican.

The attorneys for the Standard Oil Company at Chicago have declined to submit further evidence in the investigation held on Saturday by Judge Landis in the United States District Court, and Judge Landis then announced that sentence will be passed on the Standard Oil Company of Indiana, which was convicted of taking illegal railroad rates on August 3.

John D. Rockefeller would rather be rich than wise. He'd rather be set down as an ignoramus and avoid risking his fortune than to stand out boldly as a sage, a keen business man, grasping every minute point pertaining to the old business and thereby put in jeopardy millions of dollars.

The result is that the John D. Rockefeller who was on the witness stand in Chicago Saturday is quite a different John D. Rockefeller from the one who built up the Standard Oil Company. If the fate of the Standard Oil Company had been in the hands of a man with as little "gumption" as was displayed by the witness before Judge Landis it would never have gone far on the road to prosperity.

The Times, for one, refuses to think that Mr. Rockefeller is the dot he pretended to be Saturday. It does not accept the idea that he is a helpless idiot. It declines his invitation to regard him as wholly a fool. It is not that much of a fool itself.

It is apparent that Mr. Rockefeller is leading a dual life. The Witness Rockefeller is one nature; the Financier Rockefeller is quite another. It is a sort of Jekyll-and-Hyde affair. He is a psychic study as well as a financial phenomenon. John D. Rockefeller in a double role; John D. Rockefeller, the psychic mystery; John D. Rockefeller, the man with the dual personality—how refreshing and diverting!—Louisville Times.

DROPS TRADE MARK

A PROMPT, EFFECTIVE REMEDY FOR ALL FORMS OF **RHEUMATISM** Lumbago, Sciatica, Neuralgia, Migraine, Headache and Kindred Diseases.

GIVES QUICK RELIEF

Applied externally it affords almost instant relief from pain, while permanent results are being effected by taking it internally, purifying the blood, dissolving the poisonous substance and removing it from the system.

DR. S. D. BLAND Of Brenton, Ga., writes: "I had been suffering for a number of years with lumbago and rheumatism in my arms and legs, and tried all the remedies that I could gather from medical works, and also consulted with a number of the best physicians, but found nothing that gave the relief obtained from 'DROPS.' I shall prescribe it to my practice for rheumatism and kindred diseases."

DR. C. L. GATES Hancock, Minn., writes: "A little girl here had such a weak back caused by lumbago, Sciatica, Neuralgia, Kidney Trouble or any kindred disease, write to us for a trial bottle of 'S-DROPS.'"

Nerve Sick

If weak, worn-out, nervous, cannot sleep; have indigestion, headache, neuralgia or periodic pains, it is because your nerves are weak. It is the lack of nerve force that makes the stomach, heart, lungs, etc., work imperfectly—become sick. Dr. Miles' Nerve cures the sick when it restores nerve strength, and puts the power behind the organs to do their work.

"Almost three years I suffered from nervousness, indigestion, and palpitation of the heart. I could not eat or sleep with comfort, or walk or talk without suffering. Altogether I was in a bad condition. My doctor did not seem to do me any good. I had tried so many remedies that I did not have much hope of any of them doing me any good. Dr. Miles' Nerve was suggested by a friend. I got relief from the first, and after a few days I felt like a new person. It not only relieved my heart and nerves, but has invigorated my whole system. I am now greatly benefited because I have stopped using it. I have had absolutely no return of my old troubles."

MRS. HOWARD FORD, 60 Summit Ave., Worcester, Mass.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

The following from the Lexington Leader seems to indicate that the interurban to Lexington may not be constructed soon: "Judge Jere R. Morton, one of the directors of the Lexington & Interurban Railway Company, has returned from Philadelphia, Pa., where he and Joseph Skain had gone to attend a meeting of the directors of the company. Judge Morton stated that the company would for the present confine its operations to completing the lines which are now in process of construction. It will be the purpose of the company to have the Versailles-Frankfort line ready for use by the latter part of the Fall. Over one-half of the grading is now completed and the work will be pushed rapidly to an end. The Lexington-Nicholasville line will also be completed as soon as possible. Mr. Skain did not return with Judge Morton, but will spend several days in the East.

A Barbourville dispatch says: Much dissatisfaction has been caused among Republicans in Seventeenth senatorial district by the call for a primary, August 10 for making a nomination on the Republican ticket for State Senator. There are two candidates, and the cost to each for making the race for the nomination for an office which pays but a total of \$600 will be not less than \$1,200. The district is composed of seven counties. Because of the numerous protests, the primary call may be substituted by a call for a convention.
