RAILROAD EDUCATION.

(Wall Street Daily News)

If the agitation concerning the railroads does nothing more it will educate the country up to some idea of what railroading means. The majority of the people seem to be under the impression that the receipts of the railroads from the passengers and freight traffic must of necessity be large and therefore privileges should be given more cheaply. Governor Hughes, President Finley and many others who have common sense as well as some knowledge of the matter and a sense of fairness have openly stated that legislation as well as agitation has been carried on, without either adequate knowledge or any attempt to gain any. Certainly the attacks made by shippers and demagogues have resulted in replies of far more value to the nation than the attacks could have warranted. W. J. Murphy, Vice President of the Queen and Crescent Route, in his reply to the statement of the Receivers' and Shippers' Association, of Cincinnati, is an example of this. His road was charged with earnings of \$2 82 per freight train mile, whereas other roads averaged \$1 89. On the face of this a demand would be made for reduction—it has already been made. Murphy points out what others either have not known or have ignored, that the freight trains of that road are hauled by two engines instead of one, as is the case on other roads, entailing naturally, far greater expense per freight train mile. Further it is shown by figures, that while expenses have increased in the cost of labor and materials during the past two years, receipts have actually shown a decrease per mile in freight as well as passenger returns. It is also clearly demonstrated that the majority of the earnings have returned into the property in the shape of extensions improvements and other needed advancements. These matters should be given the same prominence in the various newspapers and country over which the criticisms receive. Evils which may have crept in must be corrected, but time alone will have to do that. In the meanwhile, the American sense of justice should hurry a little faster to the front, and Americans should not allow their most important industries to be played upon for political purposes.

ORLANDO.

Born to Mrs. George Bryant on July 13th, a fine boy.—The little daughter of Jack Mullins of Pine Hill was very badly hurt Tuesday by falling from a fence.—Matt Jones son of Robt Jones is very sick with typhoid fever.—Julius Robinson gave the people of this place a terrible surprise a few days since by taking to himself a bride who was a Miss Thompson.—Mrs

Reames, writes from Havelock Neb. that she will undergo an operation which has long been needed and urged by many physicians, a surgeon of high reputation will perform the operation, at Lincoln Neb. seven miles from her home at Havelock. We hope to hear of her speedy recovery.

The infant of Dr. Laswell who has been very sick for sometime is slightly improved.—Mr. John Owens an old and well liked citizen of this place died suddenly July 13 of heart failure. He came to this county about fifteen years ago from Scott county Va. where he was once a well to do merchant and high sheriff. He also won distinction in the Confederate army during the Civil War holding the office of Major.

He leaves a wife and six children five boys and one girl. Lewis Reid, Henry, Luther and Mrs. Rosa Payne of this county and John who lives in Georgetown Ky.

They all have our deepest sympathy.

Died July 14th, at seven o'clock A. M. at her home at Pine Hill, Mrs. Martha Vaughn the wife of Mac Vaughn and the daughter of Perry and Lizzie Reams of near McWhorter, Laurel Co. She was taken ill on Tuesday from over heat and suffered intensely till the end came. Though she could not speak when her parents arrived on Friday she seemed perfectly rational and reached her hand to shake hands with them and tried so hard to say something.

She professed Chait when quite young and has ever since lived a beautiful christian life for which she will receive her reward in Heaven. Notwithstanding the short period she has lived in Pine Hill she has gained many friends and it is said there was not a little boy or girl at that place who was not greatly attached to her.

She leaves a husband father and mother three sisters and three brothers beside a host of relatives and friends to mourn her untimely death. They have the heartfelt sympathy of the entire community. But your loss is Heavens gain.

SOME SCHOOL STATISTICS.

The total number of children of school age in Kentucky, shown in the annual census just completed is 739, 640 an increase of 6,309 over the census of a year ago. The total number reported in the country district is 590,928, while the cities contain 148, 712. Upon this report which is official with the exception of the county of Trigg) estimated and which has just been returned to the Department of Public Instruction, the State Superintendent J. H. Fuqua will announce the per capita for the school year of 1907. State Auditor Hager is now having an estimate made of the revenues for the year upon which the per capita is based. The per capita for the last school year was \$3.30. It is expected that the revenues for the year will justify an increase of from five to ten cents. The per capita for last year was the largest ever declared in Kentucky. It was paid promptly as it became due under the law, giving much satisfaction to the thousands engaged in school work over the State. The payment justified the large per capita paid, and if it can be increased from \$3.35 to \$3.40 it will establish a new high record for the common schools of Kentucky. The per capita will be declared within the next few days by Superintendent Fuqua.

The following are the counties in this section of the State, which compose the eighth Congressional district, and adjoining ones, and the school population of each: Lincoln 5,791; Anderson, 3,416; Boyle 4,045; Laurel 6, 976; Mercer 4,418; Madison 7,067; Fayette 5,009; Garrard 3,820; Wayne 5,082; Casey 5,243; Marion 5,312; Jessamine 3,708; Shelby 4,995; Rockcastle 4,930; Pulaski 12,807.

CONSTITUTIONAL AMENDMENT

Few people are familiar with the act that was passed by the last Legislature which provides for an amendment to the constitution, to be voted for at the next general election. It will be submitted to the people as an excellent remedy for the erstwhile voter if it becomes a law. There will either be more taxes collected or fewer votes polled if the amendment is adopted, every person who wants to vote hereafter will do well to ascertain whether or not all of his last year's taxes have been paid and if not they must be paid at least sixty days before the election. If a voter owes State, county, city, or school district taxes for the year preceding the one in which the election is held he will not be allowed to vote. This is the law and it would cut quite a figure if it was now in effect. If the officers do not comply with the law, and allow delinquent tax payers to vote they open a way for a contest of the election. As elections held under such conditions would probably be declared void, for it surely would be illegal. The best thing under the circumstances for those who want to vote if the amendment carries will be to see that all taxes are paid before going to the polls. This applies to everybody, rich or poor, white or black, Democrat or Republican. —Danville Advocate.

Nerve Sick

If weak, worn-out, nervous, cannot sleep; have indigestion, headache, neuralgia or periodic pains, it is because your nerves are weak. It is the lack of nerve force that makes the stomach, heart, lungs, etc., work imperfectly—become sick. Dr. Miles' Nervine cures the sick when it restores nerve strength, and puts the power behind the organs to do their work.

"Almost three years I suffered from nervousness, indigestion, and palpitation of the heart. I could not eat or sleep with comfort, or walk or talk without suffering. Altogether I was in a bad condition. My doctor did not seem to do me any good. I had tried 50 other remedies that I did not have much hope of any of them doing me any good. Dr. Miles' Nervine was suggested by a friend. I got relief from the first, and after a few days I felt like a new person. It not only relieved my heart and nerves, but has invigorated my whole system. I am very grateful because since I have stopped using it, I have had absolutely no return of my old trouble."

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

THE CHARMING WOMAN is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: nestness, clear eyes, smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth velvety skin, beautiful complexion. Guaranteed at **C. C. DAVIS Druggist** 5c.

Judge Moody, presiding at the Hargis trial in Sandy hook, overruled a motion for a continuance of the cases and also ordered a dismissal of the jury panel which has been summoned, ordering a new panel to be selected by the old commission. Many important witnesses are still absent but the sases against the numerous defendants probably will be tried.
