### BRODHEAD

C. A. Wheeldon was here last week for a day with his family. He will move to Lancaster as soon as he can get a house. Miss Ada Ward of Lebanon, was the guest of her sister, Miss Tempest Ward, here from Saturday until Monday. Mrs. J. R. Cass and daughter, Miss Anna, returned Saturday from a few days visit to Mr. and Mrs. L. B. Hilton, in Stanford. A number from here were in Mt. Vernon, Saturday, witnessing the basket ball games. Mr. and Mrs. A. E. Albright and family made a tour of the Blue Grass last week in their Ford, making stops at Lexington, Frankfort, Ft. Thomas, and on to Cincinnati, where they took a look at President Wilson. The trip was begun on Monday, the party returning home Friday evening. H. H. Hatcheson, of Middlesboro, joined his wife here Sunday and was the guest of Dr. and Mrs. W. E. Gravely. J. B. Frith, who has been employed as conductor of the Street Railway Co. at Detroit, returned home Sunday. It will be remembered that just before Mr. Frith left for Detroit he took unto himself a wife, though the affair was kept a secret pretty well, and for fear the many friends of these popular young people are not informed, we take pleasure in informing them that Miss Judith McCall is the happy bride. The Master's degree will be conferred upon a class of five candidates next Monday evening by the Brodhead Lodge of Masons. The Grand Master, Grand Secretary, Grand Senior Warden and probably other Grand officers will be

present, and a number of visitors are expected. Robert Chappell moved his family to Lebanon Junction the first of the week. Mrs. S. A. Barnes returned Wednesday from a visit to her daughter, Mrs. D. B. Southard, at Stanford. Mr. and Mrs. Clarence, who have been residing in one of J. M. Adams' houses on East Main street, have moved to their property on Water street, recently vacated by Mr. and Mrs. Robert Chappell. The Ladies Aid Society of the Christian church will meet next Wednesday afternoon at the residence of Mrs. A. M. Hiatt. Miss Edith Moore gave a Hallowe'en social, Tuesday evening, which was largely attended by the young people from this city. Refreshments were served and a very enjoyable evening spent is reported. A meeting of Brodhead Lodge of Masons is called for Saturday night, and the members are requested to be present. Little Miss Edna Hicks, and Master Buster Evans entertained their little friends Tuesday afternoon at their birthday parties. Dainty refreshments were served and the little folks enjoyed themselves very much. Mr. and Mrs. W. P. Rigsby, of Garrard county, were guests of Mr. and Mrs. John Robins, Wednesday. The sale of Sig Leece, near Gum Sulphur, Thursday, was largely attended from this place. Master Milford Albright entertained the little folks at a Hallowe'en party at the Hotel Frith, Tuesday evening. Rev. and Mrs. H. T. Young, of Mt. Vernon, were guests of Mr. and Mrs. B. T. Young the first of the week. Mr. and Mrs. Walte Robins are with Mr. and Mrs. W. P. Rigsby, in Garrard County.

### LIVINGSTON

Mrs. I. W. Catlin is visiting relatives in Lebanon. Urbau Chewing will move his family to our town in a few days to make this city their future home. Judge H. Witt is on the sick list. This will be my last letter until after Wilson is elected and in conclusion we wish to ask the voters a question. Why are you against Wilson and why are we for him? We can trust him. He is for labor, he is for America first, he is for peace and prosperity, he is wise and independent, has opened reserve banks, he opened the rural credit banks, he has kept us out of war and today we are the most prosperous, peaceful and happy country in the world, and with Wilson at the helm we can glide peacefully onward. Voters, remember this and vote under the rooster. Mr. and Mrs. J. T. Omary and children were in Louisville, Monday, shopping. S. C. Franklin and son, Bernard, were here between trains Tuesday, en route home from Lexington. Mr. and Mrs. W. M. Baker were in Mt. Vernon, Sunday, visiting relatives. Charley Carpenter has a position on the L. & N. as Signal Maintainer, with headquarters at Stanford, and will move to that city in a few days. Dr. Walker has purchased a house from J. H. Dickerson, on Main street, and moved his family there, and Sam Hellard has moved his family over the river where he has purchased property. Mrs. D. B. Rambo and children, and Little Geneva Griffin, were in Louisville, Monday, shopping. Lieutenant Governor Jas. D. Black will

make two speeches in this county Monday the 6th. He will speak at Mt. Vernon, Monday the 6th, at 1 p. m., and at Livingston at 7 p. m. same date. This will be a treat for the voters of this county, for it is quite an honor for us to get such a man as Hon. Jas. D. Black to come to our town and make a speech. We know that all that attend will be amply repaid, for he is an eloquent speaker, is a mountain man and knows how to deliver the goods in the right manner. All are cordially invited to attend. Charley Mullins, of Mullins Station, was with our merchants Tuesday. Sol Row and Tip Langford, of Mt. Vernon, were here between trains, Monday. Jim Mershon (Shamrock), was in Stanford, Tuesday, visiting relatives. A son of Rev. Fred Jones fell Sunday and broke his arm but he is getting along nicely. Miss Bessie Owens was visiting friends in Brodhead latter part of last week. R. R. Perkins, signal foreman here, went to Brodhead, Saturday, on No. 22, but later we found out the attraction, one of Mother Eve's fair daughters, of Livingston, was visiting that city. Mrs. C. H. Rice is visiting her daughter, Mrs. B. H. Griffin, in Covington. Judge R. G. Williams, of Covington, was here between trains a few days ago. We understand he made two speeches for Wilson in the county. Sorry we could not get to hear him. The Judge has lots of friends in old Rockcastle.

The school is moving along very well. Most of the pupils are doing very good work. However, we wish to insist upon a little more regular attendance upon the part of some of the students. During the month of October we had 129 who were neither absent nor tardy. Let every parent help us to increase this number to 200 next month. The enrollment to date is 293.

Last Saturday, the High School Basket Ball Team suffered another defeat at the hands of the 'Sue Bennett Boys' of London, by a score of 40 to 15. The game was a better one than the score would indicate, as the Mt. Vernon boys held their visitors to a small score in the last half and made their points in that period also.

Our second team played a spirited game with the second team of Brodhead in the afternoon. It was a fine game, both sides showed good form and that they were about evenly matched. The score was 23 to 14 in favor of Brodhead. The first number of the Lyceum Course will come on December 12. There are four good numbers to the course this year. Announcements will be made later.

**SUFFERER FROM INDIGESTION RELIEVED.**

**HIATT**  
THE revival meeting closed at Oak Hill, Sunday night, with one addition to the church. Rev. Asher from Loudon, Ky., held the meeting. Uncle Frank Adams is still single. Sam Maharg and family were in the prosperous city of Mt. Vernon, Monday, driving his Ford while the roads are good. Sam says, Monday is as good a day to visit as Sunday in a Ford. Uncle Frank Adams is getting awful anxious for November 7th to come. He says he wants to make an X in Abe Lincoln's front yard. A child of A. E. Ponder has pneumonia, but is better now. People are busy gathering corn. I. B. Chesnut, of Williamson, W. Va., was visiting home folks for a few days last week. We are glad to have I. B. with us as he is a useful man. Ed Smith has gone to Wildie to finish baling hay.

**What Ex-President Taft Says:**

In regard to neutrality former President Wm. H. Taft said to the Providence (R. I.) chamber of commerce Oct. 16, 1916:

President Wilson's attitude on neutrality has been most admirable and the force of his plea for it was accentuated by its simplicity and directness. The stand he has taken will be for the good of the whole world when the time comes for mediation.

Taft, commenting on the first Lusitania note July 27, 1915, said:

The note succinctly, forcibly and finally presents the just attitude of the United States, and President Wilson will have, and should have, approval of the American people in maintaining it.

At the Francisco exposition, Sept. 3, 1915, Taft said, in regard to the submarine controversy: The very recent news from Washington shows that the firm attitude of President Wilson in maintaining the rights of our non-combatant citizens on commercial liners of belligerent nations is safe from the hands of the

I have received the two messages very, very glad to see they have been forwarded to Berlin. I regard the notes as clear, dignified and emphatic. Taft has said in regard to the war:

We are fortunate in keeping out of the present European war, and we ought to support the administration in keeping us out (Taft, before the Congregational club, Chicago, Nov. 19, 1914.)

If we had a jingo in the White House this country would now be at war with Germany. Instead, our chief executive is a man who appreciates his responsibility and realizes that, considering the temper of the people a turn of his head would plunge us into an international conflict (Taft, at Bryn Mawr, Pa., June 4, 1915)

"Preparedness"—Taft, before the Chicago Association of Commerce, Dec. 10, 1915:

Mr. Roosevelt characterizes those of us who favor "The League of Peace" as men who are prattling about it. The truth is when Roosevelt gets talking about warlike matters he comes up as Mars does over the horizon, red in color, and we must take his statement with that in view.

On the whole, I favor President Wilson's policy of preparedness.

**W. J. SPARKS Gives His Reasons For Supporting Pres. Wilson.**

I feel that it is not out of place to say to the public that I am heartily in favor of electing Woodrow Wilson to a second term as president of the United States, and I have reasons too numerous to name here why I believe this to be to the interest of the great masses of our people today. I wish however to mention a few only of the things that

Republican party in its history since the Civil war.

II—Wilson has prevented a war with Mexico which would have probably led us into the great European war had it once been started. He has steadily refused to rush into Mexico, at the behests of American capitalists who have wanted to further rob that distressed country of its rich mineral resources.

III—Wilson by his firm stand for neutrality has kept us at peace with the warring nations of Europe and today, it is well known when the hour comes to consider peace propositions, all the nations at war will look to Woodrow Wilson to help restore a perfect and lasting peace.

IV—Under a just and equitable tariff law and a sound banking act, business is better today in this country than it has ever been and labor is better paid and its interests more closely watched over.

V—The farmers of this country are more prosperous and are getting remunerative prices for all that they produce. Their sons are home around family fireside in the full enjoyment of peace and prosperity.

These are only a few of the reasons why I am for Wilson & Marshall and it would take a whole sheet of the Signal for me to tell you all the things that compel me to support the president. I have always been rather an independent voter, while I believe in the cardinal principles of Democracy. I supported Mr. Taft in 1908 because I thought he would give us a just and reasonable tariff and improved Banking law. No doubt he fully intended to do this but he fell into the hands of reactionaries of his party and they wrecked his political life and passed the most unjust tariff law that was ever enacted, the Payne-Alder Act. They failed utterly in their hands of the

Wall street money combine.

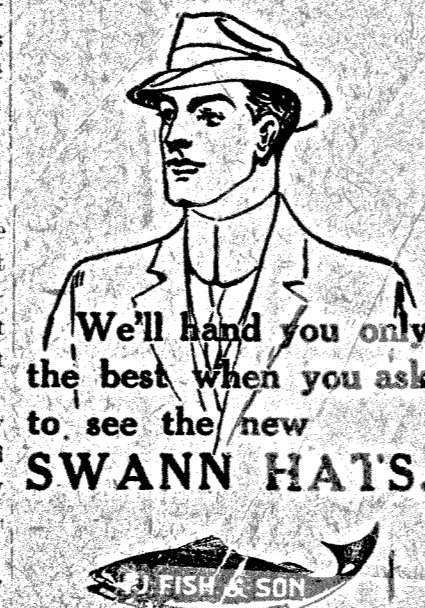

As to my business I wish to say that I think our prospects are brighter now than they have been for some time. Our business is better today than it has been in two years, and while the car shortage in the coal fields is cutting us down to about half time, when spring comes, I shall be ready to do the biggest business we have ever enjoyed.

I wish further today, that if we succeed in staying out of war no political party can ruin our business and it is the worst of nonsense for any light weight county politician to try to make our people think that such could happen either under Wilson or Hughes.

W. J. SPARKS

**Resolutions.**

BERRA LODGE No. 817, F. & A. M. BERRA, KY. Nov. 1st, 1916.

It is a sad task, and with sorrowing hearts that we as a committee from our lodge pen these words of love and esteem which all of our members hold for our Brother L. T. Stewart, who was taken from our midst to his unending reward by our Heavenly Father on Friday Morning October 20th, 1916.

We are at a loss to find words or phrases which adequately express to the family of our brother, the deep and sincere sympathy which we feel for them in this hour of bereavement. But we can only refer them for comfort where we must all look, to that one who said, "Let not your heart be troubled; I go to prepare a place for you, that where I am there you may be also."

Brother Stewart by his geniality, loving, and gentle ways, and one who always had a kind word for everyone, endeared himself to all who knew him, and we shall ever miss his presence from among us. Be resolved: That we hereby express our deep sorrow in the loss we have sustained, and commend his life to those who know him as worthy of imitation.

We extend to the bereaved family our tenderest sympathy, and we bow our heads in sorrow for the loss of this one we have learned to love so well.

RESOLVED That a copy of these resolutions be spread upon the minutes of our lodge, and a copy likewise be presented to the bereaved family, and a copy sent to the Mt. Vernon Signal for publication.

**JOHN B. O'NEAL**

A LIFE-LONG REPUBLICAN AND LEADING LAWYER OF NORTHERN KENTUCKY ANNOUNCES FOR WOODROW WILSON.

"I shall vote for Mr. Wilson for president, for reasons, which have nothing to do with party affiliations and which are in my judgment, far more important."

"I have been a life long Republican, but have been thinking for a long time that men with the interest of the country at heart ought to vote for the Man and less for the Party."

Wilson has made a good President under the most trying circumstances. He may have made some mistakes, but he has been responsible for some legislation of great benefit to the people at large, and he has maintained the honor and dignity of the country with the inadequate army and navy left to him by previous administrations and he has certainly prevented us from being involved in a great war for which we are unprepared.

Hon. Audrey F. Adkins, who was billed to speak in Mt. Vernon tomorrow at 1 o'clock will not be here, but will speak at Brodhead at the same time, instead of coming to Mt. Vernon. He will speak at Livingston at night.

A small child of Mr. and Mrs. Zack Hansel of Pine Hill died yesterday.

CATARRHAL DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rambling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts through the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Drug Gists, 75c. F. J. Chesney & Co., Toledo, O. Mr. and Mrs. M. E. Barton have gone to housekeeping in the house recently vacated by Frank Jones. They will also move store and Postoffice there, soon. Rev. Tom Marcum of Pineville, and Rev. Price at Judson Ind. Mr. and Mrs. Mitchell Cress are rejoicing over the arrival of their first born a boy—W. H. Brown happened to a very painful accident. While cutting wood a stick struck him in the eye and just escaped striking the sight. Mrs. J. N. Brown has returned home from a pleasant visit to sons, Tom and Bob at Somerset. Miss Bee Eldridge was the guest of Miss Kate Debord Sunday. Albright Bros. have been here this week with their new threshing machine threshing buck wheat. J. J. Brown Jr. has gone to Florida, where he has a good position. Mr. and Mrs. O. J. Mullins and son, Woodrow, spent Sunday with Mr. and Mrs. D. M. Cress. He says that there is any doubt as to his being reelected, but he has always made this a rule. He had ridden to Somerset horse back (or mule back rather) and back the same day making over 30 miles in one day. He is certainly a true Democrat.

Just Before the Battle

THE time draws near for the voters of the United States to say whether we continue with the Democratic administration, or make a change. Rockcastle County is a small unit, but we as citizens have a solemn duty to perform. It is a duty to our selves and families, and the people of this, the greatest country in the world, and we should study it well. We will cite some local conditions for your consideration: They say Mr. Wilson has kept us out of war. Count the number of our county boys on the Mexican border, helping keep our war over the line until after the election. Go over into Boyle County and stand by the grave of our soldier boy slain in our own country in the line of duty, and decide if we are actually "out of war." They say we are having most prosperous times that this country has ever known. Look on your dinner table; in your yard robe; feel in your pocket, search on your farms. If you can't find any signs of prosperity then it is in the minds of the Democratic orators and will not keep off hunger and cold. It is true this county has more than one hundred men working for good wages; but they have been forced to bid adieu to their families and this fair state to get work. That work is making munitions of war for Europe and they are paid with Europe's money, which the high cost of living forces them to expend as soon as earned. Those fortunate enough to obtain work at home are laboring for the same wages that have governed the past number of years, while all living expenses under the present administration have doubled and trebled. The W. J. Sparks Co., is running two quarries on fair days, never double shifting. The third quarry, with its thousands of dollars worth of machinery, is idle and rusty during these "times of prosperity." The work now being done in these quarries was made possible by a bond issue for building roads through this section of the country. The vote was taken at a time when all laborers were idle and the argument was used: "Vote for roads and get work." The Kentucky Freestone Co. at Langford, is working a dozen men. The Cement Plant at Pineville employs one man—a night watch man. If I had three guesses, I would guess every time we had better go back to the good old Republican Party, protect our industry, put our flags up higher, preserve our nation's honor, and protect our citizens' lives and property anywhere any time, and everywhere, all the time. M. PENNINGTON, Chairman Rep. Camp Com. ORDER TO CALL ELECTION ON STOCK LAW. Whereas, a petition was on the 4th day of September, 1916, filed with the County Court Clerk of the County, signed by more than twenty legal voters of voting precinct No. 13 (Wildie), in Rockcastle county, asking the submission of the question, whether cattle or any species thereof shall be permitted to run at large in said voting precinct. It is now ordered by the court that a poll be opened in said voting precinct at the next general election to be held in said precinct on the 7th day of November, 1916, for the purpose of ascertaining the will of the voters of said voting precinct upon said question. ## WHICH WAY WILL YOU VOTE?

The WILSON WAY Means Peace

### The Wilson Way

Around 29,000,000 happy firesides the fathers of America will gather this night with their unbroken family circle, with their children upon their knees and their wives by their side, happy and prosperous. Contrast this with the fathers, husbands and brothers of the Old World dying in the ditches, with the gloom and mourning in broken family circles, where hunger crouches and disease treads. If this be "evil and wailing," God prosper it and teach it to the rulers of the "old World."

—Hon. Ollie M. James, at St. Louis Convention.

### THE HUGHES WAY Means War

### The Hughes-Roosevelt Way

What Roosevelt Would Do As Secretary of War and Dictator to Hughes  
With Hughes as President, and Roosevelt as Secretary of War, we would today be taking part in the European war and sacrificing hundreds of thousands of our fathers and sons and piling up billions of dollars of debt, and all to accomplish less than Wilson got by diplomacy.

Human Machine Falls When Digestive and Eliminative Processes Get Out of Order, Yielding Poisonous Waste Instead of Strength-Building Nutriments—Tanlac Expert Talks.

Many ills to which people are especially liable at this time of the year are direct results of a disordered stomach and deranged digestion, according to the Tanlac health expert.

"In a majority of cases those who suffer from sickness must blame their stomachs," he said. "We must remember that the strength of the body comes from the digestive system."

**Food Becomes Poison.** "When the supply of nutriment needed to keep the human machine falls, the food which should have given strength becomes poisonous waste. The stomach has been called the chemical laboratory of the body. There the material taken into the body is rendered into blood, bone and muscle for permanent health, vigor and vitality."

"The success of Tanlac as an aid to digestion, assimilation and the functions which dispose of waste matter has been proclaimed by thousands."

**Restores to Normal.** "Tanlac is a vegetable remedy, designed to feed while it heals sick sore stomachs; and to bring back the digestive system to its normal, natural work. Thus health is restored, yielding energy, ambition and vitality, and giving that feeling of complete well-being necessary to the full enjoyment of life by every man and woman."

"With the health and strength that Tanlac gives, people are less subject to disease. Thousands who have taken Tanlac are grateful because it made them well and kept them well."

Tanlac, the ideal reconstructive tonic, is being especially introduced in Mt. Vernon at R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead; W. M. Hon. James P. Edwards, one of the best campaigners in the State spoke to a large and deeply interested audience at the court house in this city last Saturday night, and although he was suffering intensely from hoarseness, delivered one of the most logical and unanswerable arguments from a Democratic standpoint ever heard in this community. During its delivery which consumed an hour and twenty minutes, he was given the closest attention, and at frequent intervals his remarks were received with vociferous applause, denoting the sympathy and approval of his hearers.

The speaker remarked to his many personal friends that it was a great pleasure for him to re-visit the scenes of his college days, and that he certainly felt just as much at home as he did anywhere else in the country, and he was given a warm welcome.

The speaker gave a plain statement of the many great achievements of the Democratic administration, and pleaded earnestly for the re-election of Woodrow Wilson and the return of Hon. Harvey Helm to the halls of Congress. His visit here will certainly result to the benefit of the cause locally and his tour of the State will add to the majority to be rolled up for the Democratic ticket.—Danville Advocate.

Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter Obtainable everywhere.

### HOPEWELL

Mr. Milt Rash spent last week with his father, Mr. Bile Rash. Milt is in very poor health, and probably his visit will help him.—Born Oct. 26th to the wife of McKinley Kirby, a boy, Miss Nellie Kirby and brother, spent Saturday night and Sunday with their aunt, Mrs. Alfred Banes.—It was reported last week that Charlie Doan and Miss Nettie Harper were married, but suppose it is all a mistake.—Miss Bertha Carmical spent Saturday with her sister, Mrs. Steve Carpenter at Mt. Vernon.—Mrs. Charles Carmical of this place, spent Friday with Mrs. J. J. DeBord, at Level Green.—In the two last weeks there seems to be a great deal of disturbance in the neighborhood. Robert Sowder and Mitchell Norton both claim some one has been stealing their chickens, and on last Monday night some one rocked the residence of Chas. Carmical. Chas. was away from home and a certain person in the neighborhood made their bags that Clara Carmical had been stealing their chickens and they were going to scare her, but they only had their trouble for nothing. Clara was not as easy frightened as some might imagine, but there is no human principle in a man or woman that will be guilty of a crime like that, but all that Clara asks them to do is to prove that she got their chicken and come on with their rock-throwing all they please.—Mrs. Jessie Kirby is numbered with the sick.—Grant Cromer, spent the week with his sister, Mrs. Wm. Robins.
