Community Fairs.

Rockcastle county is going to do something this year that few counties in the State will do.

Plans have been made for every school district in the county to have a Community School and Agricultural Fair. There are 77 schools which means 77 fairs will be held this fall. The farmers as well as schools are going to exhibit home, garden and farm products. The Community Fair of each school will be conducted by the teacher and trustee.

All the fairs will be held on Thursday, October 16th. On Friday, October 17th, all exhibits winning 1st, 2nd and 3rd, premiums will be taken to Mt. Vernon forenoon, so as to prepare for County, School and Agricultural Fair. All exhibits will be arranged and judged Friday afternoon, Oct. 17.

On Saturday, Oct. 18th, at 8:00 o'clock the exhibits will be ready for the entire public, which means from 4000 to 6000 people of Rockcastle county to see.

Every school district in the county will be represented at the County, School and Agricultural Fair.

The teacher and trustee of each district will work out their local premium list for the community.

The county premium list will be made out by a committee and published next week also sent to each teacher and trustee. Watch the paper for the premium list.

The co-operation of every person in the county is asked for. We want to make a record for the county this year.

TO THE TEACHERS

My dear teachers:—I have received many letters about premium lists of Community Fairs in the last few days. I think it best for teacher, trustee and a farmer to get together and make out a premium list for the fair. It should be kept in mind that the list should include School, Home, Garden and Farm products.

The county premium list will be made out and published next week. Each teacher and trustee will receive a list.

I am very anxious for each school to make plans and get ready for the 16th of October and then see that all products are taken to Mt. Vernon the 17th of Oct., and on the 18th students and farmers should start for Mt. Vernon.

If I can help in any way call on me.

Sincerely yours,
ROBT. F. SPENCE,
Co. Agri. Agent.

Famous For Its Marvelous Motor

The Year's Most Pleasing New Sedan

THE season offers no other sedan so pleasing in the beauty of its lines and its furnishings, as the new series Chandler Sedan. And there is none that may be compared with it at anything like its price.

The new Chandler Sedan is the highest expression of years of development in the creation of closed bodies. It is beautiful to look at, and most comfortable to ride in. It has style and refinement that must appeal to those who care for the finer things.

This car seats seven persons most comfortably or five when auxiliary chairs are not in use. The front seat is solid, not divided as in previous models, and the window posts are a permanent part of the body, not removable. The windows, however, may be lowered away or adjusted to suit the weather and the wish. The entire interior is upholstered in finest quality silk-plush of pleasing pattern for cushions and plain tone for head lining. Interior fittings are in dull silver finish.

Despite the largest production in the history of the Chandler Company, the demand for the new series sedan will quickly consume the production for weeks to come. Your early order will be a safeguard against disappointment.

THE FUTURE OF ROCKCASTLE.

The problems that confront Rockcastle have never seemed so large as they do today. But that is because most of us are just getting acquainted with them. This county is over one hundred years old but its appearance indicates that it is only a beginner. The old settlers built poorly indeed. They seemed to be absolutely devoid of progress. Every man worked for himself and made but little headway at that. The richest men we had twenty-five years ago, thought themselves extremely liberal in giving a dollar a month to their church and such a thing as combining their capital with that of some one else in some business enterprise was never thought of.

Because of bad roads our farmers were backward and extremely poor. Their families grew up in ignorance and without business capacity or ambition. Our schools were so poor that they were only "kept." But things are changing. A new era is dawning. There is much, however, to be done if we would develop as we should. Schools are to be consolidated and more efficient teachers obtained. **OUR CHILDREN MUST BE EDUCATED.** The parent that does not take a deep interest in sending his children to school does not perform his duty and is a poor citizen and parent indeed. The parents as well as the teachers in Rockcastle need wake up in the cause of education.

We must have good roads because they are so necessary to every body. The people of this county have been indifferent to our highways long enough. They should arouse themselves, for bad roads have kept our people in ignorance and poverty for more than a century.

With better schools and roads there will come better churches and all of them together will produce better citizens and a richer community. As individuals we have a duty to perform. We can not excuse ourselves. Shame on the man or woman who says "Let George do it". It is a poor citizen who withholds his best efforts to advance his town and county. We must all learn, if we do not know, the law of service. Our petty jealousies must be overcome. The hatred for some neighbor must not interfere with the progress of our community. If we would give vital and lasting help we must lose sight of ourselves, remembering that man's highest office is service. By service we will not only win the admiration of others but the respect of ourselves. It is in service for others that we make character and in the final analysis it is upon the individual character of you and me that this big world must depend.

Rockcastle is our citizens in the mass and the mass is only what the individual makes it. So as big as the road problem is; as stupendous as the school question is or as important as the cause of uniting our brain, energy and capital in business enterprises, it, after all, resolves itself into you and me. The future is ours; the way is plain. With love born of character and with a determination to contribute to the advancement of our county, we can make her stand out as a shining example to our neighboring counties. We can place her where we can look upon her achievements with pride. But it is up to you Mr. Citizen of Rockcastle! Have you the desire to see your children educated and prosperous? Do you want better homes with the latest improvements therein? Are you concerned in more intelligent farming? Does the cause of bigger busi-

ness and better churches appeal to you? If so, let us shake off this feeling of indifference; fill our hearts with love; crowd our minds with thoughts of better things and with a determination to have them, let us all meet, plan and work together that a glorious result might be had.

WHAT JUDGE BLACK WILL DO TO MORROW

The primary now is over, Judge Black's the winning man. And forth has gone the challenge. Just match him if you can. The Democrats are all buoyed up. The Republicans are filled with sorrow.

For what we did four years ago, We're going to do to Morrow. They say they're going to win the State.

In spite of all creation; But we are "from Missouri", And seek information.

The Democrats are filled with dope.

With them no thought of sorrow. For what Beckham did to Belknap Judge Black will do to Morrow

We have the thing all figured out. We've got them on the run;

The "harmony they talk about, Has caused us lots of fun. Our hearts are filled with gladness

While theirs are steeped in sorrow. What McCreary did to Ed O'Rear Judge Black will do to Morrow

And now November is drawing nigh, The enemy we'll be routing,

And as was true four years ago, The radicals will be putting.

For now the same old tale's to tell Their hearts are filled with sorrow,

For what Stanley did to Eddie then, Judge Black will do to Morrow

ARGONNE CEMETERY

Dedicated to the Fallen Victors of the Muse-Argonne.

On Romagne's slopes may now be seen Long rows of graves in budding green, These mark the spot where heroes lie Brave youths, and not afraid to die. 'Twas not for gold nor yet for gain They suffered hardships, toil and pain; Each did his bit, they gave their all Most gladly when 'twas duty's call To save fair France from tyrants' greed That nations everwhere be freed. Their bodies rest beneath this sod Their souls have "westerned" home to God And wait our coming when we've done The task they splendidly begun. Oh, God of Justice, God of Truth Behold this sacrifice of youth; They consecrate this sacred clay We dedicate to thee to-day. As poppies spring from blood stained sod And lift their faces up to God, May all men from this holy hour Behold in Love the grander Power. The nobler life, the higher good A warless world, Christ's Brotherhood.

KIDNEYS WEAKENING?

LOOK OUT!

Kidney troubles don't disappear all at once. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease. Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haaslem Oil Capsules now. Take three or four every day until you are entirely free from pain. This well-known preparation has been one of the national remedies of Holland for centuries. In 1896 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops" as she quaintly calls GOLD MEDAL Haaslem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders. Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haaslem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

COMMISSIONER WILEY CONGRATULATES JUDGE CAM MULLINS.

FRANKFORT, Ky., August 29, 1919,

Judge Cam Mullins, Mt. Vernon, Ky.,

Dear friend: No doubt you have heard that I have resigned as Commissioner of Public Roads, for the State, effective September 1st. I have accepted the position of Chief Engineer for the Kentucky Rock Asphalt Company, of Louisville, Ky.

In taking this action, I am moved and controlled solely by the exigencies of the times to which I have yielded with reluctance and only after mature deliberation.

Words are inadequate for me to express my deep appreciation for the hearty co-operation given me and the Department of which I happened to be the official head and I retire to private life with that compliment ever uppermost in my mind.

We may have differed at times but that is most natural. I assure you that I have stood for the things I have thought best and I know your attitude has been the same.

My headquarters will be at the Paul Jones Building, Louisville, Kentucky, and mail addressed to me care Kentucky Rock Asphalt Company, will be received.

If I can ever be of service to you in any capacity, you have only to command me.

With the best wishes for the continued success of your administration, believe me sincerely your friend,

R. WILEY,
Commissioner of Public Road,
State of Ohio, City of Toledo,
Lucas County, ss.

STATE PROVIDES FREE EDUCATION FOR SIGHTLESS

Movement Started to Bring Every Available Child into Kentucky School for the Blind.

NO COST IS ATTACHED

In line with other progressive States, Kentucky is doing its part for the education and industrial improvement of its sightless children, and maintains at public expense the Kentucky School for the Blind, at Louisville, which ranks among the best of such institutions in this country and is recognized the world over for the high standard it has attained for over three-quarters of a century of its existence, it being a pioneer in the work of educating the blind.

Strange as it may appear, that although the state has provided so liberally for their education with out cost in an institution of such excellence, conducted by an efficient corps of teachers and equipped with every appliance for the work, a problem that has always been confronted has been the fact that only about half of the blind children of Kentucky are taking advantage of the great opportunity afforded them to receive a splendid education and become self-sustaining. It is to meet these conditions that the press and public are urged to co-operate in a movement to bring into the school for the coming session the full quota of blind children.

The Kentucky School for the Blind is not to be confounded with an asylum or hospital for the treatment of defective eyes, it being in the strictest sense a public school for those denied attendance at the ordinary schools. From the kindergarten to the graduating class, the same high educational standard prevails, and in addition the boys are taught several lines of industrial work, and the girls, domestic science and needlework, in which amazing progress has been made by the pupils.

Every blind child in Kentucky, or any child whose sight is so weak as to prevent it from attending an ordinary school can get a free education at the Kentucky School for the blind.

The school session is from the second Wednesday of September to the second Wednesday of June, and the children all go to their homes for summer vacation.

There are separate schools for the white children and for the colored children, some distance apart, each with their own set of teachers. The State has endeavored to make these schools everything they should be for the education, health and comfort of the blind children of Kentucky. The buildings are large and beautifully situated and filled with every possible device for the training of the blind, and the teachers are the best that can be had.

To get a child into the School, it is only necessary to write to the superintendent of the School, the name of the child and its age, the name of its parents and their post office address, and to state whether the child has a sound mind and is free from disease. Upon receipt of such information an application blank will be gladly furnished.

There is no charge for board or tuition, and if the child is destitute, railroad fare and clothing will be furnished if a certificate is received from the County Judge stating this fact.

For further information, write to MISS SUSAN B. MERWIN, Superintendent, Kentucky School for the Blind, Louisville, Kentucky.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Hoyes City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot. I told my husband if he would get me a bottle of Cardui I would try it. I commenced taking it, however, that evening I called my family about me...for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less...I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life...I have never had any trouble from that day to this. Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.
