as a candidate for the nomination or re-election in Congress subject to the action of the Democratic party.

We are authorized to announce

JAMES B. MCGREARY.

as a candidate for nomination for Representative in Congress subject to the action of the Democratic party.

Like a man and a patriot.

From the front lines war will be declared by the end of the week.

They promise us a weak, vacillating and indefinite.

MCKINLEY asked that Congress counter upon him more power than is delegated to most of the European crowned heads. Will Congress consent? Hardly.

Spain's policy in Cuba is the most odious and crushing of modern times; yet, after all that has taken place on that hopeless isle, our president refuses to enforce or carry out the will of the American people who are anxious to meet for Cuban freedom.

HON JOHN B. THOMPSON, of Berea, is announced in this issue of the Signal as a Democratic candidate for nomination for Congress from this district.

His friends and supporters are invited to Blacksville to retrieve all honor and interest of the last election.

The Rev. Thomas Dixon, of New York, says:

"The sweeping of the last vestige of Spanish tyranny from this Western Hemisphere is not enough Spain must still reckon with us for the blowing up of the Maine and the murder of 266 brave men wearing the uniform of the United States."

The nation that would ignore and overlook that foul blot to its honor that blackest crime of the century, is dead and rotten, and ought to be in Hell."
