### CITY OF SAN JUAN.

United States Will Land Troops on Three Sides of Porto Rico.

The Third Expedition Will Land on the North Coast—Gen. Llewellyn's Command Will Join Miles at Guanico—Troops Embark.

New York, July 28.—It is said here that the government intends to fit out three Porto Rican expeditions, which will land on three sides of the island and form a circle around San Juan, and that within a few weeks after landing Gen. Miles will control the entire country. The first expedition under Gen. Miles will, it is expected, land in Guayama, and will proceed to Joes. From there they will go to Ponce by rail, and from Ponce to San Juan on a road which is good in places, but in many places is in a state of ruin. The expedition commanded directly by Gen. Miles will await the Porto Rican representatives, under command of Gen. Llewellyn, who will join Gen. Miles at Guanico. The next expedition will land at Fajardo, a port south of San Juan, and the third will land on one of the small places on the north coast. From here they will be sent out and cut off the retreat of the Spanish forces.

In Guanico there are telegraph facilities, but not cable facilities. The cable runs from Ponce directly to Santiago. If Gen. Miles has control of the cable in Ponce he can communicate directly with the United States via Gibraltar. This cable, however, has no communication with the San Juan line.

WASHINGTON, July 28.—The brigade commanded by Gen. Post Grant, consisting of the 3rd and 4th Kentucky and the 5th Illinois, was Saturday ordered to Porto Rico. It will sail from Newport News, and will leave this morning for the island.

Gen. Post Grant's command will be embarked by Wednesday. The work of unloading at Hampton Roads is being completed with a few days delay than was expected. Col. Hoeker, in charge of the transportation division of the war department, who has just returned from that place, reports that the delay is due to the fact that it is eminently suited to the shipment of the troops. Consequently the secretary Monday ordered all of Gen. Grant's baggage, including the Chickamauga to Newport News. It is not expected that all of the transports required for their accommodation will be received there by the time the soldiers get in, but they will be camped on suitable grounds there, and it is believed will be benefited by the change from Chickamauga.

Secretary Long Monday forwarded to Adm. Dewey the joint resolution of congress extending the thanks of congress for the victory achieved at Cavite. The resolution was beautifully expressed and prefaced by a formal attestation of its authenticity by Secretary of State Day, the whole being enclosed in a richly gilt and ornamented Russian leather cover. It is to be remarked that Secretary Long, in his letter of transmittal, makes reference to a letter from the secretary of state complimenting Adm. Dewey upon his direction of affairs since the great naval victory, a formal evidence that the state department is thoroughly well satisfied with the diplomatic qualities he has exhibited. The letter of Secretary Long is as follows:

NAVY DEPARTMENT, WASHINGTON, July 28.—The department has received from the secretary of state a copy of a joint resolution of congress expressing the thanks of congress to you and the officers and men of the squadron under your command for their gallant and successful operations in the destruction of the Spanish fleet. This takes great pleasure in doing, and joins heartily on behalf of the navy department, as well personally, in the commendation of the secretary of state.

Very respectfully,  
JOHN D. LONG, Secretary.

Gen. George Durey, U. S. M. Commanding, in-Chief U. S. Naval Force, Asiatic Station.

Troops at Newport News.

Newport News, Va., July 28.—Incoming trains during the last 24 hours have brought nearly 6,000 troops to this city. These include the 2d brigade of the 1st army corps, in command of Brig. Gen. Chickamauga, and the 1st and 2d regiments of the 24th and 25th regiments of cavalry from Camp Alger.

WASHINGTON, July 28.—Official advice received by the war department announces the arrival of Gen. Miles of the south coast of Porto Rico, and that his troops are being landed at Guanico. From that point an advance will be made upon Ponce, where two or three thousand Spaniards form a garrison. It is intended to take possession of this town, which is well located, and will be a rendezvous for the concentration of an army to march upon San Juan. There is a cable station at Ponce, and Gen. Miles will thus be in practically direct communication with the authorities here.

ST. THOMAS, D. W. I., July 26.—The United States troops were landing Monday on the island of Porto Rico near Ponce, on the south coast.

MADRID, July 28.—A private dispatch from San Juan de Porto Rico says a strong American squadron has appeared before Bahia Honda, but that the American attempt to disembark was repulsed with considerable loss.

WASHINGTON, July 28.—The war department was today Monday morning the dispatch of the remainder of Miles' expedition against Porto Rico. Such progress has been made that it is believed all of the troops will be at San Juan within a week at least. Gen. Miles is not expected to defer his landing until that time, but probably will pick out a suitable place for encamping his troops and waiting until the self-same evening awaiting the arrival of the other detachments now on their way. War department officials expect that the first news received from Gen. Miles will come through the press dispatches, as the general has not with him, so far as is known, any dispatch boats. It will be at least Saturday before dispatch boats can be taken to the island.

Gen. Hoeker's command will be embarked by Wednesday. The work of unloading at Hampton Roads is being completed with a few days delay than was expected. Col. ### SURRENDERED.

Spanish Troops to the Number of 3,000 and 250 Volunteers in San Luis and Pinar del Rio Give Up Their Arms.

WASHINGTON, July 28.—The war department at midnight posted the following: SANTIAGO, via Havai, July 28.—Adjutant General of the Army, Washington: Lieut. Miles has returned from San Luis and Palma Estrella, where he went four days ago to receive a surrender of Spanish troops. The number surrendered was larger than Gen. Toral reported—3,005 Spanish troops and 250 volunteer guerrillas—gave up their arms and gave parole and have gone to work; 3,000 stands of arms were buried in loading cars on cars and started to the railroad; Spanish troops accompanying him from San Luis and all apparently greatly delighted at prospect of returning home. They were on the verge of starvation and I have to send them rations to-morrow. If the numbers keep up as they have there will be about 24,000 to ship away—nearly 12,000 here, 8,000 from San Luis, 6,000 from Guantanamo, and over 3,000 at Sagun and Baracoa. (Signed) Major General Commanding.

### WILL CONTEST.

Unsuccessful Bidders Bring Action to Have Contract Awarded to Transport Prisoners Here Astoria.

New York, July 28.—The World says: A lawyer has been retained by the stevedore companies who were unsuccessful bidders for transporting the 22,000 captured Spanish prisoners from Santiago to Spain, and will bring action Saturday to have the contract made by the government with the Campagna Transatlantica Espanola withdrawn from the records.

### MILES' MEN LANDED.

### CHEERED OUR FLAG.

Unhappy Men Compliment Paid by Spanish Prisoners to Their Captives—An Officer's Opinion.

New York, July 28.—Prisoners of war cheering the flag of their captors was the unusual sight witnessed at the United States in Brooklyn Monday. The sight was all the more significant as the cheers came from Spanish throats. The 354 prisoners captured on the four prize steamers now in port were taken to all for homes and the British flag. They were on board the destroyer of the Anchor line, and as they passed on the dock one of the prize steamers came by. With one accord the prisoners raised their hands and cheered the American flag. The terms of peace will likely be no money indemnity, independence of Cuba, the cession of Porto Rico and the Ladrones and a coaling station in the Philippines. Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction."

MRS. MARTHA JONES.

The local board of health in connection with the Co unity officials have acted wisely in placing guards along the line between this county and Jackson. Over 100 cases of small pox are reported in that county and the disease still spreading. Where is always a constant travel between the two counties. Many people coming from Jackson into Rockcastle and vice versa. We were in great danger had this prompt action been taken. While it will cost something to maintain the guards who are safe reliable men, yet by neglect, the disease should get into our homes and cost us not only loss of time, labor, doctor bills, but loss of lives.

The road commissioners and overseers are beginning to arouse considerable interest in our roads. Better roads is now uppermost in their minds and they realize that it takes work to make them. We sincerely hope, to see the time come in Rockcastle when we will have good roads to have them they must be widened, made higher in the middle, the rock broken very fine and all the gravel that can be secured placed on the rock and dirt to make the roads smooth and remain solid.

Judge McClure and J. T. Stephens, through James J. White have moved back their fences on Richmond Ave. This action is commendable and shows that they are always in favor of improving our town and county. The others along that street will soon do likewise which will make that street one of the prettiest in Mt. Vernon.

The town council some time ago ordered certain sidewalks put down. The order has not been complied with, but the council will get the contractors out and have them put down, and when the improvement is made will have a lien on the property in front of which it is placed for the payment to the town for the amount the sidewalk cost. The law is perfectly plain and clear upon the question of making the sidewalks and it seems to us to be much better for the people to go ahead and put down the walks and make their own contracts instead of letting the town do it. But if the people fail to do so then it is the duty of the board to see that it is done. We have spendied men in charge of our municipal affairs and the good citizens will indorse their work.

Dr. J. N. McCormick, Secretary of the State Board of Health, was here Monday and met our county board and county Court officials. Arrangements were made for placing guards on the line between this and Jackson county to maintain the quarantine recently declared against Jackson county by State Board of Health on account of the small-pox epidemic now prevailing in said county. All the surrounding counties have posted copies of the proclamation and quarantine in full force. At the meeting here Monday in addition to county officials, were Drs. A. G. Lovell, Percy Benton and J. S. Cooper, members of the County Board of Health; the following physicians were also present: Drs. M. Pennington, S. C. Davis and J. H. Lawrence. Judge Williams went over Tuesday to see the guards placed along the twenty-mile border between this and the Jackson county officials refused to cooperate with the State Board, make any effort to stamp out the plague. It is now unlawful for anyone to enter or leave Jackson county without a special permit from the Board, under a penalty of a fine of \$500 or imprisonment in county jail from 10 to 60 days. It is claimed that one of the county officials of Jackson said it was no use to make any move to stamp out small-pox, that the Lord had sent it and the Lord could take it away when He saw fit. Upon the same line of reasoning it might be said inasmuch as the Lord had sent us into the world naked we should have remained so, for if our maker had desired us to be clothed He would have furnished them ready made and placed them upon us.

CHICKAMAUGA, Lytle, Ga., July 27th, 1898.

Dear SIGNAL: I send you a few items from camp. John D. Miller is in hospital sick with fever. Think he will be alright in a few days. E. T. Fish and Bob Ping left here with 3rd Kentucky for Newport News to-day on their way to Porto Rico. The 2nd Kentucky boys recruited very much that they were not called on to go. I guess we will be at the fall of Havana. Our band is doing nicely. It is in charge of Robert Mitchell, who is a practical musician and teacher and we expect to shortly be the best band in the Park. We get plenty to eat but the water is not what it should be. I hope the 4th Kentucky will soon arrive here, as a yellow dog from home would be a welcome sight. I think every young man about Mt. Vernon who has no employment should enlist or be made to do so. Many of them are no account to themselves or anybody else, go long as they loaf and do no work. We greatly appreciate the SIGNAL as it gives all the home news. Address us care and Ky. Regimental Band.
