VOLUME XII.

MT. VERNON, ROCKCASTLE COUNTY, KY., FRIDAY, AUGUST 12, 1898.

NUMBER 48.

## MILES' SOLDIERS' ADVANCE.

The Forward Movement of the Americans in Porto Rico Has Been Commenced.

POUCE, Aug. 9.—There was a general advance Sunday of the army of invasion. Gen. Wilson's headquarters were moved to Juan Diaz. The 2d and 3d Wisconsin regiments moved to support of the 15th Pennsylvania regiment, on the Penedulabros river. Gen. Schwan, with the 11th regulars and part of the 19th California regiment and Thorpe's light batteries moved to Yauco, advancing on Arecibo, by way of the west coast road, touching at Mayaguez, where the Spaniards have artillery. These Gen. Schwan will move in by way of Lares to Arecibo.

Gen. Grant's brigade is expected to arrive daily. The weather is beautiful. There has been no rain for three days.

Gen. Wilson's vanguard is waiting for Gen. Brooke's advance toward Cayey before making a further move along the military road.

Native regiments will be raised and armed in all the towns. Little resistance to the advance is anticipated.

The 19th regiment will march via Adjuntas and Utuado, meeting the rest of the brigade in front of Arecibo.

Col. Black, of Gen. Miles' staff, and the engineers will build a road with the assistance of 5,000 natives, who are now employed by the Americans.

Gen. Stone is still at Utuado with one corps of the 2d Wisconsin, awaiting the arrival of Gen. Black with the 4th Massachusetts and 6th Illinois.

POUCE, Porto Rico, Aug. 9.—Gen. Miles is here in conference with Maj. Gen. Hays. His force is still at Guayama. A force of about 400 regular Spanish troops are stationed about eight miles away.

The United States cruises Montgomery and the hospital ship Relief have arrived at the port of Ponce.

CELEBRATED ROUND-ROBIN.

Gen. Shafter Telegraphs the President in Regard to His Publication—Fresh Troops Need Not Fear Sickness.

WASHINGTON, Aug. 9.—Gen. Shafter has telegraphed to the president regarding the publication of the "round-robin" signed by the general officers of his command, as follows:

"I can very readily see what intense excitement the publication must have occasioned: a great deal more than the situation warranted. Situation is greatly aggravated from the fact that here any of the men were taken ill they were thoroughly exhausted. At least 75 per cent of the command had been down with malarial fever, men which they recover very slowly and are in no condition to stand an attack of yellow fever or dysentery. Placed here now in the condition in which they were when they came here I do not believe them to be in any particular danger. The regiment of immunes that recently arrived is not suffering at all, and I don't believe they will. They can keep out of the sun, are well clothed and well fed. What put my command in its present condition was the twenty days of the campaign which they had nothing but meat, bread and coffee, without change of clothes, without any shelter whatever and during the period twice as stormy as it has been since the outbreak. Fresh troops reaching here in the middle of August, with good camps, good water, abundance of tents—which they will find here—need not apprehend serious danger. I thank you for the high regard in which you hold my command and the value of the service they have rendered. It pays for all the suffering we have endured. I have read this to Gen. Wheeler, Lawton, Bates and Kent, who concur with me in the view expressed above.

## SHAFTER'S DAILY REPORT.

The General, Informs the War Department of the Health of His Command at Santiago on August 6.

WASHINGTON, Aug. 8.—Gen. Shafter's daily report to the war department of the health of his command at Santiago, as bulletined by Adj. Gen. Corbin Sunday night, follows:

SANTIAGO DE CUBA, Aug. 7.—Adj. Gen. of the Army, Washington. Salinary report for August 6, total number sick, 5,681; total number fever cases, 2,038; total number cases fever, 431; total number fever cases returned to duty, 477; deaths August 5, Private M. W. Desmond, Company I, 6th Massachusetts, typhoid fever; Private Dallas Tammay, Company K, 14th Michigan, malarial fever. August 6, Private George P. McLaughlin, Company H, 9th Massachusetts, typhoid fever; Private J. A. Lewis, Company B, 29th infantry, chronic diarrhoea; Private A. I. Grills, Company H, 24th Michigan, typhoid fever; Maj. M. J. O'Connor, 10th Massachusetts, perniciolous malarial fever; Corp. Albert R. Koch, Company A, 2d infantry, perniciolous remittent fever; Private Burton Gray, Company B, 1st infantry, chronic diarrhoea; Private Anthony Massa, Company A, 7th infantry, thera mial fever.

SHAFTER, Major General.

MISS JESSIE SCHLEY. (American Girl Now in Madrid on a Mission of Peace.)

## SPAIN'S REPLY TO AMERICA.

Only a Few Essential Changes in the American Demands Are Asked for by the Haughty Don.

LONDON, Aug. 8.—The Madrid correspondent of the Daily Mail telegraphing Sunday says:

"The answer of the Spanish government to the American demands is not only a refusal to accept them, because they are imposed on her by force. Only a few essential changes in the American demands were asked for and it is not expected that President McKinley will refuse them.

"A commission composed of Spaniards and Americans will decide the question of the Cuban debt, the dates and manner of evacuating Cuba and Porto Rico and the protection of Spaniards and Spanish interests in these places. The commissioners will also decide whether Spain is to be allowed to withdraw her artillery and the remainder of her arms and ammunition from the colonies, while the question of the future of the Philippines will be settled by the same body.

"Treaty will be signed subject to approval by the cortes, which will be convoked immediately. The cabinet council Sunday night will appoint Spanish commissioners to meet the Americans to arrange as to the future of the Philippines and other details.

ARMY MOVEMENTS IN PORTO RICO.

POUCE, Porto Rico, via St. Thomas, D. W. L., Aug. 8.—Gen. Wilson has moved the headquarters of his division from Ponce to Juana Diaz. Gen. Schwan, with the 11th regular infantry and two batteries moved Sunday through Yauco toward Mayaguez.

Brooks is moving north from Guayama with 10,000 men.

## PART OF BISMARCK BURNED.

Many Business Blocks Destroyed Entailing a Loss of Several Hundred Thousand Dollars.

BISMARCK, N. D., Aug. 9.—Fire destroyed the best portion of the city of Bismarck Monday evening, licking up hundreds of thousands of dollars worth of property. The flames originated in the agent's office of the Northern Pacific depot. Almost before they were discovered the entire building and the immense stockhouse of the company were in flames. Oil and powder contributed fuel, and before the flames could be checked they had spread to the block of brick buildings across the alley, destroying the Tribune office, Harz's hardware store and an entire row of buildings. The flames then leaped the street to the magnificent First National bank building, which melted away in a few minutes. The Central block followed and the flames spread to the post office, sweeping over the entire block and carrying down the post office. Merchants' bank block, Griffin block and all intermediate frame and brick structures. The fire then spread across and destroyed Kapit's store and the greater part of the block. The flames also spread north into a residential block and completely destroyed it. Firemen were powerless to check the inroads of the fire, which spread to scores of buildings, licking them up as so much waste paper.

The origin of the fire is unknown as no one was in the freight office when it started. It is impossible to estimate the loss Monday night. All wires are burned out, the Western Union office being one of the first to go. The railroad office also was destroyed. A temporary cut in it was made to handle imperative business.

Every drug store in the city is burned and all the groceries put two or three; also two newspaper offices and the great bulk of the business property of the city with great loss of residence. Many people are in a sorry escape, but was saved. The line was extended from the northern Pacific tracks to Thayer street on the north and Fourth to Third streets on the east and west. Insurance may cover half the loss.

GEN. CHAMBERS MCKIBBIN. (One of the Most Gallant Officers Now at Santiago.)

## A CHANGE OF COMMANDERS.

Capt. Sigbee Will Command the Battleship Texas and Capt. Goodrich Has Been Assigned the Newark.

WASHINGTON, Aug. 9.—Two important changes in the command of vessels of the navy were announced Monday by Secretary Long. Capt. Charles D. Sigbee, who commanded the battleship Maine when she met her fate in the harbor of Havana, and who has been in command of the auxiliary cruiser St. Paul since the war began, has been ordered to relieve Capt. John W. Philip of command of the battleship Texas, now undergoing repairs at New York. It is understood that Capt. Philip will be assigned to shore duty, probably the command of the Mare Island navy yard at San Francisco.

Secretary Long announced also that Capt. Caspar F. Goodrich, of the auxiliary cruiser St. Louis, had been ordered to the command of the Newark. Commodore Watson's new flagship, the USS Oregon, had been transferred to the battleship Oregon, on account of the illness of Capt. Charles E. Clark.

Hanged by a Mob.

RIPLEY, Tenn., Aug. 9.—Saturday morning about 3 o'clock Richard Thurmond, a Negro of bad reputation, entered the house of L. D. Hines and attempted to assault his daughter. She screamed and the Negro ran. A posse chased him to Middleton, Tenn., where he was captured Sunday evening and brought to Ripley. He made a full confession and was hanged at one o'clock Monday morning by an orderly crowd of citizens.

## SPAIN'S REPLY SENT OVER.

Spain's Reply to the Peace Commission Laid Down by the United States Received by the French Ambassador, M. Cambon, Shortly Before 3 o'clock.

PARIS, Aug. 9.—The reply of the government to the peace commission laid down by the United States was received by the French ambassador, M. Cambon, shortly before 3 o'clock yesterday afternoon. The reply is in six sections, the dispatch first giving only the opening paragraph of the Spanish reply. A few minutes later another dispatch followed, a second section and these being uninterrupted by a procession of messengers until seven o'clock of the Spanish reply had been received in ten minutes of four, when the third part was still to arrive. In the meantime the cipher experts were at work on the first part of the reply, and it is stated that portion of the reply received at that time and there was a halt of some time pending the arrival of the concluding portions. It was thought a terrific rainstorm which swept over Washington about 4 o'clock had occasioned delay of the remainder. Pending the receipt of the complete reply, no steps were taken to fix a time for a conference with the president as the time for that depended largely upon some of the features of the reply, and also upon the explicit instructions concerning the delivery of the answer which usually accompanies a document of this character. Neither at the White House nor at the state department were any official knowledge that the reply had reached Washington until the usual office hours closed with the appointment made for a conference.

The concluding portion of the Spanish reply was received during the evening, but it was not until a late hour that it was deciphered as a whole and its contents known.

Efforts were made to communicate to the United States government beyond the usual Secretary Day printing house, but the government had been content. It is probable that the reply will be delivered to the president before the cabinet meeting Tuesday.

It is understood that the reply is complete reference in all quarters as to the text of the reply but there is reason to believe it is not an unqualified acceptance of the American terms but framed on the theory of accepting the essentials and trusting to a hoped-for conciliatory spirit on the part of this government to moderate to some extent features which the Spanish government seems to regard as unessential.

Pending the official delivery of the answer special wire telegrams are to be sent. There was little or no further doubt that the length of the reply meant that Spain had not given a simple and direct affirmative to the American condition. It was evident that if the reply was an acceptance it was accompanied by extended discussion and reply by conditions. The announced considerable apprehension in official circles here for while it was felt last week that Spain would surely yield in some particular it began to be felt that possibly it might result in another period of discussion and possibly an indirect attempt to open up a diplomatic exchange on the nature of the terms. The prevailing view, however, was that the reply was on its face an acceptance, although not such a one as precluded all possibility of further discussion. All final points were believed to be conceded—the abandonment of Cuba, Porto Rico and the Ladrones, and the establishment of a commission to pass upon questions relating to the Philippines.

## BEING RETURNED TO SPAIN.

One Thousand of the Spanish Sick and Wounded Soldiers Loaded on the Alcantara at Santiago.

SANTIAGO, Aug. 9.—Gen. Shafter and Gen. Toral held a consultation at the palace Monday afternoon with regard to the embarkation of the Spanish prisoners of war.

As a result of the conference 1,000 of the Spanish sick and wounded will be taken on board the Alcantara Tuesday morning and sent to Spain as soon as the vessel is properly loaded.

There is to be no banishing or waiting around here. Each will sail as soon as it can be loaded after arrival here.

Prospective Party Lost.

SAF FRANCISCO, Aug. 9.—A letter received by the Alaska Commercial Co. dated Unalaska, July 30, says an intention received here is to effect an entire party of 12 prospectors, including themselves the Columbia Expedition Co. together with Rev. E. Weber, a Moravian missionary, his wife and two native pilots, bound for the Kluakovic river, have been lost.

## THE FARMERS' BANK and TRUST COMPANY, OF STANFORD, KY.

FOR CONGRESS

HON. G. G. GILBERT,  
OF SHELBY.

HON. GEO. G. GILBERT, of Shelbyville, Ky., the Democratic nominee for Congress in this district, has been visiting and mixing with the citizens of our county for several days last week. Although Mr. Gilbert has not formerly opened his campaign yet, he made a speech at Livingston on Thursday, addressed the Rockcastle county, teachers on Friday and on Saturday spoke at Adams' Grove picnic and spent the evening at Brodhead. The great and favorite son of Shelby proved himself a superb mixer as well as a splendid speaker. Mr. Gilbert started out in life on the farm, where he was born. Many a day has he tilled the furrow, dropped, thinned, plowed, cut and gathered corn, bound oats and cradled wheat, having worked all day he would study till late at night preparing himself for public school teaching, which he afterwards did so acceptably to both patron and pupil. Nature blessed him with a great intellect and gave him a mind especially fitted for the study and practice of law, which he then took up and was soon admitted to the bar, where he has gradually pushed his way to the front. As a lawyer he is recognized among the ablest in Kentucky. As a legislator, he was laurels for himself in the State Senate. He is thoroughly acquainted with national legislation and knows the wants and needs of the people. This is a crucial period with grave and momentous questions confronting us on every side, demanding a leader of trenchant wisdom; of superb intellect; of splendid courage; of unquestionable integrity; of strong political opinions with sufficient eloquence to impress them upon the mind of the people and to crystallize them into good and wholesome laws for the benefit of the toiling laboring masses of the county. Such a man is the Hon. G. G. Gilbert.

AMERICANS are good fighters no matter where they are, and it seems that Sunday is their favorite day for battles. On Sunday, July 31, at Manila, Gen. Green's forces were attacked by a Spanish force of three thousand during a thunder storm. Two battles ensued in which the enemy lost 300 killed and 500 wounded. The Americans lost 9 killed and 40 wounded. The Spaniards had enough and fled.

ADMIRAL DEWEY fired the first shot in the hundred-day war, and it also aroused the nation to the great duty devolving on it, and the last shots now being fired by our gallant soldiers will solidify the opinion of the people that the land won by the blood of her soldiers and sailors must not be lost by the timidity of her statesmen.

The War Department has decided to establish an Army Camp at Lexington, Ky. The Camp will consist of one division, nine regiments. A thousand acres will be donated somewhere in Fayette county.

If the Philippines are worth the men and money this country has spent on them they are worth any trouble that may be necessary to govern them according to American ideas of liberty regulated by law.

**BRODHEAD.**

Adam's Grove Picnic had a reasonably good crowd.

Two men were thrown from mules at about the same time at the fair grounds Sunday evening. It was thought for a while that both were killed, but neither were seriously hurt.

The fair grounds are in good repair and everything is neat and inviting. We are expecting this year, the largest crowd ever known at these grounds.

Prof. Chandler is improving rapidly and will soon be out again. Hon. C. G. Gilbert was at the Albright House, Saturday night. The B. B. Band and quite a number of citizens gave him a very warm reception and in response, he made a most eloquent lecture, which showed conclusively that he is a man of culture as well as ability.

G. W. DeBord is still with the school. A great rush is being made here for rooms during the fair.

Wm. Pettus drove down to see his people Wednesday.

Died.—Mrs. Wallen wife of Bud Wallen a prosperous and highly esteemed farmer of Lincoln county, died August 9th. Mrs. Wallen was a good woman and loved by all who knew her. The bereft husband has the sympathy of their many friends here.

Messrs John and Eddie Heron will leave here Thursday on their way to the Masonic Home. We send our thanks to Bro. Kelly, Supt. of the Home for the interest he has taken in our boys.

Miss Maud M. Watson, who is attending Mrs. Maggie Gully's school near McCreary, writes very encouragingly to her parents in regard to the teacher and the school.

W. G. Adams, Granville Owens, Wm. Pettus and others will have charge of a booth during the fair. All are nice accommodating gentlemen.

**CLIMAX.**

T. J. Cress stopped his school on the 7th on the account of the small-pox scare.

Mrs. James Drew is lying at the point of death.

James Sipms is the glad father of a fine boy.

America King has at last threshed her wheat.

Jones & Garrett, our lumber merchants, are preparing to run an extensive lumber business.

James Sexton says he is very sorry the small-pox scare is on for it puts a stop to his hunting.

Abe Isaacs and three other patriots men of this place, started yesterday to join the army at Lexington.

Dirk Casteel, our Blacksmith and wagon maker is kept busy.

Granville Owens & Co., have at last gotten their shingle mill in position.

Wm. Forsyth, a pupil at Climax School killed a snake with thirty-eight small ones.

**WILDIE.**

Mrs. Christian, who has been stopping at J. P. Butner's for some time, returned home Monday.

Mrs. C. A. Kelson, of Conway, was visiting at this place Saturday and Sunday.

Mr. Smith, of Jackson county was in Wildie the first of the week. Judge Durham arrested Bert Lunsford, of Jackson county, Monday, but after some statement from Bert that he had not crossed the line since the quarantine, he was released.

No. Parsons, of Silver Creek was up to see old friends Saturday and Sunday.

Lumber hauling will be resumed again from Jackson as the authori-

ties have granted the right to the teamsters to cross the line.

Mrs. Boss Sharp, Winston, Ky., is visiting her father, A. T. Fish near this place.

Sheep and cattle buyers are as thick here as wool agents.

George Parsons went to see home folks in the Glade country Sunday.

McWhorter, Ky., Aug. 4, '98  
Stonal Mt. Vernon, Ky.

Having taken a peep inside of the quarantine line in Jackson. The health of the country is good. The doctors report a few cases of typhoid fever; and on Laurel Fork there is a case of small pox under guard, which isolates them. I was not on Horselick but a doctor who visited that part of the county a few days since tells me there is only a few cases and the steps taken by the county officers will soon stamp it out. I saw some men who did not believe there was any small pox in the county, but many are thoroughly satisfied about it. The only trouble about convincing all the people was the ill-fitness of the disease. Vaccination is progressing slowly and great resistance will be met in all Mountain counties. I think the State Board can safely remove quarantine in ten days if they will thoroughly investigate the infected part of the county. There is considerable prejudice against Dr. Smock throughout the county. People are going or with their work up near Laurel and Clay county lines, threatening a lot of carpenters are building a nice church at Anville. The merchant's complaint of being short on salt and sugar. Wagons repeatedly go to the guard lines, but none have yet forced their way through. I think a train of wagons will break through the Laurel lines in a few days if they are not allowed to pass. The mail has been stopped for a week; but the hearts of the paper readers were made glad today by seeing the mail boy on his usual round. The Post-office Department ordered the contractors to proceed with the mail and they went. I will write from Manchester or Hyattsville, D. R. M. P.

The label on your paper gives the date to which you have paid. Look at it now.

These dues mean you, if you owe on subscription.

FOR SALE—A one-twelfth interest in the Aunt Polly Hatt farm. Apply at this office.

About one month ago my child which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At the time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. BOGGS, Stumptown, Gilmer Co., W. Va. For sale by M. C. and D. N. Williams.

**FOR ALL WOMEN**

Non-terrors of the pain and sickness from which women suffer is caused by weakness or derangement in the organs of menstruation. Nearly always cured when a woman is not well these organs are affected. But when they are strong and healthy a woman is very seldom sick.

**WINE OF CARDUI**

In nature's provision for the regulation of the menstrual function, it cures all "female" troubles. It is equally effective for the girl in her teens, the young wife with domestic and maternal cares, and the woman approaching the period known as the "Change of Life." They all need it. They are all benefited by it.

For advice in cases requiring special attention, send for the "Ladies' Advisory Department," The Chas. E. McCook & Co., Chicago, Tenn.

Wm. J. CHURCH, Toledo, Miss., says: "My sister suffered from very irregular menstruation, and doctors could not cure her. She was cured by using Wine of Cardui, and I feel bound to say that it is the best medicine I ever used for the 'Change of Life'."
