SUBSCRIPTION ONE YEAR \$1.00

Advertising rates made known on application

SINCE last Thanksgiving day the United States has acquired a vast and beautiful assemblage of ocean gems in the shape of islands, and must now prepare a strong box in which to keep them.

THE total donations made to colleges in the United States this year to date amount to the large sum of \$10,861,152, which includes only donations of \$5.00 and upward. Popular support is a great thing. Here's to you America.

It appears that the President assumes that the election just had approves his idea of the "destiny" of the United States, and has acted on this assumption. On this he makes a fatal mistake. It is true that the administration party saved its majority in the elections of Congress last week. But the reduction of the majority of 47 and plurality of 77 for the meager majority of 13 is a narrow escape from repudiation. Had the issue been presented squarely to the people by the managers of the Administration campaign had they not, in fact, boisterously and persistently declared that the Philippine question did not enter into the campaign, but that it was silver, tariff, immigration, anything else, on which the president wanted them to stand by him—there would not be even a majority of 13 Republicans in the next Congress.

THE Louisville Dispatch, that advocate and exponent of Kentucky's Democracy, edited by the Hon. B. A. Enloe, whose editorials are able, lucid, and to the point; always of strong thought, expressed in plain, tasty, understood language, did much to entice the boys in the trenches during the last campaign; to instill in the confidence, in the virtue of their own cause, and to encourage them to press onward to the goal of political triumph. It is a great pity, "filling a long felt want," because it is the people's paper, backed by the people and representing the people. Several of our fellow townsmen have stock in the Dispatch, all of whom are proud of their investment because of the success it is making and the great good it is doing. Fifteen dailies come to Mt. Vernon and a large number of weeklies are taken throughout the county. Every reader, Republican or Democrat, should add his name to the subscription list, chip in your 50 cents for a year and study closely its political truths. Success to you Bro. Enloe. May your subscribers increase, even to the uttermost parts of the earth, your exchequer be filled to running over and that you, yourself, may march on, growing richer in mind heart and purse until eternity's morn.

Save 25 per cent. by buying your drugs and medicines at F. L. Wallin's drug store, Cran Orchard. He also carries a fine line of pure wines and liquors. Mail and telephone orders promptly filled if

TO BUILDERS—J. W. Moler & Sons now have their mill on one of the best sites in the county and are fully prepared to cut bills to order on very short notice. Lumber can be delivered by rail or by wagon. Give us a call and we will prompt attention and the best of Lumber.

ORDER OF FISCAL COURT,

ROCHESTER FISCAL COURT, October 27th 1898.

Present, R. G. Williams, judge and on motion of J. R. Gattiff and a second by R. L. Brown, a majority of the Justices being present and concurring therein, it is ordered that the Court that Jonas McKenzie and W. B. Whitehead be and they are hereby appointed Committee for the Paupers of Rochester county for the ensuing years, and said Committee is hereby authorized and empowered by this Court to use not exceeding \$900, the amount appropriated as a "pauper fund" at this term of the Court in paying for the keeping of the paupers at the Poor House and such other pauper expenses as is absolutely necessary anywhere in the county. Said Committee is further authorized in cases of extreme necessity to contract with a doctor to treat the sick paupers, but said treatment shall be limited to absolute necessity, and no doctor shall be allowed to re-visit patient without an order from the Committee. Said Committee is also authorized and advised to contract for coffins and burial clothes for any of the paupers under their charge who may die during the ensuing year, but said Committee shall not exceed \$300 for coffins for seven persons and not exceeding \$600 for clothing.

It is further ordered by the Court that no claims for keeping paupers, medical treatment, coffins or burial clothes, except such as are contracted for and reported by said Committee will be paid or ordered paid by this Court. Said Committee having appeared in open Court and accepted the trust, they will report their acts to this Court on the Fourth Monday in Oct. 1899.

The above order is to be published in four weekly issues of the MT. VERNON SIGNAL.

ARE YOU A DEMOCRAT?

An old adage reads: "There is a place for everything" and for everything there is its place, the LOUISVILLE DISPATCH should find a place in the home of every DEMOCRAT in the SUNKY SOUTH. The Dispatch is the people's paper, owned by the people and is always ready to fight for the cause of the people. IT STANDS SQUARELY ON THE CHICAGO PLATFORM, without the aid or consent of the Good Bay Monopolists, and a fair comparison of its news service (now being furnished over leased wires by the New York Sun, the Chicago Inter Ocean and the Northern Press Association) with that of any other paper, will fully verify its merits. If you see it is the Dispatch it is, and if it is so it is always in the Dispatch. The Dispatch also has a staff of over 300 active correspondents in the South, and will POSITIVELY GUARANTEE MORE THAN DOUBLE THE SOUTHERN NEWS of any other Louisville paper. Get the Dispatch; it gives the news and tells the truth about it. Daily, 8 pages; Sunday, 24 pages; Week-End, 8 pages. We club with the Weekly Democrat at the remarkably low price of \$1.25 for it and the Signal.

GREENBACKS or Government Money.

At close of our Civil War in 1865, there appeared in the London Times the following: "If that mischievous financial policy which had its origin in the North American Republic during the late Civil War in that country, should become indurated down to a future, then that government will furnish its money without cost. It will have all the money that is necessary to carry on its trade and commerce. It will become prosperous beyond precedent in the history of civilized nations of the world. The brain and wealth of all countries will go to North America. THAT GOVERNMENT MUST BE DESTROYED OR IT WILL DESTROY EVERY MONARCHY ON THIS GLOBE."

The famous Hazzard circular, to capitalists in New York, and the Bull Bank circular to United States Bankers, both emanating from London, and the fabulous corruption fund raised in England and Germany, estimated at \$150,000, were the agents that secured the closing of our mints against silver.

The "walk into my parlor" policy of England, during and since the Spanish War, is the latest evidence of English Diplomacy in shaping the destiny of the United States Government. Notwithstanding the famine price of wheat, the Spanish War, and the colossal expenditures of money by our government during the past year, gold has increased in value eleven per cent, and all other values decreased in the same proportion. For a thorough understanding of the money question, or silver issue, the Cincinnati Enquirer has unflinchingly given evidence of its ability to teach, explain, and produce with force and truth, it is a paper that can be read and can be used by all classes with pleasure and profit.

Thanksgiving exercises were held at the College Wednesday evening. "A Thanksgiving Party" was very amusing and all the participants and songs were well rendered. The decorations suggested "the harvest time when the gleaners come home."

On account of a "foul" in the 10th inning, in the Corbett and Sharkey prize fight in New York on Tuesday night, Sharkey was declared winner. Corbett, it appears had agreed to such an ending of the fight before it opened and the referee declared all bets off. Corbett has got to the bottom of the ladder in pugilistic disgrace.

W. R. Smith's College Lexington, Ky. is where hundreds of clerks, farmer boys and others have invested \$60 to \$90 for tuition and board for an education and are now getting \$1,000 and a year. Read ad, and keep this notice for reference. Remember that in order that your letters may reach this college, address only Gen. W. R. Smith, Lexington, Ky.

The morning after Corbett's disgraceful defeat Ed. Cox and Joe Taylor two of our county citizens of pugilistic bent of mind, met in Grant Baker's store and after a few preliminaries went at it hammer and tongs. In the first and second rounds Taylor had the best of it, having brought the claret from his opponent's nose. Cox came to the scratch and bringing one of his footed three swing sledge blows knocked Taylor into a pile of stove pipe. Referee Baker declared the result in favor of Cox who now challenges all comers to fight at 130 lbs.

To the Overseers and Citizens:

We, the undersigned Road Commissioners for Rockcastle county having met for the purpose of allowing road claims for 1898, find that healthy sentiment has been aroused in favor of good roads. We are glad to see the overseers taking the interest they have exhibited this season. Much depends on them. There are several things, however, that must be remedied next year. The roads must be made wider. A great many fences will have to be set back. To make roads, you must have sufficient ground on which to build them. The width of the road should meet the requirements of the law, (30 feet) as nearly as possible.

Another thing to be done is that the roads must be raised in the center, properly ditched and the rock broken much finer. We suggest that every overseer use all the gravel possible, though you have to haul it some distance. We have had many complaints in regard to overseers using and lending their road tools. It is the duty of every overseer to keep a close watch on his tools in his possession and to loan them to no one, nor use them himself except when working the county road. We suggest that where men have fences grossly over the line and a good road cannot be made without removing the fence that the overseers give the land owners notice this winter to remove them that it might be done before next year's crop is put in. Every citizen should be interested in the cause of good roads. Good roads means prosperous people—bad roads means pauper county.

We feel justly proud of this year's work and have every reason to believe that they will be improved much more next year.

T. J. Hayes' baby, at Wildie, got on railroad track and was knocked off by engine after it was reversed by engineer. Two cars passed the little fellow before train stopped. The crew carried the child to the house near by, when it was found to be slightly injured about the head.

The following is clipped from the Columbus, Ga., Ledger Major Williams is Dr. J. M. Williams of this place.

The work of getting the hospital ready for the soldiers was being rushed by Major Kyle the surgeon in charge, and Major Williams his able assistant, yesterday, and the field which a few days ago presented the appearance of a lonely spot in the woods grown over with briars and weeds is now a clean, neat and systematically arranged camp ground when every appliance in the way of comfortable quarters for sick men is to be found. The best benefit sight to see how fast order and system are being evolved out of chaos and confusion and how complete and systematic are the conditions under which the work is carried on.

Major Kyle and Major Williams both of whom are genial courteous and obliging gentlemen, and both of whom gave up an extensive and lucrative practice to enter the service have both been in charge of hospitals at camps where much sickness prevailed and both officers are determined that no such conditions shall prevail here. Under their able direction the various needs of the hospital service at this post will be provided for in the most complete and liberal manner and nothing will be left undone to prevent sickness among the soldiers or the spread of infectious diseases.

The Christian Endeavor Convention at Livingston was attended by a large number of people from Mt. Vernon.

Judge John D. Ellis, of Newport, Ky, was present and delivered two addresses.

Rev. W. R. Chapman, of Danville Theological Seminary delivered an address to the Convention both days.
The assistance rendered by the State President and Mr. Chapman was invaluable; both are earnest and eloquent speakers. Each session increased in interest. The exercises were varied with excellent music. The report on prison reform was such as to make a lasting impression. There is 400 Christian Endeavorers in prison walls. The prison work is receiving a good deal of attention. The children attended every meeting. Miss Lena May Lovell, Miss Annie Thompson, McKenzie Brown and Johnnie Baker, delighted the audience with temperance recitations.

At the Junior Endeavor rally, Lena May Lovell sang and recited and again in the evening by request Miss Mae Miller aided in the music throughout the Convention.
Rev. L. M. Seroggs preached the Convention sermon on Sunday morning, text: Job 22:21.
The church was crowded with an enthusiastic audience at night. The Livingston people are to be congratulated on the success of the Convention. Delegates and visitors were all entertained royally.

Holiday candies can be found at S. W. Davis'. Call when you want good pure candies.

Williams' drug store's popular and efficient drug clerk, and whose head is always the same size, took in the G. E. Convention at Livingston, Sunday last.

From Benjamin Franklin. "When you are sick, what you like best is to choose for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., theory) says is best is to be chosen in the last place. But if you can get Dr. Inclusion, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclusion would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs opening the secretion and restoring the system to natural and healthy condition.
