The good people of Lexington should administer to the Hou. Charley Bronston the cold contents of a squirt gun, then put him to bed and cover up his head.

THE political undertakers have ridge some embalming fluid which make him look more life-like, but we will wager you an old, worn-out dirty sock against the little end of nothing that he will never warm a seat in Congress again.

By the death of Hon. Evan E. Settle, of "Sweet Owen," Keptucky loses her ablest and most brilliant Congressman, a learned lawyer, a chaste and beautiful speaker. His brilliant career was not an accident, but had its origin and strength in a strong, noble nature. His intellect was strong and comprehensive; his mind de scended with the eagle's flight upon its object and seized and mastered it; his thoughts were as clear as a ray of light and his rea His sons were as strong as steel. lite was valuable, because of its ex-ample; the world is better for his living; and manhood is elevated by record that he has left, for its

THE 1,185 votes cast in Nelson county for W. P. Tavlor should county for W. P. Taylor should have been and were counted for W. S. Taylor. The ballets were properly and legally prepared with that exception. We are in favor of honest elections and there is no sound reason why that the should not be counted for Gen. Taylor. But with equal firmness and fairness, we contend that the vote o Kaox and Johnson counties sliould not be counted at all. In other words, all ballots printed on tissue the paper, should be thrown out, as the ballot at once ceases to be a secret one as was intended by the law. It is immaterial to us whether such ballots were cast for Mr. Goebel or Mr. Taylor, they should not be counted.

Some of our Republican breth ring were as prolific in their misstatements on campaign issues as the poor man is of children. Some of our local talent-or wants of talent-declared through ignor ance or a willful desire to missrepresent—that in the Chinn Book Bill the seven Commissioners could sit in session 365 days in each year at a cost to the State of \$5 per day and actual expenses but when you refer to the law you find that they can not remain in session longer than twentydays, They made the same 365-day harangue about Commissioners in the election law, yet the law itself-plainly says that no Commissioner shall receive more than \$20 in any one year. Instead of being over \$12,000, per year, the cost of the three Commissioners in this county for last year was only \$16. For the truthfullness of this statement, the record of which is kept by Al. C. Miller, the Clerk of that Court. Aucther argument, or rather false representation, was that there was no appeal, but they have found Breckinridge says that there is an appeal and that if Taylor is count-Breckfiridge says that there as an example before the already excited appeal and that if Taylor is countied out they will appeal it to the Subreme Court of the United States. We speak plainly, but what we say shall be more in sorrow than in anger. The majority of those present were good meaning men, but they have been lashed into an insone contition by a few of the party leaders, whose bread, meat and clothing, as they think, depend upon the abuse. they think, depend upon the abuse, slander and vilification of Democrats and even Republicans, if they have the courage to oppose them.
