SUSPICIOUS TELEGRAMS.
D. H. Sinclair, formerly manager of the Postal Telegraph Company, was the next witness. He saw Goebel on the morning of the assassination. "Goebel, Chinn and Lillard" said the witness, "were about 30 feet east of the Statehouse gate when I saw them. I went to my office, and in about fifteen minutes a lot of telegrams were sent me in a white envelope marked 'personal.' They were signed by Gen. Collier."

Mr. Franklin handed Sinclair two of these messages, which he identified as sent by Collier. One was to Col. Roger D. Williams, Lexington, and the other to Col. C. C. Mengel, Louisville. Each of these telegrams read:

"All right."
"Signed 'D. R. Collier.'"
Mr. Sinclair read the following additional telegrams sent from Frankfort just after the assassination: At 11:30 a. m., January 30, to C. C. Mengel, Louisville:

"All right." D. R. Collier.
At 12:04 p. m., January 30, Col. D. W. Gray, Louisville.—All right. D. R. Collier.

At 12:57 p. m., January 30, Miles Williams, Eminence, Ky.—Riot has commenced. Bring 300 men. George Denny.
At 1:57 a. m., January 30, E. L. Motley, Bowling Green, Ky.—Riot has commenced. Send 500. George Denny.

Similar telegrams were sent on the same morning and at the same time to Clay Elkins, Stanley Millard and Gray Faulkner at Lexington, asking for 500 men and signed S. G. Sbarpe.

On January 24 at 3 p. m. the following telegram was sent from Frankfort:

Wheeler McGee, Louisville Ky.—Send 400 pounds business cooked ham and 500 loaves of bread. Capt. J. W. Davis.

In answer Judge McGee telegraphed from Louisville:

"Capt. J. W. Davis, Frankfort, Ky.: Will express as soon as possible this morning. Any orders for the night I will promptly attend to." J. Wheeler McGee.

Another order was sent Judge McGee on the following day. Since further testified that the telegram was sent on the

ANNOUNCEMENTS.

We are authorized to announce the
HON. G. G. GILBERT,
OF SHELBY COUNTY,
as a candidate for re-election to Congress from this, the Eighth district, subject to any regular action of the Democratic party.

Two more men who held office under Taylor's short lived administration have given strong evidence against the men indicted for the conspiracy which resulted in the death of William Goebel. In the trial for bail McKenle Todd, who was Taylor's private secretary, and J. B. Mathews, who was assistant Secretary of State under Powers, strengthened and corroborated the statements of the Republican witnesses. Todd swore that at the time he issued pardons under Taylor's directions to Caleb Powers and John Davis when they were ready to flee, he also issued pardons to W. H. Culton, Chas. Finley and Harland Whitaker. He also gave very damaging testimony against Youtsey as the arch conspirator of this terrible crime and fully established the fact that the assassin fired from the office of Caleb Powers, to which Youtsey had been given a key by Powers with a knowledge of what was to be done. Mathews entered Powers' office through the transom and found three rifles on the floor and the window raised about 18 inches with the curtain drawn down. Todd testified as to repeated conferences between Taylor, Powers and Youtsey, and also told of the placing of rifles in Powers' office a few days before the assassination. An hour before the fatal shot was fired Taylor's soldiers were prepared for active service, only waiting for the shot to be fired, and when it was fired, took immediate possession of the Executive Building. From the testimony of Golden, Culton, Walker, Dav. Todd and many other Republicans, no sane man, however, blinded by political prejudice, can deny but that a preconcerted plot to take the life of Gov. Goebel has been completely established and that by the evidence of Republicans themselves. The telegrams printed on the first page show beyond doubt the preparations to do what was done.

The friends of Hon. James B. McCreary are urging him to become a candidate for Governor this fall. He filled the executive chair so able from 1876 to 1880 that he won the merited title of the "Model Governor." However we surmise that he will decline the honor as Gov. Beckham has ever been the friend of the people, laboring in season and out of season for their benefit. He has ever been their strong and able champion and at the coming state convention we expect to see him sent as delegate from the state-at-large to the Kansas City convention.

James Howard, of Clay county, charged with complicity in the murder of Gov. Goebel, has surrendered himself to Sheriff White of Clay county. The Sheriff with his prisoner left London at 10 o'clock over the L. & N. railroad for Frankfort. Howard says that he was innocent of the charges against him and that he had no fears to the final result. He said he would be a free man as soon as the case was tried. He thought he would be allowed bond.

Our dreamer saw in a vision a new railroad being constructed from this place to Mckee, all the material was being taken from our country. A large foundry was in the Sycamore bottom, from here the tools were hauled up to the grade on the head of Brush creek, lumber was cut for bridges and ties were coming from all directions, as the new Company was taking back of us, and in his vision, as the grade was ready, the heavy hammers of the forge were heard drop, drop, down at the Sycamore gates and spikes, rails, fish plates, bolts and nuts were ready to lay to the track. The ballast and abutment stone was coming from the towering cliffs all around us; and by a chemical process, the fire-cy bank near Pine Hill made the silt. So the home industry caused our dreamer to smile awake, and when he thought it over, he said: "It is all right, it could be done." But think he shaded the iron ore business a little for the community.

STATE.

Sheriff Braughton and posse searched the home of Berry Howard, in Bell county, hoping to arrest him on the warrant charging complicity in the Goebel murder, but could not be found.

Amos Harris was acquitted at Lebanon, of the charge of murder.

An impromptu reception was given W. S. Taylor at Russellville. A negro band serenaded him.

Miss Anna Pollard and Price Bourne are married.

Representatives Berry and Gilbert called at the War Department to obtain information regarding the amount of money available for the improvement of the Kentucky river. They were informed that there was about \$355,000.

A Louisville Times correspondent asked the Circuit Clerk at Frankfort to show him a copy of the indictment against W. S. Taylor. The Clerk's reply was: "I will refer you to Judge Cantrell."

"Has the indictment been offered for record?" "I refer you to Judge Cantrell."

It is positively stated that there are two indictments against Mr. Taylor. One as an accessory to the murder before the fact, and the other for aiding the assassins to get away.

R. W. Slack, of Owensboro, in a speech at a Republican convention, advocated the hanging of Democrats to lamp posts.

According to latest returns, at least fourteen "uncle shaped clouds" passed over the State of Kansas last Sunday.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by Theo. Wesley.

For insurance of any kind, fire, life or accident, only the very best companies in the United States represented. Call on E. G. Abright, agent, at SIGNAL office.

IT WAS IN HIS POULTRY YARD.

Man up Iowa Uses a Compound that Makes His Hens Lay Double the Usual Number Summer and Winter. Secret of Success.

People in the neighborhood of Creston, Iowa, are amazed at the number of eggs that this man drives to market with. When asked what was the cause of his hens being so prolific, he stated it was all in a certain compound he was using, that kept his hens in good condition and furnished them with the proper stimulus to egg production. American Poultry Mixture is the name of it, and is by American Mfg. Co. Terre Haute, Ind. Every man in the poultry business is interested in the health of his hens and their incapacity. In eggs lie his profits. This mixture is guaranteed to increase the production of eggs 100 per cent or money refunded. It will do more than three times as much as the same amount of any other compound. It is concentrated in form and the result of years of practical experience in the poultry business. There is absolutely no doubt as to what it will do, and you are invited to try it at the expense of the company. Send \$1.00 for a sample package and if it doesn't do the work you get your money back. This is fair and is made to induce practical poultrymen to give it a trial. It is also a sure preventive of such diseases as the terrible cholera and rotty which create such havoc in all parts of the country. It acts directly on the craw and gizzard and is a thoroughly scientific preparation. The manufacturers guarantee every package or refund purchase money. If your druggist don't sell American Poultry Mixture, he's behind the age. In that case order direct from American Manufacturing Co. Terre Haute, Ind.
