NUMBER 40

"TELL MY FRIENDS TO BE BRAVE AND FEARLESS, AND LOYAL TO THE GREAT COMMON PEOPLE."

STATE.

W. H. Bakus, aged thirty-eight years, committed suicide at his home, in Florence, by drinking carbolic acid.

G. S. Dick and Miss Mollie Denney were married at the bride's home at Burnside. Both are prominent people.

It is stated that fugitive W. S. Taylor will make his first speech in the Indiana campaign on July 16, at Pennville.

Mrs. Drusilla McCarty Smither, the oldest white resident of Versailles, celebrated her ninety-first birthday at her home.

The Controller of the Currency issued to the First National Bank of Wickliffe a certificate authorizing it to commence business with a capital stock of \$25,000.

It is understood in Washington that the Kentucky Republican leaders have secured a goodly sum of campaign money from the national managers for use in this State this fall.

Gov. Beckham offered a reward of \$200 for the capture of Dan Owens, who broke jail at London a few nights ago. Owens had been tried for the murder of J. H. Smith and given a life sentence.

Moses Feltner, who killed Jesse Fields, the feudist, a few months ago, was captured in Knott county by Deputy Sheriff Sherman Cope and lodged in jail at Jackson. Gov. Beckham had offered \$300 reward for his capture.

Mr. Justus Geobel has left Frankfort for Phoenix, Ariz., and his departure is taken to mean that no further effort will be made to apprehend fugitive Taylor until the trial of the other conspirators has begun.

The Post-office Department authorized the following post-offices as domestic money order offices: Buffington, Cave Springs, Oklahoma, Union Star. Also the establishment of a post-office at Hensonsville, Matalca county, with Isaac Henson as postmaster.

According to an Associated Press dispatch from Frankfort, Republicans propose to bring W. S. Taylor to Kentucky this fall to make a campaign in the mountains where he could be protected by the same element which assembled at Frankfort just before the killing of Geobel.

Three more Democrats arrived at Frankfort to take places to which they had been appointed by State Auditor Coulter. They are Fletcher Nelson, of Louisville, who takes a clerkship in the Insurance Bureau and John Thomas and Henry Arton, of Mayfield, who take desks in the Auditor's office.

Dr. R. W. Bowling, of Franklin, and Miss Margaret Duncan, of Princeton, Ind., will be married July 1 at her home. Dr. Bowling is a prominent physician and President of the Southern Kentucky Medical Association, and fills the chair of anatomy in the Southern School of Osteopathy.

Towns Along the Kentucky Central.

In our last week's issue we gave a short history or write-up of Roundhead and about two months ago we did the same thing for Livingston, now we desire to give a few interesting facts about the towns situated along the Kentucky Central R. R. and the Eastern part of the county. After leaving the Knoxville Division of the L. & N. at the Sinks of Roundstone, where the Kentucky Central branches off for Cincinnati, the first station we find is Withers or Mullins Station.

There we had two stores, one owned by Johnson and Dooley and the other by James Cummins, both doing a nice business. There is found also the Roundstone Quarry Co. which puts out from six to ten car loads of ballast every day. Passing on up the line, the next we come to is Orlando, which bids fair to be one of Rockcastle best towns in the near future, from here will start the new R. R. route for which has already been surveyed through to the Jackson line, and on account of the great amount of coal and timber and other resources, it is bound to grow considerably. Orlando already has two firms, Geo. T. Johnson and J. A. Wood & Co. which can compare favorably with any in the county. The former deals extensively in lumber, staves and tan bark and consequently does an immense business. The next is Langford. Here is found one of the greatest enterprises in the county—the Rockcastle Stone Company which employs from twenty to thirty men and saws from eight to ten car loads of stone each day. The stone from this quarry is growing very much in demand. It is shipped, even as far as New York, Boston and many other Eastern cities to be used there for building purposes. With that hustling and all-round business man, David Carter as boss, it means lots of work and success with the quarry. After leaving Langford, we go only a short distance until we come to the thriving town of Wildie; W. H. Jones, Jones Fish, and Wood & Hayes, compose the three business firms of the town. Each firm carries a large stock of goods and all are doing an exceedingly good business. As much lumber, and as many or more staves and crossies are shipped from Wildie than any other town in the county. On only a short distance from Wildie can be found some of our best farms and wealthiest farmers. Wildie has one professional man, Dr. R. H. Lewis, who would be an honor to any town.

Wood & French compose the firm at Roundstone, and they too, can be classed with the successful ones. Passing only a short distance, up the line from Roundstone, we come to the last station along the K. C. this is Conway, while it is rather small, so far as population goes but in the amount of business done it ranks next higher. There are two stores, one owned and controlled by Hare and Suggs and the other by the Conway Lumber Com-

pany. Leaving the railroad at this point we go only a short distance out towards the Jackson county line, until we find another store, owned by Frank Jones. Then a little further and we come to Disputanta, there we find Tom J. Cress, with a large stock of goods, and selling lots of them. In this part of the county are also to be found, two or three saw mills, one which is operated by H. Blazer & Co. In addition to all this there comes the great, natural resources of the county, and when developed will be the source of an independent fortune for those now in possession, or their posterity.

BALD SPOTS

Without help, a bald spot never grows smaller. It keeps spreading until, at last, your friends say, "How bald he is getting."

Not easy to cure an old baldness, but easy to stop the first thinning, easy to check the first falling out. Used in time, baldness is made impossible with—

AYER'S Hair Vigor

It stops falling, promotes growth, and takes out all dandruff. It always restores color to faded or gray hair, all the dark, rich color of early life. You may die and upon it every time. It brings health to the hair.

We are authorized to announce the HON. JAMES D. BLACK, of Barbourville.

THE cause of Hon. James D. Black is growing stronger each day and his nomination more certain. There is not a Brown Democrat in Kentucky but what can heartily support him and nearly every one will gladly do so.

The negligence of some of our citizens in regard to the titles to their lands, will, if not looked after, more carefully in the future than they have in the past, be a source of great trouble to them and probably be the cause of them losing it entirely. Some parties, who are buying quite a boundary of land on Wolf creek, and other parts of the county, have been here most of the week investigating the titles, some have no record made of their titles, and there were some found where it was patented as far back as 1830. still there is no record made in the county clerks office.

record of their titles made, that they do so at once, before it is too late. When attending the Philadelphia convention last week, Hon. John W. Yerkes said in an interview that he was not a mountaineer and did not look like one. Many a good mountain son of toll will remember that saying when he goes to vote this fall. The kid-glove aristocrat from Danville will be haunted with that saying as long as he continues in politics, and it will haunt him like Babquo's ghost of Shakespeare's fame.

We have before us an anonymous letter from some Whig-Republican, post marked, Alameda, Cal., on the politics of Kentucky. We would be glad to answer the letter if we but knew to whom we are so much indebted. We could pile pile of proof upon ossa of evidence that Goebel was not shot by any Democrat; nor was he killed by any of Sanfor's friends.

Land, Stock, Crops

Conrad Hiatt sold at Lancaster Monday, two three-year-old steers, for \$75; two cows at \$2 65 per hundred and one heifer at 3 cents lb.

L. Joseph, agent for Schwartzchild, Sulzberger & Co., of New York, has purchased in Bourbon and adjoining counties, nearly 30,000 lambs, all to go between June 30th and August 15th. Prices from 5 to 5 1/2 cts.—[Paris Kentuckian.]

The crop report prepared by Snow, the crop expert, who has just completed a two weeks trip through Minnesota and the Dakotas declares the situation a national calamity and claims that the wheat failure is the worse ever known. He estimates the Dakotas as producing only 20,000,000 each and Minnesota 55,000,000, a total of 75,000,000, against 200,000,000 and 225,000,000 of the last two years. The increasing price of wheat has made an increase in the price of flour advisable, and the Miller's Association has raised the price twenty cents per hundred pounds.

Flour has gone up 20c a hundred at Lexington. W. M. Mathen sold to his mother a bunch of wethers at \$4.50. Smith of Nell bought in Cumberland county 200 sheep at \$3.18 mixed cattle at 3 1/2 and a big yoke of oxen at 4c.

They were of the best quality, averaged 75 pounds and brought from 7 to 7 1/2c.—[Interior Journal.]

Coger & Davis have during the past three weeks bought 100,000 bushels of wheat delivered in Danville, Burgin and Nicholasville, at from 65 to 80 cents.—Advocate.

At Chicago, July wheat was at 66 1/2c June 4. The same Saturday closed at 89, the greatest advance since Joe Lett's' corner. In the

advance of it, half of it within a couple of weeks, there is no evidence of manipulation. The most remarkable rise in the history of the board of trade is due to Northwest crop reports. Enormous fortunes have been made and there have been no failures.

Mr. Editor: your editorial on the subject of turnpikes and bonds is to the point and the matter should be seriously taken up by our people, discussed pushed along and brought to a successful issue. Keep up the agitation. A Citizen.

LEG-CUT OFF.—Charley Bronston, colored, an employee of the Rockcastle Quarry Company, had his leg cut off Monday morning while trying to jump a train.

Dr. M. Pennington and John M. Williams were the attending physicians.

He died that night from shock and internal injuries.

OPEN IN SEPTEMBER.—Prof. Ewers received this week from Dr. McDonald a pledge for \$300 for the Mt. Vernon Collegiate Institute. This will secure his services for another year, and we may look forward to the opening of the school on the first Monday in September.

The new wholesale grocery firm just started in Danville had their representative through this part of the State, Wednesday, for the first time. The firm is composed of the wealthiest men in Boyle county. Their salesmen is George Bohon and a better one than he is not to be found anywhere.

MADE A DELEGATE.—We were specially glad to learn that the Hon. W. R. Cress was chosen as one of the delegate from the Eleventh district to the Kansas City Convention. It will be a great pleasure to many of his Rockcastle friends—this being his native county—to know that he was given this high honor. Mr. Cress was for several years a school teacher of this county, and later editor of the SIGNAL. About eight years ago he left this county and went to Monticello, where he began the practice of the legal profession, and at the last election in his county, he was elected county attorney by a handsome majority.

The wreck at Calvary last week in which three Rockcastle men lost their lives and four others considerably mangled up, was, as one of the railroad officials expressed it, one of the most complete wrecks, which ever occurred on the I. and N. system. The wreck caused a great loss to Rockcastle. In the death of W. C. Cable, George Mullins and James Houston, we lost three of our best men and using the expression of one of the crew with whom they worked "Three of the most moral men on the entire line." Neither of the three men ever used whisky in any form, never swore an oath (we speak of late years during the time which we have known them) and never used tobacco, tobacco or anything of the kind, which can be said of only few men. We have not a word to say against

any one of the crew, for as a trainman said just after the accident happened, before getting the facts concerning it, "Let it be which one it may, we will suffer the loss for they were all model men and useful to have in a community." In the case of each it is a very sad affair, W. C. Cable leaves a wife and six children to mourn the loss of a devoted husband and affectionate father, George Mullins leaves a heart broken mother, and James Houston leaves an aged father and mother whose silver locks and tottering steps, show that their stay in this life is short. May God have mercy upon them and be a stay to them in their hours of sorrow and grief, is the earnest prayer of the SIGNAL.

Five more phones have been added to the exchange here and orders are out for ten more.

GOOD ROADS.—The county road commissioners are very wise in deciding to pay more attention to grading the roads and placing small rock and gravel on them. We expect to see a decided improvement this year. Let each Overseer enforce the road law and have every hand to put in 8 hours good, hard honest work each day.

Five deaths, five feet lost and three legs broken from accident is the remarkable record of events that have occurred in this county within a very short period of time, beside one death and three wounded from gunshots.

Mr. Editor: your editorial on the subject of turnpikes and bonds is to the point and the matter should be seriously taken up by our people, discussed pushed along and brought to a successful issue. Keep up the agitation. A Citizen.

He died that night from shock and internal injuries.

OPEN IN SEPTEMBER.—Prof. Ewers received this week from Dr. McDonald a pledge for \$300 for the Mt. Vernon Collegiate Institute. This will secure his services for another year, and we may look forward to the opening of the school on the first Monday in September.

The new wholesale grocery firm just started in Danville had their representative through this part of the State, Wednesday, for the first time. The firm is composed of the wealthiest men in Boyle county. Their salesmen is George Bohon and a better one than he is not to be found anywhere.

MADE A DELEGATE.—We were specially glad to learn that the Hon. W. R. Cress was chosen as one of the delegate from the Eleventh district to the Kansas City Convention. It will be a great pleasure to many of his Rockcastle friends—this being his native county—to know that he was given this high honor. Mr. Cress was for several years a school teacher of this county, and later editor of the SIGNAL. About eight years ago he left this county and went to Monticello, where he began the practice of the legal profession, and at the last election in his county, he was elected county attorney by a handsome majority.

The wreck at Calvary last week in which three Rockcastle men lost their lives and four others considerably mangled up, was, as one of the railroad officials expressed it, one of the most complete wrecks, which ever occurred on the I. and N. system. The wreck caused a great loss to Rockcastle. In the death of W. C. Cable, George Mullins and James Houston, we lost three of our best men and using the expression of one of the crew with whom they worked "Three of the most moral men on the entire line." Neither of the three men ever used whisky in any form, never swore an oath (we speak of late years during the time which we have known them) and never used tobacco, tobacco or anything of the kind, which can be said of only few men. We have not a word to say against

any one of the crew, for as a trainman said just after the accident happened, before getting the facts concerning it, "Let it be which one it may, we will suffer the loss for they were all model men and useful to have in a community." In the case of each it is a very sad affair, W. C. Cable leaves a wife and six children to mourn the loss of a devoted husband and affectionate father, George Mullins leaves a heart broken mother, and James Houston leaves an aged father and mother whose silver locks and tottering steps, show that their stay in this life is short. May God have mercy upon them and be a stay to them in their hours of sorrow and grief, is the earnest prayer of the SIGNAL.

CONVENTION CALL.

Vernon, Monday, July the 16, 2 p. m. to select delegates to the State Convention which assembles at Lexington Thursday July the 19 to select a candidate for Governor. All persons who will at the November election, 1900, be legal voters and who are devoted to the principles of the Democratic party and who desire to see those principles succeed and all Democrats who by participating in said conventions will feel, honor bound to support the nominee of the Democratic State Convention shall have a right and are hereby invited to take part in said convention.

Rockcastle county is entitled to one delegate for each 200 votes and fraction of one hundred or more votes cast for the head of the Democratic national ticket at the presidential election 1896.

R. L. BROWN, Acting Chairman.

PULASKI COUNTY.

The docket is unusually large especially in the indictments for the sale of liquor in violation of the prohibition law, there being over 200 of this class of cases. The charges of a criminal nature amount to 459; ordinary common law cases 66; and equity cases 242.

There are several criminal nature, particularly the one against Mrs. Sally Freeman, of Beaver Creek, Pulaski county, who is charged with murdering her husband. About eight months since a mysterious attempt was made upon the life of Freeman by an unknown assassin, who entered his home in the night and while Freeman slept shot him in the head, but by almost a miracle he recovered. A few weeks afterward he died very suddenly and in a somewhat mysterious manner. His wife is now charged with making the first attempt upon his life by shooting him and also by causing his death by poison. A post mortem is said to have shown that Freeman's death was caused by some deadly drug.

Mr. Freeman is a sister of Hon. C. W. Lester, late State Inspector and Examiner.

WOULD NOT SMOTHER SO AGAIN FOR FIFTY TIMES ITS PRICE.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning felt so weak I could hardly work. I went to Miller & McCurdy's drug store, and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. WILSON, Liverman, Burgettsdown, Washington Co., Pa. BRODHEAD

J. T. Dunn, wife and Miss Campbell, of Texas, are visiting his father's family, Josh Dunn, of this place.

Ed Dunn, of Danville, was enjoying a visit with his Texas brother.

T. C. Johnson has abandoned shipping of poultry until cold weather.

Rev. Livingston filled his regular appointment at the Christian church Sunday.

Attorney John Brown, of Mt. Vernon, was here Sunday and enjoyed a splendid dinner with Jonas Brown.

W. G. Adams died at his home near this place Monday night. He leaves two sweet little girls.

Many farmers report their harvest of grain good.

J. R. Cass is taking a much needed rest in Indiana this week with friends. He will return with his wife and stop off at Louisville and visit his mother.

George Mellins, who was killed in the wreck near Lebanon was buried at Freedom church. The funeral services were conducted by Rev. Hendrickson. The deceased was a prominent and promising young man and will be greatly missed by his many friends.

Master Woodvard Owens and Master Oscar Totten, two of Brodhead's news boys were visiting friends at Mareburg Sunday.

Mrs. Mattie Farmer and mother, Mrs. Sarah Totten are both confined to their beds with grippe.

Mrs. Barbara Houk spent several days with her father, Mr. James Brown last week while her sister Miss Mollie was at Lebanon attending to her brother who was hurt in the wreck near that place last week.

John Newland and William

Adams are expected to be able to return home some time this week; but it will be a long time before either of them are able to return to work.

John Durham and Sam Wiggins are back for a few days' rest. They have been working in the yards at Louisville.

Miss Neville Carson was in attendance with Mrs. Cable in her trying time with Mr. W. C. Cable while on his death bed in the hospital at Lebanon, and remained with her until his remains were brought here.

W. H. Collyer is gradually wearing away. He bears his sufferings well and says it's all right.

Never in the history of our little village under the hill, had so thrilling a shock as come over it as it did last Tuesday, when the news was clicked over the wires of that terrible accident on the L. & O. some five miles out from Lebanon, which caused the death of J. H. Houston and George Mellins and later the death of W. C. Cable and dangerously wounding John Newland, Arch Brown and William Adams, and slightly wounding Walter Miller. If the entire town had been draped in mourning, the people of this place could not have been more troubled; the people were so shocked that it seemed to paralyze all business, and when the news of W. C. Cable's death reached us, it seemed as one gone that no one could fill his place. A husband he was a kind and generous one, as a father he was never worships by his dear little children, as a Sunday School instructor and a worker for Christ in church, his place will be hard to fill. Death has called him home where we feel sure his reward awaited his coming. He leaves a wife and four children to mourn his loss. The sympathy of the entire community goes up in behalf of the bereaved wife and children and his aged father and mother who had

led him in a manner that was pleasing in the sight of God.

RESOLUTIONS.

WHEREAS, It has pleased a kind Providence in His infinite wisdom to remove from among us our friend and neighbor, W. C. Cable, and

WHEREAS, We, the teachers, officers, and pupils of the Christian Sunday-School, of Brodhead, Ky., whose Superintendent he was, have been for years, intimately acquainted with him and his ability as an earnest and zealous Christian worker in church and Sunday School, his kindly disposition as a man, his great value to our community as an honorable, upright, Christian gentleman, and appreciating our association with a character of such sterling worth, and feeling sensibly the loss of such a man from our midst and from the Christian workers of our community. Now,

THEREFORE, Be it Resolved that we, the members of the Christian Sunday School, of Brodhead, Ky., do hereby extend to his bereaved family, whom God sustains in their sore affliction, our heartfelt sympathy in their loss and the loss of our entire community, and also of the Christian world in the death of our friend and brother, W. C. Cable.
