POSSON HOLLER

(Level Green.)

Well, I'm still here (ie) in the house tho' somewhat improved in health.

Betsy spins me off, a piece of her mind occasionally, and I find her to be pretty well posted on the "current topics" of the house, farm, &c.

Large sale of stock, farm products, farm implements, &c. &c. at the residence of Robt. J. McAlister and inst. He having sold his farm to Isaac Weaver sometime since. Live stock, and in fact, every species of property, brought good prices. Mr. McAlister will go to the Blue Grass region for the present.

Why is it that in so many instances our people pull up and leave us as soon as they accumulate money enough to help build up our county and develop its resources? There may be more than one reason, but the greatest of these is BAD ROADS. Now Mr. Africa of the mikes, this is true, and just so long as our roads remain in their present condition this will be the case. Give us pikes and capital will seek investment in Rockcastle instead of going elsewhere, and you will soon see our rich hillside converted into tobacco fields and Blue Grass pastures, and in place of our farmers importing bread and meat they will soon be exporting a large surplus, and the laboring man, the hireling, will no longer be driven abroad to seek employment, but they will find it at home in paying quantities and at good prices.

But alas! too many men are satisfied with "just any old way" if it don't cost them anything.

Now come my friends, let us reason together! Did you know how to live for self alone is just a little worse than not living at all! But then when we invest a few dollars to have good roads we are not spending the money simply for other people, but for ourselves and others too; and the advance in the price of our lands, labor &c. will soon refund 4 found all that we'd ever have to pay for the roads.

Yes citizen, the time will come, when people are educated to think, that these roads will be built!

Our people are going wild at this good moment over the prospect of another railroad through the county.

Now my dear friends did you know that turnpike roads leading from Pulaski to Madison and Lincoln to Laurel would be worth more to the citizens of this county than two more railroads running through it would be!

Well, if you don't know it I'll tell you, and it's a good fact too.

Let us think, let us think honestly and then rest and think again and keep thinking until we think aright. We, all of us, are certainly for the upbuilding of our county if we could see what would do this, and here I am telling you but you won't believe. I know it is not impossible for me to exaggerate, but this is NO LIE. Enough for this time but more again soon. I am strictly for the pikes, and J. N. Brown, for Supt. of Schools, and the Blue Back Speller restored. Hurrah for all three of us. Our health is somewhat improved, tho' not able to resume work in the school room yet.

The debate between Elder Davis and the M. E. preacher McNamee, rec. is set for Monday the 11th inst.

Mr. editor, you will please inform Esq. Henry Braunman that if he don't bring or send me the pair of game chickens promised, that I will not be silent in his case much longer. Now see here Henry, spring of the year will soon be here and you can't afford to not comply.

Very Respectful,
BUCK VASHTON

GOOCHLAND

Uncle Wm McGuire is getting about alright again.

After one such emergency you will always keep Chamberlain's Colic, Cholera and Diarrhoea Remedy in your home; but why wait until the horse is sick before you lock the stable? FALLING

Does this illustrate your experience? And are you worried for fear you are soon to be bald? Then cease worrying for help is at hand. You need something that will put new life into the hair bulbs.

You need a hair food, such as

AYER'S HAIR VIGOR

It brings health to the hair, and the falling ceases.

It always restores color to gray hair. You need not look at thirty as if you were fifty, for your gray hair may have gained all the dark, rich color of youth.

It is better for the scalp than any other hair dressing. It keeps the scalp cool and moist, and prevents itching and dandruff. It is the best for the hair, and the falling ceases.

Personals

H. C. Jones was here yesterday. W. A. Chestnut was up from Livingston Monday. James Douglas passed through to Richmond yesterday. J. H. Ramsey has moved to the little cottage near C. C. Williams'...

Capt. L. C. Smith, of Livingston was in London Wednesday. Mrs. John Jackson was on yesterday's train in route to her home in Danville.

J. N. Brown was appointed Wednesday administrator of the estate of C. D. Barnett. Judge R. G. Williams of Mt. Vernon, the youngest, as well as the brightest county judge in the state, was in this city yesterday.

Miss Artina Cloyd, of Crab Orchard, who entered the college after Christmas, had to go home two weeks ago, an account of a wound on her hand caused by sticking a pin in it, we understand, had to have her hand amputated, blood poison having set up.

LOCALS

Wanted.—Two or three college students are wanted to board. Nice rooms, rates reasonable. W. R. McClure.

FOR SALE OR EXCHANGE.—One acre lot and house with six rooms. J. A. PRISTON, 207-23 3/4 Livingston Ky.

Hi Cox was arrested yesterday by deputy sheriff H. L. Tate, charged with the murder of Henry Idol. Squire Ballard issued the warrant.

Jailer G. S. Griffin telegraphed from Lebanon Junction, yesterday afternoon, that his Nephew Arthur Owens, died at 12 o'clock of pneumonia, fever.

C. J. McLeary, of London, was indicted Monday in the Laurel Circuit Court for the murder of Sam Regens, his colored porter. We hope a full investigation will prove him innocent.

Rolla White, for the murder of James Shotwell, at Corbin two weeks ago, was acquitted in the Whitley Circuit Court Tuesday. There was a hung jury in the Shotwell case, for dynamiting the storehouse which White was in.

Monday night in Laurel county, in a fight between a crowd of men from Jackson county and Eph Moore, William Edwards, of Laurel, Edwards was severely cut with dirks and Moore was killed. The Jackson parties about the throat of Moore's horse killed it.

The entertainment at the college Friday and Saturday was fairly well attended. Prof. Willis is an educationist and impregnation of extraordinary ability and so one ever leaves one of his entertainments, feeling that their time and money has been spent for nothing.

Arrangements have been made with the Board, so that Prof. Ewers, instead of having to go to other churches to preach three Sundays out of the month, can remain in Mt. Vernon two Sundays. He will preach at the Presbyterian church on the 2nd and 4th Sundays of each month, morning and night.

In County Court.—Rock Adams was fined 10c, and the cost for being drunk. Williams Evans 2-50 for breach of the peace. Frank Ball 50c and ten days in jail for carrying concealed deadly weapons. Same r. et. and the cost for being drunk. Case of S. D. Durham and Joe Wood, charged with giving liquor away on election day, was passed over until today.

The college desires to buy an Encyclopedia, which consists of 49 volumes, the price of which is \$40 and if the whole amount accompanies the order, they will be given free a book case valued at \$10.00. They have already raised \$75 leaving a balance of \$65 yet to raise. A committee has been appointed to canvass the town and try to raise this amount, and will begin this work tomorrow (Saturday). If every one would give a little, it would be a very small task to raise the money. So when the paper is handed you, think several times before you say no. The school is growing better each day, and for it to continue to grow, the people must lend a helping hand when it is needed.

Cris Langford, colored, was put in jail yesterday charged with selling liquor unlawfully.

R. H. Ham was appointed yesterday, guardian for C. C. Litzke, Etta and Susie F. Cable.

MRS. JOPLIN IS DEAD

The ring of the telephone, and the early message of Tuesday morning announcing the expected death of Mrs. I. L. Joplin reminded us forcibly of Shakespeare's saying: "All that live, must die, passing through Nature to Eternity." She was Miss Ellen Hiatt, daughter of the late Bennett and Celia Hiatt, and was married to Mr. J. L. Joplin on the 2nd day of Oct. 1857. She died in her 69th year, and has seven children living, Joe Joplin, of Mo., James Joplin, of Burnett, Mo., Mrs. W. T. Brooks, of Paris, Mrs. Chas. Spillman, of Nicholasville, Robt. L. Joplin, of Somerset, together with Miss Ella and Bennett, who reside at home. In young girl-hood, Mrs. Joplin became a member of the church. She had heart trouble for more than five years. Simple and touching services were held at the residence by Mr. W. H. Cox Wednesday afternoon, after which, she was gently laid to rest in the old Mt. Vernon Cemetery. Peace be to her ashes and eternal rest to her soul. The Signal extends to the bereaved family, and especially to the aged husband, who has lost his life companion, our heartfelt sympathy in this sad and dreary hour. Of the Hiatt family only two members survive Mrs. Joplin, one is Mrs. Mary Conn, a most estimable old lady and Mr. W. G. Hiatt, both of this county.

Richard Barly said wife spent Saturday and Sunday with Mrs. Barly's parents in Jackson county. We would like to know what has become of Ruth Vernon, we haven't seen any of her great offspring in columns of Signal lately.

We are going to give a write up of Willie's case in the future.

If the kind editor will allow us space in his most valuable paper.

TO THE PUBLIC

Whereas certain rumors have gone out that Judge R. G. Williams stated in a letter to Geo. Beckham that all the best people of this county opposed a pardon of me and that only the baser element of society signed a petition for my pardon. I desire to say to the public that I have received a copy of Judge Williams' letter and I failed to find the above statement in it, and that he did not make such statement.

I desire to correct the false rumor that has gone out and to thoroughly exonerate him. This Feb 5th, 1901. E. K. Wilson.

ORLANDO

Henry Johnson, a brakeman, is home on the sick list. Sal. Ball has been sick for a few days. B. G. Mullins continues to haul coal regardless of the cold weather. Wm. Mrs. Curt Rose arrived from Louisville Wednesday, to visit relatives at this place. T. W. Anderson has a very sick baby at this writing.
