ANNOUNCEMENTS

We are delighted to announce Chesley Payne,

as a candidate for Magistrate in the Fourth District, subject to the action of the Republican party.

To call the County Committee together, or not to call the County Committee together. That is the question. To have a "ring" primary or a "slate" convention! Oh my God Betty Ann come and tell us! These solemn, perplexing questions have brought upon us night hesses and day mares. We rise in the morning with a dark brown tace on our mouth, our head dizzy, our feet sore and our limbs stiff. We see visions and we dream dreams, and all because of the question as to when we should call the Committee together. Some want us to resign our exalted position; some are going to kick us out, others are going to petition the State Central Committee to dump us in the river and drown us, while others will ask the legislature to pass a law again us holding this mighty scepter of power any longer. But boys we are driving this here band-wagon of Committeemen and we never draw a wagon in all our lives without holding the reins and if the court knows herself and she thinks she do still hold the reins, and we never chuck to our horses until we are ready for them to start. We know our business, we do. So you candidates just as well go on and plant your taters, your beans and your cabbage; turn your corn ground and plant your corn; get your bull-tongue plow and scratch in your oats and then long a-out dog days, in the shank of the summer as it were, we will make the call, and not till then. But the races are all made up, "skusin" the Coroner and we hereby publish and declare ourself for coroner as Tom Clark's successor. Not an L. & N. cow-cornor but for that paying, lucrative office of county Coroner. We don't care a copper about the large amount of salary and the fees, because we are enough like Andrew Carnegie to divide up with the boys who work for us and if that isn't enough, our dear fellow workers and supporters, we will go down into the rich coffers of the Signal and make further contributions. In the race for judge there are "Devil" John Anglin, Odum Gibson, W. R. Dickerson and Steve Durbin running neck and neck with chances in favor of all four; treading on the very heels of these swift runners can be seen Bill Hammond and Bill Short, Jones Fish and Speaker Bentley. For County Attorney we see old age and youth, gray hairs and glossy black locks contending with each other. Brother Lamb has always been a great friend of humanity, a preacher who in every sermon advocated the enforcement of the law—every one remembers his famous speech in case of the Com. against John Meadows for the killing of the Matthew boys. It was pronounced by all to have been the speech of his life. As our good and pious friend and christian neighbor, Geo. Froelicks, would say—there are 17 candidates and Bill Baker for jailer with every one certain of election. Mar Ballard has ridden 13 horses down and has now borrowed one of Bill Dillion's mules on which to straddle for the office of Sup. of Schools. Bill Davis has tumbled down too many houses and built new ones, some think, but just wait till he gets over his sick spell and he will teach them tricks of which they never dreamed. In the Sheriff's race Napoleon has cast William B. Brutus and Cass

have locked horns and will try conclusions. The gong has sounded and the people have said go. With swords unsheathed and bayonets glistening in the air Griffin and Tate have started for the tax books. Some say Tate is the snaf and while others say "you cut 'down Griffin." From the watch tower we will view the track and see the race. To them both we say "lay on McDuff and damn be he who first cries hold, enough." It looks unfair for two active, vigorous young men to jump on the old one, but that sight is presented in the race for County Clerk. There is the old war veteran of 64 to 65 with 14 families to feed and shelter pleading for his fifth term as clerk. The young Ohioan, Harry Blazer, hailing from the State that gave this country Hayes, Garfield, Wm. McKinley, and a host of other runners, desires to try his hand in that same office. Then comes Bogie Phillips, a brunette of winning ways and bewitching manners, and, he too, has buckled on the armour of the race-course and declared himself a candidate to the very end. In our conclusion, however, we will tell our many readers something very new but true, something of which possibly you have not yet heard. It is not with pain but more with pleasure that we gently break to you the news that John Kirby is a candidate for assessor. For all these blessings whether temporal or spiritual let us take off our bonnets, bow our heads and say amen and amen.

AGUINALDO, the rebel leader and his entire staff of Filipinos, have been captured and brought to Manila as prisoners. He was taken in his hiding place, in the province of Isabella, Island of Luzon, by Brig. Gen. Funston.

We commend Pres. McKinley on his action in pardoning John L. Booley, of Paris, who was convicted for a technical violation of the postal law.

BOYLE county has fifteen candidates in the field for the seven offices. Half that is nothing at all. Rockcastle has 53, and it is not a good year for candidates either.

GOOD ROADS FOR FARMERS.

It seems that the stimulation, for good roads by some means has about dropped out. Why can't we hear something more from "Buck Vernon" or the "Citizen"? Now in the introduction of my letter, if it should find its way in print instead of the waste basket, I will say that bad roads is the greatest drawback we have to our county and for the lack good roads our farmers suffer more than any other class. It is absolutely unnecessary to discuss the benefits to be derived by them from improved roads; it is useless for me to say that in some localities where good roads have been built, are becoming richer, more prosperous and more thickly settled with good people, while those who do not possess these advantages, are on a standstill and in many places the property is depreciating in value instead of getting better. I heard a gentleman in my town say a few days ago, that in the county, which he came from that only a few years ago land was \$30 per acre, which was a big price, but just as soon as a pike was built through the neighborhood the land, which had heretofore been selling at \$30 per acre, advanced to \$50 and was hard to buy then even at the advanced price. Why not look up people and go to work to try to secure good roads throughout our entire county? The American people, as a whole, are demanding good roads all over our American soil, and money wisely expended for this purpose, is sure to return. So let's move them out of the cracks, make them straight if possible and put on them the good material that God has given us to do for this purpose and which is so easily within our reach. A little every day along this line will save us horse feed, unnecessary blacksmith bills and at the same time will be source of great pleasure to J. J. Bellows and his good

roads and the school master are the two most important agents in advancing civilization. Now good people this is a public enterprise, this is for you to consider. Reader, you roll a wheel toward the firm ground and see if your neighbor won't prop for you, and if he falls then he is not your neighbor.

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 55 pounds." "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by all Druggists.

CALIB POWERS AND JIM HOWARD GET NEW TRIALS.

The Court at Appeals, yesterday, granted James Howard and Caleb Powers new trials, both having been convicted for the assassination of Gov. Goebel. The reversal in the Howard case was by the whole court. In the Powers case Judges Hobson, Paynter and White dissent. Pat McDonald's testimony and Judge Catbird's seventh instruction is made the basis of the reversal. Taylor pardons are pronounced worthless by the court and the indictments are held to be good.

It is not so much what the newspapers says, as what neighbor says to neighbor, or friend to friend, that has brought Chamberlain's Colic, Cholera and Diarrhoea Remedy into such general use. It is as natural for people to express their gratitude after using this remedy as it is for water to flow down hill. It is the one remedy that can always be depended upon, whether a baby be sick with cholera infantum or a man with cholera morbus. It is pleasant, safe and reliable. Have you a bottle of it in your home? For sale by Theo Wesley Druggist.

Headache often results from a disordered condition of the stomach and constipation of the bowels. A dose or two of Chamberlain's Stomach and Liver Tablets will correct these disorders and cure the headache. Sold by Theo Wesley Druggist.

CONSUMPTION

Do not think for a single moment that consumption will ever strike you a sudden blow. It does not come that way. It creeps its way along. First you think it is a little cold, nothing but a little hacking cough; then a "little less in weight"; then a "harder cough"; then the fever and the night sweats. Better stop the disease while it is yet creeping. Better cure your cough today.

Ayer's Cherry Pectoral

You can do it with Ayer's Cherry Pectoral. The pressure of the chest is lifted, that feeling of suffocation is removed, and you are cured. You can stop that little cold with a 25 cent bottle; harder coughs will need a 50 cent size; if it's of the lungs the one dollar size will be most economical.

Speaking of business picking up, when the Mining Company, commences operation, it is but natural to think that the whisky business will also boom. For years past this section of the county has been called the moonshine district, and to substantiate this charge,—this county has furnished more than her share of the cases on dockets of both circuit and county court, and with increased population and more money, the demands will be increased and the demands has always been filled with a fluid, said to be clear as spring water, with a great range of strength, and said to be adulterated and dangerous, but it goes, and will sell under any name. Here are a few of the many names given the white whisky on which the special tax has not been paid: White Lightning, Jug Juice, Thompson's Exc. Water, Egyptian Tea, Fish Bait and Snake-bite Medicine, and it is used for many diseases and from its effects can be recommended to make a rich man poor; a poor man rich, cure the blues, or give a man the blues; make a man hate his friends or love his enemies, increase the amount of a man's dignity and speech, and decreases his judgment, call forth songs and laughter, sobs and tears, make poor music sound well, cold weather appear warm, or hot weather appear cool and pleasan; will cure a headache, or produce a very severe headache, is a sure cure for a sick stomach, to produce the worst form of nausea and vomiting. Its effect generally gives satisfaction, but only temporary relief, so those who like it, have to repeat the dose often to keep up the good effect. It is considered, it is a wonderful medicine, and if its manufacturers could have it patented, and advertise it well, the new railroad could be a small business compared with the White Lightning manufacturing business. As it is, the Nation will never dare to interfere with the Kidnappers carry her into Jackson county.

LION COFFEE

A LUXURY WITHIN THE REACH OF ALL!

Watch our next advertisement.

You want LION COFFEE because it is LION COFFEE.

If, on the other hand, you want a coffee which, in order to hide imperfections, is "highly polished" with eggs and other preparations, then do not buy

LION COFFEE

If LION COFFEE were common, ordinary stuff, coffee drinkers wouldn't insist on having it. It is used in millions of homes because it is the best coffee in the world for the price. If you doubt this, take a single package home and try it.

In every package of LION COFFEE you will find a fully illustrated and descriptive list. No housekeeper, in fact, no woman, man, boy or girl will fail to find in the list some article which will contribute to their happiness, comfort and convenience, and which they may have by simply cutting out a certain number of Lion Heads from the wrappers of our one pound sealed packages (which is the only form in which this excellent coffee is sold).

WOOLSON SPICER CO., TOLEDO, OHIO.

If you went to buy a lion whelp you would not accept a kitten as a substitute, even if the dealer urges you.

Now, don't accept a substitute for

LION COFFEE.

It is bound to turn out a common yellow cat, with none of the strength of the lion.
