NUMBER 28

"TELL MY FRIENDS TO BE BRAVE AND FEARLESS, AND LOYAL TO THE GREAT COMMON PEOPLE."

## BRODHEAD

T. C. Hamm says he has a calf, fully developed in every particular, except it is devoid of a right fore leg.

Miss Helen Sayers, of the Sayers neighborhood, was with us Friday, and Miss Helen is plenty young, and plenty old to marry, and we cannot understand why she does not get off. She is both graceful and goodlooking, and a good conversationalist, and would make some gentleman a muddle wifie.

Our Baptist people say they are going to fish painting, and renovate the inside of their house, and are going to work, more for Christ, in the future than they have in the past. It is his time, brethren, to let your light shine. So here is hoping that all will come up to the help of the Lord, against the mighty. We have a good strong church if all could see, and then did their duty. Oh what a power we could be for Christ! So let us all do all we can.

Our town and people have been blessed with a series of sermons from the Rev. E. K. Pike for the last ten days. He did some excellent preaching, and we think his work, did much to build up, and strengthen, all those who know God in a full and free salvation, all who are the real children of God, of all churches. He seems to be a very Godly man, and all who listened to him, could see that he is studying God's Word, so as to be able to divide and give to all their portion in due season.

Mr. William Francisco's baby is still in a critical condition—a born, to the wife of John Fowler, a boy, last Saturday night.—The Baptist Sunday school was reorganized last Sunday, with Bro. John Cherry as superintendent. With about 50 names enrolled for this month, we predict a successful school for the incoming spring and summer.—Mr. M. F. Pike and daughter, Celia, also Robert Pike, all of Livingston, was with relatives and friends here this week.—Mr. C. E. Painter, one of our best citizens, attended the meeting at this place.

Our energetic merchant, J. Thos. Cherry, is the inventor of a new patent chicken coop, that can be folded up and shipped back to the merchant for 50 cts., all our business men ought to see it.—Our marshal arrested two boys Tuesday, who had been trying their noodle on each other.—R. S. Martin spent a few days and nights with home folks, the latter part of last week.—Fritt & Dunn are using Cherry's new patent chicken coop, and if you want to see and know a business man, just call and see Harvey Dunn.

Quite a number of our people enjoyed a good dinner with Mrs. John Newland last Saturday, and by way, Mr. John and his good wife think they have the prettiest baby in the world, and it is a sweet little fellow.—Rev. Holzclaw and wife was summoned to his father's Monday, the old gentleman being very low with pneumonia fever.—William Haggard was baptized last Monday, a. m.—Mr. C. H. Frith was appointed superintendent of the M. E. Sunday school, last Sunday.—Mr. Dannie Owens is going on with his new building Mrs. Dannie Owens was visiting in the country Saturday and Sunday.

Mr. W. H. Sowder says he wants all of his old neighbors, to come and see him before, spending their money, and thinks if they will do that, then it will be cash to them.—And then we have another new firm A. F. Albright & Adams, both good men, and they say they will make it to the people's inter-

est to call on them.—Julian Bordes left Wednesday for Cret, Neb., to engage with the Wrought Iron Range Co., the company that our marshal has represented so long, with credit to himself and profit to the company.—B. F. Cole, was with our merchants Tuesday.—There was quite a crowd of P. J. Hall's relatives unloaded at our depot, last Tuesday.

Parson & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by Theo Wesley Druggist.

## DR. R. H. LEWIS

Dr. Lewis, who resides at Wildie, is one of Rockcastle's best, and most up-to-date physicians. In 1894, he graduated from the Tennessee Medical College, practiced at Cedarford, Tenn., until 1897, when he came to this county, where he is now located. Since that time, he has taken two special courses, one at Chicago and the other at Louisville and during the entire time he has been in our midst, we can truthfully say, that he has proved himself worthy of the profession, to which he belongs.

### ANNOUNCEMENTS

We are authorized to announce  
Chesley Payne,  
as a candidate for Magistrate in the Fourth  
district, subject to the action of the Repub-  
lican party.

The reversal of the lower Court  
by the Court of Appeals, in the  
Powers and Howard cases, is but  
little, if any surprise at all to the  
people of Kentucky.

Judge DuRelle, who handed  
down the majority opinion, gave  
one reason for the reversal in the  
Powers case, the admission of the  
testimony of McDonald, who swore,  
that on Saturday before Gov. Goebel  
was shot, he saw two men run  
through the Capitol building and  
heard them say: "Come on, come  
on boys, get your guns; it is time  
to begin the killing."

The testimony of Pat McDonald, should not  
be admitted says the Court, because  
these men were not identified as  
part of the mountain army or the  
conspirators. But says Judge  
White, who handed down a minority  
opinion, concurred in by Judges  
Paynter and Hobson, that these  
men went to the agricultural build-  
ing, where the remaining part of  
the mountain army were stationed  
and their guns were stored away,  
and it was proven that the defend-  
ant was the getter-up and the mov-  
ing spirit of those encamped in  
that building, which made the  
proof competent. The second and  
principal reason for the reversal  
was the 7th instruction, which was  
amended after the argument in the  
case had begun; not that amend-  
ment, but the failure to further  
amend that part of the instructions,  
is what furnishes the grounds for  
the reversal. The court says that  
the jury should have been told in  
this instruction, that they could  
convict Powers, if they believed  
beyond a reasonable doubt that the  
killing was done in pursuance of a  
conspiracy or in furtherance of it,  
or if it was directly necessary, or  
if it might have been considered  
necessary, in carrying out the  
original plan. The use of the word  
"co-conspirator" in the singular  
number when it should have been  
in the plural also furnishes another  
ground for the reversal, says the  
majority, although the word is  
used in the Statute in the singular  
number. The reversal, of the How-  
ard case, was for two reasons: "The  
using of the word "co-conspirator"  
in the singular number when it  
should have been the plural, and  
the language used by Judge Wil-  
liams, who was at the time filling  
the place of Commonwealth's At-  
torney Bob Franklin, when he  
said: "I bring a message from Bob  
Franklin, who says he believes the  
defendant guilty and hopes you will  
convict and hang him as high as  
Haman." In the case of Howard,  
the opinion handed down by  
Judge Burnam was concurred in  
by all the Judges.

It is certainly not now, nor ever  
been the desire of any right think-  
ing, honest man to want Caleb  
Powers, Jim Howard or any other  
person charged with the assassination  
of Gov. Goebel, unjustly punished.  
If they are not guilty of the crime  
charged against them, then we say,  
as every honest, liberty loving man,  
should say, let them go free. While  
on the other hand, if they are  
guilty, give to each and every one  
his punishment according to the  
crime, which he has committed.

A meeting of those in authority,  
was held in Louisville Monday  
night, to discuss the advisability  
of consolidating Centre College,  
of Danville and Central University,  
of Richmond, and make a high  
class university of the colleges.  
The seminaries to be united are

moved to Louisville; the two col-  
leges at Danville and retain the  
college building at Richmond as a  
Collegiate Institute of high order.  
Centre College was founded in  
1819; is one of the oldest institu-  
tions of learning in the South, and  
is known far and wide, for its  
thoroughness and up-to-date meth-  
ods. There is not a college any-  
where, of its size, that can boast of  
a more illustrious alumni. Some  
of the greatest statesmen, lawyers,  
jurists and ministers our country  
has ever known had as their alma  
mater Centre College. Central  
University, which was founded in  
the sixties by directors, who re-  
signed of account of the action  
taken by the former institution in  
the war, has risen to be one of the  
five leading colleges of the State,  
and is rapidly growing in popular-  
ity and importance. While noth-  
ing definite was done towards unit-  
ing the two colleges, yet, should it  
be done, it would give to Kentucky  
a college of which, she could be  
justly proud, and with the large  
endowment it would then have,  
and the additional financial aid,  
which it would be able to secure,  
by reason of it, would place it in a  
position to favorably compete with  
the larger institutions of the land.  
May the day soon come, when they  
will both be as one.

A St. Louis saloon-keeper escorted  
Mrs. Nation out of his joint at  
the point of a revolver. She says,  
there is no money in the lecture  
business and she is going home.  
If she had been there all the time,  
she would have been a great deal  
better off. We do not endorse  
the sale of liquor, nor neither do  
we endorse the course pursued by  
the woman, with the hatchet.

THAT Russia and China will try  
their hand, seems to be a sure  
thing. Li Hung Chang says that  
the Chinese Empire can make no fur-  
ther concessions, while the Rus-  
sian Government is making ar-  
rangements to show proof of its  
dominance in Manchuria. If fight  
they must, God be with them, for  
we wouldn't if we could.

### PINE HILL

Mrs. J. H. Honston is on the  
sick list.

Quite a number of our people  
have been in Mt. Vernon, attend-  
ing court.

Our section crew are busy in  
their usual energetic, systematic,  
near way.

The Pine Hill postmaster was in  
Mt. Vernon, Monday and Tuesday,  
on business.

The many friends of Mrs. Bob  
Payne, will be pleased to hear that  
she is better.

Our people were gratified to see  
the genial face of our friend "Dad"  
Orndorff, on his engine today.

Please agitate the "Road Ques-  
tion" some more, and ask Mr.  
Pike to fire another volley at our  
sleepy people.

Our efficient coal manager has  
just moved his family here, from  
Tenn. We welcome them, and all  
good people to our midst.

The most stirring event of the  
season was the wedding of Miss  
Emma Berry to Mr. Alex Ruthbar-  
ford, which was solemnized Sat-  
urday night, at the home of the  
bride.

We had our Mt. Vernon pastor,  
Mr. Ewers, with us on the fifth  
Saturday and Sunday, which we  
certainly did enjoy. We also had  
two sermons from a very able di-  
vine, of the Christian church.

Your correspondent has main-  
tained a rather protracted silence,  
and now with many apologies for  
neglect, I return to the family.  
Our village seems to be making  
haste slowly, to take rank among  
the business places of our county.  
Our population is increasing and  
improving (and I would just whis-  
per to our neighbors that it is only  
when this state of affairs exist,  
that we make a step forward) and  
I think I speak for Rockcastle  
county, when I advocate improve-  
ment and it must begin on a sure  
foundation or the floods that have  
washed, and the winds that have  
blown and beaten, will sweep again  
over our uncertain structures.

### LANGUID

Many a school-  
girl is said to  
be lazy and  
shifless when she  
doesn't deserve  
the least bit of it.  
She can't study, easily  
falls asleep, is nervous  
and tired all the time.  
And what can you ex-  
pect? Her brain is being  
poisoned with impure blood,  
and her whole system is  
suffering from poisoning.  
Such girls are wonder-  
fully helped and greatly  
changed, by taking

### Ayer's Sarsaparilla

Hundreds of thousands  
of schoolgirls have taken  
it during the past 50 years.  
Many of these girls now  
have homes of their own.  
They remember what  
tired them, and now  
they give the same medi-  
cine to their own children.  
You can afford to trust a

### Consumption

is destruction of lung by a growing germ, precisely as a mouldy cheese is destroyed by a growing germ. You kill the germ, you stop the consumption. You can't, according to the old way.

Take Scott's Emulsion of Cod Liver Oil; take a little each day.

It acts as a food; it is the easiest food. Seems not to be food; makes you hungry; eating is comfortable. You grow stronger. Take more; not too much; enough is as much as you like and agrees with you. Satisfy hunger with usual food; whatever you like and agrees with you. When you are strong again, have recovered your strength—the germs are dead; you have killed them.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

SCOTT & BOWNE, Chemists, 409 Pearl St., New York; 50c and \$1.00; all druggists.

### PINE HILL

Mr. Editor of the SIGNAL.—It has been some time since I saw anything in your paper from Pine Hill. Our little mining town is still alive and continuing to grow, by degrees. Messrs. Hightower and Longmire, of Coal Creek, Tenn., have charge of coal mines here, and are moving along nicely with the work.

The health of our town is slightly improved, to what it was only a short time ago.—Mrs. Geo. Doan still continues very feeble.—The small child of Mr. and Mrs. Albert Griffin died a few days ago.—Mr. Willie Simpson was in from Livingston Sunday, to see home-folks.—Mr. Hightower will move his family to this place, in the near future.—We had services here Saturday night, by Rev. Hartfield, and Sunday Rev. Ewers, of Mt. Vernon, favored us with an excellent sermon.

### Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into grave complications. That is why female troubles are killing graveyards. proves this. Wine of Cardui establishes a regular and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every day of life. \$1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kans. "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything. In fact was miserable. I have taken four bottles of Wine of Cardui, with Theodore's Black-Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."

For address in cases requiring special directions, address, GEORGE W. WATSON, The Chattanooga Medicine Company, Chattanooga, Tenn.

### A TESTIMONIAL FROM OLD ENGLAND.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mr. Williams Sarory, of Warrington, England. "It has saved my wife, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." It is a great pleasure to the manufacturers of Chamberlain's Cough Remedy to be able to publish testimonials of this character. They show that great good is being done, pain and suffering relieved and valuable lives restored to health and happiness by this remedy. It is for sale by Theo Wesley Druggist.
