Bradley had better come up into Rockcastle and do a good deal of advising about the rottenness of politics here. A. K. McClary would have made a good Judge but he was crowded off. Fish was a good man but he too is off, Bentley would have made a good judge but the Republicans would not nominate him and he was wise enough to see it in time to save himself from defeat

BRADLY advised James F. Grinetead, of Louisville, not to accept the mayofality nomination, because tainted with fraud, bribery and ballot-box burning. Grinstead took drawn. We are glad to see so many of the best republicans of that city, take a bold stand against "bossism" in politics. THE man who says that, forgets that painting properly done nome, and the fact is he can't afford NOT to paint HOW often you require to paint is largely dependent upon int you use.

The Sherman-Williams Paints out last others. They are the most economical paints you can use because they cover most and wear longest. Add to this their goo appearance, and you have perfect paints—THE SHERMAN WIL LIAMS PAINTS

LIAMS PAINTS

They are made for many different kinds of painting. Whatever it is you want to paint—a house, or anything in or out of the house—we make the right point for that particular purpose—not one slap dash mixture for all.
