The election is over and Mr. H. L. Tate was elected sheriff of Rockcastle, by a good majority, and we congratulate him on his splendid victory.

THE ELECTION.

Boyle democrats win with hands down. Lincoln elects the full democratic ticket.

Casey county went republican about 375.

Everything went democratic but Rockcastle.

Democrats carried Madison county by about 500.

Republicans claim New Jersey by 7,000 to 10,000.

McCreary is the next U. S. Senator from Kentucky.

Jefferson county elected the entire democratic ticket.

Nash was re-elected Governor of Ohio by about 60,000.

Geo. T. Farris is re-elected State Senator by a good majority.

The State is estimated to have gone about 40,000 democratic.

Grainger, democrat, was elected Mayor of Louisville by over 7,000.

On joint ballot, the Legislature will stand 100 democratic and 38 republican.

Cummins, republican candidate for Governor of Iowa, has a plurality of about 90,000.

There are some things too low-lived and vulgar that not even a "Skunk" will condescend to looke.

Republicans elect State and Legislative tickets in Massachusetts, however, considerable gains were made by the democrats.

In great New York, Seth Low, the Fusion candidate defeated Shephard, the Tammany candidate for Mayor, by about 30,000.

House of Representatives there will be 74 democrats, 25 republicans and 1 independent. Senate, 25 democrats and 13 republicans.

Although this is an "off year" in politics there are some useful pointers in the election returns of more than one State, to those wise enough to take advantage of them.

"OLD HICKORY" CHIPS.

Because no naval hero has ever been President of the U. S. is no reason why one will not be.

Every sensible New Yorker agrees that the town is not as black as the ante-election painters made it.

Mr. Carnegie is again on American soil and prepared to continue the distribution of steel-trifony.

The English continue to be "surprised" by the Boers, but the rest of the world regard it as a matter of course.

Millions for loot, not a penny's reduction in taxation, seems to be the platform of the republican majority in Congress.

It is not often that one's enemies are as instrumental in adding to one's popularity as those of Admiral Schley have been.

No Senator Fairbanks isn't dead it is only his Presidential boom that has been buried by the Minnesota Roosevelt boomers.

Louisville has turned up a brewer trust, which may be only a scheme to increase the consumption of Kentucky's "real stuff."

Even the little ten-cent government of Nicaragua thinks it safe to monkey with the interests of the U. S. in the Isthmian canal.

Empires also are ungrateful. A recall is Minister Wu's reward for successfully dumboozing Secretary Hay during the late troubles in China.

Buffalo, like all the other Exposition cities, is finding that the saddest part of the business is footing up the loss. In this case it totals \$3,000,000.

Wanted to know where I stand on the reciprocity question; liberal reward for correct information. Address T. R., White House, Washington, D. C.

The promised-by McKinley dodge having been worked out, wily applicants for Federal offices now rely upon shouting for Roosevelt in 1904 to turn the trick.

The government intends to dump \$20,000,000 more of the Peoples money into a naval station in the Philippines. Yea, truly those islands are expensive luxury.

Lord Pauncefoote is back in Washington, and he carried the new treaty with England on the Isthmian Canal. Whether that treaty deserves condemnation or commendation is yet to be ascertained.

Official announcements of the administration will soon be discounted by the public if they are as a rule followed by contrary official orders as soon as that of a few days ago saying that it had been definitely decided not to send reinforcements to the Philippines.

The war department has issued orders to the Eleventh Cavalry and the Twenty-eighth Infantry to go the Philippines and they will go on the next transports sailing.—The Grant from San Francisco, Nov. 10; the Warren from the same port, Dec. 16; the Crook from New York, Dec. 1, and the Buford from the same port Dec. 20.

If the recommendations of the Naval Board of Construction, now in the hands of Secretary Long, adopted, the ship-builders will get a big share of the Treasury surplus, which is arousing so many visionary schemes in the minds of the republican brethren.

In addition to the two battle-ships and two armoured cruisers that the last Congress authorized plans to be drawn for, the board wants Congress at the coming session to authorize and make the appropriations for forty warships of all classes. That would be a wholesale increase of our navy that would be likely to arouse European suspicion of an intention on the part of this government to go to war with some nation.

There are several hills to be climbed by these recommendations, however. They must be endorsed by the President and by Congress before they can hit the Treasury surplus.

Mr. Roosevelt had for a recent dinner-guest Mr. J. J. Hill, the railroad magnate, who is in several things for which he would like administration support. One of them which there is reason to believe was discussed at the after-dinner conference, in which Secretary Hay participated, was the completion of the Panama Canal by an American syndicate headed by J. Pierpont Morgan and having for members a bunch of multi-millionaires. It is understood to be the purpose of this syndicate, if certain arrangements can be made with the government, to buy out the French Panama Canal Company, and complete the canal. The affair is being manipulated in great secrecy, but on general principles, this government will be wise to decline having anything to do with the Panama Canal, which has been rotten from its conception.

The New York State election this year was of such minor importance that it has hardly aroused a ripple of interest in the State, but Mr. Roosevelt could not resist the temptation to use it to make a little play to the grand stand. He left Washington today for Oyster Bay, to cast his vote and he carried three of the White House force who have

votes there and in the vicinity with him, one of them being the new negro steward.

Has the Panama Canal lobby extended its field of operations to Nicaragua? That question was made pertinent by an official communication to the State Department announcing that the government of Nicaragua had repudiated the treaty with the U. S. under which the latter was empowered to construct an inter-oceanic canal across the territory of Nicaragua; also the extradition treaty between the two countries. State Department officials profess entire ignorance of the motives that inspired this action on the part of the government of Nicaragua, but that doesn't necessarily mean anything. Professions of ignorance about anything the public wishes to know have long been a speciality of the State Department. There is no subject now before the people of this country that will be "blower" watching than the Isthmian Canal question, and it may be added none in which there is more crookedness and scandal likely to grow out of it.

Ex-Senator Pettigrew, who was in Washington a day or two ago, said of the issues of the next national campaign: "If any party is smart enough to take up the government ownership of all means of transportation it should be the issue. If the democratic party would take up that issue it would win. There is no other issue that so closely concerns the people of this country. The policy has been for the railroads to give the lowest rates to the largest shippers, and that has built up large shippers. The advantage in rates of transportation so secured has often been a sufficient profit in itself. We want government ownership of railroads, so that the small shippers can get the same rates as the larger shipper."

Secretary Gage is having another whack at the Treasury surplus. He is buying bonds, when those who offer them meet his views. Perhaps he thinks he won't have a chance to buy any bonds after Congress gets a chance at the surplus.

DEAD.—The eight months old baby, of Mr. and Mrs. Jonas McKenzie, which we reported seriously ill, has week, died Friday night. The burial took place Saturday afternoon at the Baker burying ground.

Deputy Collector W. T. Short U.S. Marshal S. S. Morrow and posse destroyed a moonshine still in Jackson county, and captured Hiram, Jesse and Martha Smith. They were taken to Somerset Tuesday for trial before United States Commissioner James R. Cook.

UNFORTUNATE.—The only trouble of any kind, which took place in the county on election day, was the trouble which took place here between Millard Bethurum and William and John Hysinger in which the former received a shot in the leg, just above the knee, breaking and badly shivering both boys, while William Hysinger received a slight cut in the abdomen. As far as we are able to get the facts, Fred Hays, who was drinking and boisterous, was ordered arrested, and the deputy jailer with a number of men summoned to help him, including the Hysingers boys, went to make the arrest, young Bethurum, who probably mistook the mission of the men, was standing at the door to Bethurum & Bethurum office, where Hays was thought to be, a few words were passed between them, when the cutting and shooting began. Hysingers were hurriedly pushed off down the streets and taken away. Behind quickly followed a number of men with pistols, and for a while it looked as though there was going to be serious trouble in the laud, but cooler heads interferred and the matter quieted. Hysingers came in Wednesday and gave themselves up, gave bond and their trial set for Monday. Hays went before the county Judge Thursday and plead guilty to a charge of drunkenness and one of a breach of the peace. Young Bethurum, we are informed, is getting along fairly well, and we sincerely hope will soon be up. Young Bethurum and the Hysinger boys, are nice quiet men, and for this trouble to have occurred is very unfortunate and to be greatly deplored by every body.

Box Several—There will be given a box supper at the church at Mareburg, Saturday night, Nov. 16. Every one is cordially invited to come, and the young ladies to all bring a box with them and Sunday.  
 No MONEY—Supt. H. V. McClesney has notified Supt. Davis that there will be no money for the teachers tomorrow, but will probably be in about two weeks. The delay was caused by the slow returns being made by the sheriffs.

In this issue you will note the advertisement of land to be sold for taxes. More will follow next week. I propose to collect these taxes before the first day of January.

## IN MEMORY OF MRS CAROLINE THOMPSON.

After months of intense suffering from the savages of that insidious disease, cancer, borne with all the patience, and fortitude, she could summon; the faithful wife, loving tender mother, fond sister and kind friend, fell asleep on the night of Aug. 2nd, 1901, surrounded by her devoted family and only sister, each of whom had done all in their power to alleviate her pain. We hope her awakening is in a mansion—the Eternal City whose light ever radiates from the face of God our Father "the giver of every good and perfect gift," and that she is now enjoying the companionship of loved ones gone before singing songs of praise to Him who sitteth on the Throne." She was born Aug. 4th 1847 in Rockcastle Co., united with the Christian church at old Boons Fork in her 14th year thus beginning her walk with Christ in her youthful prime, the dawning of her young womanhood.

She was united in marriage with David Thompson Dec. 22nd 1865, of this union four children were born two of whom preceded her to the grave a number of years, the first an infant, the next her beloved and idolized Lillie, who lived to bless and make glad her parents hearts till she was about twelve years of age, when typhoid fever claimed her as its victim, thus saddening the hearts of doting father, mother and brothers. Her husband and two sons, Robert and Booth with their families survive her.

The words found in Prov. 31st, 27th and 28th, could have been appropriately applied to her in her fondness for her home duties and devotion to her children and their interests.  
 "She looketh well to the ways of her household, and catcheth not the breath of idleness." Her children arise up and call her blessed; her husband also, and he praiseth her."

On the afternoon of Aug. 3rd, 1901 the remains of the departed were laid to rest in Lancaster's beautiful city of the dead. Had she lived two days longer 54 years of her life would have been recorded out, but God in his wisdom and mercy gave her relief from her anguish. May the grave be sweet rest for her pain tortured body and Paradise sweet rest for her immortal soul, may her loved ones yet remaining here prepare themselves by becoming the children of God for the happy reunion with Mamma, Lillie, little Willa Wilkes and other loved ones in the Celestial City on high. May we all meet her there in the prayer of one who knew her all.

M. C. P.

 Mr. and Mrs. Jonas McKenzie.

The unofficial count shows Tate to have carried the county over Stewart by 484 majority, and S. L. Durham for magistrate in the first district defeated F. J. Hayes by 34. Granville Leese, for magistrate, and J. D. Ham for constable, in the fourth district were the only democrats in the county who made a winning fight, being elected by about 45. For the remainder of the offices, the republicans had no opposition.

**ARE YOU DEAF?** **ANY HEAD NOISES?**

ALL CASES OF  
**DEAFNESS OR HARD HEARING ARE NOW CURABLE**  
by our new invention. Only those born deaf are incurable.  
**HEAD NOISES CEASE IMMEDIATELY.**  
P. A. WERNER, 725 S. Broadway, Baltimore, Md.

Confidence—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case so you may see the result of this new invention. I was born deaf and my hearing in this ear entirely failed. This began to improve, and this was getting worse, until I got my hearing in this ear entirely. For three months without success, I consulted a number of physicians, among others, the most eminent specialist of this city, who said he could only advise me to be patient, and that the best result would be that the hearing in the affected ear would be lost forever. But the hearing in the affected ear was not lost forever. After I had used it only a few days according to your directions, the noise ceased, and today, after five weeks, my hearing in the affected ear has been entirely restored. I can hear as readily and as long as usual. Very truly yours,  
P. A. WERNER, 725 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.
