**CAN'T KEEP IT SECRET.**

The splendid work of Dr. King's New Life Pills is daily coming to light. No such grand remedy for Liver and Bowel troubles was ever known before. Thousands bless them for curing Constipation, Sick Headache, Biliousness, Jaundice and Indigestion! Try them. 25c at all druggists' drug stores.

Oh, of course, the friends of Miles and Schley love the administration for its treatment of those brave officers.

**A PHYSICIAN WRITES.**

"I am desirous of knowing if the profession can obtain Herbine in bulk for prescribing purposes? It has been of great use to me in treating cases of dyspepsia brought on by excesses or overwork. I have never known it to fail in restoring the organs affected, to their healthful activity." 50c bottle at Chas. C. Davis.

### CRAB ORCHARD.

J. V. Roberts, of Gum Sulphur, was in town yesterday.

P. M. Conдор, is in Rockcastle looking after cedar posts.

Mrs. Dr. Pettus has been very sick, but is some better at this time.

M. D. Green has sold his stock and talks of emigrating to Knoxville, Tenn.

Mrs. Henry Pettus has gone to St. Marys to have her baby Christened by the Roman Catholic Church.

W. B. Perkins and J. R. Edmonson, two of our leading dry goods merchants are in the city purchasing their spring goods.

Jo Payne was called home to see his mother, Mrs. D. C. Payne, who has been very sick, but is some better at this time. He will return to Harriman, Tenn., the 1st of April, where he has been attending school.

By the way, why cannot Crab Orchard have a good school of her own, so our young people will not have to leave home to get an education. Some parties have been making inquiry in regard to purchasing the Springs property for the purpose of opening a school there, but think the owners want too much money for them, but I think there are other situations here; for example, the old race track would be a beautiful place for school buildings and might be purchased at a reasonably low price. It contains about 75 acres, near the center of which is a mound, the top of which is about one hundred feet higher than the surrounding country. Springs abound all over the country of the purest waters, Epson, Sulphur, Chalybeate and Freestone.

If Carnegie would give us \$100,000 for a beginning, and Crab Orchard would awake from her Rip Van Winkle sleep, and buy up a lot of old worn out brier-fields, from old worn out citizens, and open an Agricultural College, give work to students who are not able to get an education otherwise, the wilderness might be made to blossom like the rose, and loafers, who have nothing to do now but sit on the street corners and kick the toes out of their shoes might, surrounded by the influence of a good school, become useful citizens instead of drones in the hive. So mote it be.

**A POINTER FOR INVENTORS.**

If you wish your patent business properly and promptly done send it to SWIFT & CO. PATENT LAWYERS, opposite U. S. Patent Office, Washington, D. C. They have no dissatisfied clients. Write them for their confidential letter, a postal card will bring it, and it may be worth money to you. See their advertisement elsewhere in this paper.

Mr. Roosevelt has decided that his order against government employees seeking to influence Congressional legislation did not apply to printers in the Government Printing Office. It has not seemed to apply to anybody seeking to influence things Teddy's way.

**WOULD SMASH THE CLUB.**

If members of the "Hay Fever Association" would use Dr. King's New Discovery for Consumption, the club would go to pieces, for it always cures this malady, and asthma, the kind that baffles the doctor, it wholly drives from the system. Thousands of once-hopeless sufferers from Consumption, Pneumonia, Bronchitis owe their lives and health to it. It conquers Grip, saves little ones from Croup and Whooping Cough and is positively guaranteed for all Throat and Lung troubles. 50c. \$1.00. Trial bottles free at all druggists.

**CURE SCIATIC RHEUMATISM.**

Mrs. A. E. Simpson, 509 Craig St., Knoxville, Tenn., writes, June 10th, 1899: "I have been trying the baths of Hot Springs, Ark., for sciatic rheumatism, but I get more relief from Ballard's Snow Liniment than any medicine or anything I have ever tried. Enclosed find postoffice order for \$1.00. Send me a large bottle by Southern Express." Sold by Chas. C. Davis.

### THOUGHTS OF HOME.

Among the hills in old Kentucky, Stands a town its size so small, Just above the village yonder, Is the fumbling of the falls.

Stretched across this stately river, Is a bridge so very wide, That the cars and passing people, Crossed the river side by side.

In that village are some houses, Weather-beaten rough and old, 'Tis the place where traders bartered, Raw material bought and sold.

To the east there stands a mountain Rising far above the clouds, Where the wild deer roamed the wood-land,

With its mate so very proud.

To the north there lies a valley Stretched away between the hills, Where the cattle winds their path.

And the air is always still.

When the sun is slowly sinking Behind the distant stately hills.

And the dusky twilight raises, Then my heart with sadness fills.

Then to my memory cometh Sweet thoughts of things reformed, And the home that standing yonder Sheltered many from the storm.

That sheltered me in childhood, Many views become so plain Oh! how I do remember,

Scenes I ne'er may see again.

HAMILTON COLLYER.

The establishment of 300 libraries throughout the country by Mr. Andrew Carnegie, has greatly decreased the sale of magazines, instead of buying themselves, the people go to the reading rooms and read them there.

There is logic in the argument of Gov. Beckham of Ky., that it is the buyer of dock-tailed horses who should be attacked and not the seller.

When it comes to general popularity, Gen. Fitz Lee has been showing that he is in it.

**THE FARRIS BILL**, providing for registration in fifth-class towns, is missing, and probably was stolen in the closing hours of the legislative session. It had passed both houses and was signed by Speaker Finn, but was never reported back to the Senate for comparison and for the signature of the President of the Senate.—To a man up a tree it looks like some dirty work has been done.

**THE FIGHT** between the American tobacco trust and the Imperial tobacco trust, of Great Britain, which has been going on for some time across the Atlantic, is also to be carried on over here, and the Universal tobacco trust is said to have joined forces with the British concern. Let ten fight, it will be beneficial to the public if they fight each other into bankruptcy.

**THE PUPPY** little sugar trust, in America has almost persuaded Uncle Sam, that we have done enough for Cuba and that we are dangerous from a party standpoint. Consider the poor boy that is crying there and his is as cruel.

So says the...  
"The Evening...  
a little business for...  
temporarily. We...  
all. But we want...  
the best."

"This is the way the inner dogs always howl."  
An extraordinary defense is that forwarded by Major Waller, of the Marine Corps, who is being tried by court-martial for having Filipinos shot without trial that their execution without trial was necessary, lawful, and justifiable.

So the gold standard republican administration thinks the free coinage of American Filipino silver dollars will be a good thing for the Philippines, and that it will make sentiment for the permanent retention of the islands.

The English Lord who has been ostracized by English society for striking his wife, who has secured a divorce from him, might find consolation among the toadies on this side of the Atlantic.

JOHN MANLEY'S price has not yet been reached. He declined to become an assistant Postmaster General. Joe thinks he is full cabinet size, but he can't convince Mr. Roosevelt.

It is now officially admitted that War Department officials are seriously alarmed at the awful increase of disease among the American soldiers in the Philippines.

EX-PRES. CLEVELAND'S proposed reorganization plan, received a death blow from the pen of Col. W. J. Bryan, and Grover has gone "way back and set down."

WHAT a howl there would have been had that proposition to coin unlimited quantity of American Filipino silver dollars come from a democrat.

WE rise to ask if the military bodyguard provided for Teddy by the bill that recently passed the Senate is to have a brass band attachment?

FRED FUNSTON is said to have been gashed by his visit to Washington. He expected to be honored, and found himself almost ignored.

If the next President is to be a democrat, it will be necessary to nominate a man that is on speaking terms with the whole party.

## SOME COMMENTS ON MR. GILBERT'S SPEECH:

(For The Signal)

The speech delivered in Congress on Feb. 24th, by Hon. Geo. C. Gilbert well deserves the thanks and highest admiration of his constituents. The scholarly attainments, breadth of social, historical and geographical knowledge, apparent in this address are quite abnormal even in Congressional halls, and places the speaker far above the mere politician or place hunter.

For over forty years the writer has been a careful observer of political characters and conditions; and nowhere have we perceived a clearer insight of historical precedents, climatic influences, and social and religious prejudices and influences than this speech. It carries us back to 1848 when Tom Corwin hurled his anathemas at the democratic party for warring with a feeble and inferior people. However, we find none of Corwin's "spread eagle" style about Gilbert. His speech plain and to the point must carry conviction to the most obtuse mind, and convince the thinking reasoning man that our Philippine war is not only useless but an outrage on humanity and a disgrace upon the American people. We sincerely hope that every democrat in the district will read this speech; it proves we have a representative who is a student, a scholar, a philosopher, and a statesman.

All the largest houses which are managed by the most successful business men spend thousands of dollars getting their names before the people and making popular their goods.

Then comes the country merchant, whose cash drawer rings so seldom that it awakens the dog behind the stove, who gives chase to the also frightened cat and tells us that advertising don't pay. He then fills up his pipe and takes his seat on his favorite nail keg to talk hard times to Bill Smithers, while the little spider builds suspension bridges from the shelves to the silent cash drawer.

## Land, Stock and Crop

A friend wants to know what price logs must bring to make a profit on feeding them at 67-cent corn. Fed under proper condition, a bushel of corn will make ten pounds of pork, and for ordinary purposes this rule is accepted as a standard of measuring the relative values of corn and pork. Thus the pork so made from 67 cent corn must bring \$6.70 per hundred weight in order to let the feeder out.

Under present conditions we should try other rations for the fattening hog.—Wheat at 65 cents per bushel go further than corn at 67 cents. Barley at 50 cents is a cheaper feed; also mill stuff and the low grades of wheat and flour. There is a certain loss in making pork which sells for \$5.80 out of 97 cent corn wholly.—Exchange.

F. L. Thompson, of Mt. Vernon, sold to Joe Jordan, of Atlanta, a six-year-old gray mare for \$100.—J. C. Hays, of Crab Orchard, sold to J. W. Smith, of Richmond, 25 cattle at 4 1/2¢ at Lancaster Monday. He also sold M. J. Farris seven at 2.20; a cow to D. N. Prewitt for \$26.—Interior Journal.

LANCASTER COURT.—There were 400 cattle on the market at J. P. Adams' pens at Lancaster yesterday, most of them being sold. Butcher stuff brought 3 1/2¢, heifers 3 1/2 to 3 1/2¢, steers 4 to 4 1/2¢, cows and calves \$25 to \$30. Mules ranged from \$55 to \$130, plug horses sold from \$50 to \$150, plug horses went from \$30 to \$45. Small crowd in town and business dull.

HOE LAW—We understand that at the last meeting of the Board of Trustees, a hoe law was passed. It is time something is being done along this line, for the boys dogs cattle and one thing and another about have the right of way blockaded, and are grounds many unpleasant remarks from visitors, who are surprised that such a condition of affairs would be allowed to exist. Brodhead and Livingston each have a good cooperation, and yet Mt. Vernon the county seat has virtually none nor never did have any that was worth the snap of your finger. Personal interest and not a public improvement is too much considered, and that spirit of rule or ruin predominates among too many.

Remember the old Fiddlers contest at Brodhead tomorrow night.

Rev. Hartsfield will preach at Brodhead Sunday morning at 11 o'clock.

RISIGNED—Abe L. Shearer has resigned as constable in the 3rd district.

**CHILDREN'S COUGHS AND COLDS**  
Mrs. Joe McGrath, 327 E. 1st St., Hutchinson, Kan., writes: "I have given Ballard's Horehound Syrup to my children for coughs and colds for the past four years, and find it the best medicine I ever used. Unlike so many cough syrups, it contains no opium, but will soothe and heal any disease of the throat or lungs quicker than any other remedy. 25c. 50c and \$1.00 at Chas. C. Davis."

Wonder if Hanna's feeding the Washington correspondents was an effort to lessen criticism of the Ship Subsidy job, when Speaker Henderson's home interests permit it to be taken up by the House?

**30 SWEET AND PLEASING IN TASTE!**  
Mrs. C. Peterson, 625 Lake St., Topeka, Kan., speaking of Ballard's Horehound Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that it will do, and has done, what is claimed for it—to speedily cure a cough or a cold, and it is so sweet and so pleasing in taste." 25c. 50c and \$1.00 bottle at Chas. C. Davis.

**Repairing Neatly Done**  
Never thought of such a sign for a medicine did you? Well, it's a good sign for Scott's Emulsion. The body has to be repaired like other things and Scott's Emulsion is the medicine that does it.

These poor bodies wear out from worry, from over-work, from disease. They get thin and weak. Some of the new ones are not well made—and all of the old ones are racked from long usage.

Scott's Emulsion fixes all kinds. It does the work both inside and out. It makes soft bones hard, thin blood red, weak lungs strong, hollow places full. Only the best materials are used in the patching and the patches don't show through the new glow of health. No one has to wait his turn; you can do it yourself—yourself and the bottle.

This picture represents the Trade-Mark of Scott's Emulsion, and is the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 409 Pearl St., New York, 30c. and \$1.00 druggists.
