"TELL MY FRIENDS TO BE BRAVE AND FEARLESS, AND LOYAL TO THE GREAT COMMON PEOPLE."

CLOSING EXERCISES OF THE Seventh Annual Commencement OF THE Mt. Vernon Collegiate Institute.

REV. A. E. EWERS,
PRINCIPAL.

Never has the school, during the seven years of its existence, made such rapid progress, as it has since it has been under the present management. The average attendance for the last two years, has almost doubled that of any former years, while the general satisfaction given, both to pupils and patrons alike, has been far superior.

The closing exercises, of the Mt. Vernon Collegiate Institute, were begun, with the preaching of the Baccalaureate sermon in the College chapel Sunday morning, by the Rev. W. A. Isenhardt, of Richmond. The choir composed of Misses Dove B. Letcher, and Mary D. Cox, and Messrs Eugen Mullins, Claud Cox and others sang one stanza of "Praise God from whom all blessings flow," after which Rev. A. E. Ewers offered a very short and impressive prayer. Song, "Consecration" was sung. The scriptural lesson read, was Paul's first letter to the Romans and first chapter, the 16th verse of the same chapter:—"For I am not ashamed of the gospel of Christ; for it is the power of God unto salvation to every one that believeth; to the Jew first and also to the Greek;" was chosen for a text. The Richmond Theologian spoke in part as follows:

"This is the best Paul could say about the Gospel of Christ; he could say it of nothing else; there were other Gospels, but for them he blushed with shame. Everywhere Paul preached, he met the Gospel of the Greeks. Their preaching was a Gospel of Sentiment; the love of the beautiful, which found expression in temple, picture and statue; the civilization built upon their Gospel crumbled into ruin."

"There was also the Gospel of the Romans—a Gospel, but how! As Paul viewed the life built upon this Gospel he blushed for shame of it. He found Roman society rotten to the core. These Gospels are still preached, but the fathers of Rome and Greece ought to make us realize, a civilization built upon any other Gospel but the Gospel of Christ, is doomed to fall."

"There are other Gospels preached to-day, of which, we ought to be ashamed,—the Gospel of Christian science, that as pain is a delusion. To be all mind so as not to feel anything anywhere, but have a mind like the lobster, which has no mind. The Gospel of Sentimentality, that children are little angels; to allow a child to follow his impulses, thus allowing the natural development, assuring just that character God intended for each particular one. The Gospel of Dowdism, which is but food for the gulls. The Gospel of agnosticism, a know-nothingism, which would lead to intellectual suicide. The

Gospel of Indifferentism, which would take God from His Throne, and break down all distinction between truth and error; good and evil; love of God and love of self; Heaven and Hell. The Gospel of Spiritism—the practice of re-embodiment, denying the offices of the Holy Ghost, to lead unto all truth and its ending to apparitions made up by some hair brained medium. These are not the Gospel of Christ. They will lead to eternal shame. The Gospel of Christ alone has in it the power and it alone will lead to eternal glory." The quartet, Misses Cox and Letcher, and Eugene Mullins and Claud Cox, sang, "Gently Lord, O Gently Lead Us," after which the benediction was received.

MISS ANNA E. THOMPSON,
SALUTATORIAN.

Is an exceedingly beautiful, bright and attractive young lady, and her oration, "Out of Tune," was well written, nicely delivered and greatly enjoyed.

Tuesday night came the Primary entertainment, the first of which, was a chorus sang by some twenty five or thirty girls. A marching song, "Our Heroes," by the boys came next and each one performed his task well. Those who took part were: Robert, Hoyd, Ray, Scott and Louis Miller, Miller McGee, Jake Williams, Sam Prewitt, George and Russel Proctor, Ice and Rob McKenzie, Jammie Thompson, Ben Griffin, Fred Baker, Elzie Coffey, Charley Eddan, Logan Taylor and Charley Prewitt, color bearer.

LEE CHESTNUT,
VALEDICTORIAN.

Mr. Chestnut is one of Rockcastle's newest and most energetic young men, and the honor won, is truly the valedictorian of his class, is a deserving claimant.

Sadie Richards' rendition of "A Busy Woman" was excellent. The last, a Conto, "A Dream of

Fairy Land," was played by the following girls:

GOOD FAIRIES.
Lela May Lovell, Sadie Richards, Margarite Fish, Lena McClure, Kitty Poynter, Allie Honk, Annie Davis, Annie Coffey, Bulah Smith, Cora Griffin.

EVIL FAIRIES.
Bessie Sparks, Mary Honk, Bessie Mullins, Hamie Estes, Bernice Landrum, Argie Townsend, Jennie Davis. The "Orphans" were Anna May Miller and Margarite Lovell.

WILLIAM H. KRUEGER.

There probably has never been a boy gone through the Institute, who has worked harder and made a more rapid improvement, than has young Mr. Krueger. In the debating society, his efforts have been very encouraging indeed. He will enter Central University this fall.

Wednesday night, the Junior entertainment, a comedy, "The Wild Man from Borneo" in three acts; Borneo B. Binns—A Tropical Bizzarzo from the South Seas,—James Pennington, who is very wealthy, and gave a monthly allowance to Fred Bunn,—his down trodden nephew—(Cassie Sutton) who had married, Olive, a beautiful county

girl (Miss Mae Magee) but had to keep it a secret from his Uncle in order to continue to get his monthly allowance. Capt. Lefton Wright, (Eugene Mullins) Late of the Philippine Army, to help his old friend, Fred, out of trouble tells Borneo, that Fred's wife is his wife, which causes trouble with his lover Lizzie Dayton (Miss Annie Thompson), but finally Peter, (Claud Cox) the sleepy servant, tells it all, how the scheme was worked, and the blizzard soon ends and all are happy. Jake Gentry, the wild man of Borneo, looked all that he was supposed to be.

If the administration is looking for a Senatorial hangman it has one in Fred Funston who would take pleasure in the job.

JAMES G. PENNINGTON.

Who is recognized as one of the best students in the class and finished course a year earlier, than the other members, He will go to Louisville Medical College and take a course.

HOLDS UP A CONGRESSMAN.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from over-work, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by all druggists.

It is just possible that Secretary Shaw was mistaken when he said that the sentiment of the people of this country favored a centralized government. We do not believe that the republicans who have for forty years been centralizing the U. S. government represent the real sentiment if a majority of the people.

(By Editor.)
King's handling of the Irish question is the King's Republic.

Reciprocally on Cuban Republicity to be of the knock-down variety.

The Senate committee on Cuba is trying to find out who owns the present stock of raw sugar in Cuba.

Boss Hanna is finding that committee of coal miners harder to handle than the whole republican party.

Secretary Root and informant Reeves left Havana at the same time for the U. S. but not on the same boat.

Senator elect Gorman has been invited to deliver the commencement address at Eriksville College, Due West, S. C.

Senator Carmack's picture of "Teddy" and "Freddy" was a gem of its kind, even if it didn't please our republican friends.

Kansas is bound to have a hot time occasionally, if a town has to be burned to make it. Herkimer furnished the last hot time.

King Eddy is returning to his old habits. He visited a London Music Hall the other night. He'll be opening a little game next.

Mr. Roosevelt muzzled Fred Funston too late to save him from the most severe castigation ever given an army officer on the floor of the Senate.

Even after Mr. Bryan has said that under no circumstances would he again be a Presidential candidate above him continues in certain quarters.

Officials of the German steamship lines are trying to make the Germans believe that they took J. Pierpont Morgan in, instead of being taken in by him.

Mr. Roosevelt says the Senate must act before adjournment on the Isthmian canal; Senator Hanna says there must be no action. Which of them has the most pull with the Senate?

Secretary Shaw must have furred the nerves of a great bunch of carping hypocrites when he declared that it was commercial selfishness that caused us to go to war with Spain over Cuba.

That many Cubans think the principal reason for allowing a government to exist is that it may be looted is shown by the claim for pay for service in the revolutionary army of 70,000 men. Had the revolutionary army at any time been half that big it could have swept every Spaniard off the island without any assistance from us.

Postmaster General Payne has a speech on "The Men of Our Times" left on his hands. It was prepared for delivery at the Pittsburgh Grant birthday banquet, but those before him spoke so long there wasn't time.

At any rate, the administration is not now disputing that Filipinos have been cruelly and inhumanly treated by American soldiers. About the time the people vote it is of no power it will probably cease to be the utter failure of its entire Philippine policy.

It will be months before it can be known whether the administration is fighting or bluffing the Beef Trust, in the Federal courts, but the democrats in Congress have asked the republicans to join with them in bringing the trust to its knees at once, by repealing the duty on imported meat.

REPAIRED ELEPHANT'S TAIL.
Clever Work of Cincinnati Surgeon Avoids Amputation.

One of the neatest cases of surgery ever attempted was satisfactorily accomplished the other day by Dr. M. E. Carter, a graduate of the Paris College of Medicine, and also a graduate of a famous veterinary school in France.

Recently, King, the famous Hag-back riding elephant, which has been imported recently from Germany by the Sells & Downs Show, seriously mashed his tail.

The massive doors of the elephant car are frequently oiled to allow of their easily opening and closing. Without and warning the other night when the show was loading the elephant car was struck by a portion of the circus train. King's tail was caught by the door when the concussion closed it, and the poor animal's appendage was horribly bruised for about five inches.

Amputation was thought necessary, and the services of the Cincinnati surgeon were imperative. In the meantime King allowed the wounded member to be bandaged and silently went through his performance until the arrival of the doctor. The fractured tail was soon repaired and the knife was not used.

King still munches his hay and receives small invoices of peanuts from the boys and girls and sets up with great pleasure at the regular performances. The celebrated herd of which King is the leader, will be seen with the great Sells & Downs Show at Stanford Monday May 5.

WORLD WIDE REPUTATION.
White's Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it naturalizes the acidity or sourness of the stomach, improves their digestion and assimilation of food, strengthens their nervous system and restores them to health, vigor and elasticity of spirits natural to childhood. CURES WHEN DOCTORS FAIL.
Mrs. Frank Chasson, Patterson, La., writes June 3rd, 1901: "I had malaria fever in very bad form; was under treatment by doctors, but as soon as I stopped taking their medicine the fever would return. I used a simple bottle of Herbine, found it helped me. Then I bought two bottles, which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c. bottle at all druggists

Dud McClure is no better at this writing.

Dr. Wade Graves, the patent medicine man of our town, has laid in a new supply.

Rev. James Barns failed to fill his appointment at Mt Pisgah Sunday, owing to illness.

Uncle Life Chidder, our lead-fisherman, has done but little good this spring. He dug all last week and found no fish bait. The dry weather has cut him sore of his game.

Rev. H. T. Williams failed to fill his regular appointment at Blue Springs Sunday. Rev. Melvin Wallen conducted the services and asked the good people to organize a Sunday school at this place.

What is the use to say, a fellow ought not to marry until he is about forty, and if he would not marry at all it would be better for him; after he has kept company with most of the fair sex of his country and boldly attempted the same feat with the remainder?—None.

Lee Roy Barns, in burning off his new ground on the 22nd, set the fire get out, which burned about 500 pannels of fence for Wash McClure and some for John (Jake) Barns. On the day following J. W. Kirby was guilty of the same offense, but he so mercifully deplored the aid of Providence, and by the help of his friends, the fire was stopped before much damage was done.

COMMENCEMENT

[CONTINUED FROM 1ST PAGE.]
A large and appreciative audience was present last night; to witness the last of the commencement exercises. Each of the graduates acquitted themselves not only in a way that reflects credit upon themselves, but also upon the institution of learning from which they go forth. Dr. W. C. Roberts, President of the Central University, delivered the class address, and nothing only something good could fall from his lips.

In the absence of C. C. Williams, President of the Board of trustees, the diplomas were presented by Judge R. G. Williams, who is also a member of the board. Rev. A. E. Ewers presented the prizes, a list of which and to whom given, will be found in another column, after which he made a few remarks as to what the progress of the school for the past year had been, and what he hoped to make it in the future, and with the one announcement, that school would open the first Monday in September. Dr. Roberts received the benediction and the school was closed.

NARROW ESCAPE.—Just as Mr. W. J. Sparks was approaching his rock quarry Wednesday morning, probably some two hundred yards away a blast was let off, throwing a rock, of fifteen or twenty pounds, striking the horse which he was riding just below the knee, breaking its leg, as a result of which, had to be killed. Mr. Sparks saw the rock coming some twenty or thirty feet ahead but thought it to be much lower than it was, and that it would hit before it reached him, but to have gotten out of the way, would have been an impossibility. The horse, which Mr. Sparks lost, could have been sold for \$100 to \$125.

The Lincoln County Telephone Company has been organized at Sassafras where they recently purchased a franchise. The organizers are local men of influence and push. A first class exchange will be put in and the latest and best improved instruments will be used. Lines will be built throughout the county and connections made with other independent systems of the state. Work has already been begun on a metallic circuit to Lancaster, which will be in use by the 15th. H. J. McRoberts is president, J. M. Alverton secretary and Tomps Cooper treasurer. With such men at the helm there is no room for doubt, that the Bell monopoly will discover that they have opposition. The monopoly has begun to observe the "hand writing on the wall" and is already offering inducements which they have persistently refused to extend before the independents entered the field.

Elder W. H. McGarvey, of Richmond, has accepted a call to the pastorate charge of Pond Church, Madison county.

Our Level Green, Pine Hill and Wildie correspondents will please pardon us for omitting their letters this week, but lack of time and space is the cause.

Miss Mitchell will continue with the primary room at the college one month longer, Miss Letcher left for her home in Richmond last night and Miss Cox will go to Danville today.

Rev. Hartsfield's subject at the Christian church Sunday morning: "Righteous Judgement." Night, "The Christian Hope."—At Purcell schoolhouse at 3 o'clock; "Value of the Soul."

OIL NOTES

A California company is buying leases in Lincoln.

The Mt. Vernon Oil Co. has closed some important deals.

W. H. Traylor, of Lincoln, will sink a well on his place at his own expense.

Representatives of eastern capitalists are here leasing lands and buying leases.

Oil interests are now being pushed in thirty or more counties in Kentucky.

Kentucky will be the best oil section in the United States within next few years.

The Danville Oil Company has struck a good flow of oil at McKinney, Lincoln county.

The Pioneer Oil Co. are erecting their machinery between Lily and Fariston, Laurel county.

Work on the Copper Creek well near Conway, this county, will be resumed at an early date.

The Green River development company has resumed work on their Green river well in Lincoln.

The Mt. Sterling Oil and Gas Co. are making preparations to commence putting down a well on A. W. Stewart's farm near Wildie.

John Wages, of Knox county, who got \$25,000 for his farm on which the gas-bushers are located, will likely buy a farm down in the Blue grass.

Rockcastle is now surrounded by oil wells, to the west, south and east, with work going on to the north of it. We are right in the midst of the big oil lakes.

If there are yet doubting Thomases, we would advise them to hide out, before they are drowned by being swept away by a Rockcastle gusher. Its a comin'.

Those wishing information of Rockcastle county, should address either the Mt. Vernon Gas and Oil Co., or the Rockcastle Mutual Oil and Gas Co., Mt. Vernon, Ky.

The Rockcastle Mutual Company have ordered timbers for a derrick, etc., to be placed at their first well on the Fred Hahn farm near Freedom church, four miles southwest of this place.

Those desiring a large map of Lincoln county and its oil fields, can get same by sending \$1.50 to Lincoln Democrat, Stanford. Knox county map for sale at \$1 by L. D. Sampson, Barbourville.

L. D. Sampson's Barbourville News and Kentucky Oil Journal are proving veritable Sansone in the mineral cause in our State, especially the mountain portion thereof. Write for sample copies.

The oil well put down on Poland place near Lynchburg, Garrard county, about 1866, is looked upon as being in good territory and has been leased by a northern company who propose to develop it.

Lewis county is putting down wells. Cumberland county is at work. Martin county has resumed operations. Bath county is bringing in wells. Madison county is drilling. Pulaski has wells, so has Lincoln and Casey, while Wayne county is fairly swimming in grease.

The "cheapest and best," the Interior Journal, mentions the following strong team who have organized the Lincoln Oil, Gas and Mineral Company: J. H. Baughman, A. T. Naudy, Harvey Helm, W. H. Warren, M. S. Baughman, Wm. Bright, Will H. Shanks and W. B. McKinney. This company has contracted for putting down three wells a short distance east from Stanford, near the Baughman well.

Joe F. Waters' Lincoln Democrat of last Thursday, was so highly impregnated with oil that it was dangerous for a person to bring matches within yards of it. Many other good things were in its columns, consisting of valuable and interesting matter which people love to read.

Some forty years ago, Willis Griffin who lives in this place, drilled a well within two hundred feet of where he now resides. On reaching a depth of 25 feet he struck oil; plugged up the hole and abandoned it as useless. William Smith, living in north part of town, dug a well in his yard last summer and its waters are so impregnated with oil that neither man nor beast can use it.

The old Smith well is located on West Fork Skaggs creek, near Bullock's mill and is now some 35 years since by Oil Jim Smith, a progressive Ohioan, who located in this county; is still flowing oil. The territory has recently been leased and the well will be drilled to a greater depth, or a new one put down, when it is expected that a large flow will be struck, after going but a short distance further down.

There is no denying that these are "prosperous" times for those rich enough to get into the trusts, but the wage-earners, who have to pay more and more for the necessities of life, owing to trust, greed, do not find them so.
The doctrine that high prices make good times will never be generally accepted until the high prices include labor.
SPRING AILMENTS.
There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it; secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. Price 50c at all druggists.

CRAB ORCHARD.
Miss Lizzie Carson is visiting in the glades.
Mrs. N. J. Hutchison, of Rowland, is visiting her son, Chris.
Mr. and Mrs. Grove Cook visited Mr. Geo. Fatten's family Sunday last.
Jo Payne, who is attending school at Harriman, Tenn., is reported sick.
Mrs. Egbert has rented her dwelling house to James Manuel, reserving rooms for herself.
Geo. W. DeBord is in Texas attending the Confederate Veteran's reunion, and visiting relatives.
Crab Orchard is going to have a new roof on her jail. It will then be ready for another fire, as twice some inmate of the jail has set it on fire.
Mrs. Dr. Black, of Knoxville, Tenn., has returned to her home, after spending several weeks pleasantly with her mother, Mrs. M. E. Fish.
Nick Tankersley, of Garrard county, living about four miles from here, was adjudged insane about two weeks since and sent to the asylum at Lexington.
Mr. and Mrs. Gaines and little daughter, of Lancaster; also Mr. and Mrs. Wilhoit and little girl, have been visiting Wm. Stuart, father of the above named ladies.
Dr. Petzold, of Ottenheim, lost his house and all out-buildings by fire, on the 24th of the past month. He and family were spending the night away from home. The fire must have been the work of an incendiary, as the family left no fire in the house.
A married woman and mother of two children, the youngest not two years old, came to this place on the 23rd of April; left her horse at the Beasley house, got on the train without buying a ticket, and went toward the mountains. An M. D., of the same neighborhood, left two days before the woman, saying, he was going to attend the lectures at Knoxville, Tenn. They were both heard of at Williamsburg. It is supposed they are living together, as their names had been scandalously connected by "madame rumor" for over a year. Both families have the sympathy of the surrounding country, as they are good people. The Dr. also left a wife and three children.

There was an interment in the Crab Orchard Cemetery, on the 23-24 and 25 of April. John Cruise, a colored boy, being the first.—Old and Barbara Miller, an ex-slave, the second.—The third one was Clara V. Singleton, widow of Harry Singleton, who preceded her some fifteen years. Mrs. Singleton spent her whole lifetime; something over eighty years, in and around Crab Orchard. She was for forty years, a milliner here; most of the time the only one in the place, and women came for miles, even from adjoining counties, to buy their head dressing from her. There are many old mothers, and even grandmothers now living, who remember buying their first "fine bonnet" from aunt Clara, as she was familiarly known for years. She left no near relatives and had lived for several years with two old people (brother and sister) by the name of Adams, distant relatives of her.

Let it Alone.
Scott's Emulsion is not a good medicine for fat folks. We have never tried giving it to a real fat person. We don't dare. You see Scott's Emulsion builds new flesh. Fat people don't want it. Strong people don't need it.
But if you are thin Scott's Emulsion is the medicine for you. It doesn't tire you out. There is no strain. The work is all natural and easy. You just take the medicine and that's all there is to it.
