MR. HEARST AS A PRESIDENTIAL CANDIDATE.

Mr. Hearst and fellow peacemaker... I was much gratified in the composition of the editorial... I was much gratified in the composition of the editorial.

Why a man of Mr. Bryan's good sense and good morals should support Hearst is a mystery... Why a man of Mr. Bryan's good sense and good morals should support Hearst is a mystery.

It is all very well for the arm of the law to be in the hands of the law... It is all very well for the arm of the law to be in the hands of the law.

No more conspicuous example of such a man can be offered than William R. Hearst... No more conspicuous example of such a man can be offered than William R. Hearst.

when he lay in the cradle. As a newspaper owner, he has simply had sense enough to leave to others what he could not do himself.

We come to the last question. What are his good qualities? We really unable to answer this, for Hearst has yet to answer it.

In summing up the situation we find no better than what from an editorial which appeared recently in Collier's Weekly.

'Grit' is precisely what Mr. Hearst most lacks. He is as cowardly as any tricky agitator of the masses.

Had Mr. Hearst served his God and his Country with half the zeal that he has put into his religion, he would not now be left with his enemies, so vulnerable and accessible by those who desire to preserve our Constitution.

Now, Eddie, my boy! Go home, right over your chair, and go out into the back yard, yep, even into the garden, sit down where the moon beams fall upon you and breathe in the fresh, pure air from Heaven.

What have you to offer a bride? I have \$14,000,000, establishments in every city of the globe, three steam yachts, thirty-eight automobiles and a boundless love.

What is written of the Son of Man? Jesus reminded the disciples that not all the prophets had thought of the deliverer as the sort of mortal popularity expert.

The biggest interest comes from what we can do for God. You cannot do God's work with the devil's wages.

There are many kinds of Christians, but only one Christ. There can be no living Christianity without a living Christ.

THE SUNDAY SCHOOL

Lesson in the International Series for April 17, 1904—Jesus Teaches.

THE LEBBON TEXT. Mark 2:1-12. And after all these Jesus took with him Peter, and James, and John, and led them to a high mountain peak by themselves.

And Jesus became thinking unto himself, and said: as an officer with can write books. And he turned unto them and said: What will ye take with you? And they said: We have taken with us five loaves of bread, and two fishes.

And Jesus said: When they had looked round about, they saw no man any more, save Jesus only with those whom he brought. He vanished from them from the mountain.

And Jesus said: When they had looked round about, they saw no man any more, save Jesus only with those whom he brought. He vanished from them from the mountain.

Jones, of the Stanford Telephone Exchange, tells us that beginning May 1st, the rate on phones will be raised to \$2.75 where county service is given, but for those who only get town service, the rate of \$2 will be continued. Some two years ago when Mr. A. H. Bastin, of Laurester, contemplated the putting in of another exchange here, the Stanford exchange adopted the plan of giving county service free. Unfortunately Mr. Bastin, did not carry out his intention, for had he done so it would have probably never been thought of. Truly competition is the life of trade. - Interior Journal

TWO KILLED - In a shooting affray at Lebanon Junction Wednesday afternoon, Town Marshal Price Haley and John Rowzee were instantly killed and John Gentry was slightly injured in the thigh. The shooting occurred on the front verandah of the Stark Hotel just across the street from the L. & N. Depot. Bad feeling had existed about a month ago, when the marshal, it seems, threatened to arrest Rowzee for some shooting that had been done in the street that night, but had passed without any serious trouble. Charles Martin, an L. & N. workman who was with Rowzee on the former occasion left Lebanon Junction and came to Mt. Vernon where he has been undergoing a course of treatment. Wednesday he returned to the Junction and had only been there about forty minutes when the trouble occurred. Haley went to the Stark hotel where Martin was stopping and demanded his surrender, whereupon Martin inquired by what authority and the marshal not having or failing to show the warrant, Martin insisted that he was not the man and then it was that the bar fight demanded him to throw up his hands. At this point Rowzee interferred by pointing a revolver at Haley, who it is claimed shot Rowzee in self-defense. Just before this Haley deputized John Gentry, a fireman, to help him make the arrest. A great number of shots were fired and Haley and Rowzee fell dead within a couple of feet of each other. After Martin and Gentry had emptied their pistols at each other, Gentry left for home and Martin retained his pistol and pursued him firing at him several times. Rowzee and Haley were shot twice and either of the shots would have proved fatal. One of the shots which struck Haley was fired by Martin. All four of the men were formerly of this county. Martin Surrendered and is now in the Sheriff's jail.

WORLD'S FAIR KANSAS TOURIST FACILITIES.

Street Railroads will carry hourly over 35,000 passengers and Street Railways more than 30,000 to and from the World's Fair grounds.

The railroads of St. Louis are perfecting a shuttle train service between Union Station and the World's Fair grounds that will handle approximately 30,000 people an hour in each direction. Tracks in Union Station and at the World's Fair Grounds will be set aside for the exclusive use of this traffic. The trains will consist of ten cars, each with a seating capacity of 100 passengers. By running on a 1.250 feet block system, the trains will be enabled to run one minute apart with safety.

In addition to this shuttle train service, through passenger trains will be handled, accommodating from 20,000 to 30,000 people an hour.

The street car companies will operate seven double tracks from the city (in addition to two from St. Louis county) and claim that they will be able to handle 5,000 passengers per hour on each line.

A conservative estimate of the minimum number of passengers that may be handled from the city to the World's Fair Grounds is 10,000 and hour.
