Should the voters see proper to honor him with their support, they will most assuredly never have any cause for regret for having done so.

Let there in 1866, yet fond memory loves to linger over the old scenes and familiar faces, many of which are hid from sight beneath the sod. A PERFECT PAINLESS PILL is one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pills for doing such work pleasantly and effectively are DeWitt's Little Early Risers. CREATION

Refreshingly cool and restful, the waterfall in front of this masterpiece. You take a boat and as you sail, scenes in Egypt, Japan, the Holy Land and our own western country pass before you until you are landed at the entrance of the cool grotto through which you are guided and see many scenes of prehistoric and historic interest. As you ascend to the revolving platform surrounded by a lagoon 30 feet wide filled with waterfowl, seats are provided and the visitor can sit and rest and enjoy the beautiful picture set before him. Having rested you take one of the illusion boats and as the scenes of the various countries pass, you realize why they are called illusion boats. You cannot tell whether the scenery is moving or you are skimming over the lagoon in a beautiful boat. You hear a call "This way to Creation" and you go with the rest into the Blue Dome, the largest in the world. The auditorium seats 600 people comfortably. Electric fans of every angle keep the audience comfortable as the scenes roll rapidly through the six days of Creation. Chorus—"Let there be Light," the ball of fire, clouds, lightning, volcanoes, the sea, formation of land, the peaceful sky with fleecy clouds, the flowers of the forest, the fowls of the air, the beasts of the field and the fishes of the sea, Adam and Eve, and finally the peaceful Sabbath." The production from the front to the last scene is the most beautiful and effective on the World's Fair Grounds.

THE DEEP SEA DIVERS.

The Deep Sea Divers give an object lesson in a business little known to the general public. We read of divers and their work, but realize only faintly the methods and the dangers of it. At the World's Fair Grounds, St. Louis, Mo., on the Pike the work is exemplified in a large glass tank holding 170,000 gallons of water. Here the diver puts on his suit which is filled with water tight shoes weighing 25 pounds each, lead belt weighing 150 pounds and a brass helmet weighing 30 pounds. He descends

into the water in full view of the audience, air being supplied by a triple expansion pump. Life lines and all paraphernalia such as are used in the active service are used here and one sees the real diver at work in real water. It is interesting and instructive to both young and old.

JUDGE ALTON B. PARKER was formally notified Wednesday of his nomination as the Democratic candidate for President. In a statement made by the Judge, the country is put at ease as to his position on the money question. In speaking of the money question, he said: "I want it thoroughly understood throughout the country, so understood that misunderstanding in the future will be impossible, that I am for the gold standard of currency and that if elected I shall do all in my power to maintain that standard."

If every Democrat in Kentucky would rise in his place and say, "no more snap-judgments in Democratic conventions, State, county, municipal or district," what would become of Cantrill and Gilbert?

The appellate convention at Lexington was rather a disgraceful affair, yet, it was not half as bad as some of the yellow journals of the State would have it. It will all come out in the wash.

**POLITICS AND POLITICIANS.**  
W. S. Taylor says he will not take part in the Indiana campaign this year.

Republican campaign headquarters in New York are overrun by applicants for jobs.

Thomas E. Watson, the Populist nominee for President, will be officially notified of his nomination at Cooper Union Hall in New York August 18.

Vice Presidential nominee Davis participated in a Masonic ceremony laying at Atkins, W. Va.

The Hon. James N. Kehoe has been named as the Kentucky member of the Democratic Congressional Campaign Committee.

The Democratic congressional campaign will be actively inaugurated this week by Chairman Cowden of the National Congressional Campaign Committee.

John W. Kern, of Indianapolis, after smothering a vice-presidential boom at St. Louis, steering Thomas Taggart to the Chairmanship of the Democratic National Committee and receiving the Democratic nomination for Governor of Indiana, is resting at Lake George before entering the campaign.

John D. Carroll has addressed a letter to Chairman McQuown, of the Democratic State central committee, setting forth the circumstances of the appellate district convention, which resulted in the nomination of Judge Cantrill, and asking the committee to review the action of Chairman Lee.

Former United States Senator Wm. Lindsay, of Kentucky, now a resident of New York, in a letter to Hon. James C. Sims, of Bowling Green, states that he is for Judge Parker for President and in sympathy with the entire democratic platform. He will speak in Kentucky during the campaign.

In a lengthy statement Chairman Cowden, of the Democratic Congressional Committee, reviews the recent report of Commissioner Carroll D. Wright on "Wages and the Cost of Living," and declares that the Commissioner's statistics are unreliable and have been juggled to further Republican interests.

Chairman Lewis McQuown has issued a call for the Democratic State Central Committee to meet at Frankfort next Saturday to consider the action of the Lexington convention in nominating a candidate for Judge in the Fifth Appellate district and to determine the manner of nominating a candidate for Circuit Judge in the Eleventh district.

Judge Parker's resignation as chief justice of the court of appeals has been filed with the secretary of State. This will enable the issuance of the necessary orders to bring about the election of a successor to Chief Justice Parker this fall for the full term of 14 years in lieu of an appointment by the governor for one year if the resignation had been delayed until after August 10.

Mississippi is to have a negro candidate for Congress, A. C. Pierce a negro Republican, having announced his candidacy against B. G. Humphreys, the present Congressman from the Third Mississippi district, in good, gray, law, fetes, etc., give an occasional failure. Some people think the preacher is the "hired man."

A good many preachers depend on the "hired man" to invent a plan to raise a crop, of cash while themselves are out on a limb.

I knew a good preacher that preached two sermons each Sunday evening, the first during the day, the second during the night, and the third during the night.

A hard of a good old colored preacher whose sermons were afraid he would "kill the church" by two many collections; he replied, "Bredrin, when Ise hear ob a ch'ch dat a broke his back an' killed itself a fiftin ter many kerlecksahms. Ise a gwine ter trable 'till I find hit; den I want ter climb up on de ole's most kivered roof an' spread out dese 'ob' an' an' hit up dese. fall in 'evs' aloft towards heben an' 'Blessed am de deatid die in de Lamb.' Hallelujah! Ise neber gwine ter fin' hit, suh!"

**Indigestion Causes Catarrh of the Stomach.**

For many years it has been supposed that Catarrh of the Stomach causes indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membrane lining the stomach and expose the surface of the stomach, causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

**Kodol Dyspepsia Cure**

relieves all inflammation of the mucous membrane lining the stomach, protects the surface, and cures bad breath, sour flatulency, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.
