McKee (Jackson County).

Traveling salesmen, Jas. Collier and John Lear, were here this week.

We have been having some good, refreshing rains after a long spell of dry weather.

A special term of court begins here the 22d of August, to try the case of J. K. Halcomb.

The excitement over the election has subsided at last, both sides claiming it. This County gave Hunter 83 majority over Edwards.

The trustees of the town here have appointed J. R. Llewellyn as Police Judge to fill a vacancy until the next election at which one can be elected, the people look for quieter times in McKee.

McKee is taking a rise; it already has two lines of telephone, one to Glasgow, Bernabach, the other to Berea. It has an academy already started, and a banking company has bought property of W. H. Clark and are going to erect a bank building at once. So McKee will probably have a bank in two months.

A small strip of land in the town of McKee was some time ago sold at the rate of \$24,200 per acre. It came about in this way: George C. Moore purchased a house and lot adjoining the lot of W. H. Clark and it was found that M. A. Halcomb who built the house had the foundation of the house on the edge of his lot and let the excavator over on W. H. Clark's inches. Clark was going to cut off the excavator and force Moore to the excavator, but Moore was unwilling to do this—18 inches wide and 30 feet long—for the price of \$25,000. Mathematicians say that was \$24,200 per acre. Moore ran up against his sweet once in life.

A PERFECT PAINLESS PILL.

It is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pills for doing such work pleasantly and effectively are Dr. Witt's Little Early Risers. Bob Moore, of Lafayette, Ind., says: "All other pills I have used griped and sicken, while Dr. Witt's Little Early Risers are simply perfect." Sold by Mt. Vernon Drug Co.

JOE WOOD.

The middle in the Eleventh district is something interesting to stand by and watch, especially from a Democratic standpoint. According to the returns from the primary of Aug. 9, if matters were nominated by over 1000 majority, but Dr. Hunter claims fraud in Bell and Harlan, and with an honest count, that he is entitled to the nomination by 281 and that the certificate will give him the nomination. On last Tuesday when the district to certify the nomination of the successful candidate, the Hunter men failed to appear but notified the Edwards men that they would meet at Middleshore the next day and canvass the returns. Edwards seeing that there was something in the wind, had issued a restraining order, prohibiting the Republican Congressional Committee from certifying to the nomination of Hunter. The Edwards men organized

at London by electing Dr. Moss, of Williamsburg, as chairman. The matter will eventually be settled in the courts.

Commenting on Judge Parker's notification speech, Mr. Bryan said: "It is desirable on the questions discussed. I hope his letter of acceptance will go more into detail in regard to certain planks of the platform, especially upon the labor question. His indorsement of the party's position on imperialism is especially gratifying. That was the paramount issue in 1900, and it must remain a question of the first importance until definitely settled. His discussion of militarism and the military spirit will do great good."

"The promise not to be a candidate again ought to strengthen public faith in his determination to discharge the duties of the office with an eye single to the public welfare according to his best judgment. The reasons that he gives for his determination not to be a candidate again in case of success are the reasons which influenced me to make the same promise, and I believe that they will commend themselves to the country at large. "This declaration ought to be especially gratifying at this time, when he is presented as a candidate against a man who so openly and notoriously uses the influence of his office to advance his own political prominence. The example of Mr. Roosevelt working for a second term will give importance to Mr. Parker's declaration not to be a candidate for a second term."

HON. HARVEY HELM has announced his withdrawal from the race for Congress, which now leaves fight between Col. Dan Moore and Hon. G. G. Gilbert. As our favorite is out of the race, we have nothing more to say more than that we will, when the time comes to vote, cast our vote as we think best and we hope every one will do the same.

POLITICS AND POLITICIANS

W. J. Bryan has agreed to deliver several speeches at points in Southern Indiana during the campaign. Several prominent lawyers of New York, including the Hon. John G. Carlisle, have organized the Parker Constitutional Club with a view of aiding the candidacy of Judge A. B. Parker for the presidency.

In Maryland two brothers are opposing candidates for Congress. Fix-Gov. E. E. Jackson has been nominated by the Democrats and his brother, W. H. Jackson, by the Republicans. The latter now holds the place, but the Democrats are confident of winning.

Senator Fairbanks will tour the country in the interest of the Republican National ticket. He will first appear in the Kansas State campaign and then proceed East, after which he will go to the far West. Secretary Shaw will also make a number of speeches in the interest of the ticket.

An agreement has been reached by the Democratic leaders in New York relative to the conduct of the campaign. The National Committee will not interfere with the State Committee in the State, and neither State nor National Committee will interfere with the work of the regular Democratic organization in New York City and Brooklyn.

The Democratic State Central Committee met at Frankfort Saturday and by a vote of five to four adopted a proxy rejected that would have made the vote a tie, decided that the committee could not reverse the action of the Lexington Convention and that Judge Cantrell's nomination for Appellate Judge was valid. Judge Carroll and Judge Saffley each made a speech in which they accepted the decision in good faith and pledged their support to Judge Cantrell.

While it is not our sav, "The News always desires to see everything done for the best of the party, whether local, State or National, therefore we would suggest to Democrats of the Eleventh Congressional District that they select a man who will poll the most votes in the coming election and that, notwithstanding the large majority to face, will be able to win over the district. Such a man can be found in the person of the Hon. Geo. Stone, formerly of Casey, but now of Vernon county. He is an Al Democrat, a splendid type of the best manhood of the State, an able and brilliant lawyer, a fluent and

eloquent speaker and if given the nomination will make a winning race.—Danville News.

In the year 1903 no less than 7,000 persons died from consumption in Illinois. Most of these were between the ages of twenty-five and fifty years, and it is estimated that the loss to the State each year by reason of this disease amounts to \$36,000,000. It has been determined that climate does not cure consumption, and that one way to improve conditions for a higher physical standard. A State hospital for the treatment of consumption is proposed.

After a long period of evasion on the part of the Sultan of Turkey, the satisfactory solution of the American school questions and other matters is now being arranged at American Schools in Turkey will hereafter be accorded the same treatment that is accorded to schools under the same protection of other Powers. Sunday morning's sea fight in the Straits of Corea was between the Vladivostok squadron and Admiral Kamimura's fleet, and resulted in a victory for the Japanese. The Russian armored cruiser Rurik was sunk and two other cruisers escaped to the north, heavily damaged. Reports indicate that the Japanese army around Port Arthur is being heavily reinforced, and it is said that the Mikado has ordered the capture of Port Arthur even at the cost of suspending operations in the Man-hurian campaign. The Caravelik, which was at Tsingtau, probably will be dismantled, and the Askid, which is at Shanghai, will require ten days' repairs before she is seaworthy. Rains have put a stop temporarily to the Manchurian rail operations.

SCRAPS.

The cooper's boy defined "nothing" as a "dunghole without a barrel round it."

Many a man who is anxious to reform the world has a gate that is hanging by one hinge.

A French lady, on her arrival in this country, was careful to eat only such dishes as she was acquainted with, and being pressed to partake of a fish new to her, she poured the smallest quantity of it into her mouth and said: "You I eat only my acquaintances."

"Oh, my dear, healthy baby, and the neighbors say he's the very picture of me."

O'Grady looked at Pat, who was not built on the lines of a prize beauty. "Oh, well, what's the barron, so long as the child's healthy?"

To insure promptness was the written reminder over a collection box for plain coin, to be divided among the servants, in an old English tavern. For the sake of brevity it became common to use the initial letters of the words, the origin of TIP.

A school inspector, explaining to his class that the land of the world was not continuous, said to the boy who happened to be standing nearest to him: "Now could your father walk the world?"

"No, sir," was the prompt reply. "Because he's broke his leg," was the thoughtful unlooked-for response.

A Scot who visited an English man he met as a guest and friend on a fishing trip, had a weakness for claiming relationship with all the influential families in that part of Scotland.

One day the Englishman met him on the road driving a pig, and said a little fun.

"Well, Donald," said he, "that one of your grand relations?"

"Oh, no," said Donald, quietly. "This is just an acquaintance—like myself."

He worked them. "Do you have many church workers here?" asked the traveling missionary of the landlady of the Bowersville Hotel.

"Never but one that I remember," answered the landlady, crossing his legs and throwing a quid of tobacco at the cal. "That was a fellow that got the Main Street congregation to guarantee him \$500 for a perdition of some religious drummer, an 'seduced' to procure for him the first train to Cincinnati."

THE CARL HAGENBUCK TRAINED ANIMAL CIRCUS AND ANIMAL PARADISE ON THE PIER AT THE ST. LOUIS WORLD'S FAIR.

The Biblical parable of the lion and the lamb lying down together comes true for the first time in the history of the world at the great Carl Hagenbuck Show on the Pike and on the Terminal Ring at Hamburg, Germany, presents a massive open air panorama when not so much as a musquito netting separates both the man-eating beasts and the creatures of burden from the amazed public. This marvelous scene containing lions and tigers roaming in their native jungle, most of them deer and sheep, is called the Animal Paradise.

The breeder of live stock will be astonished to become acquainted with the hybrid offspring of the horse and zebra. The hybrid of zebra and animals is new to Natural History. Most of these are to be the bite of the dread T-e-t-a-fly and is being used in the German army by Emperor William.

In the arena of the famous circus the Hagenbuck trainers present such thrilling as the tiger riding on the backs of elephants and lions, bears and tigers, feet on rays from the hand of their keeper. Baby elephants slide down a long toboggan into a pool of water and swim like ducks.

In another department of this vast assembly of animal species two monster crocodile camps, of Rowland's magnificent Barbary Tiger and King's Royal Bengal Tiger, make the natural pond upon the possibilities of sciences in the new fields opened by the daring ingenuity of Carl Hagenbuck.

Other departments offer giant pythons 30 feet long, tortoises weighing 200 pounds, including several feet below the shell, and all and giant types of monkey tribe including the largest and finest specimen of the blue nosed mardid in captivity.

A few days ago other animals arrived at St. Louis. The Jo includes the largest elephant mother and the smallest elephant baby.

Not in the history of the world's amusements has such a congress of all species been brought together and it may never be done again. The Hagenbuck exhibition is void of all misrepresentation and is the very first exhibition of the Louisiana Purchase Exposition.

Indigestion Causes Cures of the Stomach. For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Stomach ailments of indigestion inflame the mucous membrane lining the stomach and cause a secretion of mucus which cures the glands to secrete mucus instead of the juices of digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure. Kodol Dyspepsia Cure relieves all inflammation of the mucous membrane lining the stomach, protects the nerves, and cures indigestion, flatulence, and all ailments of the stomach. The chief attraction and the greatest drawing card which the Brodhead Fair has this year, are the balloon ascension and parachute tests of Prof. D. L. Dennis, of Franklin, Ind. Prof. Dennis is one of the best and most daring aeronauts in this country, and the feat accomplished by him yesterday and the day before were meritorious in every particular. The columns of this paper are open to the people of this county who desire to see better roads, and we invite such to write articles urging that good roads be built. This paper stands as the mouthpiece of the citizens of this county and desire to see them succeed, but we have long since realized that they would prosper much more rapidly if we had better highways. Let us all go to work and urge the question of better roads. They can be built and without any heavy expense. We need them and need them badly. They are the foundation for the prosperity of our people. They are the stepping-stone to wealth for our farmers and laborers. Let us have them. Judge David Davis in the following words truthfully pointed out the value of a local newspaper to the community: "Each year the local paper gives from \$500 to \$5,000 in free lines for the benefit of the community in which it is located. No other agency can or will do this. The editor, in proportion to his means, does more for his town than any other ten men, and, and in all fairness, man with man, he ought to be supported, not because you happen to like him or admire his writing, but because the local paper is the best investment a community can make. It may not be brilliant or crowded with more thoughts, but financially more benefit to the community than the teacher or the preacher. Undecided as you are, do not meet morally or intellectually, but financially, and yet on the moral question you will find that most of the local papers are on the right side of the question. To-day the editors of the local papers do the most work for the least money of any men on earth."

Three times the town authorities have had the rubbish, paper, boxes, etc., cleaned off the streets this summer. It does seem that our merchants would have enough pride to keep the streets in front of their places of business clean instead of throwing piles of paper out each morning to be scattered all over town. This is a splendid way of getting the town burned up, by having great piles of paper and rubbish scattered all over it.

SNAP SHOTS (BY SILEX) Conversion is all Revelation, and not an explanation. Stick a pin there. Fault finders never need a lantern to offer to see things to grow and there.

A grumbler is not a critic neither is a critic a grumbler, there is all the difference in the world. Nine times in ten, prejudice is the stool on which the grumbler sits, which he lies his trade. The most inveterate enemy a man has, is the one that is mad at you without cause. The more you do for some people the more spiteful things they will say about you, when you quit doing. But bless de Lawd, sich jabberr an like de cacklin' of de geese. A man gets fame in heaven by a good deed done in secret. A man shows his dependence on God by his diligence for God. When the world becomes serious to a person, they cease to enjoy it; but the more serious religion becomes the more joy there is in it. The devil laughs when he sees a Christian measure himself by the other fellow.

Put a backbone in your sympathy for the unfortunate, by sending some of the substantial of life along to keep it company; it might get lost by itself. The 34th annual session of the Rockcastle Association will be held here, beginning on Tuesday, Sept. 6th, at 10 a. m. State Superintendent of Missions will be present on this day and speak at night. The field marker of the Union Sunday-school work, the Rev. Geubard, of Henderson, Ky., will also be present and assist in the Sunday school program. Messengers and visitors are urged to be present on this day and speak at night. The church here will consider it a great favor that all who think of coming, will send their names to Mr. J. E. Singleton, Livingston, Ky., that they may be given a royal time and provided with a good home while among us. Adjuncting associations are requested to send messengers. Let 'all who will come, "the hitch-string is out," and a hearty welcome is fastened to it.

LAND STOCK AND CROP STRAYED.—A roan cow, dehorned and wearing a small bell, strayed from Brodhead, Aug. 12, has a young calf. A liberal reward will be paid that will lead to her recovery. W. T. EVANS, Brodhead, Ky.
