

LEVEL GREEN

As J. N. Brown is still on the sick list, we'll pen a few items. J. N. Brown lost a fine mare last Monday. Misses Doris Hatcher and Leoma Catron were the guests of Miss May Brown, last Sunday. Other and Robert Catron and Fleming Vanhook were at here last Monday, where they will enter school. J. B. Brown has gone to Lexington to enter K. U. again. G. M. Sower, son of A. C. Sower, will soon migrate to Western, Mo. We dislike to give up such good citizens. Our farmers delivered their suckling milks last Saturday, at Crab Orchard, and they brought very fair prices. Josh Wilson and Mr. Lutes, of Crab Orchard, bought a bunch of nice young cattle from Boone Brothers last from 2 to 3, etc. Thom J. Brown of Orlando, visited his parents last Friday. Thom thinks a teacher's life is a bad one. Dr. Price has bought property at Flat Lick, from Dr. Shelton, and will soon move there. So Level Green (Possom Holler) will be without a physician. This is a good location for some enterprising physician. Buck Varson's hand is improving slowly. He is still unable to use it and it has given him much trouble. Candidates they are two numerous to mention. We have a candidate, P. H. Shuts, for County Judge.

Fox a dog Logan have purchased during the past two months some mule colts and weanlings. They bought for the Eastern markets, all being shipped to Pennsylvania. [Advocate] There was a small crowd in town Monday and business in all lines dull. M. J. Murphy's top, reports 100 cattle on the market. Recordings sold at \$25.50 a head. Very few mules on the market. Paris News. The Gilt Edge stock farm, in Bourbon county, owned by the heirs of the late G. G. White, was disposed of at auction, Monday and brought \$50,235. The farm contains 548 1/2 acres and was bought by the Hon. John T. Hinton for \$41,750 per acre. [Winchester Democrat] Fruit trees averaging from the age of two to five years are generally more infested with woolly aphids than aged trees. A preventive from this disease may be easily mixed and applied. One or two applications of one pound of laundry soap and three gallons water will be sufficient to eradicate the insect. At the opinion that the insect will destroy the pests that damage all crops as effectively as it will destroy the boll weevil, the foe to cotton. Already several colonies of these ants have been introduced in Maryland and are making war upon potato bugs, grasshoppers and other insects. S. K. Coffield, of Lawrenceburg, so our vicinity buying oak timber in the trees at \$20.00 per hundred, popular \$100 per hundred, and white oak \$1.50 per hundred. WILLIAMSBURG.

I regret to report that the Eleventh Congressional district has gone Democratic. Miss Nell Parker has returned home after a month's visit to her sister, Mrs. Geo. Freeman, of Burghin, Ky. Miss Eva Fish, the attractive daughter of Mr. Geo. Fish, of Mt. Vernon, is the guest of her uncle, J. B. Fish, at the Belmont. Miss Stella Tharant, of Lexington, is visiting her sister at this place, and a young man who was never known to sing before, is now singing "Under the Bamboo Tree". About a year ago I reported to the SIGNAL the number of newly widows in Williamsburg. This or something else brought a wealthy widower of Colorado to this place in search of a companion. He looked over the field and made his selection, went home and finished up the courtship by mail. A few days ago he returned and the happy couple were united. Their names are T. J. Stanfill, and Mrs. Nannie Campbell, respectively. They will leave shortly for Colorado the home of the husband. This is the fifth and last week of circuit court. Eight men have been sentenced to the "pen" for terms ranging from five to eleven years. Her and William Young, who were tried in this court and received a sentence of ten years each for killing a man on the Southern road near Pine Knot, were delivered to the Sheriff of Scott County, Tenn., yesterday on a requisition; it having developed after the trial that the fatal blow was struck in the State of Tenn. The judgment of this court was annulled.

CRAB ORCHARD

Jon Chadwick and Heath Willis are in St. Louis. Geo. Vanhook and family are visiting to Garrard county. Geo. Conador is going to Lexington to take a business course. Mrs. Curtis Gover and son Wallace, have returned from the Worlds Fair. Mrs. Martha Collins, of Washington, D. C. is the guest of Mrs. M. L. Harris. Missodora Chapel, who has been confined to her bed for three weeks, is able to sit up. A whopper in the air of a wedding in the near future, will give names after it occurs. Mrs. Geo. Hays, who has been very sick with typhoid fever, is we are glad to say, convalescing. Joe Magee has the thanks of the writer for a splendid breakfast of young squirrels. Hope he'll go hunting again soon. Curtis Egbert, who has been here with his mother for several weeks, has so far recovered its usual health as to think of returning to his business in Chicago. Mrs. Kittie King accompanied her son, Sam, as far as Louisville. He will go on to St. Louis, where he has a position. Mrs. King will return after having in her fall millinery.

Hell Fer Sartin Correspondence of Harlan Enterprise, gives these items: "I went out to catch one of our nabo's hens for dinner a few days ago and returned home with his bear trap hanging on my left hand foot. Bill Bully came over from Cran Crain Neck last week and thought to bully us, but he has been going round ever since with his head in a sing. We took a notion to get spiced a few days ago, and on last Sunday we got our best outward appearances and shambled off to Sam Peck's to see his drummer 82, but Mrs. Sam on us at the drawers with a hockery fire and gave us such a wallop that our spicing courage scattered to the four winds of the earth. We rode our fine Arabian horses over to Pine Hill, Tu sdav, and met up with Hank Peters and a hockery of mountain dew, and got back home Thursday on foot and the central-span of our nose knocked out of place. Aunt Becky never to pay. Sallic Horn a visit Sunday and they got to arguing on Scripture, and when Aunt Becky got heated that night she was hit by a horse. Bill Shanks had the toothache Monday and when he went out to the blacksmith shop to have it extracted he met up with Joe Tompkins and they became involved in a dispute over predestination and Joe knocked the tooth out with a piece of brick. J. Sharp's wife, Kate, met Becky Dall on Main street Thursday and they fell into an argument over Jack, and we had to carry Becky to the potter's field next day, where she was laid to rest without a murmur."

THE STOMACH IS THE MAN.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure digests what you eat, cleanses and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Sold by Mt. Vernon Drug Company.

CHAMBERLAIN'S COUGH REMEDY AIDS NATURE

It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. ABOY'S WILD RIDE FOR LIFE.

BEST FOR THE BOWELS

IF YOU HAD A STOMACH, YOU WOULD KNOW THE VALUE OF A GOOD BOWEL. CATHARTIC. BEST FOR THE BOWELS. KEEP YOUR BLOOD CLEAN.

WHAT'S IN A NAME?

Everything is in the name when it comes to Welch Hazel Salve. C. DeWitt & Co., of Chicago, discovered some years ago how to make a salve from witch hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by the Mt. Vernon Drug Company.

A POWER FOR GOOD.

The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot, of Albany, Ga., says: "During a bilious attack I took one. Small as it was it did me more good than calomel, blue mass or any other pill I ever took and at the same time the effect was pleasant. Little Early Risers are certainly an ideal pill." Sold by Mt. Vernon Drug Company.

WHY IS LIFE?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly re-adjust this. It's gentle, yet thorough. Only 25c at all druggists.

CAUSE OF INSOMNIA.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by Chas. C. Davis.

Louis Landrum, in his latest issue of the Lancaster Record has a sensible editorial

Under the present law

the press is not an editor and while there is not an editor of our acquaintance

M. D. Hughes, an old newspaper man

of Lancaster, is doing some splendid write ups for candidates in various counties

NUMBER 10, of the Mountain Democrat

POLITICS and POLITICIANS

Contrary to custom, there appears to be a strong faction of Republicans in Delaware

J. P. Morgan has been notified

that in making contributions to the Campaign fund, he must use nothing but real money.

The Monticello Outlook, an independent paper

says: 'It seems to us, viewing the situation from an independent and unbiased standpoint

The following editorial paragraph is from the Barnstable Commercial

'The Republicans will have to get their troubles settled pretty soon or else run a great risk of suffering a defeat in November'

SOFT CORE Like the running brook, the red blood that flows through the veins has to come from somewhere

The springs of red blood are found in the soft corners of the bones called the marrow, and some say red blood also comes from the spleen

Many people don't stop to think that Cashier W. L. Richards is not known by name of Richardson, or that the county attorney spells his name B-e-t-h-u-r-a-m and not Ma-thuram. None of these errors occur often from inattention or some other reason, which is it?

W. J. Sparks and Dr. J. M. Williams are now running five billiard plants between Knoxville and Mt. Vernon. Mr. Sparks is kept so busy he just has time to say howdy and good-bye to his homelike when he gets a chance to stop with them a few minutes.

In this issue appears the announcement of E. H. Shuttis as a candidate for Judge of the Rockcastle County Court. Mr. Shuttis has all the qualities necessary to make a good officer, and should be the choice of the majority of the voters, in his own mind he is a fair and impartial one. Messrs. Guy Hudley, E. W. Gaff, of Williamsburg, and Con Force of Shelbyville, left Saturday for Providence, R. I., where they will go aboard the Nautical Preparation School Ship, "Pensylvania," for a cruise of ten months. They will touch at many important points during their travels.

FOR SALE.—One horse, harness and spring wagon, fifty or sixty pairs Poljan lute, two bull pups about 3 months old—good ones. Also all kinds household specialties, such as roasters, bakets etc., which I have on hands since canvassing. Will sell at a sacrifice. J. P. LECHLATER, Sept. 2-3t. Mt. Vernon, Ky.

REGISTER.—By an act of last legislature all voters living in incorporated towns are required to register or they will not be able to vote in November election. The date of registration is October 4th. This law applies to three towns in Rockcastle: Mt. Vernon, Broadhead and Livingston. Better see to it that you don't lose your vote by failure to register.

"Dad sap the old Woggle Bug. I don't want no truck with it. I'm afraid of the blamed thing anyhow. If others want the \$50 from the Journal let 'em write in and get it." Somebody will receive the check but not yours truly; thus soliloquized our old friend G. Wash Baker, who had been clipping coupons for past ten days and gave up the job in disgust.

Well No. 1, of Mt. Vernon Development Co., is down to a depth of 750 feet. The driller, Joe Earl, and Mr. Tiller, the contractor, say they are confident of striking oil within the next three days. The well is located on farm of George Leitch 1 1/2 miles West of town. Gas from this well has been burning for several days. There is no doubt we are right in the oil belt and will get there E. I. I.

Krueger & Sons, those hustling "dutch" contractors closed a contract Monday, for building a house, at C. Davis has our thanks for a good supply of personals and locals. The Town Hill is 500 feet higher than the railroad track and depot and is 1.615 feet above sea level. Bring your LAUNDRY to S. W. Davis' store. SEPT-3. CADLE & MILLER.

The stuffed hide of the biggest rattler ever killed in Rockcastle can be seen in Franklin's jewelry store. The New Livingston Coal Co. have begun shipments from their mines. The quality of coal is pronounced excellent.

Miss Taylor, the new principal, is having quite a lot of interior painting etc. done at the Boarding Hall and College, and all will be in readiness for the opening of the Fall term Monday.

WANTED—A good white cook—single woman preferred—Pay all right. Position permanent to the right person. Joseph Price Hospital, Stanford, Ky. aug. 9-4t.

Many people don't stop to think that Cashier W. L. Richards is not known by name of Richardson, or that the county attorney spells his name B-e-t-h-u-r-a-m and not Ma-thuram. None of these errors occur often from inattention or some other reason, which is it?

W. J. Sparks and Dr. J. M. Williams are now running five billiard plants between Knoxville and Mt. Vernon. Mr. Sparks is kept so busy he just has time to say howdy and good-bye to his homelike when he gets a chance to stop with them a few minutes.

We notice a number of our exchanges bragging on their good correspondents. There is no paper has a better corps of writers up to date, know a news item when they see it and most allow it to escape. This paper is fortunate. In this issue appears the announcement of E. H. Shuttis as a candidate for Judge of the Rockcastle County Court. Mr. Shuttis has all the qualities necessary to make a good officer, and should be the choice of the majority of the voters, in his own mind he is a fair and impartial one. He stands for improvements and should be elected, would at all times work for the best interest of the county and the people he represents.

Ceylon Has Rare Exhibit

"The Eden of Eastern Wave" Well Represented at the St. Louis Exposition.

One of the most picturesque pavilions in the World's Fair grounds has been erected by the government of Ceylon. Externally, it is a reproduction of the famous Buddhist "Temple of the Tooth" at Kandy in the center of the island, where a traditional relic of the great oriental teacher has been enshrined for many hundreds of years and to this day draws devotees from all parts of Asia. Internally, the building is adapted for display of Ceylon's commercial products, artistic manufactures, and ethnological and archaeological curios.

The broad and cool verandas are a favorite place of resort for here fragments of the past are preserved by deftly-dressed and softly-moving Cingalese waiters, tobacco, coconut fiber and coconut products, the highest priced rubber on the world's markets, gem stones from the Straits of Malabar, tortoiseshell, opals, plumage of the manufacture of crucibles and lead pencils also for lubricating purposes and certain processes in electroplating, are all valuable exhibits, and are fully illustrated by samples both in the Ceylon pavilion at St. Louis and also in the special court within the Palace of Agriculture.

In the latter section there is much of interest to be seen by every observer. For example, the lesson to be learned from the thorough utilization of the coconut plant is one that may be taken to heart by all who

are marbled in their picturesque native costumes—white robe, crimson sash, and tortoise-shell comb to confine the long flowing tresses. But the slight, sweet, peevish and reftless, should not desert without a visit to the upper story of the building, where he will find himself transported to the orient, surrounded by objects of rare beauty and fascinating interest, wandering for a spell in the beautiful tale that has been so aptly named "The Eden of the Eastern Wave."

But, after the Ceylon with which most of us are concerned is the white man's Ceylon—the country where tea is produced by the hundred million pounds and forms the basis of a thriving and world-wide commerce. And even in the history of the tea trade there is romance—the romance that lies in the display of human grit in the wrestling of fortune from direct ruin and disaster. A generation ago Ceylon was a land of coffee and of cinnamon. The coffee plant was brought over by a Dutchman in an incredibly short time almost as late as the industry. Chickens, on the other hand, was tried as a substitute, and for a time proved profitable, but soon was superseded by tea. The tea plant was introduced from Assam and Darjiling in the northeastern India, and so soon as it gave evidence of thriving the cultivation was promptly extended, not

merely over the old coffee estates, but as far higher elevations where the more delicate coffee shrub could not grow. Although many planters went down in the period of financial stress, the survivors found themselves in the end with bettered prospects. So rapid has been the advance of Ceylon tea that now the little island, just two thirds the size of Ireland, produces over 150,000,000 pounds annually, and China has found its home old markets crowded from many of her old markets. But Ceylon, with far-reaching and enterprising men engaged in her staple industry, is ever on the outlook for new customers.

Yes, however, is by no means the only commercial product of Ceylon. Cocoa, spices in great variety (notably cinnamon, cloves and cardamoms), vegetable oils, drugs, tanning barks,

One of the most remarkable cases of a cold, deft-footed on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entrained by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by Mt. Vernon Drug Company.

FEARFUL ODDS AGAINST HIM.

Bredidin, abuse and destitute. Such, in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicine gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies: "I'm on the road to complete recovery." Best on earth for liver and kidney troubles, and all forms of stomach and bowel complaints. Only 50c. Guaranteed by all druggists.

Direct Evidence.—The lawyer shook his finger warningly at the witness and said, "Now, we want to hear just what you know; no what some one else knows; no what you think, or anything of that kind, but what you know. Do you understand?" "Wal I know," said the witness, with emphasis, as he lifted one finger and laid it across the other. "I know that Cay Grubb said that he had Thompson told him that he had John Thomas' wife told Sid Shumate, get that her husband was that we on the fight tank place, and that he said that they were doing each other around in the ushes right considerable."

THREE JURORS CURED.

OF CHOLERA MORBUS WITH ONE SMALL BOTTLE OF CHAMBERLAIN'S COLIC, CHOLERA, AND DIARRHOEA REMEDY.

Mr. G. W. Fowler, of Hightower, Ala., related an experience in which he was saving a poultry jury in a murder case at Edwardsville, county seat of Cleburne county, Ala. He says: "While there I ate some fresh meat and some soups which gave me cholera morbus in a very severe form. I was never out of bed for a week. I was so sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying he had what I sent for, but that this medicine was much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." BOTH SIDES OF THE GREAT POLITICAL ATHER PILE YARD FAIRLY GIVEN, FIRST NEWS! BEST NEWS!

THE WORLD as the "Chief Champion in America of Democratic Ideals" will be the most interesting newspaper in the country in this Presidential campaign.

It already has a much larger daily circulation than any other morning newspaper in America.

We are beginning a campaign that promises to be memorable in history. By a single act of inspired courage the Democratic leader has restored his party to its old place as the instrument of enlightened reform, sane and practical liberalism, clear-headed progress and consistent government.

While the question of the standard of war or peace is under discussion, the Democracy is ready to correct the abuses of a monopoly-breeding tariff, to promote trade with our neighbors in Canada, to cut short the issues rivalry with the military powers of Europe in armaments made necessary by three thousand miles of coast, to substitute the right of law for the personal caprice of an arbitrary ruler, to restore economy and integrity in government, to bring arrogant combinations of capital under legal restraint, and to discourage the strenuous accumulation of the American flag in any country in which the Declaration of Independence is a without document. To the attainment of these ends The World pledges all its energies.

To encourage the prompt formation of clubs for the campaign a special subscription of 20c per year will be allowed to agents or parties receiving clubs of ten or more in any town.

An active agent wanted in every election district. Write for particulars.

Sample copies supplied free on application.

Every subscription will be for the DAILY Morning World for FOUR months from the date it begins. This offer is not available in the States of CALIFORNIA, OREGON, IDAHO, MONTANA, WYOMING, NEVADA, UTAH, ARIZONA, COLORADO, NEW MEXICO, TEXAS, and ARKANSAS.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes Catarrh. Repeated attacks of indigestion inflame the mucous membrane lining the stomach, and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the normal gastric juices. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membrane lining the stomach, protects the nerves, and cures bad breath, eructations, a sense of fullness after eating, indigestion, nervousness, depression, and all the ailments of the stomach.
