THE CICERO OF THE MOUNTAINS DEVIATES FROM HIS USUAL COURSE AND TAKES A WILD CRACK

MT. VERNON, KY., Sept. 21, 1904. MT. VERNON SIGNAL

I am here at ending point, and heard the speaking Monday. E. T. Franks is the best speaker in Kentucky, but what a sad mistake the party made in its nomination for Congress, a man who can neither look nor speak. If he were a candidate for the Legislature in Lincoln county, the people would not listen at his five minutes. The Stapleton can leap him to death speaking. After the speaking was over I asked an intelligent Republican why they nominated such a small caliber for Congress? He said, "well, he had been wanting it for some time," that is, the nomination.

Now if Mr. Gilbert had E. T. Franks against him, he would have to bestir himself. As it is, all the Democratic candidates for Congress in Kentucky have a heavy weight to carry, the old man of the sea, Mr. Parker. His very nomination almost endangers Kentucky. But I want to appeal to the good democrats not to allow that hideous mistake at St. Louis to throw Kentucky out of line. No good democrat has any love for the Benedict Arnold of the democratic party, Grover Cleveland, or any one of his supporters or whose candidacy he advocates. He is the man who stranded the great ship of Democracy upon the rocky coast of treason to those who elected him. Had not Cleveland been elected in 1884 and 1892, the party who made this great country under such men as Jefferson and Jackson would have been in total decay. The present nomination is McClelland in 1864, Seymour and Blair in 1876, Greeley and Grant Brown in 1872, Hancock and English in 1880. When the democrats nominated in 1876, 1880, 1884, 1892, the people elected them by 160,000 of the popular vote and 19 of the electoral college. Yes but they were not allowed to take their seats. I am not talking about what the election commission did, it is what the people did in the election.

If I want the democrats to adhere to the principles and not allow the party to disintegrate. W. J. Bryan and I will try after the November election to rally the scattered cohorts, and reunite the great people's party on a platform vindicating the people's rights.

If you are going to run a demagogue on a republican platform, you must accept the republican nominee. Electing a so-called democrat with republican principles can hurt the party much worse than a defeat.

I want to say to the brave and courageous democrats of this country and the people of this state, you have been beset sold out and betrayed but do not be discouraged. Although you will accomplish nothing in the presidential race, adhere to your party and vote for your Congressional candidates. As for Parker the peerless, W. J. Bryan says: "The common class of people have nothing to hope for from him." It does seem that a party whose very name derived from two Greek words, DEMOS, the people and CRATOS, power. Power in the hands of the people, will always find many earnest followers in a land whose cardinal gloses are the people rule. In conclusion, stand by your Congressional nominee and do not remain silent passengers on the ill-fated bark of demagoguery as it floats slowly and silently down the stream of time into the dark and fathomless gulf of defeat. Save your Congressmen from the great Parker-Cleveland wreck.

Yours, hoping for a bright re-creation after the terrible defeat of November. Save the Congressional passengers. FONTAINE FOX BOHRETT. CAUSE OF INSOMNIA. The next Legislature will be asked to pass a law requiring all nominations of all political parties to be made by primary instead of convention, the cost to be paid by the State, just as in a general election. L. H. Carter, of Lawrenceburg, formerly a member of the State Senate, said yesterday afternoon that he is considering such a bill and probably will ask some one to introduce it at the next session. Mr. Carter was in Louisville for the day and was at Democratic State headquarters. With regard to the proposed law he said: "On account of the complaint and charges which are always made in convention, whether they be county or district, it seems to me that it will be better for every body concerned to have the nominees of both the parties selected by primaries instead of conventions. County mass-conventions are always productive of charges of misrule or fraud, and it would be much better to have a regular primary in all cases. Even in districts the conventions do not leave a good feeling and cause discussion I would have all nominees of all parties selected by primary."

"The main objection to the primary is that it is expensive and on this account frequently prevents a man from making a race, which he is entitled to enter. Under the present rules, the candidates must pay the costs of the primary, and if a candidate has no money he must drop out. This is not fair and it would have the expense paid by the county, district, State and in this way all would be given an equal chance and the burden would fall on the whole number, making it lighter on all. The public, which is, or should be, interested in having good public servants, should be willing to pay the bill in order to give the majority of the candidates." - Courier Journal.

Mrs. I. S. Cooper and son, Archie, spent a few days last week with Mr. Brock French.

THE STOMACH IS THE MAN.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cannot be restored unless the stomach and the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. Sold by Mt. Vernon Drug Company.

Some time ago one man bet a other that he could not move an ordinary brick tied to the end of a cord two or three miles long. The cord and level road just outside of Winchester, N. Y., was selected for the trial. The brick was not large, and the man lost his bet for a large amount. It was stated by some one present that the brick, although weighing only seven pounds would from a distance of two or three miles represent a dead weight of nearly a ton.

ON THE INCREASE

WORLD'S FAIR TRAVEL GETTING HEAVIER.

While the volume of travel to St. Louis on account of the world's Fair has not quite come up to the expectations of the World's Fair management, or the railroads, it has been as large as was expected, all things considered.

The banner month, so far as attendance is concerned, will be September, October and November, and during these three months the admission will undoubtedly equal. If not surpass, the entire number registered up to August 31, inclusive.

It is certainly a big, grand show and one that no person with the means should miss. It is the opportunity of a life time in an educational way and one that will be taken advantage of by the great majority of the people of America are proud of, and justly so.

On account of its unexcelled train service, both as regards equipment and accommodations, the Louisville, Henderson and St. Louis railway, better known as the Henderson Route, has carried the majority of Kentuckians to St. Louis and have beyond a doubt been more instrumental in contributing to the success of the Fair than any other railroad in this territory.

The Henderson Route is justly entitled to all the praise that is being showered on them as their train service is unquestionably the finest operated in or out of Kentucky, and their schedule of trains is more nearly maintained than on the majority of roads.

For comfort in travel and for the best accommodations and safest train schedules there's but one thing to do at all times keep in mind the Henderson Route and request this routing in purchasing your tickets.

CURED OF LAME BACK

AFTER FIFTEEN YEARS OF SUFFERING.

"I had been troubled with lame back for fifteen years and I found a complete recovery in the use of Chamberlain's Pain Balm," says John C. Bisher, Gilman, Ind. The liniment is also without an equal for sprains and bruises. It is for sale by Chas. C. Davis.

FROM 148 to 92—POUNDS

One of the most remarkable cases of a cold, deep-fetched on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by Mt. Vernon Drug Company.

A fool country editor booms people when they marry. Here is one of his samples: "Miss Jennie Jones and Bob Henry were married at the Jones mansion last night. The bride is a daughter of our County, whose father is a good officer, and will, undoubtedly, be re-elected next spring. He offers a fine horse for sale in another column." The groom runs a grocery store on Main street and is a good patron of our ad columns and has a fine lot of bargains this week. All summer he paid two cents more for buttons than any other store in town. The happy couple left on the 10 o'clock train to visit the bride's uncle in Milwaukee, who is reported to have lots of money and Bright's disease. Bob certainly has an eye for business.

FRANKLYN ODDS AGAINST HIM.

Bedridden, alone and destitute. Such is the condition of an old soldier by name of J. J. Hayes, Vermilion, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies: "I'm on the road to complete recovery. First on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c. Guaranteed by all druggists."

Not to Her Taste—Do you care much for Lamb? Ask Mr. Okeefe as he took a seat in the sumptuous library and picked up a fine edition of the "Last Days of Pompeii."

"No," replied her hostess, "to call the truth I don't. Jovial does not give me a good breakfast any time."

Don't talk of the cost of things, it gives the rich a chance for boasts, and may be embarrassing to you.

Don't discuss children if you are a rich, those who have one. If you are poor, you are sure to be mortally injured by those who have.

Don't discuss dress; the lady whose short evening gown you are poring over will have come direct from Paris, wearing the newest thing in the world's style.

Don't discuss generations must be made to bear any thing, beautiful, or useful, or beautiful.

THREE JURORS CURED

OF CHOLERA MORBUS WITH ONE SMALL BOTTLE OF CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

Mr. C. W. Howland, Hightower, Ala., relates an experience he had while serving on a jury in murder case at Edwinstown, county seat of Cleburne County, Ala. He says: "While there I ate soft fresh meat and some sausage and it gave me cholera morbus in very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better for cholera rather send it me in the fix I was in. I took one of the fix I was in. I took one of the fix I was in and it was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty five cent bottle cured the three of us." For sale by Chas. C. Davis.

BOTH SIDES OF THE GREAT POLITICAL BATTLE FIELD ARE PAID FOR BY FIRST NEWS! BEST NEWS!

The Democracy is ready to correct the abuse of a monopoly-breeding tariff, to promote trade with our neighbors in Canada, to cut short the insane rivalry with the military powers of Europe in armaments made needless by three thousand miles of ocean, to substitute the reign of law for the personal caprice of an arbitrary ruler, to restore economy and integrity in government, to bring arrogant combinations of capital under legal restraint, and to discourage the permanent alienation of the American flag in any country in which the Declaration of Independence is a solemn document. To the attainment of these ends **THE WORLD** pledges all its energies.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membrane lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membrane, restores the normal secretions of the stomach, and protects the nerves and cures all indigestion, dyspepsia, acid eructations, sour flatulency, a sense of fullness, belching, indigestion, and all stomach troubles.
