

LEVEL GREEN

We will shake off the shackles of dull confinement tomorrow and spend the week in the city with the Grand Lodge, F. & A. M., eating law beef and soup and drinking lager.

Rev. Hargis preached at Friendship, Sunday, Knobel, Todd being unable to attend. He has had a case of flux. Our church now looks like the skeleton of former times. It may be a change for the better will be inaugurated. Right will triumph over wrong, and that where two or three are gathered in the Lord's name He will meet with them.

We will have daily mail on this route which began last Monday, the 17th, with Robert L. Eldridge and E. Bamgarner contractors at \$625 per annum, for four years. This will give us the advantage of the daily city papers. Sam Vanhook and wife and father, and T. J. Price and others are at the big fair at St. Louis.

Candidates are as thick as the fiddlers at the old fiddlers contest. The Presidential contest divides into insignificance when compared to the contest between some of the republics for county offices. How I do enjoy their little fights, and O, what hard things they do about each other. I wonder if they really mean it, or are they only getting off electing stuff like they do on us when we run against them. We have several candidates and deputy candidates in our precinct.—Wm. T. Brown, of Skidmore, Mo., will remain with us sometime yet. He has prospered well in his adopted country.—Barton Sams has moved in our neighborhood.—Gran Sowder is contemplating moving to Berea to send his children to school there.—Oh! This lovely autumn weather! don't wish it could continue all winter.

OLD LINERS

Want a Voice in Party Affairs and Object to a Machine Controlled by Ex-Democrats.

A movement has been started among "old line" Republicans to form an organization in Louisville independent of the Federal office-holders' machine. They want a voice in party affairs.

A leader in this movement said: "We resent the fact that the guiding spirit in party affairs here is J. A. Craft; the Collector of Internal Revenue, a former Democrat."

"We object to the policy of employing more Democrats at the Custom house than Republicans."

"We complain of the nominees for Congressmen and Circuit Judges, both of whom are former Democrats. The nominee for Congress is practically a nonresident."

"We resent the treatment accorded such men as W. O. Bradley, A. E. Wilson, George G. Todd, Charles D. Sepp, L. L. Gwatney, A. I. Spies, K. I. James, Samuel Richardson, Dr. Godfrey Hunter, and a host of others. These men have been Republicans all their lives, yet they are denied a voice in affairs and their friends are ignored. The party here is being run by nonresident Democrats."

"We complain of the interference of the machine here in the Fifth circuit district primary, and condemn R. P. Ernst for his action in taking the State Central Committee to court to give the Congressional nomination to D. C. Edwards."

"We do not believe that the State Central Committee in this district should be W. A. Davis, a Federal officeholder."

"We do not believe that the Republican campaign should be conducted by a man who has been rebuked by the President."

By way of comment, the Southerner says: "This is just the beginning of a movement that will find wide sympathy in all parts of the State among men who devoted to the Republican party cannot be challenged. They know that their party in Kentucky is not run with a view to win victories in behalf of Republican principles but simply to keep in office a set of reactionaries who act as though they desire the party to grow smaller and beautifully less in number so the Federal offices will abound. The Eleventh district is ripe for a similar revolt against the tyranny of the Ernst-Craft combination."

ONE OF MANY.

H. A. Tisdale, of Sammerton, S. C., suffered for twenty years with piles. Specialists were employed and many remedies used but relief and permanent good was found only in the use of DeWitt's Witch Hazel Salve. This is only one of the many cures that have been effected by this wonderful remedy. In trying Witch Hazel Salve it is only necessary to see that you get the genuine DeWitt's, made by E. C. DeWitt & Co. in Chicago, and a cure is certain. DeWitt's Witch Hazel Salve cures all kinds of piles, cuts, burns, bruises, eczema, tetter, ringworm, skin diseases, etc. Sold by Mt. Vernon Drug Co.

A JUDICIOUS INQUIRY. A well known drug man who visits the drug trade says he often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by Chas. C. Davis, the druggist.

The river is so low the street sprinkling department of Madison is daily called to the wharfbest along the dock raised by the boat landing at that point. No trouble of this kind is experienced on this side—there always being plenty of deep, pure water on the old Kentucky shore.—Milton News.

W. J. Bryan closed the sixth day of his Indiana tour at Bedford, Pa., on Sunday, speaking to a crowd of about 4,000 people. He was in the day he spoke to large crowds at a number of towns.

KENTUCKY CROP REPORT.

The reasonable weather during the month of September was very beneficial to the late corn and tobacco, as well as pastures. Some counties still complain of drought and scarcity of stock water. But in nearly all parts of the State good rains have fallen, while not enough to raise the streams or the ponds, but sufficient keep pastures green and develop the late corn and develop the tobacco crop. The prospect for a full crop of corn advanced from 80 per cent. September the 1st to ninety-seven per cent. October 1st, a gain of twelve points. The indications are that a large winter crop will be secured. The late rains have put the ground in splendid condition for wheat, barley, rye and winter oats and grasses. A full crop of barley and rye will be secured this season. But on account of the almost complete failure of winter oats last season, there will be considerable falling off in acreage of the crop, the prospects for a full tobacco crop is seventy-five per cent. a month ago. While the crop will be short in pounds, it is reported to be of excellent quality, both in the burley and leaf districts. There is some complaint of houseburn, but it is too early to estimate the damage from it yet. The amount of clover seed saved is slightly below the average, but the seed is of good quality. Live stock is in good condition. The num' er of hogs for fattening is about the average.

The Fayette county grand jury returned an indictment against the negro Lewis Mitchell, charging him with attempting to poison Mrs. James H. Mulligan. Accompanying the indictment was a receipt exonerating James J. Mulligan from any connection with the attempted poisoning.

George Long came in from Cincinnati yesterday. Some was glad to see him.

Mrs. John G. Riddle has been visiting relatives in this part.

Dry weather still prevails in this section and water is very scarce.

MARRIED.—Frank Cummins and Lizzie Brown, daughter of Hans Brown, were married last week in Mt. Vernon.

Sup't. C. M. Ballard was in this section Monday visiting schools and looking after his interests as a candidate. He is a good man for the place which he seeks.
