CONWAY

Mrs. D. G. Martin visited relatives in Richmond this week.

Mrs. Maggie Pullins, who has been sick for past two weeks, is slowly improving.

We had almost all kinds of weather the past week, rain, snow and sleet, but water is still scarce.

Pal Kidwell, of Copper creek, is moving to his farm in the neighborhood of Henry Berry in the next few days.

John Mastin, one of the best men on the section of the K. C. division of the L. & N., has been promoted from pick and shoveler to a foreman's place, on the Berea section.

The bird hunters are now complaining about the birds being so poor. We do not wonder at this, since they have been chased around from pillar to post the past month they haven't had time to eat or drink.

D. G. Martin is moving to his farm at Boone, this week which he recently bought of Rev. J. W. Lambert of that section. Room Jordan will move in the house vacated by Mr. Martin and keep house for a large family.

A Harvey opossum visited U. S. Berry's chicken coops one night of last week and killed half-dozen chickens and ate what it wanted and was enjoying a good nap, when Mr. Berry happened to notice him next morning when he immediately put his hide on a board and salted his meat. Mrs. Berry, the chief loser, is sorely vexed at her loss.

Miss Fannie McClure's box supper at the school house on Saturday night of last week, was a great success, the dozen or more boxes selling for the sum of \$7.50, which will be used to buy presents for the children and put on the Christmas tree Friday night of this week. Everybody come and bring something to put on the tree and have a good time.

THE KEY THAT UNLOCKS THE DOOR TO LONG LIFE.

The men of eighty five and ninety years of age are not the rotund well fed, and thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age, will occasionally eat too much or of some articles of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels.

When this is done there is no reason why the average man should not live to old age.—For sale by Mrs. C. A. Davis.

A. C. Sowler takes of going to Fla. soon and so do I. If Alex and I get there won't we eat oranges, fish, turtle soup and other vegetables and get rid of all our ills except those we spent some hours with a teacher not long since and here is some of his English: "I come, I done, airy one, nairy one, don't know where (whether) I will or not, you uns, bad shape, good shape, noo, Toosday," and sundry other kindred expressions.

Now this is another result of early training. Our early training forms our habits, religion, politics, language, etc., etc., then it is that our parents and teachers and our associates are to blame for this and not ourselves altogether, for habits are strong strings.

BUCK VERNON.

NO MORE SUFFERING. If you are troubled with indigestion get a bottle of Kodol Dyspepsia Cure and see how quickly it will cure you. Geo. A. Thompson of Spencer, Ia. says: "I have had dyspepsia for twenty years. My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also Chicago, and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with indigestion or dyspepsia should use it." Sold by Mt. Vernon Drug Co.

LEVEL GREEN

Whatever it would that met should do to you, so you can do to them. This is called the "Golden Rule" and you do to be strictly obeyed, even if there was an inflexible state of existence it would be far better for men to obey it; but there is a life beyond, to obey this is a prime essential. But one of my neighbors said to me the other day: "It can't be done, no one lives up to it." Now I'll admit they are very few that do, but even if none do, that does not prove an impossibility; it only proves man's selfishness and depravity. I don't believe that our Heavenly Father ever required an impossibility of us, but gave us power to obey all His commands and perform all His requirements. If we will stop and think and think seriously before we act, and ask ourselves a few questions, we will seldom miss the mark, and especially if we have been taught as we should have been. Our acts are directed by our thoughts and our thoughts result from our teaching; then how all important it is that we should be strictly correct. Now let us hear the conclusion of this matter. If we have no observers of the Great Rule I fear we have no Christians. I hold that it is not a hard matter to strictly observe this rule if we have been properly educated in our early days—childhood.

Winter is here in all its glory, and winter clothing is being put on the winter before Christmas by the little critters arising at the hands of cruelty. The rabbit trade is lively and profitable?—upon an average it takes 7 cartridges to kill one rabbit and 5 rabbits in an average day's work, but then Nimrod has a dollar in fun.

Rev. C. D. Burnett once told me confidentially that if he had a lot of winter before Christmas he wouldn't have much afterward. Now let's watch the weather this winter. Why don't you hog peddlers come in and buy our fine shoots?

Say, why are two of our seasons spoken of as feminine and the other two as masculine gender? We have now come to the shortest day in the year which really is the last day thereof.

Our schools are nearing the end and our teachers are a happy set. My draw comes up minus this time. J. L. Tovey seems to be "on the mend," and, I suppose will soon go South-west—Price Bros. have sold their goods here to J. M. Norton and W. H. Hamilton, who will take immediate possession.

Henry Catron reports his wife's condition about as usual.

A. C. Sowler takes of going to Fla. soon and so do I. If Alex and I get there won't we eat oranges, fish, turtle soup and other vegetables and get rid of all our ills except those we spent some hours with a teacher not long since and here is some of his English: "I come, I done, airy one, nairy one, don't know where (whether) I will or not, you uns, bad shape, good shape, noo, Toosday," and sundry other kindred expressions.

CERTIFICATE FOR FOUR PAGES. A CERTAIN CURE FOR COUGHS. When a child shows symptoms of a cough there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz: Chamberlain's Cough Remedy. Give it a quick cure is sure to follow. Mr. F. M. Compton of Market, Texas, says of it: "I have used Chamberlain's Cough Remedy in several cases of croup with my children, and ever truthfully say it always gives prompt relief." For sale by Chas. C. Davis.

The Horn—You going on a tooth tonight. The Drum—Well, you can't beat me, I'll bet I have the biggest head in the morning. The Viper—I hear you had an awful head on this morning. The Drum—Hild. Fritz Krueger has closed down his time till for the winter. John Jolley is running his stove burner for Krueger & sons. Circuit court will adjourn today. The jurors were discharged Wednesday. Rev. J. C. Carmack will preach at the Baptist church Sunday at 11 o'clock. Rockcastle people are alive to the subject and importance of the telephone. Henry Jones is giving the bank building at Brookland, its finishing touches this week. A. J. Norton was in Tuesday and told us that he had sold his store and all his timber at Cedarville. FOR RENT—Three houses near the mines of the Big Hill Coal Co. Address: D. C. CLARK, Orlando, Ky. Hamlin & Norton is the name of the new firm at Level Green. They purchased the stock of Green Bros. We are reliably informed that all K. C. trams will run into Corban after January 31, 1905, instead of stopping at Livingston. Joe Lamb, living in the Southern part of the county, had his house and all his contents destroyed by fire Tuesday. Jackson Lodge, No. 731 F. & A. M., of Livingston, will give a big banquet at the Fowler hotel on Tuesday night, December 27th. R. L. McFerron has sold his house in the northern part of town, known as the "Granny" McFerron house, to D. E. Davis. The price paid was about \$600. Charley Martin, who was tried at Shepherdsville last week for complicity in the killing of Marshall Haley at Lebanon Junction, had a long jury. Ten jurors stood for acquittal and two for conviction. Martin is now out on a \$300 bond. CIRCUIT COURT—In the damage suit of Allen Mounce vs. the L. & N. R. Co., the plaintiff got a judgment for \$7,000. The case of Joe Bullock, admr. of E. Bullock, vs. Logan Lyvan, to recover certain money claimed to be due from Lyvan, resulted in a verdict in favor of the defendant. Mr. W. T. Schaffer, the tobacco man, is very much pleased with the crop raised this year and which he says should be sufficient proof to the farmers of Rockcastle, that tobacco raising will pay in this county. His crop reached nearly 3,000 lbs., the proceeds of which will be about four times as much as it would have been had he planted the same ground in corn. Capt. W. T. Short, accompanied by Deputy United States Marshals Mullins, Loan Leaky and Merritt will have charge of the execution of an illicit distillery in East Corban, Saturday morning. The distillery was in operation and besides capturing one of the "shiners," over 500 gallons of beer was destroyed and the fixtures confiscated. —Richmond Clinch— You have doubtless seen the mean horse in a team that always kicks and bites the horse that is pulling every pound he can. You felt certain for the horse, and wanted to kick him. Well, he is just such a contemptible case as the man who bears malice towards an editor and tries to discredit his paper that is worth more to the community than a ten-acre field full of such men as he, especially if the kicker is rich, immoral, stuck up, corrupt and under suspicion and surveillance. —Somerset Journal. A new plan for attracting trade to a city, and giving the people the advantage of good bargains has been inaugurated in a number of towns in Illinois and Iowa. It is called "dollar day." The merchants agree on a certain day to give for a dollar a combination of articles, commodities relating to gifts, commodities better in value than that sum. Each store selects its combination and advertises it, giving the regular selling price for the "dollar day." The plan has proved a success where it has been tried. It would be well for our merchants to try a similar plan.

Mr. Hamilton Collier, of Hope, Ind., is the guest of his many friends and relatives here this week. The following poems were written by Miss Bessie Poppenaer 15. "CHRISTMAS BELLS."

The Christmas bells are ringing, Christmas bells; In the old Church tower they're ringing, Christmas bells. In the dim and dusky twilight, In the gloom of winter twilight, They are ringing, swinging, ringing, Christmas bells. Oh they tell of yuletide jolly, Christmas bells, Of the gleam of scarlet bully, Christmas bells. On the sleighs they merrily jingle, On the frosty air they tinkle; Oh they jingle, jingle, jingle, Christmas bells. "THE CHRISTMAS STAR." A star once shone o'er Bethlehem And in its radiant light, The angels sang "Good will to men And peace on earth that night. In its cradle was an infant lay, With the cattle in the stall. His cradle was the new mown hay, The ruler over all. The wise men journeyed from the East, To worship the new born King. For they had seen the guiding star And heard the angels sing. They came with frankincense and myrrh, As gifts for the babe of Bethlehem, He whom the angels sang would bring "Peace on earth good will to men."

COLLEGE NEWS.

Christmas bells, Christmas trees, Christmas voices on the breeze! We send "A Merry Christmas" through the air. We send "A Merry Christmas" everywhere. The school closes today for the two weeks vacation. The faculty will be scattered—Miss Nicholas and Miss Fish go to their respective homes in Shelbyville and Cleveland. Miss Walcott visits friends, and Miss Taylor remains here to make some needed repairs and to outline work for the new term. There will be five teachers for the remainder of the year—an excellent list in grammar, arithmetic and methods having been prepared for those wishing to teach. In grading for the fall term, the principal takes the average of class and written work, for its steady, unremitting application that counts, and not "cramping" during last days. Those wishing to enter the Music Department should see Miss Taylor during the holidays. Miss Walcott's hours should all be taken. A. C. now, "good by" till Jan. 9. In all the joy of Christmas giving and Christmas getting, let us not forget those less blessed than ourselves. Let us not forget the real meaning of Christmas and its highest keeping. Phillips Brooks gives both to us in his Christmas carol: "O holy child of Bethlehem, Bend to us we pray; Cast out our sin, and enter in, Be born in us today."
