CASHIER J. W. HUTCHESON, Of the Citizens Bank, of Brodhead, which institution was opened for business January 7, 1905. The report made to the Secretary of State at the close of the first three months' business, shows the bank to be doing a splendid business, even surpassing anything that any of the officers had hoped for in that short length of time. Mr. Hutchesson has been instrumental in starting a number of banks in Kentucky, all of which are making a good showing. Although a young man, there are few more prominent with the banking fraternity in the State than he.

ABOUT RHEUMATISM.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such varied and useless kinds of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief, and costs but a trifle? For sale by Chas. C. Davis.

### FOR MAGISTRATE

We are authorized to announce  
G. R. VILLEGEZ  
as a candidate for Magistrate in the Fifth  
district composed of Brown and Broadwood  
voting precincts, subject to the action of the  
Democrats of that district.

In this day of improvement, the individual, the town, the community, the county and even the State which does not make some effort to stay in the push, may expect, at some not far distant time, to be left in a class all alone, with no one to keep them company. If there ever was an opportune time for improvements and developments in Rockcastle now is the time, and working to that end, with a hope, that the wealth that underlies the ground may be brought to the top, we are going to ask the citizens of Rockcastle to join with us in an effort to let the people of other counties of our own State and other States of the Union, know what we have, and get a spirit of development aroused and started among our people, which, we should have long since had. The columns of the SIGNAL will be thrown open to any and every person, who will give some suggestion how this may be accomplished. Let us hear from our farmers, our business and professional men alike. All should be interested. Who will be the first?

THE United States Supreme Court has delivered a knockout blow to the labor unions. The Court, in the case of a New York law which limited the working day of employees in breweries and confectionery shops to ten hours, has decided that no State has the right to place an arbitrary limit on the working day of those engaged in healthful occupations. This is equivalent to declaring unconstitutional in advance the Eight Hour Labor law which the labor unions have been beseeching Congress to enact.

### POLITICS AND POLITICIANS

Representative Royston, Republican, made a sensational speech in the Tennessee House of Representatives in which he bitterly assailed the Brownlow Republicans. The speech was made in support of a bill repealing the act prohibiting the sale of liquor within ten miles of the Old Soldiers' Home at Johnson City. He characterized the home as a brownlow nest of corruption, thievery and fraud.

The Jefferson day banquet in New York was attended by 700 Democrats. The speakers were Judge Alton B. Parker, Augustus Van Wyck, Senator Newlands, Mayor McClellan, Congressman Sawyer, of Michigan, W. Kern, of Indiana, and A. Willet, of Alabama. The principal address was delivered by Judge Parker and his remarks were enthusiastically applauded. He made a strong plea for party harmony and urged an adherence to the old landmarks, deprecating what he termed the tangled forms of hysteria and humbug.

### NEWS ITEMS

The new Colton Belt railroad bridge at Bethel, Ill., built at a cost of \$4,000,000, was opened for traffic Tuesday.

The largest library in the world is that of Paris. It contains upwards of 3,000,000 printed books and 150,000 manuscripts. The British Museum contains about 1,500,000 volumes, and the Imperial Library of St. Petersburg, about the same number.

The new Board of Directors of the Panama Railroad Company, now controlled by the Government, made a complete revision of the officers of the company. Theodore P. Shonts is made president and John F. Wallace vice-president and general manager. The sum of \$1,250,000 was appropriated for double-tracking and re-equipping the road.

The damage to the fruit and vegetable crops is reported to be heavy in some sections. Freezing temperature was experienced in Kentucky, but reports are conflicting as to the extent of the damage in this State. Many sections of the South suffered from the cold weather, killing frosts ever extending to the Gulf coast.

Reports are conflicting as to whether reports of Admiral Rojestvensky's squadron. One dispatch says it was sighted at Turan Bay Sunday. Another says it was seen

off Hong Kong and others still seem to indicate that it is doubtful if the fleet has left Kamranh Bay. There is no confirmation of any of the rumors of engagements at Nauru Islands or elsewhere. The Japanese are reported to have captured several colliers off the coast of Cochin China. At St. Petersburg it is believed by the officials that Japan's proclamation of defense zones at the Prescodors was merely intended to blind Reports from the land campaign in Manchuria are confined to skirmishing operations several days old.

By a vote of seventeen to seven the Louisville Presbytery, North, voted in favor of merging with the Cumberland Presbyterian Church. For the first time since their separation the members of the Presbyteries, North and South, commingled together Wednesday afternoon.

More sensational testimony was given in the Hargis trial at Lexington. Mose Feltner again detailed the alleged plot of the life of Cockrill, while Dan Hargis, a new witness, said that Hargis asked him to assist in the murder of Cockrill. Bush is serving a term in the penitentiary for horse-stealing.

A dispatch from Manila says three warships have been sighted at Batanzas, but their nationality is not known. A London paper has a Manila dispatch saying that sixteen Japanese cruisers and torpedo boats destroyers were seen scouting off Sampaloe Point. The Admiralty at St. Petersburg has received news from Rojestvensky's fleet, but the censorship suppresses the names of the vessels where the dispatches were filed. Japanese newspapers are protesting strongly against the presence of the Russian fleet in Kamranh Bay and the inaction of France. It is stated that France is taking every precaution to prevent the infringement of neutrality. There is no news of importance from the Manchuria Land campaign and no serious fighting seems probable there under several weeks.

### WILDIE

Uncle Henry Fish made a business trip to Mt. Vernon Monday. We have the loveliest little town in our county now. L. T. Stewart has built a new dwelling in beach grove. A. Colter, President of Rockcastle Stone Co., was down from Cincinnati first of the week. Our Sunday-school is in a flourishing condition since it has been reorganized. J. M. Bollen has an old fashioned log rolling Tuesday. Mrs. Ross Hamilton, of Cincinnati, was down visiting her husband who is general manager of Rockcastle Stone Co.

You ought to come over and take a ride on the Quarry Belt Line. Uncle Henry Fish is having the best grocery trade in town. We hope he may do well. The L. & N. have the material here for building new dwelling houses for section men. The busy people are working about thirty feet and getting out some of the prettiest stone ever saw. There is not an empty house in our little town and men every day wanting to move in. We miss Buck Varson's letters from the SENATOR very much. You best ought to see our young gang every evening after Sunday-school.

### LAND, STOCK AND CROP

At the Mt. Young sale in Fayette county, yesterday mules brought \$75; horses \$60 and \$130; cows \$25 to \$35; yearling steers, \$27; head of hogs, 50 c a pound, and corn at \$2.30 in crib.

W. L. Dooley and Tom Mullins sold to some Madison county party a quantity of yearling pigs at \$34 to \$40. T. Stewart says T. Stewart's best stallion and jack in the county would well want to come and see his stock.

Every year we are besought to publish a receipt for keeping fleas off of stock. As this is the beginning of fly time, we publish the following, taken from the columns of a standard agricultural journal. In two quarts of boiling water dissolve one-quarter pound of common hard soap and add one pint of coal oil. Stir together till well mixed and then dilute with one quart of water and one quart of fish-oil. If a large quantity be made, maintain these proportions. This emulsion applied every other day will keep the flies away.

Information received at Tokio is taken to indicate that the Russian squadrons proposes to remain at Kamranh Bay until May 17, the meaning is understood. Admiral Rojestvensky will send out cruisers to overhaul merchantmen along the trade routes to the Straits of Hormoz. The Japanese Government declines to preserve silence in regard to any representations that may have been made in France. It is maintained the press, however, is continuing its protests and urging that vigorous and speedy action be taken. A dispatch from Hanoi says that Chinese bandits made a determined attempt on the night of April 17 to cut the railroad between Hanoi and Vinh. After a contest of several hours the bandits were driven away. There are various reports of wide burning movements in Manchuria, but they are without confirmation.

U. G. Baker, our enterprising merchant, who always believes in improvement, and that to spend a few dollars in beautifying his store room is money well spent, has added in the last few days several hundred dollars worth of fixtures for decorating his store room. One is a silver arch display fixture, which is something of a beauty and adds greatly to the appearance of his large and well filled store room.

The Hon. William Jennings Bryan was heard in his lecture, "The Value of the Ideal," by nearly six hundred people at Williamsburg Tuesday night, and had the seating capacity of the court room been sufficient to hold them, as many more tickets would have been sold.

Mr. Bryan was very favorably impressed with Williamsburg, which was demonstrated more fully when he stopped the saying so, but by granting a scholarship to the Baptist Institute, by donating \$500. Nearly five hundred people met him at the train and gave him a most cordial welcome. Carriages were in waiting to drive him to the beautiful home of Dr. Galtiff, where he was entertained. If demonstration can be counted for any thing, every man, woman and child "regardless of politics" were Bryan followers on last Tuesday night.

FRUIT SAFE.—The fruit crops are unharmed and tobacco plants are uninjured. This important information was communicated at Lexington Monday morning by Mr. H. F. Hillemeier, the eminent Vassar man who is authority on all matters pertaining to fruit and growing plants. The cold weather of Sunday and Sunday night was expected to precipitate the crisis in the fruit growing section of the State. That crisis passed and the result is that no damage was done. The thermometer fell to 26 degrees at 5 o'clock Sunday morning, but remained at 20 only from eight o'clock until 8:20, then the mercury went to 30 and proceeded on up the tube to 38, and remained at the station until early Monday morning. A light frost fell but it was not general and was not of a damaging character, severely being limited to a large extent by cloudy skies. Mr. Hillemeier made a thorough examination early Monday morning and announced as a result that the fruit is not hurt in the least and tobacco plants were uninjured. "The crisis is passed," said he, "and unless we have another cold snap will proceed from now on to grow freely. It is clear that of the last twenty-four hours the fruit outlook is as bright as any."

Mr. J. F. Hocker, father of J. C. Hocker, died at his home in Stanford Monday after an illness of many months.

E. T. Wheeler started up his spoke mill Wednesday, for a short run to see that all the machinery is in good working condition.

The L. & N. will sell tickets to Nashville, June 11 to 21 and 2 to 4 limit fifteen days, for \$7.95 round trip, account of the Peabody College summer schools Vanderbilt Biblical Institute.

Advertisers are earnestly requested to hand in their changes of copy as early in the week as possible. When copy is brought in at the very last moment, when everything and everybody is in a rush, it is impossible to give wide and the attention, which should have and would get, if the copy was in earlier.

Some of the enterprising citizens, circulating a petition this week, asking the postmaster to give us a night mail. It seems that it should be hardly necessary to have to circulate a petition to get a night mail, if our postmaster would only stop to think, how much it would accommodate his patrons, and how much extra, it would be worth to him.

### A FINE ENTERTAINMENT.

Last Monday night a large audience greeted the Ideal Entertainers at Tucker's Hall in Greensburg. This is the second troupe of the Entertainers to visit our town and the successful lodge may justly feel proud of their good fortune in securing such fine talent for the entertainments under their auspices.

### THE SPARKS SHOW.

John H. Sparks' Old Virginia Shows will exhibit in Mt. Vernon, Friday, April 28th, afternoon and night. This show is well known in Mt. Vernon as the best show that comes this way, and will, to doubt be liberally patronized. Sparks gives a clean, high-class exhibition, with many novel features not seen with other shows. The "Starlets," Va., "Daily Times" and "Sparks' Show" was a success. They had a great crowd. Some of the children who had been so delighted with the ponies, the monkeys, the baby elephant and "Cyclone," the wonder full mule, did not wish to leave it all Mr. Sparks gives the best show for the price. He travels, he keeps such order as to make it a safe and entertaining place for women and children to go. He does all he says he will do, and more. All the children say that he does, and the children know. The training of the dogs, goats and monkeys was wonderful. It was the same with the baby elephant, lions and ponies, who were fed and stock and sunny because they know so much. The shows are worth the money and more, because they are innocent fun for the children, which will make them happy and chatty for a month.

### CHEATED DEATH.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Va., two years ago. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them, at 50c.

### IN THE STATE

The hearing of testimony in the trial of Judge James Hargis was begun Monday. A number of Commonwealth witnesses were placed on the stand, several of them testifying that the shots which killed Cockrell were fired by three or four persons. One witness stated that at the time of the shooting he saw Judge Hargis standing at a window of his store and "it looked to him like Hargis had a gun in his hand." It is thought that the trial may consume several weeks.

The United States Supreme Court declared invalid the statute requiring all national banks of Kentucky to make returns of all shares of stock for taxation purposes. The Commonwealth witnesses were placed on the stand, several of them testifying that the shots which killed Cockrell were fired by three or four persons. One witness stated that at the time of the shooting he saw Judge Hargis standing at a window of his store and "it looked to him like Hargis had a gun in his hand." ### PIN HILL.

Mrs. Dr. Cooper of Livingston, was the guest of Mrs. Simpson for a day or two last week. The Temperance contest held at the Pine Hill school house on Friday night was pronounced by all a great success. The house was crowded to its utmost capacity. The young contestants were girls ranging from ten to twelve years old. Every one did so well that the judges had trouble in deciding to whom the medal should be awarded, but after considering all points Miss Mattie Hassell's name was shown to be the best. The program was as follows: Valedictory by Mr. J. W. Sullivan; Song by class; "There're My Own Stars In My Crown" by "Shadows" by Miss Marie Hargreave; Song, "Temperance School," by small children; Miss Fannie Gilbert, Sibbie Dean, Judith Lay, Addie Anderson and Emma Griffin, sang "An Incident of My Life" by Miss Sarah; Song, by the class, "Where There's a Will, There's a Way"; "The Old Man's Prayer" by Miss Laura; Song, "The Song," by Miss Cora Sattles; Song, by the class, "Where There's a Will, There's a Way"; "An Old Woman's Complaint," by Miss Myrtle Creach; Song, "The Woman's Crusade," by Miss Clavette Gilbert; 7th—"A Knot Of White Ribbons," Mrs. Marie Hargreave; Judges retired and emcee notes; Song, by class, "Temperance Pilgrims' Reunion," "Irwin," by Master Irwin Simpson, was said to be true to life.

THE VERY BEST REMEDY FOR BOWEL TROUBLES—NO FAULT CAN AFFORD TO BE WITHOUT IT. No family can afford to be without a bottle of this remedy in the house. It is certain to be needed sooner or later. For sale by Chas. C. Davis.

## BILIOUSNESS AND CONSTIPATION CURED BY THEDFORD'S BLACK DRAUGHT

Because the liver is neglected people suffer with constipation, biliousness, headaches and fevers. Colds attack the lungs and contagious diseases take hold of the system. It is safe to say that if the liver were always kept in proper working order, illness would be almost unknown.

Theford's Black Draught is so successful in curing such sickness because it is without a rival as a liver regulator. This great family medicine is not a strong and drastic drug, but is mild and healthful laxative that cures constipation and may be taken by a mere child without possible harm.

The healthful action on the liver cures biliousness. It has an invigorating effect on the kidneys. Because the liver and kidneys do not work regularly, the poisonous acids along with the waste from the bowels get back into the blood and virulent contagion results.

Timely treatment with Theford's Black Draught removes the dangers which lurk in constipation, liver and kidney troubles, and will positively forestall the invade of Bright's disease, for which disease in advanced stages there is no cure. Ask your dealer for a 25c. package of Theford's Black Draught.

## Problems of an Editor.

[By Rev. E. T. Eaton.]

It is fortunate for me that the request was to write about the editor's problems, rather than to solve them. My task is easy.

The editor himself is a problem, and often one which it is difficult for the brethren to solve. How came he to be editor, anyhow? Who selected him? What fitness has he exhibited for the position? How can he be managed? How can pressure be brought to bear on him that will keep him in line? How can he be eliminated? And so on.

One of the editor's problems is to get the brethren to believe he is the right man in the right place. Nothing more conclusively proves the tropy-turveness of the world than the patent fact that the wrong persons occupy the positions. People without money would do so much better with wealth, if they only had it, than the rich people do. It only the poor man had the money, no deserving person would be allowed to be in want, and no good cause would be allowed to suffer for lack of means. Who can listen to poor people talk without being convinced that the wrong ones have the money?

Then, the wrong people are parents. It is notorious that those who have no children know vastly more how to rear children than do fathers and mothers. Hence the wrong people are parents.

We see this principle illustrated in all directions, but we find its most pointed and most pungent illustration in the case of editors. Charles Dudley Warner said that in his travels over the United States he found many people unable to take a paper; but he never found anybody unable to edit one.

Another problem of the editor is to accommodate some friends without giving offense to others. A friend asks that a certain sort of article be published, or that his hobby be advocated. Others have made the identical request, and have been refused. Now, to refuse this friend is to alienate him, while to grant the request is to offend all to whom similar requests have been denied. A railroad president can give a free pass to one friend and refuse many others, for they never know, in all probability, of the pass he has given. But the editor cannot grant a favor to one which he declines to another without telling on himself, since his columns are open to all.

Still another problem is to adjust the compliments. If the editor compliments all the brethren alike, none of them are pleased, because no one feels that he is on a par with the rest. Each one must have special compliments. When the editor thinks he has paid a specially handsome compliment he is liable to find that the subject feels he deserved a much finer compliment, while others are disgusted that the editor should "raise that fellow so extravagantly, and overlook many greatly superior to him." It has been well said that editors are men who make other people's reputations at the expense of their own.

Then, too, the make-up of the

paper involves problems. If too much is said on this subject, or too little on that, fault is found. If the editor is mild in his utterances, he is regarded as namby-lamby and insipid. If, however, he is sharp and incisive, he is charged with having a "bad spirit," and with being "too belligerent." If he stands squarely for certain principles, he is said to be "narrow," "bigoted," "intolerant" and "opposed to progress," while if he stands squarely for nothing, he is "milk and cider," "without principle," and "cowardly." If he publishes articles with which he does not agree, then the offended subscribers write: "Stop my paper." I will not take a paper that publishes such articles as that." But if he refuses to publish articles with which he does not agree, then he is making the paper his "personal organ," is "unfair," and is "opposed to free speech," etc.

Then, if the editor really says anything he is liable to be misunderstood. No man's utterances are passed upon by such a variety of minds. Thackeray in his "Roundabout Papers" gives a very amusing account of some of his trials as editor of Cornhill Magazine. He speaks of referring to a "red-haired washerwoman," and of getting an angry letter saying: "Sir, in stating that the majority of washerwomen are red haired, you are a liar, and you had better not speak of ladies who are immeasurably your superiors." He closes his discussion with the following advice: "Out of mere malice, I suppose, there is no man who would like to make enemies. But here in this editorial business you can do otherwise; and queer, sad, strange, bitter thoughts it is that must cross the mind of many a public man."

"Do what I will, be innocent or spiteful, be generous or cruel, there are A and Band C and D who will hate me to the end of the chapter." The chapters end—the finish of the paper, when hate and envy, and fortune and disappointment shall be over." Yet there are many brethren so anxious to be editors that they cannot wait for vacancies, but are constrained to staff papers of their own.

It is a problem with editors to trim down long articles to reasonable dimensions, and lest I add to Editor Rok's problems of this sort, I mention but one more.

How to treat writers who wish pay for their articles, especially if the said articles are poems is a problem. One lady writes that she has three orphan children and a sick mother to provide for, and surely we will not decline her article to which she has devoted so much time and care. To refuse to use her article is to show one's self utterly lost to all noble emotion, and to proclaim one's self a moral monster. Yet the article is far below the standard for a first-class paper. A prominent man of wide influence has a niece whom he wishes to encourage to write, and to support herself by her pen, for which he is sure she has rare gifts if properly encouraged." She belongs to a large and powerful family, and her article is urged. To refuse it shows that the editor is an enemy of this great family, and is an ingrate in view of the many

favor's he has received from the members of the connection. Is it not strange that more editors do not go to lunatic asylums? But there must be compensations, else we would not find so many of these sensible men wishing to be editors. But I was not asked to write about the compensations. That pleasant task is left to other hands.—Baptist and Reflector.

## FORGET ABOUT YOUR STOMACH.

If your digestion is bad the vital organs of your body are not fed and nourished as they should be. They grow weak and invite disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion and all stomach troubles. You forget you have a stomach from the very day you begin taking it. This is because it gets a rest—recuperates and gradually grows so strong and healthy that it troubles you no more. E. L. Babcock, Anherst, Minn., says: "I have taken a great many remedies for indigestion but have found nothing equal to Kodol Dyspepsia Cure." Kodol digests what you eat, cures indigestion, dyspepsia, sour stomach, belching, heart burn and all stomach troubles. Its preparation is the result of many years of research. Sold by the Mt. Vernon Drug Company.

It is reported from Paris that the long search by Ambassador Porter for the remains of John Paul Jones has been at last rewarded by the discovery of the Admiral's body in a perfect state of preservation. It was immersed in alcohol, and not only was the resemblance to portraits and the features of the great sailor preserved, but all the physical facts, such as height and color of hair, allied. Paris surgeons held an autopsy on the body, the results of which showed the existence of the disease of which the Admiral died.

Keep your bowels regular by the use of Chamberlain's Stomach and Liver Tablets. There is nothing better. For sale by Chas. C. Davis.
