WISH YOU COULD SEE OUR SHIRTAWAIST SUITINGS.

The writer is stumped! How is he to describe these varying glories in Shirtwaist Suitings? In design and style these goods are beauties. It sounds very tame, doesn't it? You'll appreciate just how tame it is when you see the goods themselves. No type can do them justice—all so pretty and tempting that it's hard to express a preference.

And the values! Were it not that these novel, stylish things cost less here than elsewhere, they wouldn't be here.

We must sell the Same Goods for Less Money.

For service nothing is prettier, better or more cleanly than a Silk Shirtwaist Suit.

We have the Silk—all colors—at 50c a yard.

HERE you can pick of all the newest styles and designs in Calicoes, Lawns, Ginghams, Organdies, Battistes, Linens, &c. &c. &c.

Clothing FOR THE YOUNG MEN OR THE OLD MEN OR THE BOYS

THERE is a combination of circumstances to which the distinct and decided progress of our Clothing Department is traceable. First of all come the grades—make-up and fit; they are always lower prices, and last but not least, our big stock. What's the use of saying more? Our prices talk.

Special bargains in Summer Clothing—good through April and May.

Come and See.

GLOVES

WE have bested everybody else on gloves—that's the decision of hundreds of people who have seen and tried our "F. P. Sargent" Union Made work gloves. No rivets, out-seams—they fit; are heat and water-proof. Price \$1.00 to \$1.25 a pair.

One pair of these will outwear two pairs of any other brand.

Shoes FOR THE MEN OR THE LADIES OR THE CHILDREN

WHERE do you buy Shoes here? If not, why not? We carry the newest things, the prettiest and best line in Eastern Kentucky.

Prices 25 per cent. cheaper than the cheapest.

Have you tried a pair of our men's high top heavy Shoes at 98 cents a pair?

Mens, Ladies and Children's Black and tan Oxfords at prices to please and fit any purse (or food).

Guaranteed.

Overalls and Jumpers Very Little to Pay.

WELL gentlemen of the Over-all Brigade, remember that we guarantee, endorse and recommend the great "Marchant-Union K. R. Overalls and Jumpers." When we guarantee a thing we have to know all about it; we have to know the stuff, the sewing, the value and everything about it is right. Our overalls are right. You can bet on that. Prices 50c to \$1.00 per garment.

WHAT trade we have we'll hold—what we haven't we will get as quickly as our Underselling methods become understood.

OUR MOTTO: It is better to sleep on 3 per cent. than lie awake on 6.

LEVEL GREEN

Here I sit propped up in the bed (Monday p. m.) trying to write.—a slow go. This beats some tho'—or what Daniel said when he found himself in "the Lion's den."

We are somewhat better, of course after being so pleasantly entertained Sunday by our cousins—aged cousins—Messames Margaret Snodgrass and Elizabeth Lawrence, the one my mother's oldest living relative, the other my father's oldest; accompanying those good ladies were Mrs. Georgia Rice and Master Floyd Miller of Mt. Vernon, grand-daughter and great-grandson of Mrs. Shoegrass, third generation. Who will beat this? It is needless for me to attempt to tell you how pleasantly I spent the afternoon. We laid sickness and dead issues aside and talked the living present, but no one can tell the time or tide and the hour soon arrived for their departure. Come again good people. If the well could only realize how much real satisfaction it affords a poor "shut-in" they would surely spend more time with them.—Mrs. John C. Payne, who has been so long confined to his five years similar to, but more severely than your humble servant, spent a good portion of two days encouraging me last week. He is indeed a philosopher and possesses patience like Job.

Such visits are worth more than doctor's medicine, indeed they are. J. W. Brown and James I. White were here on business connected with the Standard Oil Co. last week.—J. J. Towery is no better it seems, tho' I've not seen him since the November election.—Mrs. Jere Logsdon died of consumption last week.—C. W. Owens is severely afflicted at present with a complication that seems to baffle the skill of our doctors.—M. B. DeBord's younger son whose condition seemed hopeless last week, is now much improved.—Miss Vera DeBord returned from State College Monday.

—Joseph DeBord returned to Kentucky University last week after a visit of some length to home-folks. Joe is striving to be a Campbellite preacher.

Victor Brown seems to hold a firm grip on the night office at Jellico, Tenn. Hurra for Vic.—Wm. J. Brown and sister, Ora, visited the family of Oese McWynns, and made another home-visit.—J. M. Craig is buying the people's wool. This heats sending to factories.—We are delighted to learn that the health of Eugene Mullins, son of our friend Reuben, has so much improved since he went to New Mexico. Messrs. Oliver and Jesse, which are neighbors with the Whites, are at Kemper, Tex., and report much improvement in their health. We hope the good Lord will especially bless the three good ladies and little Olive too, that accompanied O. and J. to their new home, and may many years be added to a long life of happiness and contentment.

—A. J. Pike preached at Liberty school on Sunday school at Poplar Grove, Mt. Pleasant, Nicely school house and Chapel, are on a boom, but most or all of them will die or migrate, when winter approaches, as usual.—Mrs. Rebecca Lee DeBord, who has been afflicted so long and severely, is slowly improving.—Norton & Hamlin are selling lots of goods at cost. Eggs 73c at their store.

BUCK VARNOR. SAVED BY DYNAMITE. Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a good fellow can't cross a river, but as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aged cough which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At Mt. Vernon Drug Co.'s drugstore, price 50c and \$1 guaranteed. Trial bottle free.

The Santa Fe railway officials report that all damage to their road, betwixt the two books in Arizona and New Mexico has been repaired, and the line is now open.

CRAB ORCHARD

McDade's Fun Makers, [have been holding a protracted school at this place since last Saturday. They left Wednesday morning.—Jasper Thompson, of Small, Ky., called to see his uncle, Geo. Thompson.—Mrs. Kate Pettus, who went to Livingston with her father, W. T. Merimee, after her husband died, returned to her home here, accompanied by her sister, Miss Prudence Merimee.

Mrs. Mary E. Bronaugh, who has been spending the winter with her sister at Stanford, has returned to her son's, R. H. Bronaugh.—D. C. Payne says his parrot is learning to talk.—Mrs. S. E. Esler, who has been confined to her room with pneumonia for several days is able to be out.—Bro. Ellis, of Lancaster, preached at the Baptist church Sunday last.—Bro. Livingston preached for the Christian church.

We have had another wedding in our midst. The Rev. A. Young, a young farmer near here, and Miss Kitty B. Singleton, daughter of J. N. Singleton, the sawmill man, drove to Stanford on the 26th of April and were united in the holy bond of wedlock. They were accompanied by Mr. Henry Wells and daughter, Miss Myrtle. May the good work go on, till instead of the young bachelors and lonely, overworked women, who are only waiting, which is all a woman can do, for a worthy man to ask the all important question, our land shall be filled with happy homes where each partner shall seek to make the other happy, and the young folks will be as quiet. How much sorrow might be alleviated in this world if every one sought another's happiness instead of his own. If we hunt for happiness we find it in no other way.—The old folks met here on April 20 to celebrate the thirty-fifth anniversary of their order. Bro. Huey made an interesting talk at the Baptist church in which he explained the principles of the order which stressed up mean nothing made progress than obeying the Scriptural injunction, to visit the fatherless and the widow, which are the ones who are despised from the world. He went on to say that man may obey strictly every ordinance of the order, to the letter, and live in full fellowship with each other, but if he have not fellowship with God, it will profit him nothing in the world to obey to the letter, though I believe all my goods to be burned, and give my body to be burned, and have no love, it profiteth me nothing." I think if we love our fellow man, sincerely as we should, it is evidence of our love of God.

HOW TO WARD OFF OLD AGE. The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by the use of food suited to your age and occupation, and when any disorders of the stomach appear, such as Indigestion, Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by Chas. C. Davis.

The monthly statement of the public debt shows that it increased \$5,593,384 during April. There was also a deficit in receipts as compared with expenditures of \$2,714,019 for the same month. The circulation statement shows there was an increase for the year of \$44,164,372 in national bank notes.

A CREEPING DEATH. Plool poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like a water-bug, Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at Mt. Vernon Drug Co.'s drugstore.

L. Litman, a Louisville traveling salesman, who was arrested at Toledo, O., charged with defrauding a hotel, was sentenced to the work-house for ninety days and fined the cost of the case against him.

While billions track is decidedly unpleasant it is quickly over when Chamberlain's Stomach and Liver Tablets are used. Sold by Chas. C. Davis.

FITZHUH LEE AT A GLANCE

Born in Fairfax county, Va., 1835. He was a nephew of Robert R. Lee. Graduated from United States Military Academy in 1859; instructor of cavalry at West Point, 1860-61; Lieutenant Colonel of First Virginia cavalry, 1861-2; made Brigadier General July 25, 1862; made Major General September 3, 1863. Had three horses shot from under him and was badly wounded at Winchester, Va., September 19, 1864. Commanded whole cavalry corps of army of Northern Virginia from March, 1865 until he surrendered to Meade at Farmville. Governor of Virginia, 1896-99. United States Consul to Havana from 1893 until war was declared with Spain, 1898. Appointed Major General of United States volunteers in May, 1898, placed in command Seventh army corps. Became Military Governor of Havana January 1, 1899. Later in command of the Department of Missouri, United States army, until retired upon reaching the age limit.

TO CONSUMPTIVES.

The undersigned having been relieved of health by climate means, after suffering several years with a severe lung affection, and that dread disease Consumption, wishes to make it known to his fellow sufferers the means of cure. To those who desire to be cured, he will cheerfully send, free of charge, a copy of his prescription used, which has cured him, and will send him the same, and will also send him the name of the doctor who will cure them, and may draw a check on the undersigned, East, Rowland A. Wilson, Brooklyn, New York, and send it.

QUESTIONS AND ANSWERS.

Golconda is in India. It was once the capital of a rich and powerful kingdom, but has fallen into decay. Writers differ as to the situation of Ophir. Solomon's ships went there for gold, precious stones and sandal wood for building the temple. It took 3 1/2 years to make the trip. It is probably on the East coast of Africa. As Jasper Brown asks the question through the columns of the Mt. Vernon Signal, to know what the price was that was paid to Judah for the betrayal of Christ, I will try to answer his question through the same medium: It was the contemptible sum of three dollars and ninety cents. Now will be, or any one give me the dimensions of heaven. And he measured the city with the reed twelve thousand furlongs. The length and the breadth and the height of it are equal.—Rev. 21:16. Please answer through the columns of the Mt. Vernon Signal. S. RIDGELL.

HOT WEATHER PILLS.

Persons afflicted with piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which make piles more painful and dangerous. De Witt's Witch Hazel Salve stops the pain, draws out the soreness and cures. Get the genuine, bearing the name of H. C. DeWitt & Co. Sold by Mt. Vernon Drug Company.

Every family should be supplied with a bottle of Chamberlain's Pain Expeller. For cuts, bruises, burns, scalds and similar injuries, which are of frequent occurrence, there is nothing so good. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. As it is an antiseptic all danger from blood-poisoning is avoided. Sold by Chas. C. Davis.

The role standard went into operation in Mexico without the slightest jolt or disturbance in business.

It is said that the present debt denominated by the recent Russian imperial price amounts to about \$45,000,000.

MAJ. GENERAL FITZBUGH LEE, United States Army, retired, aged sixty-eight, died Friday night at Providence Hospital, Washington City, of apoplexy. Gen. Lee was stricken Friday morning on the train that was carrying him from Boston to Washington. Gen. Lee was a nephew of the noted Confederate General Robert E. Lee and has himself, for many years been one of the most noted characters in this country.

Most of the men who start out to win immortality have to content themselves with oblivion. And many of them are happier with the latter than they would be with the former.

The defalcation of that Milwaukee bank President once more illustrates how unsafe it is for bank officials to speculate, especially unsafely for their depositors, or their bondsmen.

Mr. Bryan says the only real peace is to be found in religion. Evidently Mr. Bryan never visited Washington when the President was on a hunting trip.

POLITICS AND POLITICIANS

Judge Tally, defeated Republican candidate for Mayor of St. Louis, is preparing to contest the election of Rolla Wells, Democrat.

Assistant Secretary of State Loomis is quoted as saying that President Roosevelt will personally investigate the stories regarding his alleged improper actions while Minister to Venezuela.

Secretary Loomis denies there is any truth in some rather persistent rumors that the President will be in camp. The owner of the ranch said, however, that he had heard the President had a touch of leprosy, but felt sure he was not ill. The party had ceased hunting, however, in order to give the dog a rest.

Secretary Tally's instructions received from the President yesterday dispatched a telegram to Minister Brown directing him to return to Washington at once. He will be required to confront Assistant Secretary Loomis and prove the charges made against the latter, or explain his conduct in regard to them.

Collector of Internal Revenue Joseph A. Craft played smash with the Republican organization in Louisville when he issued an order to employees of his office that they must resign from the Republican committees or quit the Government service. Mr. Craft didn't begin playing smash, however, until he was ordered to by Secretary Shaw.

The jury to try Johann Hoch for wife murder was completed Monday. The prisoner expressed himself as pleased with it. The taking of testimony in the case was begun, the first witness called being a former landlady of the prisoner.

The new Seelbach Hotel, at Fourth avenue and Walnut street, Louisville, was thrown open to the public for inspection Monday, and many thousands took their first view of the magnificent interior. Much had been promised by the promoter and in its completed form all promises were realized. It is the peer of any in the country.

By a decision of the United States Court of Appeals rendered in Washington the officers and soldiers of the First Kentucky regiment will receive about \$12,000, while about \$3,000 will go to the Second regiment, Spanish War Volunteers. The regiments were represented by Capt. C. C. Calhoun, and under the same decision Tennessee, Louisiana and Indiana soldiers will be paid.

The testimony of the defense in the Hargis case at Lexington was closed Monday and the Commonwealth began the introduction of rebuttal testimony. The accused was put on the stand and made an important statement, which the State witness contradicted. Alex Hargis denied any connection whatever with the Cockrell or Marcus murders. The contempt rule against Brock Combs was dismissed.

The State Board of Valuation and Assessment has decided to arrive at the value of National bank shares for taxation by taking the total capital stock, surplus fund and undivided profits, deducting therefrom the value of real estate held by the banks. This does not provide for deduction of the value of government bonds held by such banks, as contended for by the banks, and the matter probably will be taken to the courts for adjudication.

Rioting in the streets of Chicago Wednesday was so prolonged and fierce in character that many of the business men decided to appeal to Gov. Deneen to order out the State troops. This is opposed by Mayor Duane, who believes the presence of soldiers is not necessary. A delegation representing the labor element called on the Governor at Springfield and stated the strikers' side of the case. Gov. Deneen did not indicate what course he would pursue in the event that a request for troops was made.

J. C. HOCKER & CO.,
Livingston, Kentucky.

For the second time within four months the heads of nearly all of the prominent business houses of Denver will make an extended trip through the States surrounding Colorado, in an effort to better present business relations between Denver and its natural trade territory. On May 31, a special train of Pullmans left Denver for a week's trip through Western Colorado, Utah, Idaho and Wyoming. Scope will be made at Salt Lake City and Ogden, Utah, Boise City, Idaho, and Laramie and Cheyenne, Wyo., as well as at a score of more intermediate towns en route. One hundred and twenty business men, accompanied by a band of fifty-five pieces, compose the party. The Harvard Club, which took first prize at the St. Louis World's Fair, will furnish music during the trip, and phonographs will be spent in the various towns visited. A similar trip to El Paso, Tex., Albuquerque, N.M., and other towns in that territory was made early in January of this year, and the results were so marked that the second trip is the logical outcome. The first week's outing cost the business men of the city a matter of \$5,000, and nearly \$500,000 worth of business has already been obtained by Denver merchants as a direct result. During that week the special train covered more than 2,000 miles of territory and stopped at forty towns.

"The Man In Gray"

As its offering of respect to the Confederate Veteran's Union, the Henderson Route is distributing a beautiful three-color print, entitled "The Man in Gray," which is retaining widespread popularity throughout the entire South.

The picture, which is printed from an extra fine etching, reproduced from an original drawing by Mr. Robert M. Hoose, the celebrated artist of the Louisville Courier-Journal, is 16x22 inches, and is printed on fine enameled paper, sufficiently heavy for use unframed, but equally suitable for framing.

It is executed in the three cardinal colors of the Confederacy—blue, red and white background, and has been rightly termed by critics "a gem."

They are enclosed in strawboard mailing tubes for safe transmission by mail, thus avoiding any possibility of breakage and insuring safe delivery.

Send five (red) stamps to L. J. IRWIN, Logistics, Ky., for this beautiful reproduction, and after you receive it, whether you are from the North or out of the South, you will be an enthusiastic admirer of the "Hero of the Gray."

Former State Senator Harry Bruders, of San Francisco, has been sentenced to five years' in prison on conviction of accepting a bribe.

Hary is closing out his stock of groceries with a view of moving to Corbin. Mrs. John H. Fish and little daughter, of Blue Ridge, Ga., are visiting relatives here. Rev. and Mrs. Carmel went to Pittsburgh Monday to attend the burial of E. D. Corning. Miss Fannie Sparks of the Camp Bell-Hagerman camp, spent a portion of the week with homefolks. Mrs. Bettie Hoard, after a visit of several weeks to relatives, left Monday for her home in Springfield. Charlie Henderson will be transferred to the new road and will move his family from Lebanon Junction to Knoxville. We understand M. J. N. Brown, the sage of Pongo, Holler, will spend several weeks in Mt. Vernon under the treatment of one of our physicians. R. P. Pike was over from Johnetta yesterday and told us that the Big Hill Coal Co. had gone through on the other side of the hill from where the mine now is, and found a four foot vein of coal. W. S. Givens, Sales Inspector, agents for the New England Life Insurance Co., has been with the local agent, A. B. Furnish, this week and the two have placed about \$8,000 insurance. Mr. Furnish has hopes of winning the prize for the month of May.

Mt. Vernon is a boom. Mt. Vernon has sight mail at last. The flying dutchman is here and every one that can get a nickel is taking a fly. The Big Hill Coal Co. lost one of their three-room cottages by fire Wednesday morning. It will pay you five per cent. dividend, to watch closely the adv. of J. Thos. Chery each week. Twenty dollar gold pieces are almost as plentiful as personals and locals have been this week. Fritz Krueger's new time kiln will be completed in a short time. The capacity will be 150 barrels per day. Miss Dora Saffler and a Mr. Lefew were married Friday at the home of Rev. J. C. Carmical, the officiating minister. Any one having wool to sell would do well to see J. M. Craik or write him at Quill, Ky. He shipped over 600 pounds Wednesday, in his first lot. WANTED.—2000-lbs. nice country hams. Will pay 10-cs per lb. and exchange four or merchandise for same. HOU & ADAMS, apr 21-1f. Mt. Vernon, Ky.

Several new houses going up, and others to be started later. The ladies of the Baptist Church, Broadhead, will give an ice-cream and strawberry supper, at A. J. Albright's new store building near postoffice, Saturday evening May 6. All are cordially invited. THE SIGNAL wants a good correspondent every town and post office in the county, where there is not already one. News of the county is what we want and what the readers of the paper want. Mr. E. D. Cornell, until recently one of the proprietors of the Victoria Mines in Laurel county, died at his home in Pittsburg Sunday of stomach trouble. The funeral was preached by Rev. J. C. Carmical Monday afternoon. S. W. Davis has put in a 40 barrel tank which will keep well filled with water for fire protection for his own property. If others would do likewise, the rate of fire insurance would come within the reach of people, however, as it is, the rate is so high that the business men along Main st., especially, can better afford to carry their own risks, than pay the extremely high insurance rate. We offered some time ago, one column space, each issue, as a "Question and Answer" column. But few look advantage of it and it was soon discontinued. To our correspondents who sometimes add a few questions, we will ask to write any question you like, but please write it on a separate sheet from your regular correspondence and mark it "Question and Answer" column. John Treadway, a son of Marion Treadway, was accidentally shot Sunday, the ball entering near the hip and ranging down toward the knee. The wound is not at all a serious one, but such as to cause considerable pain. Young Treadway and two other boys were sitting on a box car, one of the boys pulled a pistol from his pocket to hand to the other one, and as he did it fired the ball taking effect in Treadway's thigh. SPLENDID STORY.—On the fourth page, readers of the SIGNAL will find the first chapter of a beautiful written story entitled, "The Home-Coming of Bob Redmond," who was a member of the Breabright county feud and who was taken to Covington for safe keeping on the charge and conviction of murder. It is written by Mr. Edwin C. Rank, of Covington, who is recognized as one of the best young writers in Kentucky. In mentioning the fact that Prof. J. W. Ireland has been elected superintendent of the Graded School here, the Harrodsburg Democrat says: "Prof. Ireland has been a teacher in the Academy here for about three years and has made a fine record. He is a young man of excellent character and personal habits, and has the confidence and esteem of all who know him. Harrodsburg will regret to lose him." Interior Journal. Prof. Ireland, was for a short time principal of the school at this place from May 15th, 1898, to April 23rd, 1905; age about seven years. "Suffer the children, to come unto Me, for of such is the Kingdom of Heaven." THE SOUTH NEEDS IMMIGRANTS. [Minneapolis Times.] South Carolina, with 14,000,000 acres of idle occupied land, has come forward with a plan that seems to offer much in the way of solving the immigration problem. The State needs new white blood to work the mines and fields, and while this situation has been made known for many years in the usual way, it has not brought such results as are desired. Now the State has opened headquarters in New York City, under the charge of the State Commissioner of Immigration, and an effort will be made to direct newcomers to the opportunities in the South. It is a fact that a very large proportion of the immigrants reaching New York have no definite idea of where they can locate to the best advantage, and the result is that most of them remain in the cities to eke out a miserable living. Could they but know that broad acres awaiting their willing hands and that rewards for their labor in that direction would exceed anything offered by the big cities, it is believed that they would gladly take advantage of the opportunity. The South is peculiarly suited

MATHRONIAL The Harrodsburg Democrat says: "On Wednesday, May 10th, at high noon, the marriage of Miss Mary Louise, eldest daughter of Mr. and Mrs. Edward McAfee, to Mr. J. W. Hutcheson will be solemnized at the Providence church in McAfee, the home of the bride. This wedding was to have taken place last fall, but owing to a death in the bride's family was postponed until spring. Mr. Hutcheson was formerly cashier of the Salvisa Bank, which he organized, and became widely known and extremely popular throughout the county. He is a thoroughly equipped and enterprising young business man of great promise. Mr. Hutcheson is a present cashier of the bank at Broadhead, Ky., which he organized a few months ago. Miss McAfee is one of Mercer's most accomplished and beloved daughters. The young couple will make their home at Broadhead." BROOD HEAD. Miss Myrtle O'Bannon who has been visiting Mrs. J. C. Fry, has returned to her home in Stanford. —John Nevius, of Livingston, was in town Sunday.—J. M. Hurst of Richmond was in town Tuesday. —Geo. Menifee, of Stanford was visiting Robt. J. Willmot first of week. Edgar Dunn, who has been visiting in Danville has returned home. —M. C. Albright, of Louisville, was visiting his parents first of week.—Mrs. J. H. Dunn who has been visiting her parents in Knoxville, Tenn., returned home Monday.—A meeting of the stockholders of the Rockcastle County Fair Association was held Thursday night and decided to have another fair this year. The officers and date will be named later. The furniture and fixtures for an opera house have been ordered.—Robert G. Willmott was in Livingston Wednesday.—The Baptist will give a stamper and ice cream supper at the building of A. M. Albright near the post office Saturday night June 6.—Mrs. G. W. Brooks will leave on Saturday to join her husband in Knoxville, Tenn. We dislike very much to give her but our loss will be Knoxville's gain. LIVINGSTON Mr. and Mrs. John Watson have the sympathy of every one in the loss of their little daughter, Ruby Clark Watson, who died Sunday afternoon after an illness of five weeks, a complication of diseases. All that physicians, loving parents and friends could do was unavailing, and she went to meet her Savior with a faith, that was wonderful and sublime and if we older ones could only imitate how children were satisfied we would be happy indeed. The funeral services were conducted by Rev. Marshall Monday afternoon at the Presbyterian church, then amid loving prayers and the tears and sympathy for the heart-broken parents, the remains were laid away in the Wakefield cemetery. Little Ruby was born May 15th, 1898, died April 23rd, 1905; age about seven years. "Suffer the children, to come unto Me, for of such is the Kingdom of Heaven." THE SOUTH NEEDS IMMIGRANTS. [Minneapolis Times.] South Carolina, with 14,000,000 acres of idle occupied land, has come forward with a plan that seems to offer much in the way of solving the immigration problem. The State needs new white blood to work the mines and fields, and while this situation has been made known for many years in the usual way, it has not brought such results as are desired. Now the State has opened headquarters in New York City, under the charge of the State Commissioner of Immigration, and an effort will be made to direct newcomers to the opportunities in the South. It is a fact that a very large proportion of the immigrants reaching New York have no definite idea of where they can locate to the best advantage, and the result is that most of them remain in the cities to eke out a miserable living. Could they but know that broad acres awaiting their willing hands and that rewards for their labor in that direction would exceed anything offered by the big cities, it is believed that they would gladly take advantage of the opportunity. The South is peculiarly suited

by climate and resources to the people of Southern Europe, but they are not generally informed of this. The consequence is that section has failed to receive its share of the immigration, while other parts of the country, and the large cities, are becoming overcrowded. Yet it cannot be said that there are too many people in this country so long as vast tracts of land remain untilled for lack of workers, and, after all, it may be the most serious problem in connection with immigration is that of distribution. If South Carolina should get enough immigrants to work her 14,000,000 acres it is obvious that the situation would be much improved at once. LAND, STOCK AND CROP Mr. B. S. Mattingly, of Lebanon, sold to Mr. James Miller for parties in New York, 500 head of cattle to be delivered the first of May or the first of June, at \$5.70 per cow. The parties in New York are the distillery of J. B. Dant at Gettysburg, at Samuels and at Loreto, in Nelson county.—Bardston Standard. If the old sow are gentle the pigs will be gentle, too. Animals that can be managed easily are worth double the price of those which can't.—Don't keep the breeding sows in small pens. They need plenty of room. Ample room will insure good size in the progeny as soon as the pigs are old enough they should be fed separately by giving with a light ration and increasing the price of these pigs each week. Stone, Garrard county, recently sold a team of good mules for \$300. The parties in New York reported the sale of several pairs of mules in Bourbon at \$300 and \$350. An offer of \$300 was refused for another pair.—E. An exchange says the potato bugs are in full dress upon vines awaiting the arrival of the vines. A quick way to kill potato bugs is to take two blocks of wood about three inches long and a half inch thick. Place the potato bug between them and stamp down on the bug. We know a small boy who paid 15 cents for this information to a firm in New York which advertised a "Lightening Potato Bug Killer" for sale at the "ridiculous low price of three nickels." We give it to our readers now free and without any charge. Some one has said that party farmer's wives are making more on the amount of money invested in "dees" than their husbands are making on an equal amount invested in land or stock. We have no doubt this is true, and the best way to make the highest return on farm stock this year, does a fiddy is often mentioned along the road as the farmer, and yet she may be able to purchase the clothing for wife and children, and often does as much or more than that. Give her a good, clean and comfortable dress, and plenty of plain nutritious food and pure water, and she will repay you a hundred fold and more.—E. The cattle raisers know that they have not grown wealthy from the sale of their cattle. The employees of the packing houses know that they are under paid. The retailers who are forced by every known device to handle only the prepared meats know they are not growing rich. The consumers know that they are compelled to pay exorbitant prices for meat. And every body knows that the men who control the packing trust have piled up fortunes aggregating hundreds of millions of dollars. Mr. Garfield says the packers make an average of 99 cts. on all beef cattle killed less than \$500.00.

CALIFORNIA

Do you want to live where the climate is mild the year round—where labor is never oppressed by stress of weather, and where animal vitality is never lost by mere conflict with cold?

Do you want to live in a region where the resources are more varied than in any other equal area in the world, where the division of great ranches affords a fine opportunity to get a small farm that will assure you a competence?

Do you want to live where, with a minimum of labor, you can grow profitable crops of grapes and small fruit, oranges, lemons, olives, prunes and almonds, alfalfa and grain, where crops are sure, business is good and capital easily finds profitable investment?

Then go to California, where both health and opportunity await your coming.

The Chicago, Union Pacific and North-Western Line

is the most direct route to the Pacific Coast, and there are two fast through trains daily via this line, over the famous double-track railway between Chicago and the Missouri River. One-way Colonist tickets are on sale daily, March 1 to May 15, at the rate of \$33.00 from Chicago, with correspondingly low rates from all points, give you an unusual chance to make the trip.

\$33

These tickets are good on daily and personally conducted excursions, on which a double berth in a Pullman tourist sleeping car from Chicago costs only \$7.90. Round-trip tickets are always on sale from all points at reduced rates via the

There seems to be no hope of an early settlement of the teamsters' strike in Chicago. Mayor Dunne and his peace committee held a conference of six hours' duration Monday, but no agreement was reached, the Employers' Association declining all propositions for arbitration with the teamsters. The Chicago Federation of Labor held a meeting and adopted a resolution asking President Roosevelt, Gov. Deane and Mayor Dunne to investigate the strike. Nine hundred extra policemen were put on duty Tuesday.

The production of oil in the Kentucky-Tennessee field for the first four months of 1905 was approximately 300,000 barrels, which is an increase over the production for the same period of 1904. It is not equal, however, to the production for the last four months of 1904, a fact attributed to the decreased price of crude oil.

FARM No. 1.—This farm of 317 acres, located on Negro creek, near Brodhead, Ky., is one of the best farms in the county and will be sold at a bargain, the owner being unable to properly look after same, because of his health. The entire farm is under fence, 170 acres in cultivation, balance timbered, three houses on farm, good wells and springs, and plenty of good stock water. Also good orchard.

FARM No. 2.—Consists of 300 acres, which will be sold in two separate tracts if desired. This farm is located on the Mt. Vernon and Somerset road, near Level Green, Ky., and is located in the best farming section of the county. Well fenced, 175 acres in cultivation, balance timbered, well watered, one new two-story building and two tenant houses, convenient to school, church, store and postoffice and is one of the best communities in the county. A great bargain.

FARM No. 3.—A farm of 185 acres, located near Mareburg, and a very desirable farm, 140 acres under fence and in cultivation, balance, 40 acres timber. Good houses, never-failing spring and well, splendid orchard, close to school house, church and post office. Most desirable location and a splendid bargain. Any one wishing to buy this farm can buy a 70 acre tract out of this farm, but no buildings would be included on the 70 acre tract if a division is made.

FARM No. 4.—130 acres near Brodhead, well fenced, plenty good water, good orchard. Plenty timber to run farm, good residence and one tenant house. Can be bought for \$550.00. A great bargain.

SHIP HELD BY A KISS.

The big ship Oceanic was delayed a full minute in starting from its New York slip the other day by a passenger, a young man, who lingered too long on the dock, kissing his sweetheart good-by.

"Good-by," the young man said for the dozenth time.

"Lower away!" The officer's sharp command was followed by the rattle of the chains of the gang-plank.

"Good-by," said the girl, raising a face so alluring that flesh and spirit could not resist—at least not the flesh and spirit of this lover.

Half the big crowd on the pier and decks forgot their own affairs and were watching the little drama being enacted near the swinging gangplank. When the hero turned the plank had been pulled in and a chasm yawned between him and the ship.

"Let him on board!" shouted the crowd on the pier.

"We'll wait!" cried the crowd on the deck.

The stern officer on the bridge high up above the crowd looked unheeding. Would he stop the greyhound already unslashed for the run? Could an ocean schedule and enormous business interests be made to wait on a lovers' kiss?

The keen-eyed officer turned down upon the pair a face of flint. The girl's eyes looked up into his, overflowing with entreaty. He started, a softness spread over his face as he sighed. At a wave of his hand the plank was put out again, the young man leaped aboard and was caught by two seamen.

A minute had been lost. A minute means very much to the captain of a great ship, who counts even the fractions of seconds.

Had it been a bag of bullion the ship waited for no one would have wondered.

Had it been the parting nothings of an Emperor to an unheeding populace the event would have been commonplace.

But it was only a lover's kiss—the smallest and yet the greatest thing in the world.

The fate of cities, the destiny of nations, have waited upon lovers' kisses before now, and will again.

We may laugh at the lovers' kiss, but it is very close to the central forces of life. Homes are founded upon it, and lives given purpose and power by it. It is a quickening and inspiring influence in every healthy life.

The cry of the crowd for the ship to wait for a kiss is the soul cry of humanity.—Ex.

FOLEY'S HONEY AND TAR
for children, cough, croup, Hooptone

April has the record of being one of the most disagreeable mouths of the year. Very little progress was made with farm work owing to the cold and the wet. Many plant beds were ruined by the frost and freezes and the supply will doubtless be short when setting time comes. Gardens that have been planted for weeks show little or no growth at all, while other vegetation is practically at a standstill. A few warm days now would make considerable change, and such days are just what the farmers most want. From the most reliable information obtainable we are constrained to believe that the fruit has not yet been injured to any great extent. This is certainly a source of much gratification as it lightens the burden of life, and doubtless the joy of work to think that we are to have plenty of good fruit during summer and autumn.—Ex.

A GOOD SUGGESTION.

Mr. C. B. Wainwright, of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Chas. C. Davis.

WHY SUFFER FROM RHEUMATISM?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this treatment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after while the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tenn., U. S. IN THE STATE

Caleb Powers was taken from Louisville to Georgetown for appearance in the Circuit Court for the fixing of the date for his new trial under order of the Court of Appeals.

Judge C. B. Hill, of this city, was Friday appointed a member of the Goebel Reward Commission to fill the vacancy caused by the death of Judge J. H. Lewis. W. H. Posey was appointed in place of Congressman Richardson, resigned, and Judge B. W. Bradburn who resigned a short time ago to accept an appointment as Circuit Judge, was again made a member, his time under the Judgeship appointment having expired. The other members of the Commission are M. W. Moore, of Harrison county, and J. D. Clardy, of Christian county.—Winchester Democrat.

Colonel S. King Ford, of Cynthiana, one of the star witnesses in the Hargis trial at Lexington, said: "Judge Hargis has perfect faith in his acquittal," said Mr. Ford, "and myself believe that he will come clear without any trouble. The judge is a man of imperturbable nerve, and you couldn't scare him if you pointed a loaded cannon at him. I believe that he is entirely innocent of the crime imputed to him and that the jury will so decide. The trial will probably continue most of the week, as there are yet a number of witnesses to be examined and long arguments to be heard from both sides."

TERRIFIC RACE WITH DEATH.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed and sold at Mt. Vernon Drug Co.'s drugstore; price 50c.
