REIGN OF TERROR.

Middlesboro Militia in the Mountains After a Lawless Gang.

Middlesboro, Ky., Nov. 6.—A reign of terror in this vicinity threatens to rival in violence the bloody feuds of Breathitt county. The Middlesboro militia company spent Sunday afternoon in the mountains after a lawless gang, said to be headed by Frank Ball, wanted for the murder of John Dolen, barber. Ball is reported to have with him a crowd of at least 40 men who intend to resist his arrest to the last. Four miles from Middlesboro the soldiers attacked a "blind tiger" and killed it with steel bullets, although they succeeded in capturing nine of the men. Returning to town a toll call of the company showed the absence of three men whose whereabouts are not known. Sunday night the town was comparatively quiet, but all telegraph wires have been cut. Gen. Deekham has been asked to send more soldiers and another company is expected. As the local militia men are worn out by constant duty for the past three days, the Middlesboro company is in charge of Capt. George W. Albrecht, a leading citizen, who up to September last was called to the Middlesboro News. Secrecy is preserved by both citizens and soldiers and it is reported that telegraph wires have been warned not to send out news of the disturbances to any newspapers.

Yesterday's Courier journal contained this paragraph: "One result of Tuesday's elections over which all honest Kentuckians, of whatever politics can rejoice, is the defeat of Jim Hargis and his gang in the office. Not only that, but the State, is to be congratulated on the expulsion of the crew from the office, which they have so unscrupulously perverted to their own desperate and depraved ends."

The election in New Albany, Ind., Tuesday was a victory for the Democrats, though the Republicans succeeded in electing Jacob Beck Mayor.

Bookwalter, the Republican candidate for Mayor of Indianapolis, seems to have defeated Holman, the Democratic incumbent, by a handsome majority.

George B. Cox, the Republican boss of Cincinnati, after his crushing defeat Tuesday, gave out a statement announcing his retirement from politics.

Geo. B. McClellan was re-elected Mayor of New York by a comparatively small vote over William R. Hearst.

William T. Jerome was re-elected District Attorney.

Returns from the State election in Rhode Island indicate the reelection of Gov. Geo. N. Utter, Republican, by a plurality slightly over 5,000 votes. A Republican Legislature in both branches is assured.

In the Essex, N. J., sensational district election, the Independent Republican, who wrested the Republican nomination for State Senator for the regular Republican organization, wins by not less than \$15,000.

KING SOLOMON'S MINES.

If the conclusions—as to the origin and history of "the mysterious ruins in Rhodopean land" before the British Association at Bulawayo led by Mr. Rappall MacIver are correct, they are not relics of ancient Ophir, and we must seek elsewhere for the regions whence King Solomon procured his stores of gold and precious stones.

Mr. MacIver went to Rhodope last April, under the auspices of the association and the Rhodes trustees and examined minutely the ruins of Linanga, Nek's farm (16 miles north of Inyanga) Khami, Dilo, Dhalo, Inanga and Zimbalwa. After careful investigation he has decided that none of the ruins in Southern Rhodesia is older than the 15th or 16th century and that they are the handwork of African natives of the negro or negro-race under the dynasty known by the collective name of Monomotapa. The basis of these conclusions was formed on the following data:

The buildings are essentially of a native kind or type common to the day, nearly all traces some original wood stakes imbedded in the walls; no use of mortar or inscriptions on any of the ruins; stone and iron in place were found together; neither the buildings nor the other articles found show traces of early Oriental or European influence; finally, the discovery of pieces of blue and white Nankin China and other articles of medicinal manufacture in the lowest parts of the foundations proves that such commodities were the object of barter before the buildings were erected.

Mr. MacIver maintains that the ruins were originally fortified place usually enclosing a kopje built in the form of a rough ellipse following mainly the contour of the surrounding country. The so-called slave pits, described as pits dwelling, were originally citadels of their strong places round which concentric circles of walls were built.

LEVEL GREEN

The election passed off quietly with the exception of a quantity of "shoots." The boys are given a major, of from 16 to 52 in favor of the Independent ticket. The good people of the county regardless of politics, are beginning to wake up and try to elect men who know their duty and are willing to do it. Kockasle should not want to be chased along by a Bullait and Hartman. Probably we can pull through another four years of Republican rule. You all know what that means by experience.—The protracted meeting at Mt. Pleasant closed Sunday last with the following additions: There is now a series of meetings being conducted at Poplar Grove by Elds. Conimus and Godsey. We are sorry to report the death of Miss Logston, daughter of James Logston, of Walnut Grove. Her death was caused by complication of diseases. The interment took place Tuesday at Mt. Pleasant.

The condition of Black Varnon remains about the same.—Wm. H. Brown is suffering from grippe.—Jos. B. Brown, a student of K. U. came in Saturday to see his folks and left the election.—V. F. Brown, of Lilly, was in Tuesday to see his parents and his girl.—W. H. Brown in chased by a crowd from Wm. Brown at 800.—Columbus Brown has returned from Somerset where he has been shopping.—Robt. Brown was up from Somerset Sunday to see his father, J. N. Brown.

The election has come and gone, and while the strident Republican tickets won by a something over a majority, yet there is no room for discouragement on the part of those who led the Independent forces. The Independents have made a noble fight and have won a noble victory, instead of losing, in the fact that the Republican majority of the county was cut more than half in two.

The State Ride correspondent of the London Local puts it this way: "Well, they have sent Bro. Stump back to preach for us another year. Now, we are not going to believe that all the people have given up and intend to rush right up and jump square into hell, but there surely is something wrong. Just stop and think for a moment. A preacher can't have any success unless some one goes to hear him preach. Now we have a good man and one that will do his part if we will do ours. Let us quit the skip-to-my-Lilly meetings and go to hear a good man preach and one that can learn something in regard to religion. We are all preached to death by Jacks and crawls. Let us get where God wants us. Brother Stump will be at Slate Ridge on the first Sunday evening at two o'clock. Now don't stay at home and say that you thought it was at night."

In the October number of the Christian Safeguard is a strong article written by Ruskin on "The power of money." To get rich by day-betrothed Christ, and when he found that Christ would be killed he threw away the money and changed himself. The article leads up to the question of how many of our present money-getters who betray Christ by robbing the great trusts they hold will have the grace to hang themselves.

Attorney John W. Brown went to Louisville yesterday. V. C. Brown, operator at Lily came home Tuesday to vote.

We understand that Mr. D. L. Carter's daughter is very low with consumption. Miss Tommy Miller, of Campbellsville, is the guest of the family of her brother, C. C. Miller.

Morris Brown, who has been in the west for several years, is at home for a short time visiting relatives. James McChargue was over from Orlando Wednesday and told us that he would in all probability put up goods either at Orlando or Pine Hill.

C. C. Miller, who has been the manager of the hamp factory at this place, will go to Levee Green and take charge of one now being put in operation there.

LOCAL

The bird law expires next Wednesday. Dr. Donald McDonald has established a church on Indian Creek, in Oneida county, in the center of the feudal district.

Services at Presbyterian church next Sunday morning at 11 o'clock by the pastor, Rev. John M. Baudel. Everybody cordially invited.

The election passed off quietly all over the county. If there was any trouble we have been unable to hear of it. Such is invariably the case where whisky is not used on election days.

If you want to include your farm in the list of those posted against hunters and other trespassers, send us your name and 25 cents, which we will run until the expiration of the law on Jan. 1st. The money may be among the order.

Being unable to get the vote in the Crooked Creek precinct, we shall not attempt to give the vote for the county by precincts in this issue, but will give the official count in every race in our next issue.

FOR SALE OR EXCHANGE.—One good second-hand cook stove, burns wood or coal. Will exchange for corn or produce. TELEPHONE EXCHANGE. TO MY FRIENDS.

I wish to thank all my friends for what they have done for me and ask you to remember me in the future when county funds are not so plentiful. Very truly, P. SCOTT.

Mr. Vernon, Nov. 3, 1905. By mistake, some gentlemen exchanged bids with me at Brodhead last Saturday night. If he will let me know who he is, I will be glad to exchange a bid with him. J. W. BROWN.

A farmer who was on his way from Indian Territory to East Bernard, Ky., was arrested on an alley opening on Tenth street, between Broadway and Magazine in Louisville, and relieved of a pocketbook containing \$30 and a gold watch. Supt. G. M. Ballard received the following notice from the Superintendent of Public Instructions: "I regret to inform you that your November draft cannot be sent in time for the first issue. Money not in Treasury yet. You will receive it in time to pay the teachers 18th of November."

CANDIDATES.—The busy one hides his head. In grief and consternation great. "I'll never learn to be," said "as busy as a candidate." And all over the land these days, we hear the political yell, reminding us Judge Jewell said: "Politics is hell."

Krueger & Sons will begin Friday giving a ticket with every dollar's worth of goods, which will entitle the holder to one guess on the \$75 buggy now on exhibition in front of their place of business. Read their advertisement elsewhere in this issue, where you will find their plan fully explained.

Mr. U. G. Baker received a telegram yesterday morning, stating that Frank Mullins, who was serving a five-year term in the pen, for complicity with his brother, Will Mullins, in the killing of Dan Scott, had been paroled, and was now on his way home. It has always been the opinion that Frank was unjustly sentenced.

THE SIGNAL proposes to issue a grand Christmas edition, in colors, giving brief write-ups of the counts and its citizens. In this edition we also want to have a few lines containing Rockcastle who have gone to other States, where located and their occupation. Those living elsewhere, who read this notice are earnestly requested to write James Maret, Mt. Vernon, Ky., who will have charge of that department, giving the above information. Also parties in this county, who have friends and relatives living elsewhere, will please send us their names and addresses. Yours very truly, E. S. ALBRIGHT, Editor.

BURNED TO DEATH.—A small child of Mr. and Mrs. Will Bishop was burned to death near Langford Wednesday. Mr. Bishop and wife had gone from home and left their three children, one six years old, one about three and the baby, about one year old. The children were all locked in the house and had not been for the night. Mr. Bishop, who occupied the house, and going back knocking the door down, all three of the children would have been consumed in the flames. Mr. Reynolds rescued the two oldest children, thinking that the smallest was with his mother, but soon the parents arrived and found the baby missing. When the flames were extinguished only the head and part of the body covered in ashes was found, its arm and legs being entirely gone. It was a most awful scene and the heart broken parents have the sympathy of all.

Perhaps the school patrons do not know that in Kentucky we have a compulsory educational law, though not generally enforced. The law requires that every child between the ages of seven and fourteen years, shall attend school for at least eight consecutive weeks in each year. A penalty of from \$5 to \$50 for failure to comply with these provisions is imposed upon the parent or guardian. It is the duty of the Board of Trustees to see that the law is enforced. The child may be sent to a private school or taught at home, but it must receive an educational training from some source, if the child is not placed with a teacher to attend it. Where the pupil fails to attend it is the duty of the teacher to make a report to some of the trustees and in turn the duty of the trustees to take the matter up before the county authorities. Under the law no teacher is entitled to his or her money when the attendance is not 75 per cent. of the number of pupils in the district. If we are correctly informed there would be several teachers in this county who would get up waiting on pay day, if these matters were properly looked into by the chairman of the board of trustees of the various districts, whose duty it is to sign the monthly reports before the salary is paid.

It is a tie vote according to the returns in the Police Judge's race, between B. S. Davault and J. T. Adams, the present incumbent. There were two spoiled ballots, however. We understand that should they be counted, one would go to Adams and the other to Davault. Adams got 18 majority in E. Mt. Vernon and Davault the same in W. Mt. Vernon.

THANKSGIVING PROCLAMATION

Mayor J. H. Powell, of Henderson, whose thanksgiving proclamations are always couched in language unlike that generally employed, has just prepared his message for the approaching day of thanks, as follows: "A charming custom which has become of us a sacred law prompts me to appoint Thursday, Nov. 23, 1905, a day of thanksgiving and prayer in our municipality. Let us praise the Lord in his Holy Temple for the manifold mercies He hath manifested upon our poor and pious people. Thanks be unto the Almighty in as much as he hath spared so many miserable sinners. He is proclaimed, city cessants are not so many as right-istry candles in a cloudless sky. Heaven best the booming booster and keep us from kicking the ferry knocker. Thank God no guilty wretches greater grows on the ground of Great Henderson. We still live to love him full of hope, sing sweet songs, paint our pictures and do divine deeds. Hark! Hark! Hark! to the good man are the jewels of mercy and charity. Never since the first stars shined their stainless twinkles over a sinful world have we been blessed with such a copious crop of clever, capable and confident candidates. Lord have mercy on our official seekers. Strew with sugar plums, sanctifiers and forget-me-nots the paths of this big band of patriots who pray and pull with all their power for progress and prosperity. Ineligible by law for a second term, soon will your humble servant shuffle off the Mayor's mantle. This is my last municipal proclamation. Read it in sad silence, by the side of your wife in your own sweet home. Hunker for the light of old Powell's sunshine, as you see him serenely subside. Editors of newspapers, who have published my official documents and written of me in many kind words, will always hold me in your heart a place loyal and lasting as the love I bear the little children of my native town. Here is a sign for those who love me and smile for those who hate me. And whatever they breathe me. Here is a heart for every fate."

CONSULS' APPEAL.

It Threatens to Draw This Country Into the Discretions in Russian Empire.

IT CAUSES GRAVE APPREHENSIONS

The President Has Decided That No Action Can Be Taken by the United States.

Samuel Gompers, President of the American Federation of Labor, Sends a Calumnious Telegram to the Situation.

Washington, Nov. 7.—An appeal for aid from American consuls in Russia threatens to draw this country into the meshes of international dissection in Russia. The state department here is being with considerable alarm the appeals for protection which have been sent to the American charge d'affaires, at St. Petersburg, Mr. Eddy, from consuls Hornbush, at Riga, and Geo. B. Martin, at Rostoff.

The assurance has reached here through Count Lamontfort, that the Americans will be protected, but in event of the failure of the Russian government to act, it is probable that the American home government will be called upon.

President Roosevelt has decided that no action can be taken by the government at present which will be of any benefit to the Jews of Russia. Samuel Gompers, president of the American Federation of Labor, sent the following telegram to Count Lamontfort, at St. Petersburg, "While the world applauds the great achievements of Russia's workmen in the cause of liberty and justice should not be snubbed by pretenses and crime. If Russian workmen will as sternly use their united power to press the warms attitude and last-ingly sympathy of justice, humanitarianism the world over. The lives of all men and all classes must be secure if free liberty is not only achieved but maintained for all time."

"On behalf not only of the American organized workmen but also of all the workingmen of America, I am kindly conveying this message to your countrymen and our brothers of labor."

"What hopes were prevalent in the Caucasus. The Trans-Caucasian railway, the sole line is effectively crippled and reinforcements have been compelled to march. Sovietized bridges have been wrecked and the rails have been torn up in 40 places. Telegraph lines have been destroyed and Georgia and Dahestan are isolated. Every kind of arms. The war office is helpless."

Finns Get the Manifesto.
Helsingfors, Finland, Nov. 7.—The imperial manifesto meeting the demands of the Finns arrived here. The constitutionalists are satisfied, and the socialists, who threatened to make a demonstration, have thus far been quiet.

Superintendent of Construction.
St. Paul, Nov. 7.—The American paper announces that Walter G. Tabby, of St. Paul, has been appointed superintendent of construction of the Panama canal by John F. Stevens, chief engineer in charge of the work.

W. O. SCHAEFER, T. P. A., Cotton Belt Route, Cincinnati, O.

No one who has lived in Russia can doubt that with the Danube as the exclusive medicinal prerogative of the Orthodoxy, the Danube is the only one in which it is a state crime the mightiest bulwark of oppression falls.

The election of a Russian Parliament with its powers—a body with out whose consent no law can be enforced in the empire—gains its supreme value in the fact that virtually universal suffrage has been allowed.

To appreciate the difference between this new scheme of representation and the imperial government, the manifesto of August 11 is only necessary to recall the fact that under the Czar's rule which the Danube was to be elected St. Petersburg, with 1,500,000 inhabitants would have only 9,500 voters, including 137 Jews, and Moscow, with more than 2,000,000 inhabitants, would have only 11,000 voters. It was indicated that in rural communities the 90,000,000 persons should have altogether 5,000 votes, as against 1,792 of the landed proprietors and 1,334 of the municipal council.

With the extension of the right to vote to the masses of Russia, the guarantee of the right of the Czar's surrender, expressed in the "unchanging" rule, will be the approval of the State Duma, legislative and executive power, and the personal will of the Czar. Hitherto he has not enforced a single decree without the consent of his people.
