

MT. VERNON SIGNAL

MT VERNON, KY. Dec. 7, 1906

79 Call up "No. 79" when you want to Communicate with us.

TIME TABLE

Table with 2 columns: Direction and Time. Includes routes to Nashville, Knoxville, and Chattanooga.

Entered at the Mt. Vernon, Ky. Postoffice as second-class mail matter.

PERSONAL

R. B. Mullins has moved into his new home. C. A. Davis is at home on the sick list this week. McKenize Brown is spending the week in Garrard hunting. Minor Fish will spend the winter at Asheville, N. C. for his health. W. E. Smith is learning telegraphy under Agent J. A. Landrum. Miss Miranda McKenize spent a short while with relatives here last day. Capt. M. F. Smith has recovered sufficiently to resume his work on the road. Jim. Rieckels, extra section foreman, has charge of a section on the South end. Col. John W. Miller is here again this week looking after his business interests. J. T. Gentry, L. & N. conductor, is spending a few days with his parents here. Miss Reka Baker left yesterday for LaFollette to spend a few days with her father. Misses Georgie and Bessie Miller have returned from a several weeks stay at Versailles. Cashier and Mrs. J. W. Hutchison were guests of Cashier and Mrs. M. B. Sali Sunday night Monday. Mrs. Sue Butler arrived this week and will make her home in Mt. Vernon. She will occupy a portion of Mrs. Boultware's residence. Mesdames Nanie CAalright, E. S. Alldredge, W. M. Brice and Mesdack Gentry were the recipients of a splendid dinner last Friday at the hospitable country home of Mr. and Mrs. G. W. Gentry. A. W. Stewart and son, T. A., when last heard of, were in old Mexico. They said nothing about where they would turn their course homeward. They were more impressed with Oklahoma City than any of the other Western towns visited.

LOCAL

For HOLIDAY PICTURES—SEE KELLY & BURBANCK, Mt. Vernon. The Rockcastle Medical Society will meet at Brodhead Wednesday Dec. 19. All Physicians are earnestly requested to be present. The Baptist and Christian churches instead of having separate Christmas trees as announced last week, have decided to have a union tree and will have same at the court house. R. B. Mullins traded to J. C. Taylor the residence just East of W. M. Poynter's store or Mr. Taylor's house and lot in the Western part of town. Mr. Taylor will move to the property right away. Information received here yesterday morning from Hamilton, O., says: J. K. Adams, son of E. J. Adams, of this country, who is now employed by the Ripket Paper Co. at that place, was very seriously hurt Tuesday afternoon by a piece of iron striking him on the foot. His foot was very badly mashed.

PUBLIC SALE!

At my residence 3 miles East of Orlando, on Crooked creek, I will on Saturday Dec. 15th 1906 sell to the highest and best bidder the following: 2 hogs, weaned and heavy; 13 head of cattle; 17 head of hogs; 1 crib of corn containing about 300 bushels. Terms of sale.—Amounts under \$5 cash in hand, over \$5 credit of three months with approved security. WILLIS ALLEN

The stone work on Johnson's new house will be completed this week.

Clas. C. Davis and Robert Cox have sold their Xmas goods, which are now on exhibition.

S. H. Martin bought of Neise Griffin 10 acres of land, being a portion of the L. M. Honk farm or which he paid \$500.

The public school at this place will close one week from to-day. Preparations are being made for an entertainment the last day.

Mrs. Cleo Brown will open a Ladies' Xmas Bazaar next week. All kinds of fancy articles will be on sale. Every body invited to call.

Next Monday is court. It is not expected that very much civil business will be done as most of the time will be devoted to criminal business.

Telephone users leaving home on a day or more should notify central station how long they expect to be absent or where they can be reached by phone.

Mrs. Carrie Nation, "the saloon smasher," has been in Corbin Monday assisting in the election fight. The special announcing her coming did not state whether or not she had her famous basket.

An appeal from the Lincoln Circuit Court in the case of Gentry vs. Peyton, involving the county mill, was filed in Court of Appeals last week. This case is the first appeal touching the constitutionality of the law to reach the Court of Appeals, and will be watched with much interest. It will be argued there at the January term of the Court.

The act introduced by the late Carl Day, of Breathitt county, known as the "Day bill," forbidding the white and colored races from attending the same colleges was upheld in the Court of Appeals in an opinion rendered last week affirming the judgment of the Madison Circuit Court. Hon. John G. Carlisle was one of the counsel for the College.

REAL ESTATE DEAL.—S. H. Smith has been sold to W. M. Smith his house and lot recently purchased of U. G. Baker, consideration \$1300. Mr. Martin will occupy the residence until May. Mr. Smith will begin at once the erection of a store room on the corner Main and Taylor Avenue. His intention is to carry nothing but groceries and a few notions.

Mitchell Creek, a part of the late D. M. Cross, was seriously hurt Tuesday while falling a tree. Young Cross and Billy Warren had sawed the tree down and when it started to fall stepped just a little to one side, but the tree, having a very heavy top, threw them out to the edge of the creek. They were falling hitting him and breaking his leg just below the knee. The United States report indicated that he is getting along very well.

QUESTIONS.—One of the aggravating and unneeded delays in telephone conversations over toll lines is caused by persons who instead of telling at once who they are, go to it after this manner, "guess who it is? After a minute or two of cross firing they finally give out their names. Nothing in the world is gained, but time is lost, and often others waiting for the line are put out and annoyed on account of mere foolishness. Open your conversation by giving your name and ask the party answering the phone, if it so and so.

The Government has sent out a bulletin concerning railroad crosses which contains some interesting figures. The total number of ties reported purchased in 1905 is about seventy eight million, while those unreported would, it is believed, bring the total to more than ninety million. The price of ties ranged from 20 cents for redwood to 55 cents for oak. Nearly half of the whole number were oak while half of the remainder were pine, cedar, redwood, cypress, chestnut, hemlock and tamarack also extensively used. A few are made of birch, beech, maple and black locust. Most of the ties are hewed, although many of the ties are now sawed from the top of trees cut for lumber. As the ties are becoming scarce more attention is being paid to their chemical treatment to cause them to remain sound for a longer time. A vast year nearly ten per cent. of the ties used were so treated.

Fresh meat is selling at 6 cents per pound.

John Jay was fined \$50 at Clarksville, Tenn., for swearing over the telephone.

George Owens, the tombstone man, has just completed the monument for the resting place of "Uncle Sam" Taylor, which is indeed a beautiful piece of work and shows conclusively that George knows what he is doing.

We understand, but do not state positively, that J. L. Moyers has bought the residence of M. L. Denham, located near the Brown Memorial School.

Later—The bushes of coal and twenty long post pit the deal.

F. M. Hunt, aged 75, died at his home near Mareburg Saturday afternoon of many months. Mr. Hunt's father was one of Roebuck's good substantial citizens, was the father of thirty children, all of whom are still living. The burial took place Sunday at the family burying ground near the home.

Few people realize that the farmer's best close competitor with wheat for supremacy in the production of the farm, is the report of the Department of Agriculture showing that the total value of poultry products in the United States during the last fiscal year was 500,000,000. That is at normal prices and it should not be forgotten that the bulk of the credit for such a large showing is due to the farmer's wive.

BROWN MEMORIAL SCHOOL.

The second meeting of the Society takes place tonight. The constitution will be voted upon and a name chosen.

The proposed lecture course will be an excellent thing for the town, and school, it can go through such means. President Hines of Center College, Dean Harris, of Madison University, Dr. Lyon, of Louisville will be well worth hearing.

The Primry room gained the holiday week. The names of those who were neither absent nor tardy will be published next week. In the report of Miss Adams' work, John lives a good deal better from town.

The Fifth grade has been studying the Salmon Fisheries of the Columbia river during the past month in connection with some geography work.

In several of the compositions handed in great originality was displayed in the way the fish were handled. One had described himself as a Sherman on the Pacific coast and gave the life history of the salmon from the standpoint of a fisherman. He carefully gave the details of fish catching from the spearing methods of the Indians to the fishing by means of the gill net. It was interesting to know the ways in which the fish are discarded the season's catch. He might have been a bona fide fisherman with his income to make, so serious was his interest in his description. Another had to be, outside, asked leave to re-write his composition, and when it was handed in, it was found he had managed himself a fish. He very clearly portrayed the delights of a salmon jumping the falls in the river and swimming up and down, even going out into the ocean. His skill in escaping the spears and nets of the fishermen were vividly set.

How the dignity of the Brown Memorial school will express itself remains to be seen. It will be interesting and far from being monotonous in any rate.

Let instructors learn from this episode not to expect too much from pupils' imagination. It was in a history class, the teacher was picturing a well known aged waterman as he appeared at a public gathering. "Slowly a tall man ascended the platform; he was old, with one leg in the grave." "How did he get upon the platform?" broke in a sympathetic voice. "Did he have a wooden leg?"

The teacher of the High School room has a faculty for mixing words for insurance. One day she was carefully explaining to a geography class the splendid agricultural land adjacent in Russia's black earth belt. "I thought she said black earth belt." The students gazed at her in puzzled perplexity. But one of them ventured the query. "But how can black earth quakes help the wheat to grow."

BRODHEAD.

No Perkins, of Cincinnati, was here for a few days last week the guest of his uncle, Virgil Martin.

Our new barber has arrived. The old stand will now be found open with a first class operator.

Miss Ora Wesely will arrive in tomorrow to visit her grandmother and will remain here until after the holidays—Rev. A. J. Price and son, Gene, have returned from Garrard county, where Bro. Pike has been holding a protracted meeting.

Bro. Pike has been holding a protracted meeting at M. L. Albright is out on a drumming trip. The entertainment to be given here Christmas night by the Baptist Sunday School promises to be something great. Don't fail to attend for fear you will miss something especially our society, people in which she took great interest in making it better in every respect.

Miss Mae Brodhead, Miss Mae, Brodhead, Miss Sadye has returned home from a week's visit in Boyle county and Dr. Carter is wearing the same old smile. "You write had the privilege of attending a family party Mr. and Mrs. A. N. Smith's party and can not imagine why that I had a good time for a while I can say the same for who attended—Mr. and Mrs. James Brown of Lebanon Junction visited Mr. and Mrs. W. H. Hays and Mr. and Mrs. A. H. Hays and son, James, returned Thanksgiving in Mt. Vernon a Win Patten in Lexington the week before. Dave Hunt has returned from the regular annual inspection trip Mr. and Mrs. W. E. Gentry and son of Paris, Ky., spending a few days with Mrs. Sarah's parents, Mr. and Mrs. C. Francis. Aunt Judd Chestnut is visiting her son, Jopp McCall, at Versailles.

TO CURE A COUGH IN ONE DAY.—Take LANTHORN BROTHERS' OFF-SIDE TABLET. All druggists retail the money if it fails to cure. E. W. Gentry's signature is on each box.

My entire lot of Fall and Winter Millinery. Everything Goes.

This is a seasons' opportunity to sell and everything will be sacrificed. My entire stock of Millinery will be sold at cost. COME EARLY before the stock is broken.

Christmas is coming and are you making those presents. Everything in the way of FLOSSES, SILKS, RIBBONS and LINEN.

Mrs. Cleo W. Brown, Mt. Vernon, Ky.

Look for This Label on The Collar.

IT'S A SAFE GUIDE

When buying Clothing, and a "Shield" against high prices and imperfections.

Why experiment, or buy a suit said to be as good, when "Shield Brand" costs no more, and is guaranteed.

Shoes! Shoes!

We Have Them We Want to Sell Them You Need Them Let's Get Up A Trade.

"Star Brands" are being worn by more people to day than any other shoes on the market. Over four million people are "walking on stars" and a large per cent of this four million people live in Rockcastle county. Your neighbor is one of them, ask him about Star Brand Shoes, and come have a look and be convinced that Star Brand Shoes Are Better.

Rubbers! Rubbers!

New Rubbers just from the factory, not been carried over from last winter. Any style and any size all first quality. Better come now and get your size.

We carry the best line of Men's and Women's Heavy Artic Overshoes in Mt. Vernon. See our stock before you buy.

FISH'S CASH STORE, Church St, Mt. Vernon.

E. C. DeWitt & Co. of Chicago, Ill., of whose laboratory Kodol is prepared assure us that this remarkable digestant and corrective for the stomach conforms fully to all provisions of the National Pure Food and Drug Law. The Kodol laboratory is a very large one, but if all the sufferers from indigestion and stomach troubles could know the virtues of Kodol it would be impossible for the manufacturer to keep up with the demand. Kodol is sold here by Chas. C. Davis.

The head of a large carriage manufacturing say "These will not be enough hickory wood or oak timber to the country to make a wheelbarrow if our present conditions prevail." Congress is to be asked to pass a bill for forest preservation.—Nashville American.

We Help You to Save and MAKE MONEY.

Having arranged for exceedingly low clubbing rates with publishers of the best and most popular publications in the United States, Daily, Weekly and Monthly, we are now ready to fill orders at from Thirty to Fifty per cent. less than the regular prices, giving Subscribers full benefit of the lowest clubbing rates, at same time allowing a liberal commission to Soliciting Agents.

To advertise our new offers would entail a cost which we save the Subscriber by asking each reader of this item to send a postal card for Sample Copies of THE WEEKLY ENGINEER; and if so situated to do a little agency work during the winter, make application for agency. It is a fact that THE ENGINEER offers more and better bargains that may be had from other sources.

One offer gives \$5.00 Worth for only \$2.00, the other is a Daily paper, two Weeklies and two Monthlies for only \$1.75.

The Veterinary column of THE WEEKLY ENGINEER is worth from five to fifty dollars to any horse owner.

Write to-day to Enquirer Company, Cincinnati, Ohio. RENT PAYS FOR THE LAND.

FERTILE SECTIONS OF THE SOUTH WEST, WHERE LAND SELLS FOR \$15 AND RENTS FOR \$5 PER ACRE.

One of the remarkable things about Eastern Arkansas and Northern Louisiana is the fact that cleared land rents for \$5 per acre, cash and can be bought for \$7.50 to \$15 per acre. It costs \$6 to \$10 an acre to clear it. Other improvements are slight and inexpensive.

The soil is rich alluvial, or made. It produces a large yield of cotton per acre, worth \$45 to \$60. This accounts for its high rental value. Other crops such as corn small grains, grasses, vegetables and fruits thrive as well. Alfalfa yields 4 to 6 cuttings, a ton cutting, and brings \$10 to \$16 per ton.

In other sections of these states, and in Texas as well, the rolling or hill-land is, especially adapted to fruit growing and fruit raising. Land is very cheap, \$5 to \$10; improved farms \$10, \$15 to \$25 per acre. The new White River country offers many opportunities for settlers. High, rolling, fine water— it is naturally adapted to stock and fruit raising. Can be bought as low as \$3 per acre.

See this great country for yourself and pick out a location. Descriptive literature, with maps, free on request. The Missouri Pacific-Iron Mountain System Lines sell reduced rate roundtrip tickets on first and third Tuesdays of each month, to points in the West and Southwest, good returning 21 days with stopovers. For descriptive literature, time tables, etc., write to R. T. G. MATTHEWS, Traveling Passenger Agent, Louisville, Ky. or H. C. TOWNSEND, General Passenger & Ticket Agent, St. Louis, Mo.
