1000 WITNESSES.

I can produce a thousand witnesses in Rockcastle, and prove by them that they have worn W. L. Douglas Shoes longer than any shoe they had worn in their lives, and that the Douglas Shoes ought to have First Place, with Blue Ribbon Strings and a Gold Medal, labeled.

"I AM COCK OF THE WALK."

Ask your neighbor what he thinks of the Douglas Shoe. He bought of us.

"A SQUARE DEAL."

I am going to keep on talking DOUGLAS SHOES, STETSON HATS AND "K. K." CLOTHING until I have every man and boy in Rockcastle county wearing them.

The goods will talk to you afterwards, saying: "We cost no more, wear and fit better than others."

Good Goods, Living Prices. Your money back if not thoroughly satisfied.

Historical.

By James Maret.

An old book containing the Acts of the Kentucky legislature of 1813 and '14 in a fair state of preservation is under the head of Chapter XXVI, in the possession of the writer as a loan. It was found stuck under the table in the residence of John Sawyer, shortly after his death a few years since. The acts are published under head of chapters. The first shows in the book is under the head of Chapter XXVI, an act authorizing certain advertisements to be inserted in "The Light House," a newspaper printed in Danville and "The Sovereign People," printed at Russell ville.

Chapter 100, an act authorizing Peter Bellis to receive the same fees for persons, horses, mules, and wheel carriages, crossing on his bridge, at his ferry on Dix River, as he gets for ferrying.

Chapter 108, for relief of John White a private on Logan's campaign in 1786. Three pounds, two shillings and five pence.

Chapter 120, an act to establish an election precinct in Clay county.

Chapter 138, an act for the relief of William Pearl and William Smith. (The latter is supposed to have been General Smith of Rockcastle.)

Chapter 150, to amend an act concerning patrolmen.

Chapter 175, that the non-com-

missioned officers and soldiers, who volunteered and served on the late expedition against the enemy in upper Canada, under the command of his excellency Governor Shelby; and those who served last summer under Col. Russell, on an expedition against the Indians, on a credit for three years of duty, of thirty days each. The names of other noted men appear in the act: Col Richard M. Johnson, Capt. William Carr, Gen'l Sam'l Hopkins, Gen. Harrison and Gen. Edwards.

Chapter 155, for better regulation of the town of Winchester, Clarke county.

Chapter 156, authorizing and providing for the erection of a State House in the town of Frankfort.

Chapter 163, for benefit of Geo. Walker whereas it appears that George Walker did, some years ago, settle himself and family upon a piece of unappropriated land in the county of Rockcastle, upon which the said Walker now resides.

(See "The Mud Spring," Chapter 167, Legislative expenses—Speaker of House and Senate \$4 each per day. Clerks, Senate \$50 each per year. Sergeant at arms and doorkeepers \$100 each. Roger Divine for catching fuel, furnishing water, candles, stoves for the House one session \$60. David John 400. A. J. Davis, wood for use of General Assem- bly \$75. Gerard and Berry public printers, one year's work

\$635 80. David Neiss, binding present session \$75. Anthoni Rockett, for his services as an express, employed by the Governor, Gen'l Harrison's army \$200. Richard Taylor for preparing books for legislature and house rent \$1,570.89.56. Humphrey Marshall for two and one half dozen barrels for use of the legislature, \$50. Roger Divine for five sets of billions for use of legislature \$25.73.75.

These are only portions of the appropriations shown in the book. This act dated up to Feb. 28, 1814, none of the money appropriated in the act would be paid until the following December.

A resolution was passed looking to the borrowing \$100,000 from the Bank of Kentucky for paying Kentucky's quota of direct tax to U. S. Government. Treasurer of the Department that money would be ready for payment on the 10th of February.

The ending of the book is the resolution, appropriation of the conduct of his excellency Isaac Shelby, in leading the Kentucky militia to Upper Canada to victor and glory.

In parts of the book are found pen and ink, fitting. Inside of cover is found the names of "Amanda, Sally and Sam." Father of her is found the name of "David Martin Owens." The name of "Robert Owens" is found on a number of pages. In one place appears the name "Nathan

Brown was born Dec. 17, 1804 by G—d.

On another page it shows that Henry Sower was born January 4, 1814 by G— and was married the 21st of January 1839.

Another inscription reads: "Jas. Henderson March the 1st day 1855." Among the items in blank assessment form was "Blanks over 10." No intimation is given as to where the legislature held its sessions or where the book was printed. The printing is good. The spelling is almost identical with it in use to day. Some obsolete words are found.

CURED OF LUNG TROUBLE.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kentucky. "I had run down in weight 130 pounds and coughing was constant, both by night and day. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds. Thousands of persons are healed every year. Guaranteed by all druggists 50 and \$100. Trial bottle free.

Complying with his contract with Gov. Hanly, the latter's Speaker of the Indiana House, named the Governor's men as chairman of the most important committee. A 1878 Anti-Slavery Bill was introduced and will receive the support of the Democrats.

Mrs. Joe Lawrence of Hyden, has arrived here and will spend

the winter with Mrs. Elizabeth Lawrence.—It is with regret that we give up C. C. Miller and his wife. He has ceased work here and will take his wife to Tennessee, where he will resume work.—He has paid his workhans nearly one thousand dollars since he began work here, which should be quite a financial help to our section and has caused the hickory timber to disappear very rapidly, which could not have been used very profitably otherwise.

Food don't digest? Because the stomach lacks some one of the essential digestants or the digestive juices are not properly balanced. Then too, it is this undigested food that causes sourness and painful indigestion. Kodol For Indigestion should be used for relief. Kodol is a solution of vegetable acids. It digests what you eat, and corrects the deficiencies of the digestion. Kodol conforms to the National Pure Food and Drug Law. Sold here by Chas. C. Davis.

It has been so warm in the Southern part of the State during all the winter that the unprecedented occurrence of peach trees blooming before the middle of January is looked upon as something extraordinary. Sam Lineback, editor of the Logan County News, has an orchard of over 200 peach trees, all of which are in full bloom. This is something previously unknown at time of year.

At the investigation of the Baltimore and Ohio block signal system of the Interstate Commerce Commission Monday the testimony showed that employes often worked an excessive number of hours without rest.

ABOUT the most disgraceful thing Kentucky has witnessed for some time was the "mock" trial of the Hargises, begun at Jackson last week, with the now famous and illustrious Judge "Carney on the bench, appointed by the Governor as a special Judge to try the case. If the Governor intends that the Hargises and their infamous clan shall go free, why not give them an absolute pardon and stop the big expense of being so many farcical trials. The rulings of Judge Carney for the short time he was allowed to sit in the case, before answering before the Court of Appeals for trial for his improper rulings, is unprecedented in the history of our nation. If Judge Carney was not selected for this inappropriate fitness for this special case it will take a long time to make the honest people think otherwise and the ridiculous proceedings are enough to put to shame any half decent or respectable citizen to say nothing of those directly and indirectly interested.

If there is any one thing that the town of Mt. Vernon is sorely in need of, it is a wide-awake Commercial Club. Improvements seldom come in any town, except by a united effort on the part of the business men of that town and while we believe that our business men are some of the best people on earth, yet we regret to have to say that in the past, that it seems that the spirit of public improvement, the effort to attract people and enterprises to our town, has not had the consideration from them that it should have had. The spirit of improvement is not throughout the land and there is no reason why Mt. Vernon should not join the procession. So long as the citizens of the town are guided by selfish and indifferent motives, and look only to the making of a few dollars for themselves, just that long, will that town be either on a standstill or in the backward march. Let us have more united effort and strive to get some of the enterprises, which we ought to have should have and can have.

It has been discovered that apples wrapped in newspapers will keep all winter, the paper excluding the damp. Care should be taken, however, that the subscription be paid or the daupness in the paper from what is due, will spoil the fruit.—Kansas City Journal.

POLITICS AND POLITICIANS

An Arkansas State Senator who figured in the recent bribery exposures in that State was refused a place in the Democratic legislative caucus at Little Rock.

The nomination of George C. Cortelyou to be Secretary of the Treasury was confirmed by the Senate Tuesday, together with a number of other Cabinet officers.

The uprising at Jackson is evidence that the people of Kentucky are tired of partisan courts and are tired of protection of assassins for political reasons for the powers that may. The honest, fair minded men of our State, of whatever political affiliation, are desirous that our courts be conducted from a standpoint of fairness and not of favoritism. We are not better than there would have been the slightest trouble at Jackson had not the rulings been palpably in favor of Hargis—Sentinel Democrat.

Senator Tillman spoke on the Brownsville incident in the Senate. He characterized the President's action in the matter "as nothing more or less than lynching." He charged anyone to produce in the army regulations or articles of war any foundation for the charge of conspiracy of silence, mutiny and treason made against the soldiers, although he declared there was no doubt that these soldiers were responsible for the Senator was Brownsville.

LEE'S BIRTHDAY.

Saturday, January 19th, will be the birthday of that great Southern patriot Robert E. Lee. All through the South, the occasion will be celebrated; and his memory honored. No hero in our nation's history is so loved and revered in 1907, as the recurrence of the day of his birth is taken advantage of in all places where the ex-Confederates are organized, to pay to him the deep tributes of many hearts. We have as yet heard no demonstration to be held here, but expect that some exercises will be held either by the camp of confederates veterans or the Daughters of the Confederacy.

NEWS ITEMS

The President Monday sent to the Senate a special message on the Brownsville affair, in which he calls the discharged soldiers "midnight assassins" and reaffirms his authority to discharge them from the army. He also transmits Secretary Taft's report containing the evidence taken at the investigation. The Senate Monday indulged in another field day of oratory, in which Senator Mallory, of Florida, upheld the President's actions in dismissing the negro troops from the army. The debate was participated in by a number of Senators, and was not concluded.

Judge William Carney, who presided at the trial of James Hargis at Jackson and who had been cited to appear before the Court of Appeals, was in Frankford Monday conferring with Gov. Beckham. He charged Floyd Byrd with playing the galleries and said several motions which he overruled, were not in good faith. He also explained several of his rulings. He will be given a hearing before the higher court to-day, but has no employed an attorney.

James J. Hill, president of the Great Northern Railroad Company has written a letter to Gov. Johnson of Minnesota, in which he deals extensively with the various railroad problems. Mr. Hill set out at length what, in his opinion, is responsible for the existing situation and what should be done to remedy it. The Western country has grown so fast that the railroad have been unable to keep pace with it. Mr. Hill says and he believes the building of additional tracks is the best solution of the problem.

DEAD.—Mr. James Poteet, aged 77, died Tuesday after an illness lasting since last Thursday, when he suffered a stroke of paralysis. Mr. Poteet has been in very poor health ever since the small-pox epidemic of three years ago, when, as a special deputy, he was considerably exposed to bad weather, in looking after the small-pox patients. His burial took place Wednesday in the family burning ground near Pine Hill.
"Kentucky Laws Made Plain" is the title of a one hundred page book handsomely bound, which the Peoples Bank is giving away as an advertisement. It gives a brief synopsis of every law on the statute books and every subject is dealt with in a manner, not as the law books would be, but such that the farmer, stockman, merchant, etc., who do not have the time to make law a study, can at few hours reading acquaint themselves with the fundamental points involved. It is very useful and something that every one will appreciate.
With the tributaries of the Ohio pouring floods into it at all points south of Pittsburg, and the danger line reached in many places, it is predicted that the river will equal the flood of 1854. The Ohio passed the danger line at Cincinnati, flooding the Grand Central station, the use of which has been discontinued. Rivers and creeks in Kentucky are all raging and great damage has been done. Many small towns on smaller rivers are threatened with inundation and families are moving to higher ground. Rain is general throughout the Ohio valley.
The electric light plant is the very thing we want to see everyone, and we want to see you, think it will ask so much to the town, yet when asked how many lights can you use the response comes, "Oh, my expenses are so heavy already that I cannot afford to obligate myself further. At the very best very little is to be made out of an electric light plant in a town the size of Mt. Vernon, and those who start it run a great deal of losing all that is invested, but that is what I have here, and if the people of Mt. Vernon want to have electric light, then and if you prefer, standing along in total darkness, show your desire by falling to subscribe for lights and your wishes will be granted. What says the people? It is up to you.

Marriage license were issued this week to Richard Owens and Miss Betsy J. Hall, of Brodhead and Joe T. Rehner and Miss Dora Blackburn of the Skeggs Creek section.

S. C. Franklin Secretary.
R. Richmond is to have a vaud March 12, on the saloon question. A citizen of Richmond told us a few days since, that a paper, which had been circulated by anti-saloon league, showed more than two-thirds of the voters against saloons. One of the leading saloon men of the town says he will vote with the temperance people.
In "Some Lockcastle History" occurred an error, in last issue. Jonathan B. Langford, the lawyer was buried by the side of first monument erected in Mt. Vernon or Rockcastle County, but the Jonathan Langford or the Langford who bought the lot and erected the monument was not buried there. In one part of the article it reads "paper" will should be powder. By oversight the name of Willis Griffin one of the charter members of Mt. Vernon Royal Arch Chapter No. 140 was left out. Odd Fellows lodge should read "ing meetings were held after 1859" instead of 1874.
Capt. Smith, the L. & N. foreman of this place, has experienced considerable difficulty, for the last few days to prevent the fill, opposing W. H. Cox's old residence, washing off down town branch. On the east side of the fill there is to be a pond, but a year or two ago, there came a sink, which developed into a large sink-hole, right at the base of the fill, through which the water had passed entering the regular culvert and out on the lower side, without any serious damage, but the excessive rains of the last few days, brought such an abundance of water, that work day and night has been necessary to prevent the whole east side of the fill from washing away.

The Evening Post prints a story that John D. Rockwell has agreed to give two million dollars for the endowment of a University for Louisville, providing that a similar amount is raised by those most interested in the new institution. A plan is practically consummated whereby the University of Louisville will be fused with the proposed University of the Baptist and Methodist churches, and the property now occupied by the city as a site for the University.

STATE HEALTH BOARD CIRCULAR
The State Board of Health has issued a circular letter dealing with some delicate facts in a very plain manner. It says that the destruction of unborn children prevails to an extent not generally realized and especially in the higher walks of life. It is destructive to health of women and conducive to immorality.—The Legislature has made it the duty of the Board to revoke the license of any physician who commits this crime and the Board appeals to the medical societies and the people generally to aid in ferreting out the offenders and aid in the enforcement of the law. The Board will also revoke the license of all physicians who become so addicted to the use of liquor or drugs that they are not fit to practice medicine.

Girlhood and Scott's Emulsion are linked together.

The girl who takes Scott's Emulsion has plenty of rich, red blood; she is plump, active and energetic.

The reason is that at a period when a girl's digestion is weak, Scott's Emulsion provides her with powerful nourishment in easily digested form.

It is a food that builds and keeps up a girl's strength.

BETTER WITHOUT SALOONS

Those who argued that the closing of saloons in Harrodsburg would kill business must now admit their error of judgment, for the merchants with an astonishing unanimity report Monday was one of the biggest towny court days from a business standpoint on record. Chief of Police Smith says that in the 25 years which he has served the town in an official capacity, he never knew a clearer court day. The crowd was immense and everybody looked clean, happy and contented, and when the proper time came everybody departed for home sober. Many put their "whisky money" into something that would do the family some good.

The usual sight of a number of drunken men on the streets was missing and the night was the quietest court day we ever had. It was known for those usually remained to carouse had gone home sober to their wives and babies. Another noticeable feature was the absence of a whole drove of poor unfortunates being pulled up next morning before the Police Court to be consigned to jail on the next night. Saturday night a lady might walk on the pavement instead of having to take the pike to avoid the crowds of drunken loafers. A well-known farmer who came in Monday on the Lexington pike tells us that he witnessed an unusual sight. It was an able-bodied, thick-skinned fellow going out to work. He was so astonished that he stopped to ask them what it meant, and one of them replied: "Boss the fire's out in Harrodsburg, and we thought we would go out and do a good day's work instead of bugging the stove in a saloon all day and go home hungry at night.—Harrodsburg Democrat.

Little touches of backache should not be allowed to go unattended. Rheumatism and many other things follow. A box of DeWitt's Kidney and Bladder Pills will bring relief quickly. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. Chas. C. Davis.

ADJOINING COUNTIES

A special from London says: The old home mansion of the late Congressman Vincent Boring, on Main street, has been selected as the site for the government building to be erected. The price paid was \$7,500.

Gov. Beckham granted a pardon to Wright Young of Whitley county, an inmate of the State penitentiary, serving a sentence of ten years upon a charge of manslaughter. Young had served twenty-seven months. The pardon papers were taken to Frankfort by Judge Thomas S. Morrow, of Somerset. They contained a letter from the Circuit Judge stating that he had expected, during the trial, that Young would not be convicted, and after conviction had intended giving him a new trial, but overlooked the matter.

A peculiarly sad suicide was committed at Preshersville, five miles north of Crab Orchard. Olie Nigh, aged thirty, cut his throat four times with a razor, from which he died yesterday afternoon. He was unmarried and was living with his aged parents at the time he committed the act. His family is one of the oldest in Lincoln county.—Boyle County Herald.

LAND, STOCK AND CROP

There will be no cheap hogs this winter is now evident, says the Brokers' Gazette. Every straggler (part of which packers were capable has been resorted to, but the market has meanwhile shown a relentless disposition to work higher. Killers have tried ten and single hogs in place with the same results. This week the movement has shown a disposition to expand, but the season has worked along to a point where everybody is clamoring for a hog, and big packers are no longer performing the price making function. This week's run was started by the market moving up to a point where country buyers could pay, or imagined they could, 85 cents at loading points. They tried it, but made no money, the margin being too narrow, and on here ability to pay six cents right along will depend the movement.

Packers at central markets want hogs and have lately shown more disposition to "go the route" in market venacular. All systems here have failed and it is now evident that they intend to recoup losses owing to their positions on the bear side early in the season by changing attitude and taking a long pull on the bear side. Whether condition here has been such that the feeder had no incentive to market hogs, and packers still hold to the theory that the major portion of the crop is in grower's hand.
