LOCAL

C. C. Miller started his mill in operation on the Norton farm this week. Willis Allen bought of Walter Mullins a farm of 180 acres on Crooked creek, at a good price. FOR SALE: One cow and calf. MRS. M. HARTZ, Maresburg, Ky. NOTICE: You owe me and I must have the money. Come in and settle. G. T. JOHNSON

Don't forget the pie supper at the court house tomorrow night. The postoffice has been moved from U. C. Baker's store to the store of M. J. Miller. On account of sickness we were compelled to come out with our issue one day late this week. One hundred and seventy-five years ago to day was born the father of our country, George Washington. The Brown Memorial School closed this week on account of sickness among the faculty and pupils, and will remain closed until next Wednesday. Judge Jarvis has announced ready to hear arguments upon the local option contest, at Somerset and will devote night sessions to the cause.—Somerset Journal. There is more sickness in Rockcastle than ever known at one time, says the physicians, all of whom are kept busy going almost day and night. The trouble is mostly grip. PIR SOCIAL.—The "Willie's Workers" will give a pie social (or supper) at the Court House Saturday evening Feb. 23. Everybody cordially invited, and pies gratefully received from all who wish to lend a helping hand. Claude C. Cox bought of W. T. Smith his residence in the North end part of town for which he paid \$10,000. Mr. Smith says he will more than likely buy property in Mt. Vernon as he prefers to live here in preference to any place he has ever been. On account of a "brake" down at the spindle mill at this place, Mr. J. P. Graham, the manager of the mill and his two splendid sawyers Loge and Asker Cummins, will spend two weeks at the mill on the Myers farm while repairs are being made here. Rush all day long at Owens's Store. Looks like closing out sale over day at Owens's Store. New goods every day of all kinds at high prices. Come and get horse and cattle medicine. Guaranteed cure for all diseases. W. M. OWENS, Burr, Ky.

Mr. Perry King, of Crab Orchard, is dead of pneumonia. He is survived by one brother, Mr. J. C. King, of Norman, Oklahoma, who was present at the burial, and his wife and two children. Mr. King was a member of the Christian church. Postmaster W. E. Smith says that the night mails hereafter will be locked up at eight o'clock. By this those having mail for the night train will be given plenty of time to get it in. It will certainly be a great help and convenience to the patrons of this office. Mrs. Alice Tate bought of R. K. Powell his residence on Newcomb Avenue, consideration \$600. Mrs. Tate will move to her new home in the near future. Sheriff R. L. McFerron will move into the house to be vacated by Mrs. Tate. Mr. Powell will more than likely buy a farm. Five men, three negroes and two whites, lost their lives at No. 6 tunnel near Hazel Park Monday night by an explosion of dynamite. The body of one of the men, with the head blown off, was found in the river quite a distance away. The explosion was caused by trying to blow frozen dynamite. Jeff Dowell, who is in jail on account of trouble which he had with Robert Dowell three weeks ago Wednesday in which James Thompson, a bystander, was shot and seriously wounded, had his exhuming this Wednesday and was laid over to the grand jury under a \$500 bond which he has failed so far to execute. Never be ashamed of your living surroundings because you are living in a more refined place at present. Do not be ashamed of your old father and mother when they come to your city to visit you because their manners are a little old-fashioned and try to submerge them in and out of your house. Call in your best friends and say to them, "This is my father and my mother, if they had lived in your day and had had the advantage they would be as well up as you." Have you forgotten what a hard time your mother and father had in the early days of life, depriving themselves of the necessities of life and conducting and leaving something for their children when they are ready to lay off their earthly toil.

OBITUARY. —God claimed the first born of Ancient Israel (though in mercy the child might have been redeemed). Little Herbert (Oliver, born November 21, 1900 first born of J. A. Oliver and wife, and unusually bright, thoughtful and kind, the favorite of all who knew him and the pride of his parents) was born on Feb. 11th, 1907, 3:45 A. M., at Livingston, Ky. his home. He gave promise of a noble and useful life, such as his parents would maturely feel inclined to lean on. His Heavenly Father wanted him to adorn the courts of Paradise and he is at rest for God took him. Naturally frail his constitution was attacked by that scourge of the young, croup, and although loving and skilled hands kept death at bay for two weeks all no avail. The deep anguish of loving parents were mitigated by the deep practical sympathy of kind neighbors and the assurance that they will meet their child in God's own time. The funeral was conducted from the Baptist church and the sympathy thus pasted upon words of comfort from the appropriate scripture, "Of such is the kingdom of heaven." True friends tenderly laid the remains to rest in the Livingston cemetery to await a glorious resurrection. W. R. BAISCOX. LIVINGSTON. J. W. will be decidedly a benefit to our land, for there is no better way of enriching the soil than by growing clover and other leguminous crops which take nitrogen from the air and store it in the soil, surely this is more economical than buying commercial fertilizer.—Charlie Bowman has measles, also Miss Carrie Boyd—Joshua Boring, Jr continues ill—Geo. GREAT IN GUINSVILLE EXPOSITION

Will Open on March 18th For Two Weeks With Many Important and Attractive Exhibits.

Filled with exhibits representing many varied lines of manufacturing industry the Greater Louisville Exposition will open in the vast Armory of the Post Department, in Louisville, on March 18. The plan of the exposition company, have matured rapidly since November 21, when the enterprise was officially launched and when the organization of the exposition forces was begun.

With no idea of profit, but with the purpose of showing to all sections of this great state what its metropolitan city has to do, the members of the Louisville Commercial Club went into the exposition work, and the people of the rest of all other sections of Kentucky, as well as the South and West will find these days of pleasure and profit. The awakening of Louisville has been evident to all lovers of Kentucky, and now Louisville is making ready to entertain all Kentucky in particular and all other people in general, at the same time, showing what she has accomplished.

Louisville occupies the first place in the East in manufacturing industry, besides being very near the top in every other. From all these lines she is going at the call of the exposition company, hundreds of ex-

position workers, who gave of their time, their thought and their labor to fill the big building with the elaborate exhibits, which will be seen there from March 18 to 29. Present among the many industries in Louisville stands the tanning trade, with its all lines. There are thirteen tanneries in Louisville, and these in fish leather to scores of manufacturing plants requiring leather as raw material. These Louisville who know like declared that Louisville leather represented in the Greater Louisville Exposition will furnish deep surprise for exposition visitors. In the manufacture of agricultural implements Lord Farm wagon Louisville takes second place to no city. Three important plants turn out wonderful array of labor-saving devices for the farmer, while an immense wagon factory is largest in the world, ships its products, not only north, south, east and west throughout this broad land, but to other countries as well.

Millions of yards of cloth in varied textures are made by the clothing factories in Louisville. Within the past decade Louisville has taken a prominent place in the principal centers in the manufacture of clothing. There is no city in the union which has so many garments are not worn.

In shoes, hats and other articles of wear Louisville's manufacturing interest is very great. There is no doubt that Louisville could well snugly herself with wearing apparel were she cut off from communication with outside markets. It will be of interest to the people of this section to see what the greatest manufacturing city of the state can do for herself and her people.

In the manufacture of food products, no less than in the other branches of life, Louisville stands out as a pre-eminent center. All Kentuckians, and especially those in this section, will be interested in the exhibits to be shown in the Greater Louisville Exposition, for Louisville largely supplies them with their food products.

The Greater Louisville Exposition Company has invited the people of Kentucky, to go to the exposition, and the railroads as giving those people have retained a slice of one fare for the round trip during the exhibition period. The Lee Line Company and Louisville & Evansville Packet Company have made a rate of a fare and a third, including meals, that state-rate for the same period. The Louisville & Cincinnati Packet Company has announced that its rate will be one fare for the exhibition period, exclusive of meals and stay money. And the exposition company offers, besides the interest in the exhibition, two daily concerts by the famous band of the Neapolitan band leader, Creasta, and other excellent features, for the low admission rate of twenty-five cents.

Two babies were wrecked off Highland Light, Mass., during a storm Monday and six seamen lost their lives.

SAYERS.

Mr. editor, don't think Sayers is scratched off the map just because you don't hear from here very often. This spirit like weather is filling us with new energy and causing the farmers to begin to "bustle". In all directions you may hear the merry shouts of the boys as they safly forth to battle with briars and bushes, while the sturdy father trips the surface of this "mother earth" upside-down preparatory to sowing the seed.

"If anybody needs messes come around we can furnish them too cheap to mention. Most everybody has them here.—James Thompson, who was accidentally shot a few weeks ago, is reported convalescent.—A singing school opened at Union church Sunday last.—Miller Bros. have purchased several tracts of timber and will place a heading mill near John Craig's. It seems only a matter of time when timber in Rockcastle will be gone.—Hamm & Sayers are running their mill near here.—Sam Sayers is among the sick.—Mrs. Sarah Bowler is suffering from cancer.—J. W. Thompson, better known as "Doc", has mysteriously disappeared. Any information as to his whereabouts or any inducement offered him to return will be considered as an unfeigned act by the whole neighborhood.

Jack Sutton has been in this section buying logs.—O. F. Hamm is erecting a bing on his farm near here.—W. H. Jones, the Spirit merchant, is doing a nice business.—Among those attending court in Mt. Vernon Saturday were Ben Albright, Jane and Isaac Herrin, H. P. Davis and Willie Logsdon.—Miss Edith Dillingham, of Mareburg, was the charming visitor of Miss Alva Brown, Saturday and Sunday.—Miss Ollie and Rosco Williams attended singing at Freedom Sunday.—The singing school at Freedom church conducted by Prof. Dodd, is progressing nicely. The only trouble is lack of attendance. It does seem that people would take more interest in this very important part of religious worship. It seems to me that if it will be possible to enjoy one part of the rejoicing in heaven more than another it will be singing. Think? If our souls thrill and our hearts overflow with joy and thanksgiving to God, we hear the beautiful songs on earth what must our feeling be when that heavenly choir on high begins to sing? Let us make a greater effort to imitate this wonderful talent that God has given to the rich and poor alike.
