### Most people know that if they have been sick they need Scott's Emulsion to bring back health and strength.

**But the strongest point about Scott's Emulsion is that you don't have to be sick to get results from it.**

**It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.**

**Food in concentrated form for sick and well, young and old, rich and poor.**

**And it contains no drugs and no alcohol.**

Brown and wife, Willie Todd, Mrs. Katie Catron and a few others have been getting, but, are convalescent at this writing.—Clarence McQuarry, the teacher, at Plato dismissed last week on account of the serious illness of his father.—Mr. A. #### A POOR ORGAN.

Daan's) the bite. That's what your liver does it for. Then the bile overflows into the blood, poisons your system, causes sick headache, biliousness, sallow skin, wasted lungs, sick stomach, dizzy head, fainting, spells, dark rings about the eyes, worn-out look, etc. Ramon's treatment of Liver Pills and Toilet Pellets strengthens the liver, makes it do its work, prevents and cures these troubles. Aids—does not force. Entire treatment 25 cents. Sold by all drug stores.

#### SOME STATISTICS.

Rockcastle people drink 1,000 gallons coffee daily; many prefer it without sugar. If each family in the county should use ten spoons of three p per day, the spoons if set upon end would a mile toward the sky and the bread, unground wheat, reach from Mt. Vernon to Galveston, Texas and to Chicago, a distance of 3,400 miles.

If the number of biscuits daily eaten in the county were laid edge-wise in a line they would reach more than one and half miles. There is enough stone in this county to construct several turnpikes entirely around the world. If all persons of Rockcastle were stoos in a row holding hands and each occupying a space of five feet there would be a string of people reaching a distance of more than thirteen miles.

A cross and peevish child is not natural. There is something wrong. Usually it's the stomach. Use Cascasew and put the stomach back to the sunshine and the child will return to the baby's innocence. Cascasew is best for babies and children. 50 doses 25 cents. Sold by—Chas. C. Davis

### Seldom Wear Out

Dr. Miles' Anti-Pain Pills relieve pain—not only on the spot but as many times as it is necessary to take them. Many persons who suffer from chronic ailments find in them a source of great relief from the suffering which they would otherwise be compelled to endure. Their soothing influence upon the nervous system rather than weakens them. For this reason they seldom lose their effectiveness.

I am 72 years old and have suffered for 42 years from nervous tension, rheumatism and neuralgia. I believe of the heart, shortness of breath, palpitation, and later on of the back. The Dr. Miles' Anti-Pain Pills have been a blessing to me. I don't know how long it will last, but I can say they are the only medicine I have ever used that has relieved me. I have not in less time than I have been using them, but I would be obliged to read them.

Dr. J. C. Robinson, Jr., Chicago, Ill. Your drugstore will guarantee that your bottle of Dr. Miles' Anti-Pain Pills will return your money, if you are not satisfied. No return of the pills, but the money will be returned. Miles Medical Co., Elkhart, Ind.

### IN DAYS OF YORE.

Our local Telephone exchange can give you direct connection with Lexington, Winchester and nearly all the blue grass town on the north, a city in London, Berryville, Manchester and several other mountain towns on the south. In fact you can stay at home and talk to nearly every place, except Hades. Crab Orchard being the nearest station to that domain—Kentucky Color 1 Nov. 2, 1901.

Dave Jackson, of London, called on us to day. "Smiling Dave" probably acquired this euphonic title from the fact that he published a country paper for a year without starting to death, for which he smiles a very continuous smile. —(Signal, Nov. 1887.)

John Flynn, of Brodhead, aged forty five years, has just recovered from a spell of sickness. For twenty seven years he has had steady work as track-walker on the Brodhead section, Knoxville division of the Louisville & Nashville railroad. The section is nine miles long, which he "doubles" each day. He worked 0.755 days at \$1 per day, and walked in the twenty seven years 177, 730 miles, and says he is good for several thousand more. His regularity of passing over the section was so accurate that farmers along the route would set their clocks by him when they saw him pass.—Kentucky Colonel, 1901.

**GIVEN UP TO DIE.**

B. Stapp, of 1214 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I had flesh and all run down. And a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured. Why not let it help you?"

It is now thought that the bill providing for an increase in the pay of the officers of the army has no chance of passing at this session of Congress.

Louisville extends a Most Cordial Invitation to All to Visit Louisville This Time.

As the date for the opening of the Greater Louisville Exposition draws near, the excitement in that great event in this and all other sections of the State of Kentucky, as well as throughout the South is general. The visitors to Louisville will return here and find expressions of deep interest in the exhibition and in the enterprise and public spirit of the exposition officials working so hard in the interest of their state and city without respect or wish for any pecuniary gain.

Show us what pride they take in their city's great enterprise, the merchants and manufacturers of Louisville have elected their respective nationalities almost once with advertising matter in the exhibition, and the 10th Regiment Louisville Exposition, to appear in the most important positions at the most important of the Louisville Exposition. No visit here is no one escape, and for the first time in the people of Kentucky who begin to go Louisville between March 18 and 20 to see the Exposition so widely heralded. It is a fairer of new attractions. Because the railroad of Kentucky has announced a rate of

WANTY ATTRACTIONS.

PLANS FOR GREATER LOUISVILLE EXPOSITION OPENING MAR. 18.

BASE-BALL GAMES SPECIAL DAYS.

It will be of interest to lovers of the national game to know that the Louisville Baseball team will contest with two major league teams during the exposition period, playing five games in all. It can be seen that the "people of Kentucky will have a splendid opportunity in seeing the Greater Louisville Exposition, hear Creatore's famous band, and see such magnificent baseball exhibitions as the Chicago National League team and the Boston Americans. Boston will play three games, March 14 and 15, while Chicago will play two games, March 23 and 24. Louisville will certainly hold great interest for Kentuckians during the period of March 18-30.

Displayed upon the walls of the Exposition Building in Louisville will be seen the trophies and labels of Louisville men and their manufacturers. This list of color will be spread in a book band around the building and will add much to the general decorative scheme. These labels and trophies will be very attractive. Each label will be possible to gather a few plain ideas of what Louisville can do by looking at these trophies. This opportunity to be represented in the great exposition has been very carefully grasped by many who are not able to visit the manufactured products. It has been estimated that at least one-half of the manufacturers of Louisville will be represented in the trophies and label display.

A sum of money estimated at about \$175,000 has disappeared from the sub-treasury in Chicago and Government officials are making an investigation.

THE GIRLS IN BUSINESS

The truth is that the girls are getting the better of the boys in many lines of genteel employment. The boys may complain of this as they will, but the fact stands. The young women in most all the towns, after a certain hour, argue quite as much in evidence on their way to work as the young men; and the man at the window can see that they look trim and neat, that they hold up their heads as if they were ready to meet the world and their employers. They have none of the appearance of having deprived themselves of the necessary amount of sleep, or of carrying a headache along with them. Indeed on a frosty morning it is pleasant to see how their eyes sparkle and how their cheeks glow. They are getting the better of the boys because they can be trusted to come to their work in good form. They may not be as strong as the boys, but they take care of their strength. They don't smoke, they don't chew, they don't drink, they don't gamble, they don't loaf. Society puts up arbitrary rules for the girls, and they must abide by them or lose caste. The boys are suffered to make their own rules and take the consequences. Many a boy thinks he can be gay and deceit every body, and he runs along until he loses his job. By that time he is apt to think that somebody has underrimed him, and to look quite put himself in an attempt to locate the guilty party. Business is all the time putting up bars against the key young man. Positions of responsibility, positions of trust, positions requiring reliability and regularity are being closed against him. He may not see that he is bounced because he is not honest, for he may be able to swear with clear conscience that he never took so much as a nickel in his life that did not belong to him. But he has taken time that did not belong to him. He has had to be sent for. He hasn't been faithful. He has lied as to why he was late, and so where he was last night. He has gone upon the theory that it was nobody's business how he occupied his time outside business hours. Yet the growth of a bad character, if you are at all close to it, is about as obvious as the growth of a corn field. The prudent business man does not always wait until he has a case in court. He prefers to settle the little things with his employers before they have gone that far. Business is becoming more and more exacting on the point of individual character. It is looking out for integrity, and it is saying that whatever the head of the house is the salary list must be clear. This demand opens a wide door to the girls, and there is only one way in which it can be closed against them, and that is to meet the competition, and by the removal of it through consolidation.

A GREAT CHESTNUT

There is probably no man engaged in the newspaper business in this state, who is not acquainted with a man whose excuse for discontinuing his subscription is that he already has more papers than he can read. It is only an excuse offered to unreluctate the presumed laceration of the editor's feelings. It has no such effect, for in the first place an editor never worries over the loss of a subscriber. The best when he leaves the country without paying up arrears—ages. But why not be truthful and say to the honest newspaper man just what you feel in your heart. Go into his den, ask him how much you owe, pay the delinquent and tell him frankly that you don't want his disreputable, blackguard sheet any longer. Say to him in a sorrowful tone of voice that you deeply regret his inability to publish a newspaper worthy the name and advise him to sell his plant to some man with a thimble full of brains and seek some occupation which does not require much rest and tear a mind. Do this and then you can go away with the comforting assurance that the editor respects you for your candor and will cherish no hard feelings because you choose to borrow his paper instead of buying it.

POLITICS AND POLITICIANS

Missouri's two cent fare bill has passed the Legislature and has been sent to the Governor. By a vote of 15 to 11 the Texas Senate voted to discharge the probate committee and indorse Senator J. W. Bailey. The action followed spirited debate. The Democrats in the Indiana Legislature won one of its few victories of the present session when they secured the advancement of the new primary bill, one of the measures advocated by the party during the recent election.

GRIFFINS MILL

Not much news in these diggings. Our old friend and neighbor J. M. Hurst, who has been confined to his room all fall and winter thinks he will be able to sit around some as soon as the weather moderates. The last report says that Marion Pitman and family, who have been confined for some time with typhoid fever, are slowly improving. DeWitt Ramsey in family of Mareburg, were visiting in Gaines Cummins Saturday until Monday. Mrs. J. B. Cummins and her two little ones, Mabelle and Roy, were visiting relatives in Pulaski county last week—Grip has attacked 'al most every family in this vicinity. Craig Eider, of near Stanford, visited relatives here and Be Lick during the past week. Charles Latham and Eppon Broyles passed through Saturday en route to Stanford with a bunch of cattle and dogs. That's right, boys, come on and buy our farm products, and we will try to raise more and we'll have money. J. L. Hasty, who has been suffering from heart trouble, was able to say is improving. B. G. Mullins of Pine Hill, was here last Friday attending to some important business matters. The old blue back speller says that Friday is just as lucky a day as any other. If further says that those that would thrive in the world should be careful to keep this rule. I have been trying to adopt this rule. I try to rise by six and not later than seven at the farthest. Well, sir, me and Gaines Cummins grabbed cut briars nine days in succession last week, and you know it so well Wednesday night or we would have worked the other side of the days. Who's keeping account of the snow? I've counted two since my last report. 20 more yet to fall. Look out for March and April, and if like it was too far 11 years ago I might say May too. The cackle of the old hens during the two weeks pretty well kept Clara and the children busy running to the hen house. (Clara is the old woman you know.) How many started in the list of Jan 30 to keep an account of the products sold, and the amount of dry goods, groceries, etc. bought. Try this plan and at the end of the year you will be surprised. If you didn't begin with January commence the list of March. Some of our neighbor farmers

...with sycamores while they are frozen, and they won't sprout any more. Suppose we try it, it will only cost us a little labor on a cold day. I will now give the names of some of the old men living in this vicinity. When I was quite a small boy, Uncle Suteon DeWitt, who lived to be 102 years of age. J. M. Thompson, Henry Todd, Hiram Snyder, W. H. DeBord, M. W. DeBord, John Mc Lemore, Wright McLemore, Willson Doney, Baily Hipes, Larkin Pung, Fred Reiser Taylor, Thomas Lawrence, Joseph Craig, Joseph Cummings, Vincent Poynter, James Ping, Joll Ping, Logan Brown, James Brown, the father of the late J. N. Brown and Blind Jonas Brown, the grandfather of the writer. All of these as well as our beloved teacher, J. N. Brown, have passed from the stage of existence, and we hope are enjoying all the happiness that heaven means, while Uncle John Hurst, W. G. Procter, Logan Doney, John Major are still living and battling with the suffering and troubles of this world.

RESOLUTIONS OF RESPECT

WHEREAS, Rev. Oliver M. Walton, a fervent member of Ashland Lodge No. 640 F. & A. M. during a short lay at Sonora, Tex., whether he had gone in a vain quest for health, or removed from suffering by death to the celestial glory above, therefore be it resolved: That, while we deplore the death of our beloved brother, and grieve at the loss, we have sustained by his absence from among us, we submit with reverence to the edict that has called him to be, and for the blessed assurance that our loss is his eternal gain. That we extend to the widow and family of our deceased brother our heartfelt sympathy in this hour of great bereavement, and commend them to cast their cares upon Him, who doeth all things well. That a page be set apart in the record book of Ashland Lodge No. 640 F. & A. M. as a memorial, and that these resolutions be spread thereon; that a copy be sent to the family of our deceased brother, and a copy to the Mt. Vernon Signal for publication. O. V. GRIFFIN, G. V. JARRETT, C. D. SUTTON, Com.

TO HURT YOUR TOWN

Fight on the streets. Oppose improvements. Mistake public men. Run the town down to strangers. Go to some other town to trade. Refuse to advertise in your paper. Do not invest a cent; lay out your money somewhere else. Be particular to discredit the motto of public spirited men. Lend your face when a stranger speaks of locating in your town. If a man wants to buy your property ask him two prices for it. If he wants anybody's else, interfere and discourage him. Refuse to see the merit in any scheme that does not exactly benefit you. Run your newspapers. Run down your officers. Run down everybody and everybody's Number One. Talk in the barber shops and loafing places of how bad times are, of how everything and everybody is going to the demerition bow-wows. Mr. Walker McQuerry, of Sulphur Springs Colo. who has been in Rockcastle and Pulaski counties since Dec. 26, will leave Sunday on his way back to the West, but he never he does not expect to arrive there before April 15, as it is his intention to spend a few days in Lincoln county, and then go to Michigan for about a month's visit. Mr. McQuerry says he finds but few things out here, but old home as he remains here, he has a number of his boyhood chums are dead, only a few following his example have gone to other places to seek their fortune. He says he had a most delightful visit and although absent for almost half century has lost no sense of the goodness for his old Kentucky home. Little plowmen of sunshine that drive the plowlands away, DeWitt's Little Biry Risers will scatter the bloom of silk headbands and billowiness. They do not get in the way. Recommend and sold here by Chas. C. Dieria. W. J. Oldwin was knocked into a creek by the body of a steer, which had been struck by a freight train and drowned near Fernside, Bell county. He was widely known.

NEWS ITEMS

Submitted to a mailing fire of questions, E. H. Harrison, was on the stand two hours before the Interstate Commerce Commission in New York. Answers of the examination were all attack by counsel for the Government on the method of reorganizing and financing the Altion line and the refusal of the railroad wizard's lawyers to let him answer a question as to deals in stock claimed to be individual. This point will be taken to the Supreme Court for decision. If the railroad attorneys are sustained it means a serious limitation of the powers of the Interstate Commerce Commission. J. A.
