If Young men wish to succeed in business, they must not spend their time and money in simply having a good time. They must not be discontented with the little place in which they are because they think they are too big for it. The way to get into a large place is to outgrow the one you are in, grow until it is so small that it will not hold you any longer. A man who sits shirked up and worthless in a little place, because he thinks it is not worth while to grow enough to fill that, has little prospect of getting into larger ones. Fill the place that you are in. Fit yourself for higher usefulness. To do that you must do something besides play, that may be innocent in itself.

The American importation of precious stones continues to increase. In 1906 it was \$34,988,513 as compared with \$26,086,812 in 1905, an increase of nearly \$9,000,000. This included \$10,281,111 worth of uncut diamond dust, \$6,805 worth of gemmer's diamonds and \$20,375,304 worth of cut, but uncut diamonds.

EULOGIZES THE DOC. JURY Awards Plaintiff \$500.00. When Only \$400 is Asked.

Senator Vest had been retained as the attorney of a man whose dog had been wantonly shot by a neighbor. It is said the plaintiff demanded \$200. When Vest finished speaking the jury awarded \$500 without leaving their seats. The speech, in full is as follows:

Gentlemen of the Jury—The best friend a man has in this world may turn against him and become his enemy. His son or daughter that he has reared with tender care may prove ungrateful. Those who are nearest and dearest to us, those whom we trust with our happiness and our good name, may become traitors to their faith. The money that a man has is any loss. It flies away from him, perhaps when he needs it most. A man's reputation may be sacrificed in a moment of ill-considered action. The people who are prone to fall on their knees to do us honor when success is with us may be the first to throw the stone of malice when failure settles its cloud upon our heads. The one absolutely unselfish friend that man can have in this selfish world, the one that never deserts him, the one that never proves ungrateful or treacherous, is his dog. Gentlemen of the jury a man's dog stands by him in prosperity and in poverty, in health and in sickness. He will sleep on the cold ground, where the wintry winds blow and the snow drives fiercely, if only he may be near his master's side. He will kiss the hand that has no food to offer, he will lick the wounds and sores that come in encounter with the roughness of the world. He guards the sleep of his peopled master as if he were a prince. When all other friends desert he remains. When riches take wings and reputation falls to pieces he is as constant in his love as the sun in its journey through the heavens. If fortune drives the master forth

an outcast in the world; friendless and homeless, the faithful dog asks no higher privilege than that of accompanying him to guard against his enemies, and when the last hour of all comes, and death takes the master in its embrace, and his body is laid away in the cold ground, no matter if all other friends pursue their way, there by graveside will the noble dog be found, his head between his paw, his eyes sad, but open in alert watchfulness, faithful and true even to death.

NEWS ITEMS In a deftly-voiced speech at Ponce, "Uncle Joe" Cannon avoided any expression as to whether he thinks Porto Rico is to have self government. A native speaker had hinted that the island is now prepared for it. That the railroads of the country are now at what he terms the financial danger line, is the declaration of President W. A. Garrett, in an interview. He says that continued agitation and adverse legislation may mean railroad reversion. Citizens of Sandy Hook, where the Hargis trials will be held, are preparing to receive the deluge of witnesses and attorneys which will descend upon that town in May. According to the present plans, tents will have to be used to shelter the visitors. Trial of the libel suit of Noel Gaines against W. P. Walton and the Kentucky State Journal was begun at Lawrenceburg. Percy Haley took the witness stand and denied writing the now famous "Lassing" letter. Walton was also a witness and will be followed by the Governor and other State officials. THIS IS WORTH REMEMBERING. Whenever you have a cough or cold, just remember that Foley's Honey and Tar will cure it. It does not risk your health by taking any but the genuine. It is in a yellow package. Chas. O. LOCAL

Luther Cummins has gone to Kuttawa to take a position with E. T. Wheeler. Sam Cummins is also at Kuttawa instead of Illinois as reported last issue. Atty. Clet Johnson, General Manager of the New Livingston Coal Co., was here Wednesday for a few hours. Atty. Johnson, who has just returned from New York, spent an afternoon hearing Evelyn Nesbit-Thaw testify, in the now famous Thaw trial.

Richmond Ky. went dry by 140 majority and the city of Knoxville Tenn. by over 2000. G. T. Johnson will extend his store room 40 feet the extension which is of brick and wood, will be used for groceries and furniture. ROGS FOR SALE - Sixteen eggs of the Buff and Brown Leghorn mixed at 50 cts. Mrs. W. H. BRANNAMAN, Near Wildie, Ky. I. A. Bowman bought 15 head of good 3 and 4-year olds of J. J. Hy-singer at 3 1/2 and 3 3/4 cts. Mr. Bowman will take them to Jackson county and graze them during the summer.

Walking has been good in the city of Louisville since 5 o'clock Sunday morning. The street cars employes went out on a strike. The business men of the city are making a strenuous effort to get matters adjusted between the street car company and employes, as the stoppage of the cars has almost paralyzed the business. If the strike is not settled before the greater Louisville exposition, which is next Monday, it will greatly interfere with the success of the exposition, but hope is entertained that the matters will be settled by the last of this week and the cars again running.

Some of our enterprising citizens are taking steps to have stock sales on each and every court day. This is something that we certainly need, and we trust our farmers and especially the stock dealers will join in this effort. DELIVERY - It has been suggested by some of the merchants, that all the merchants in town unite and make arrangements with Mr. Fuqua, the livery man to make two deliveries a day, one about 10 o'clock in the morning, the other about 4 o'clock in the afternoon of all purchased made by customers within the incorporated limits, such arrangements it would cost the merchants but very little and save the customers quite a good deal besides the worry and annoyance of having to run around, and hunt up the delivery wagon, and then pay to city to get a sack of ship-stuff or sack of flour carried to their home. We believe the merchants owe this much to their customers, to deliver their purchases, when under such arrangements as this, it can be done at such a small cost to the merchants and with so much convenience to the customers. There is not another town in the state, the size of Mt. Vernon where the goods are not delivered and there is no reason why it should not be here, except for the reason that the people have not demanded it.

RESOLUTIONS OF RESPECT. WHEREAS, It has pleased the Almighty God the Supreme Ruler of the Universe, to call from our midst our beloved companion Oliver M. Wallen, who went to Heaven on the 10th inst. 1907, to seek the resurrection of his breath and died there on Jan. 10th 1907. Whereas, this Chapter in connection with all Companion Royal Arch Masons, feels the bereavement which has fallen on the fraternity, therefore: Resolved, That we do not question the wisdom or goodness of Divine Providence, but bow in humble submission to Almighty God. Resolved, That we extend to the bereaved family and friends the profoundest sympathy of the members of this chapter with which we are so long fellowshiped, and we

pray the Divine blessings ever rest upon them and Resolved, That a copy of these resolutions be spread upon the records of this Chapter a copy sent to the family of the deceased, a copy furnished the Mt. Vernon Signal. Fraternally Submitted S. C. FRANKLIN, G. S. GRIFFIN, Com. GEO. R. REAMS.

HOW TO REMAIN YOUNG. To continue young in health and strength, do as Mrs. N. E. Rowan, McDonough, Ga., did. She says: Three bottles of Electric Bitters cured me of chronic liver and stomachic trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flame. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store. Guaranteed at all drugstores. Price 50c. A dispatch from Louisville says: "Friends of former Governor W. O. Bradley have again freely that he will be a candidate for the Republican caucus nomination for United States Senator before the next General Assembly. Little gnomes of sunshine that drive the clouds away, DeWitt's Little Early Risers will scatter the gloom of sick-headache and biliousness. They do not give you crickens. Recommended and sold here by Chas. C. Davis.

Lyons, the lumber man, was here Tuesday and took up a car load of lumber belonging to J. W. Marler and K. J. McKinney. Ap Taylor, who is now L. & N. de inspector between Corbin and Sinks, was here Sunday. Ap says he is thinking of moving to Mt. Vernon. C. B. Sutton, who recently opened a line of general merchandise near Ben Lick, was here Monday and left with this office a nice order for circulars, announcing his opening and telling of the numerous bargains which he has. Miss McIntyre, of the Brown Memorial School faculty, was called to her home in Miami, Florida, on account of the serious illness of her mother. She will, in all probability, not return this term, much to the regret of the faculty and pupils and patrons as well. C. C. Williams left Wednesday for Sweet Springs, Mo., to wind up the estate of the late W. H. Mullins, who died some months ago, leaving no heirs, and his estate amounting to something over \$20000 which will go to his brothers and sisters who live in this county. C. C. Miller, who had charge of one of the hand factories of the Turner-Day & Woolworth Handle Co., for the past two years, has gone to take charge of a mill, at some other point, which he did not exactly know when he left. We regret to lose Mr. Miller and his most admirable companion from our number.

Miss Dawie Leiber has resigned her position at Caldwell College and will spend some time in the South - Danville News. Mrs. McGeorge and sister, of Owsley county, were here Sunday to attend the burial of their mother, Mrs. Bowman. George Thompson is talking of opening a store at his home on the Addie Payne farm, which he recently bought. Luther Cummins has gone to Kuttawa to take a position with E. T. Wheeler. Sam Cummins is also at Kuttawa instead of Illinois as reported last issue. Atty. Clet Johnson, General Manager of the New Livingston Coal Co., was here Wednesday for a few hours. Atty. Johnson, who has just returned from New York, spent an afternoon hearing Evelyn Nesbit-Thaw testify, in the now famous Thaw trial. Circuit Court Monday week. See Mrs. Cleo Brown's beautiful line of hats before buying else where. Go to J. T. Adams, Mt. Vernon, for all kinds ladies ready trimmed hats. E. B. Brown sold to W. M. Arnold, Jr., one pair of mules for \$350. Richmond Ky. went dry by 140 majority and the city of Knoxville Tenn. by over 2000. G. T. Johnson will extend his store room 40 feet the extension which is of brick and wood, will be used for groceries and furniture. ROGS FOR SALE - Sixteen eggs of the Buff and Brown Leghorn mixed at 50 cts. Mrs. W. H. BRANNAMAN, Near Wildie, Ky. I. A. Bowman bought 15 head of good 3 and 4-year olds of J. J. Hy-singer at 3 1/2 and 3 3/4 cts. Mr. Bowman will take them to Jackson county and graze them during the summer. GREAT OFFER - The Cincinnati Post, daily; Human Life, monthly; Farm News, Monthly; Spare Moments, monthly and the Mt. Vernon SIGNAL, weekly, all for one year for only \$2.50. ANY C. C. NEW PENNSION LAW - According to the new pension law recently signed by the president, following persons are entitled to pensions: Any man who served ninety days in the war of the rebellion or sixty days in the war of Mexico, was honorably discharged, and is now sixty-two years old, is entitled to receive \$12 a month, dating from filing his application in the Pension Bureau. Those who are seventy months old are entitled to \$15 a month and at seventy-five years of over to \$20 a month. PRINT ALL THIS LETTER - Is the post script added to correspondence which we some times receive. We appreciate every bit of news we receive, but there are some things we get which we do not consider news and not worthy of space in the paper and hence of the waste basket is the only proper place, for many things offered the newspaper man for publication. Good, live up-to-date news is what we want, and what the people want to read, and not some stale joke that might be making the rounds. What sometimes sounds well in conversation looks mighty bad in print. DEAD - Mrs. Rhoda Bowman, aged 87, died Saturday at 5 o'clock p. m. at the home of her son, Mr. J. A. Bowman. For eleven years she has been an invalid, confined to her bed most all the time, but at her last time, she took a deep rest of cold, followed by the grip, which was too great a strain on her weakened condition. Ever since the death of her husband several years ago, she had made her home with her only son, Mr. J. A. Bowman, one of our most substantial farmers and stock dealers, who moved to the old Dr. Joplin property near this place five years ago, from Jackson county. It was the desire of the family to take the remains back to the old home for burial, but on account of his water, it was impossible to do this, and the remains were laid to rest Sunday in the Lairr burying grounds.

RIVER COMPANIES ALSO IN LINE

Creator of the World's Greatest Band Master, to Perform Twice Daily—Something Doing Every Minute.

Many people are now counting the days which must elapse before the opening of the Greater Louisville Exposition, March 18. The manufacturers and other business men of Louisville have been actively engaged on the big enterprise since November 21 last, and they now see the fruition of their hopes in the exhibits which are being installed in the big Exposition Building. The work of construction, which has proceeded most excellent impression, is in its final completion. It is said, far more beautiful than anything the designers had expected. The construction of exhibit booths cost the Exposition Company a great sum of money, but the result is said to more than justify the expenditure. The rate of Louisville, which begins on Monday, March 18, on all alternate days, is one fare for the round trip. With Monday, March 18, as the first sailing date, the rates will be on Friday, 21, Saturday, 22, Sunday, 23, Thursday, 28, and Saturday, 30, all round tripping April 6 to 10. Rates have not been beaten or bettered, even announced for any section of the history of the country, and it is said that the latest offer for the Greater Louisville Exposition is the best to date. No sign in the various other exhibits, and the exhibitors, but all throughout the building Louisville have offered similar inducements. The Louisville & Nashville Packet Company and the Erie Line offer a rate of one and one-half fare for the round trip, including meals and berth, while the Louisville & Cincinnati Packet

astonish all visitors when they enter its doors. Visitors to the exposition will be greeted by strains of sweet music, produced by the famous band of the great Creator, who will give two performances daily throughout the fortnight of the exposition, March 18 to 20. The same Creator is a man of tremendous personality, rich in everything which goes to make up a really great musician. A Neapolitan by birth, but an American by naturalization, he has played before the crowned heads of Europe as well as before those unnumbered kings—the musical critics of the New York press. Nowhere has he failed to receive the highest praise and he has repeatedly declared that the musical taste of the people of Kentucky is, as an average, the most accurate in recognizing true musical worth that he has ever seen. That the great master has not been over-estimated by Louisville and in the rest of the United States is attested by the following paragraph from the London Daily Tribune: "The band certainly deserves the high praise it has received in America. The musical qualities of the tone and style are great, and although Signor Creator walks about the platform and conducts by means of gestures which may be called sensational, there is no 'trickery' about his interpretation of the music. The instruments have that clear, rather shrill tone which is Italian in preference. The cornet, the principal clarinet, the trombones, for instance, are of the best. The ensemble is as fine as possible, and the clean phrasing, especially in forte passages, goes beyond anything we have heard from other bands. From every point of view this is a finer band than that of Boston, and there is much in its work which should attract musicians as well as the general public." When it is considered that the work of this great master may be observed without extra charge and the admission free beyond the actual ticket costs, the fact will be readily recognized that Louisville is putting forth every effort possible to give immense value for the money which will be expended at the exposition gate. For those who prefer music and laughter in the evening and outdoor entertainments during the morning, the afternoon, and the evening, the choice of visiting Louisville's outdoor attractions in the morning and seeing
