Born to the wife of Asher Cummins a fine baby boy.

G. M. Ballant and J. F. Griffin bought of J. L. Moyer a one-half acre lot each. Price \$112.50 each.

Her friends here are legion and they will be glad to welcome her once more. Her daughter is here also—San Juan Democrat, Aztec, N.M.

Quite a number are on the move this week. S. H. Martin moved to his new residence just completed on West Main, Marshal Smith moved to the house vacated by Mr. Martin. D. E. We wish to call attention to the announcement of Mr. O. V. Jarrett as a candidate for jailer to fill out the unexpired term of two years caused by the death of his brother, L. L. Jarrett. At the November election 1905 Mr. H. L. Jarrett was elected to that office but on account of ill health he was never able to assume the duties of the office, and going West for his health died a few months later. His brother, O. V. Jarrett was appointed to fill the office until the next regular election which comes this fall. Mr. Jarrett has made a good officer, faithfully discharging the duties of his office and circumstances surrounding the situation, presents a strong plea for him why he should be given the office for the remainder of the term.

CIRCUIT COURT.

The Norton case has consumed the attention of the court all the week, Monday and Tuesday being spent in the selection of a jury. After exhausting the regular panel of twenty-four, a special venire of six was summoned and at a o'clock Tuesday afternoon his entire list had been called and only eleven retained. Another special venire of twenty-five was summoned for Wednesday morning, when the panel was filled. The following gentlemen were chosen to try the case: Sam Bryant, Andrew Martin, S. L. Durham, S. S. Langford, Walter Albright, Richard Mobry, Steve Brock, Alfred Alexander, P. F. Hopson, J. J. Brown and J. C. Kelley. The defense asked for a severance of the defendants and that only one be tried, the Commonwealth electing that Judge Norton try the one first for trial. There are about forty witnesses to the side and it will take the entire week to try the case. Atty. C. C. Williams, Judge Morrow and Judge L. W. Bethurum represent the defense, while Atty. George Owens and Judge S. D. Lewis have charge of the prosecution.

A sensation was created in New York Tuesday by the publication of a letter written in December, 1905, by H. Harriman to a friend in New York, in which it is charged that in return for the proposed appointment by the President of Senator Depew as Ambassador to France, he (Harriman) raised \$300,000 which was contributed to the Republican campaign fund of New York State. The President immediately issued a statement in which he said the President had never asked Harriman directly or indirectly for any contribution and at the same time gave out copies of correspondence bearing on the subject between himself and Representative Sherman, of New York. Late last night Mr. Harriman gave out an additional statement in which he says the President has treated him with great injustice and also makes public some additional correspondence.

LAND, STOCK AND CROP

All western markets as well as those in Kentucky report horses selling phenomenally well this spring. The stock is not popular but such a demand for great horses never existed before at this price. Speculators are sending farm mares from Chicago to the Canadian Northwest and experiencing no trouble in selling them. At Kansas City, St. Louis and Omaha prices are high and demand on St. Joseph and Sioux City are developing into horse markets of prominence. Prices in the west are on a high level. A Chicago buyer went to the Black Hills country in South Dakota recently hoping of securing a few bargains but discovered that he could not pay prices there and break even. Government irrigation work construction having created a urgent local demand. Prediction is made that as progress on the Panama canal is made mules will become abnormally scarce and sell at phenomenal prices.

No Operation

Mrs. Malinda Akers, of Basham, Va., writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

Cardui is a pure, vegetable, medicinal essence, especially adapted to cure women's diseases. It relieves excessive periodical pains, regulates irregularities, and is a safe, pleasant and reliable remedy for all sick women. In successful use for over 70 years. Try it.

I KNOW HOW TO CATCH 'EM

1906 was my Banner Year. During that year I sold more goods than ever before. The first three months (or quarter) of 1907, in point of sales, has the first quarter of 1906 "skinned a block."

I'll Tell You How I Manage It.

I hold my trade and am getting the other fellows' customers every day. The other fellow's trade comes to me because I keep in stock the most complete and largest line shown in Rockcastle county at lower prices than the other fellow can sell for. Because, I sell W. L. DOUGLAS SHOES, Made of Leather, Solid Leather and Leather that fits the feet, fits the Men's feet, the Ladies, feet and the Children's feet; and when I sell the other fellow's customer a pair of Douglas shoes, the "other fellow" loses a shoe customer for all time.

When I Want To Catch Flies I Use "Tanglefoot."

When I want to catch the "other fellow's" customer I show him my line of Clothing, finest tailored, best fitting hand tailored garments that can be made; try a suit on him, name the Low Price and "Presto, Change!" the "other fellows" looser a customer.

I Believe in Sticking to a Good Thing.

The Best Shoes, the Best Clothing, the Best Hats, the Best Dry Goods, the Best Groceries, the best of everything is none too good for my good customers. As I said before, I believe in sticking to a good thing. That's why I pay my head salesman, C. D. Sutton, the largest salary ever paid a clerk in Rockcastle county. He is a "good thing." He knows exactly how to treat my customers. He has the ability to treat you so nice you will not be satisfied with coming ones, but will come again and again and keep on coming. The good people of Rockcastle have been very kind to me, and in order to show my appreciation, I shall spend the remainder of my life in your midst and will see to it that each and every customer gets a "Square Deal" on every item bought of us.

A busy man.

W. J. SPARKS.

The above is a fair likeness of our fellow-townsman, W. J. Sparks, who is about the busiest man we know of, and yet each department of his business receives its proper attention. Mr. Sparks operates three large rock crushers, two in this county and one in Tennessee, employing three hundred to four hundred men during the spring, summer and fall, putting out from twenty-five to forty car loads of crushed stone per day, amounting to thousands of dollars each year. Besides this he has at Sparks Quarry a line kiln which has a capacity of more than a car load per day and runs almost continuously the entire year. For the last two or three years, he has turned his attention to a certain extent to railroad contract work, having just recently completed a tunnel for the L. & N. just North of Livingston and two years ago, did the grading for the double track between Sinks and Livingston. He is now making preparations to begin the shipment of a conglomerate of sand and gravel from a point just North of Livingston and when successfully put in operation will employ either of the other four enterprises mentioned above. Indeed we say Mr. Sparks is a busy man, whose push, pluck and enterprise, has been of incalculable advantage to our county.

OTTAWA.

J. W. Broth and family spent Easter with Mr. and Mrs. Eugene Rogers and family of Pulaski county. J. W. Broth of Quail was in this section Thursday and Saturday on business. J. E. Brown has returned from East Bernstadt, where he has been for quite a while. S. T. Proctor was in Lincoln county Friday on business. Reubin Wallen was at home from East Bernstadt on a visit Wednesday until Monday. J. B. Sutton went to Brodhead Thursday on business. Messes are being in this section. J. W. Brown went to Brodhead Friday on business. George Ballard and family left Thursday for Corbin. J. E. Brown was in Mt. Vernon Monday.

QUAIL.

Jacob Elder attended court at Mt. Vernon Wednesday. James Thompson, is so sorry to say, is still in a very serious condition. Dr. Proctor has sold his farm to Henry Sutton of near Preachersville, for \$400. Mr. Sutton will take possession in July. Dr. Proctor will probably make his future home at Louisville. Mrs. "W. H. Brown, of Preachersville, has been visiting her father, Rev. Martin Owens.

The measles are making the rounds in this vicinity. Melvin Owens, who has been laid up with the measles, is able to get again. Mrs. Mattie Owens is very sick with measles. Most of the farmers will soon be done breaking up corn ground. E. A. Herrin is building himself a new dwelling. The singing school closed Sunday last at Union Ridge conducted by Prof. Wm. Owens and Jacob Elder. David Herrin is numbered among the sick. Ike Snodgrass, of Wigwan, Colo., is in for a few days visiting his mother, Mrs. Margaret Snodgrass. Mrs. Mary E. Herrin has been visiting her daughter, Mrs. Charles Rogers, of near Small, Ky., has been visiting her cousin, Mrs. Lula Proctor. Wheat stalking fine in this section of the county. If our farmers would pay more attention and grass their farms it would be much better.

Rest is the great restorer. We tire our muscles by exercise and then rest to store them; yet a great many of us do not stop to think how life rests give to our stomachs. A usual thing no part of our lives is so generally overlooked as our digestive organs. A tired and overworked stomach will give sign of distress to which we may not be till all last dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning, we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. It is sold here by Chas. C. Davis.

James Hargis wants the suit filed by the administrators of Dr. C. C. Casper \$25,000 damages tried in Breathitt county, and a motion made Monday at Lexington indicates that this will be the first effort made by the defendants.

F. KRUEGER & SON.

CONWAY.

Easter pinches after so much pretty warm weather. Farmers in this section are about through sowing oats; some have planted their Irish potatoes. We cannot remember seeing pretty weather so early in the season as we had in latter part of March and vegetation come up as fast as Harvey Cheateau went out snake hunting last week and treed one under a brush heap and being determined to get it, it looked too much like work to tear out the brush to get it, so he concluded to get the brush on fire to roast out the snake and did so set the wood on fire and destroyed about one hundred dollars worth of fencing, cord wood, etc. and got no snake. Mr. Cheateau now thinks it very foolish for a man to go snake hunting in March especially if leaves were dry.

B. A. Riddle got his right foot badly mashed here on Saturday of last week by a wagon running over it loaded with 35 or 40 bushels of wheat. U. S. Berry sold a bunch of shoats to the Roundstone Lard Co. last week at \$6.15 per hundred. Beekeeper should you need some empty beehives this season, write to D. C. Pullins Conway, Ky., for the Pullins Bee Hive, or to Bera C. O'Leary, Berea, Ky. They are manufacturing the Pullins Beehive for sale and it is said to be the best now in use. Try them. John Guinn visited relatives at Corbin and London this week. Perry Lambert, of London, visited his mother and sister here this week. Several new phones are talked of being put in soon as James Maret gets the line repaired to this place. Why say run it on to Scaffold Cave so the people up there can talk to the outside world once in a while. B. A. Riddle has set his saw mill on the Hart tract of land recently bought by J. C. and Joe Wood.

J. W. Beard, who has been clerking for the Roundstone Lard Co. here for some time will move to Berea this week to engage in business there. Rev. Briscoe, of Mt. Vernon is holding a meeting here this week at the school house.

I. J. & Ida Wood, the new firm, say they never knew trade in the goods business better in Conway since they have been here than at present. Jim is a good merchant and knows just how to entertain a customer to make him want to come back to see him and bring a basket of eggs or a dozen chickens and get all they are worth in goods or cash. James Cope and son, who have lived on the Hart tract of land for the past 10 years; left last week for parts unknown. M. L. Kelton is working extra as R. R. agent at this place. Easter eggs were no scarcity here Sunday.

Conway has improved so fast since our last writing to the Signal we hardly know just where to begin to tell of the growth of the little village so we will pass this and wait till you visit the little village and see what has taken place in the past three or four months.

PNEUMONIA'S DEADLY WORK and so seriously affected my right lung," writes Mrs. Fannie Conner of Rural Route No. 1, Georgetown, Tenn., "that I coughed continually night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only real cough cure and restorer of weak lungs. When all other remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the real cure. Guaranteed by all druggists. 50c and \$1. Trial bottle free.

The brewers of St. Louis have announced that all negotiations with their striking employes are off and declared an open shop. DOING BUSINESS AGAIN. "When my friends thought it was about to take leave of this world, on account of indigestion, nervousness and general debility," writes A. A. Christman, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again, and am still in good health." Best tonic medicine on earth. Guaranteed by all druggists. 50c.

MARETURG.

The sick in this immediate vicinity have about recovered. Mrs. Martha Lewis and Mrs. Henman remain right sick. Bro. Karr is expected at the church Sat. and Sun.—Sunday School has begun to take new life, again hoping to make a success this year by good attendance and interest from the community. Maretburg now has a phone which fills a long needed want. Mrs. Den McClure is visiting her mother Mrs. Rebecca Reynolds—Misses Grace and Alice McCall at home on account of the serious illness of their grandmother, Mrs. Lewis. Mrs. Bert Whitehead of Livingston spent three days of this week with her grandmother Mrs. Lewis. Mrs. Susan Henderson of Parksville, is with Mrs. W. B. Whitehead and Mrs. J. J. McCall in attendance of their mother, Mrs. Lewis, during her illness.

CATARH AND CATARRH HEADACHE are luckily relieved by Nosenae. It soothes the congested membranes always inflammation and thoroughly cleans and cleanses. It keeps moist all the passages whose tendency is to thicken and become dry. Cures colds, throat trouble, hoarseness, hay fever, "stopped up" nose, breathing through mouth while sleeping, offensive breath etc. It is antiseptic and contains no chemicals or drugs having a narcotic effect or that can cause the "drug habit." Sold by all druggists.

It has developed through a motion picture by her counsel, that Mrs. Eddy has transferred all her property to three trustees. Maj. H. W. Salmon, convicted at Warsaw, Mo., of illegal banking, was Tuesday refused a new trial and sentenced to three years in the penitentiary. An appeal will be taken. How To Avoid Appendicitis. Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Chas. C. Davis.

Young people should acquire the habit of correct speaking and writing, and abandon as early as possible any use of slang words and phrases. The longer you put this off, the more difficult the acquisition of correct language will be; and if the golden age of youth the proper season for the acquisition of language, be passed in its abuse, the unfortunate victim will most probably be doomed to talk slang for life. You have merely to use the language which you read, instead of the slang you hear to form a taste in agreement with the speakers and poets in the country.

Microbes in everything you eat and drink, and if you eat and drink microbes you will surely die, and if you don't eat and drink you will still more surely die. Bound to surely die in any event, you had better pay no more attention to microbes than your granddaddy did. They ate and drank everything they wanted and they lived long and prospered. What did Methuselah know about microbes in his time? Eat and drink every thing you want, microbes and all, and you will live until you die and that is what old Methuselah did he lived until he died.

An experienced teacher says that pupils who have access to newspapers at home, when compared with those who do not, are better readers, better spellers, better grammarians, better punctuators, and read more understandings, and obtain a practical knowledge of geography in almost half the time it requires others. The newspaper is decidedly an important factor in modern life. This will not be disputed by any one who has taken the trouble to investigate the matter for himself.

Did you ever notice that tobacco is always clean? If a man drops a piece of meat, no matter how clean the floor may be, he will either give it a kick or pick it up and lay it to one side. He will never eat it. But let him drop his plug of tobacco on the ground and no difference how dirty the spot where it fell, he will pick it up and give it a careless swipe on his coat sleeve or on the bosom of his pants and then take a chew with greater relish than ever.

OLD KENTUCKY'S GROWTH.
 Official figures furnished by the Federal Government show that the increase in Kentucky's property from 1900 to 1904 was \$162,355,512. The total in 1904 was \$1,526,480,240. In 1900 it was \$1,265,120,173. Real property and improvements show an increase from \$795,309,607 in 1900 to \$859,247,997 in 1904. In live stock we have moved from \$77,836,007 to \$96,489,469. In farm machinery the advance has been from \$15,301, to \$17,683,827. In gold, silver and bullion the total it has been from \$37,765,815, to \$41,375,608.

The railroads and their equipment were valued in 1900 at \$2,520,000; in 1901, at \$155,772,000; Street railway, shipping and water works have risen in value from \$5,994,061 to \$59,710,312. Machinery tools and implements were valued in 1901 at \$25,474,506; in 1904, \$39,997,195. All other valuations are cited at \$25,449,865 in 1900, and \$271,293,852 in 1904.

The average value of land per acre was, in 1900, \$30.95 per acre, and in 1904, \$33.41. The per capita valuation in 1900 stood at \$370.61 in 1904, \$379.76. Kentucky has made gigantic strides. It is every day moving forward. With an equitable system of State and local taxation her advance will be even still more rapid. No State in the Union has greater possibilities than Kentucky.
