Very few people comparatively have any adequate idea of the immense cost of producing a modern daily newspaper, particularly in the large cities of the country. Some authentic figures on the subject have recently been made public and will doubtless occasion surprise to our uninitiated. The "Competition" printer's weekly (roll) for instance on the Baltimore American is \$2,000; on the Boston Globe, \$4,200; on the Globe Democrat, \$3,000; on the New York Herald, \$4,000; and other papers in proportion. Bills for special telegrams are another big item of expense. On the Chicago Herald a few years ago they ran \$4,500 per month; St. Louis Globe Democrat, \$5,200; San Francisco Examiner, \$8,000; Boston Herald, \$6,000; and St. Louis Republic, \$4,000. Then there is the white paper bill which is greater than the others combined. On the New York World it is said to run \$700,000 per year and on the New York American about the same; on the Chicago News about \$250,000 and on the Boston Globe and Herald about \$350,000 each; on the Enquirer about \$300,000, and on many other papers it runs from \$100,000 to a quarter of a million dollars every twelve months.

"Why is it that nearly everybody who attends church like to sit in the end of a seat and hold onto it like grim death and ever person who gets a birth in that pew must stumble over it." Well we confess we do that sort of a thing. It is to get out quickly in case of fire—we sinners are quite strongly reminded of life, flames and brimstone that is persuing us, and we can't tell just exactly when it is going to come. We want to be in position to make a quick get-away.

We overlooked the item in our last issue of the assault on Tom McClure by Bob Lee and a man by the name of Bullock. For some time there had been a bad feeling existing between McClure and Lee. McClure having once been a witness against Lee in the Federal Court on a whisky charge. Last Sunday evening Lee, Lee, Lee, Lee, these three parties met and to make a long story short, what Lee and Bullock did for McClure was a plenty. The principal weapon used was a rock, but it was used to a finish. There were between McClure and five gashes cut on Lee's head and face, from one eye to the other and another cut almost to the skull. All the parties were drinking. Lee and Bullock are in jail. McClure is rapidly recovering from the injuries.

Mr. George E. Painter has in his possession a clock which was the property of his father-in-law, Judge J. G. Carter, now deceased. The old clock is as good as ever and last Tuesday night as it struck eight, memories went back just forty years when it struck the same hour a few minutes before Mr. Painter was united in marriage to Miss Mary Carter. Mr. Painter was married in Campbell county, Ky., moved here soon after and has been on the old farm ever since. He is 62 years of age; Mrs. Painter is 59. Six children have been born to them: Jim, now at home on the farm, Mrs. Vanhookman 9 years ago, Mr. and Mrs. Newland, wife of Conductor John Newland, Mrs. Nellie Rice, wife of Conductor E. C. Rice, Mrs. Lizzie Swindor, wife of W. C. Swindor, barber, all of Lebanon Junction. Mrs. Charlotte Jarrett, wife of L. J. Jarrett, deceased, and Ernest, who was killed while a freight train brakeman 9 years ago. Mr. and Mrs. Painter are devout members of the Baptist church. Neither of them show a great age, and each bid fair for many years yet to enjoy the union which he formed in forty years ago on "Dead Timber" in Campbell county.

The Grand Jury of Rockcastle county for the March term of court 1907 respectfully reports; that upon examination of the county buildings we find that they are well kept so far as the alder's work or duty is concerned. We respectfully ask the Eliza Board to make the following improvements or changes in the prisoners rooms of the jail. We find that the windows should be so changed to admit more light and give better ventilation. We believe that the prisoners confined in the like human beings. We do not believe that it

is possible for the jailer to keep the room in proper state of satisfaction in the condition of the building is at present.

3rd. We believe that the prisoners are entitled to sufficient light in their room not to require a burning lamp in the day time.

4th. We believe that the building needs some ventilation by means of open shafts or pipes from the lower rooms out through the roof to carry off the smoke and impure air.

5th. We would also ask the Fiscal Court to make a door in the rear end of the hall in the court building.

6th. We recognize the late improvements of the water works as a much needed and wise provision. We also ask the County Judge to furnish the office in the court building with better chairs.

We examined 500 witnesses and returned 112 bills.

J. E. BLACKMAN, Foreman.

THE REPUBLICAN OF ROCK CASTLE COUNTY.

I am a candidate for Jailer of Rockcastle County subject to the Republican Party.

I have never before asked for any office. I was born in this county in 1862 and since becoming of age I have affiliated with the Republican Party. I promise now that if elected I will make you an officer that will be of credit to myself and to the people of this county at large. I favor a primary election as I think that it comes nearer getting to the home of every voter in the county. I think that I may be able to meet with as many voters as possible before the primary which is to be set at some future date. I am yours for success, Wm. Barnett, Withers, Ky.

A special from Somerset dated the 10th says—Judge M. L. Jarvis, Circuit Judge of this judicial district, had answered escape from being assassinated while waiting for train at Junction City. He had gone to Junction City to meet his wife, who was on her return from the Williamsburg, and when he entered the waiting room of the Depot at Junction City, he recognized in the person of a drunken individual a noted desperate character, whom

he had prosecuted, while County Attorney of Clinton county Ky., and whom he had, in his official capacity, succeeded in driving from the State. The desperate fellow had threatened homicide if he ever met, and he had this wife retired to a nearby hotel to await the arrival of the train. When they attempted to board the train, the Judge saw the drunken character standing alongside the train with a huge revolver in his hand, as if waiting for his chance. Changing positions quickly, the Judge and his wife boarded the train from another point and kept out of range of the drunken desperado. Being thus foiled of his evident intention of committing murder, he boarded the train as it pulled out. Judge Jarvis naturally feels a little uneasy lest he be taken unawares or way laid by this individual, who may turn up at any time, as it is not known just where he left the train.

Housekeepers should stop and think. If such powders are lower priced, are they inferior? Is it economy to spoil your digestion?

THE OLD WORLD AND ITS WAYS.

Mr. William Jennings Bryan announces a new book of travel entitled "The Old World and Its Ways," which recounts his recent tour through Europe. It is a picture of the old world as it is, and is a valuable work of his life, and it is published under his special personal supervision. He has by special contract with his publishers, made the retail prices low down with the view to putting it within the reach of every reader of both sexes and every man or woman who thinks. The book gives his experiences—what he saw and did, whom he met and his impressions and conclusions. He made a profound study of men and things as he saw them in this noted journey around the world. He gives governmental, educational, religious and other conditions, from the standpoint of a student and one profoundly interested in the people of the earth, wherever distributed.

Mr. Bryan traveled as a private citizen but went with the prestige of having made two memorable contests for the Presidency of the United States, and he was recognized and entertained as the "Great American." American, having leading part in the world's great affairs. He is given opportunity for observation and for ascertaining facts and conditions, never accorded to any one traveling in private capacity.

One wants to see the world, and the people who are at the head of affairs in all countries, as well as the masses; he has in this book an opportunity of seeing them through the eye of Col. William Jennings Bryan. It is sold by subscription, and the Thompson Publishing Company of St. Louis, Mo., are the sole publishers. DISASTROUS WIND STORM Sweeps Over Southern Part of Rockcastle.

Many Houses and Barns Torn Down.

The most disastrous wind storm that has ever visited Rockcastle county, passed over the Southern part Sunday afternoon, completely demolishing everything in its course. The storm is supposed to have started just beyond Plato in Pulaski county, as the first damage done according to reports, was at Africa, the next settlement in Pulaski which according to reports is almost equal to the San Francisco disaster. At Plato W. H. Bussard had quite a lot of lumber on sticks, which was scattered all over to the four-corners of the earth. Continuing East, we give the wrecks in order as reported to us: Sam Childers' barn blown down, Mrs. Rigney's barn a total wreck, Reed Mine's barn and crib torn down. Leaving here it passed over what is known as Kincaid ridge, demolishing Summer Smith's residence, tearing down the barn and crib of Mitchell Norton, and killing two good horses for him and the rub bush blown from the barn against the kitchen of his residence, one of which was partially destroyed. Tom Evans house moved about ten feet off the foundation and barn blown down. Crates Evans was considerably damaged, Parks Reynolds does not have a dwelling left on his farm. Passing over to East Fork of Skaggs creek, Sol Rowe lost his barn, Logan McKinney's barn, one crib, kitchen, one mule killed and tore up his fine young peach and apple orchard; W. M. Kincaid residence blown down and his

daughter slightly injured; second story of W. M. Mink's residence blowing over to Long branch, the next to sustain loss, Milt Payne, dwelling blown down, chimney to Harve Rowe's residence fell, some of the rocks striking Dave Barnes and rather seriously injuring him; store house of Wesley Mink blown down; Joe Doan's barn blew away, one hog killed and a fine mule crippled. With a slight damage to buildings up Harve Mink's farm the storm passed over what is known as Sand Hill and no further damage from it reported. The storm was about twenty miles long and varied from two to seven miles in width. All fencing and a large amount of timber were blown down from start to finish.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them, yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until it has become a "taken head," and then it is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomachic. It digests what you eat and gives the stomach needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. It is sold here by Chas. C. Davis.

A Washington scientist claims that he has found a way of making whiskey without a worm. What is really needed, however, is something that will eliminate the snakes. When your back hurts it is almost always a warning from your kidneys. When your kidneys are wrong there is nothing so good as the use of DeWitt's Kidney and Bladder Pills. They assuage the kidneys. Sold by Chas. C. Davis.

GRANDSON OF HENRY CLAY IS DEAD

Lexington, Ky., April 8.—Thomas H. Clay, son of Thomas H. Clay and Mary Mantelle, died at his residence near North Mill street Monday at noon.

Mr. Clay has been ill of acute Bright's disease for the last two weeks, and for the last week his family have been exceedingly anxious about his condition though not until Sunday was hope of his recovery abandoned.

In spite of the skill of the best physicians and the loving administration of his family, his condition steadily grew worse, and he sank gradually to rest.

His brother, Capt. Harry Clay, of Rogersville, Tenn., one of the most prominent citizens of Tennessee, and his daughter, Mrs. Cogswell, of Boston, Mass., came to Lexington last week called by the news of his illness, and he was, therefore, surrounded by all the members of his family when he died. He is survived by his wife and three daughters, Mrs. Cogswell, Misses Henrietta and Nannie Clay.

Mr. Clay was the grandson of Henry Clay, and thought by many who knew the Great Commoner to bear a striking resemblance to his grandfather in face, figure, manner and mental characteristics.

He has been for sometime engaged in the serious task of writing a life of his grandfather, and those familiar with his qualifications for this work looked forward to his being the best life of Henry Clay ever written.
