ORLANDO.

The Rev. Wm. Unassee is very sick with sciatia. The measles have about subsided at this place. Miss Roxie Evans of Hummel, who has been spending a few weeks with Mrs. Rhoda Evans, returned to her home Tuesday. There is considerable sickness here. Mr. and Mrs. E. J. Williams were in Richmond Monday having some dental work done.

Mrs. Garfield Clark of Johnetta, is lumbered among the sick this week. Mr. J. L. Bullard and wife were visiting at Flannagin from Sunday until Tuesday. Miss Lucy Grey is recovering from an attack of pneumonia fever. Craig Hickey of Saturday is here upon whom there are expectations to make his future home. Mrs. Delora Chandler remains in very poor health. Robert Childress who was at home during his father's illness took his departure again Monday. H. L. Smith was in Mt. Vernon Monday evening. Dr. O. Lawson attended the medical meeting at Mt. Vernon on Thursday of last week.

Mrs. Minerva Troxel is very sick at present. Mrs. Mollie Williams accompanied her son, Elmer, and wife to Richmond. The Rev. Fred Jones will preach at Maple Grove next Sunday. Mrs. Susan Pennington of Mt. Vernon, is visiting her mother, Mrs. Abigail Ball, of this place. There is prayer meeting every Wednesday and Saturday night at McNews Chapel. Jesse Cotton has rented and moved to the home of the late J. C. Childress. Jimmie Anglin and Miss Edith Thomas were married Tuesday. Rev. Williams of ficated.

QUAIL.

Elijah Herrin is gradually growing weaker. Mrs. David Elder has been suffering severely with an attack of rheumatism. Rev. Martin Owens continues about the same. There will be services at Providence Sunday conducted by Rev. John Elder. Rev. J. L. Davis of Abia had his sale Saturday and will leave soon for Kansas and there make his future home. P. O. Griffin was in Mt. Vernon Monday on business. J. W. Proctor has moved into his new dwelling. The Farmers Telephone Co. is talking of building a line through this part to Brodhead. John Acton of near Clearence spent Tuesday night with his father-in-law A. E. Herrin.

FROZEN TO DEATH.—Mr. B. the other afternoon was found frozen to death sitting in his buggy he had just purchased from Hugh. On returning home it turned awfully cold, so the supposition is he lost all his thoughts about every thing except his new buggy. There is one consolation his relatives and friends have, is from the expression on his face when found was the same sweet smile, as good to say, the last act I did, was I leave a nice Fisher Buggy for my dear wife and children. The coroner's jury returned a verdict saying, "We the jury find that Mr. B. came to his death by being so overjoyed thinking about his new Buggy." Hugh.

NEGLECTED COLDS. THREEATEN LIFE. [FROM THE CHICAGO TRIBUNE.] "Don't trifle with a cold," is good advice for prudent men and women. It may be vital in the case of children. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable seasons of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established rule is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold. Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The greatest remedy for the common cold, this preparation has been adapted to give its remarkable cures of this illness. A cold never results in pneumonia when it is given. For sale by Chas. C. Davis.

BRODHEAD.

Rev. Merriam Evangelist of L. usville is conducting a series of meetings at the Baptist church, everyone is invited to attend night ly; come and hear some good preaching. Virgil Sharp of Rileys spent a portion of last week with his uncle H. L. Sharp at this place. Miss Matie Watson has about recovered from a two weeks' spell of bronchitis. Robert G. Wilmoth cashier of Bank at Nepton Ky., attended the funeral of Walter Hunt at Mareburg last Saturday. E. R. Gentry was in Mt. Vernon last Sunday. Miss Ethel C. Hilton has returned to Hamilton College at Lexington. The funeral of the burial of her grandmother Mrs. J. E. Woodyard.

Miss Uta Hutchison of Owenion is the guest of her brother J. W. Hutchison. Mr. and Mrs. Reed of Hodgenville have returned home after spending several days with Mr. and Mrs. J. P. Clark. Mr. Reed is President of the Kentucky Hardware and Stove Dealers Association. For many years he was traveling salesman through this territory and was one of the most popular men on the road. H. H. Hutchison is in Virginia this week on business. Chas. R. Pike of Knoxville Tennessee attended the funeral of Walter Hunt at Mareburg last Saturday. J. W. Hutchison left Tuesday night for an extended trip through Va. and W. Va. and will visit Lexington D. C. while away. Representative Isaac of Pulaski county was at the Frith Hotel Monday. E. J. Hamm formerly of this place but now of Lebanon was married at New Hope Monday morning. Good luck to you E. J. Mrs. Robt. Payne is very sick at this writing.

One of the saddest things we have ever experienced was when train No. 23, last Thursday rolled into our town with one of our boys Walter A. Hunt who had just been struck by it at Gum Sulphur only about 12 minutes before. He was taken off here and immediately removed to the Frith Hotel and that was possible to do was more for him. He died about 30 minutes later. Most everyone in town turned out to try to do something for him but nothing could be done. He certainly had lots of friends in town which was plainly shown when the news was spread that he was injured "Gosh," as all his comrades called him was the eldest son of Pack Hunt of Mareburg and was 35 years of age. He was the pet of the family and all who knew him, knew him to be one of the boys who had a good heart in him. Everybody was his friend and he was everybody's friend. Besides leaving a loving wife who was Mrs. Brodie a sister, a son, a year, and 4 months old, he leaves a father, three single sisters, Miss Suttie, Angie and Ray Hunt, one married sister, Mrs. Wm. Mallins of Louisiana and two brothers, P. Y. and D. J. Hunt. He has as many friends among the R. R. boys at Lebanon Junction as any man on this division which was plainly shown by turning out; who were W. O. Dille, M. T. Chas. Davis, Tyres Gettley, John Newland, Ed Hurt, Bob May, Rube Thompson, John D. Pike and Albert Albright. They brought with them two of the prettiest floral designs we have ever seen; one was a grave rug, the other a wheel with broken spokes. They also paid Rev. A. J. Pike \$5.00 for preaching. The funeral for this which goes to show how much he was thought of by his comrades. The bereaved family and friends laid out heart felt sympathy during their dark hour of trouble.

CHILD'S LIFE SAVED BY CHAMBERLAIN'S COUGH REMEDY. Mrs. John Englehardt, of Geneva, Mich., tells of the anxious moments spent over her little two-year-old daughter who had taken a hard cold resulting in cough. She says: "It is an exciting life and had not been for Chamberlain's Cough Remedy she would have chocked to death. I give this medicine every ten minutes and she began to throw up the phlegm. I recommended it in the highest terms and have another child that was cured in the same way." Sold by Chas. C. Davis.

Three hundred eight riders, the majority from Trigg county, riding Edenville early Sunday morning and whipped four white men and six negroes. Among the victims were Police Judge C. W. Rucker and former City Marshal Lesel Woods. County Judge W. L. Crumhough was visited and warned that his friendship for the tobacco association would be his protection against a horsewhipping. He was told that he would have already been whipped but for his age. The home of Judge Rucker was wrecked and many shots were fired into the house before he would come out. The negroes who were whipped were warned to leave town.

The statement of the New York Clearing House banks for the past week shows that the banks hold \$20,854,473 more than the requirements of the 25 per cent. reserve. This is an increase of \$1,018,250 in the proportionate cash reserve as compared with the previous week.

M. Mrs. White had been an invalid for sometime with that dread disease consumption. She leaves behind her a father, mother, brother and six sisters to mourn her loss. They are Mr. James Hayes Mesdames Mary Price, Sallie Sowder, Belle, Lovell of this place and Mesdames Pearl Ross, Anna Cox and Miss Ella Hayes of other counties. The bereaved father, mother, brother and sisters have the heartfelt sympathy of all in their dark hour of despair. The deceased was laid to rest Tuesday at 3 P. M. to await the summons of the last great day. Rev. John Elder will preach at Providence next Sunday at 11 A. M.—Charlie Sowder and family spent Sunday with Mr. and Mrs. Tart Proctor. Mrs. Margarite Brown is numbered among the sick at this issue.—Bill Delaney has moved into the property of J. J. Brown recently vacated by Mr. John Wallen and family.—Uaclo Albert Albright continues about as usual.—David Wallen has been suffering very much with eye trouble.

CHAMBERLAIN'S COUGH REMEDY A FAVORITE. "We prefer Chamberlain's Cough Remedy to any other for our children," says Mr. L. J. Woodbury of Twining, Mich. "It has also done the work for us in hard colds and croup; and we take pleasure in recommending it." For sale by Chas. C. Davis.

Chas. W. Morse, the financier and promoter, arrived at New York Monday on the steamer Etruria and was immediately arrested by the State authorities on charges of grand larceny involving \$100,000. He was arraigned and released on \$20,000 bail, furnished by a surety company. Mr. Morse declared he was innocent of any crime.

RECIPE MIXED OPEN.

Some remarkable stories are being told about town and among the people home-made mixture curing Rheumatism and Kidney trouble. Here is the recipe and directions for taking: Mix by shaking well in a bottle one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Sarsaparilla...

No change need be made in your usual diet, but drink plenty of good water.

This mixture, writes one authority in a leading Philadelphia newspaper has a peculiar tonic effect upon the kidneys, cleaning the clogged-up pores of the diaphanous tissues, forcing the kidneys to slit and strain from the blood the uric acid and other poisonous waste matter, overcoming Rheumatism, Bladder and Urinary troubles in a short while.

A New York druggist who has had hundreds of calls for these ingredients since the first announcement in the newspapers last October stated that the people who once try it "swear by it" especially those who have Urinary and Kidney trouble and suffer from Rheumatism.

The druggist in this neighborhood says they can supply the ingredients, which are easily made at home. There is said to be no better blood-cleansing agent or system tonic known, and certainly none more harmless or simple to use.

Bert Barber, of Elletts, Wis. says: "I have only taken four doses of your Kidney and Bladder Pills and the pain has almost diminished the amount of money they obtain in amounts which can be decided by the law. Such a system would be satisfactory to all the people except the national banks. These banks have been given the privilege of having their names on the money they are using."

The money of the banks has been in reality Government money. The Government has promised to pay it if the banks did not, and has had the means of paying. Let the Government do it as it should; issue all the money. Let it be circulated by the banks which give proper security for it. Let the Government secure the Government by accepting State and municipal bonds, or even railroad bonds to the extent of 50 per cent. and Government bonds for the 50 per cent.

The amount of additional business this change in the finances of the country would give would be greater than any other change would make and be necessary if the present bill before the Senate is passed. All the

Keep Your Bowels Open

It is a noticeable fact, and one which any doctor will verify that people who are troubled with constipation are those who have the most difficulty in keeping their bowels open. Regular bowel action is half the battle of health. People who have a tendency to constipation must of necessity use something to help nature along. This should not be a violent and like pills or purgatives, cathartic pills or powders, but a simple liquid that will oil the intestines and membranes that it comes in contact with. Children, women and weak people should never be given any purgative, as it weakens the system. And it is not only the bowels that are affected, but the whole system. The bowels are the seat of life, and if they are not kept open, the life will be weakened. DeWitt's Carbolic Witch Hazel Salve is the best for this purpose. It is especially good for boils. Sold by Chas. C. Davis.

A DEATH STRUGGLE

This is How Our Correspondent Characterizes Senatorial Fight and Local Option Bill.

ALL-OTHER INTERESTS SUFFER

Session of Kentucky Legislature Half Over and Practically Nothing Has Been Done, Nor Is There Much Prospect of Anything Being Done Until the Senatorial Deadlock is Broken—Interesting Notes on the Tense Situation Prevailing at Frankfort.

Frankfort, Ky., Feb. 18.—The senatorial race and the county unit local option bill are still in the throes of a death struggle that is liable to drag every other interest into its vortex. The result will be either a victory for one or the other of the two bills that are now before the legislature.

The local option bill is being neglected, in fact everything is being postponed or neglected. The legislative body remains in session but a short time each day and seem positively averse to doing any serious work. The Democrats say the county unit bill will pass the house this week, while the Republicans say that those who claim to be the best posted say, just as they did last week, that a major vote will be cast for the county unit bill if it is disposed of finally in any way.

Of course there are all kinds of reports about it. One man will tell you that he heard a Democrat who has been voting for Beckham say that he would vote for the county unit bill if it were not for the fact that he had heard three or four Republicans who are strong for the local option bill. Another man will tell you that he has heard three or four Democrats who are strong for the local option bill and who say that if the few local option Democrats try to combine with the Republicans and elect another man to the legislature, they will vote for Beckham. Still another man will tell you that the county unit bill has nothing to do with it but that Bradley will vote as soon as one of the Democrats in the house is elected, which event will occur very soon or next.

This legislative deadlock has far behind its predecessors in the number of "race-crow" bills before it. By "race-crow" bills are meant bills that are introduced just to scare some corporation or some interest into doing something or paying something to have the bill defeated. A story is told on one member that he asked an old member how he got some railroad road passes for his friends. He was told that the proper and usual way to get them was to introduce a bill to take away the railroads from their railroads to pay their trains with the money of the state. He was told that the average man would not be so foolish as to offer it, but his joking friend found it not just in time to prevent it. The average man would not be so foolish as to offer it, but his joking friend found it not just in time to prevent it.

DeWitt's Carbolic Witch Hazel Salve is best for cut, burns, blisters, bruises and scratches. It is especially good for boils. Sold by Chas. C. Davis.

During the first two weeks of this session it looked like every member of the legislature wanted to have the bill introduced. It was the result of campaign promises, the candidates pleading that they had introduced a bill to repeal the dog tax law. Two or three bills were introduced, but they were not taken up. It was finally predicted that the first bill passed would be one to take the tax off of dogs. It has been taken place, however, and now it seems very doubtful if the law is repealed at all. Nearly all these repeal bills were the result of campaign promises, the candidates pleading that they had introduced a bill to repeal the dog tax law. Two or three bills were introduced, but they were not taken up. It was finally predicted that the first bill passed would be one to take the tax off of dogs. Not only two bills have passed both houses and are ready for the approval of the governor, these two being a bill giving the governor the power to appoint a stenographer for his office and a bill providing for several stenographers and stenographers for the senate and house. A number of bills, however, have passed one house and may pass the other before the session ends, among the number being the Credit tobacco bill which will permit a heavy fine for a violation of a contract to pool tobacco. It has passed the house but the senate will not pass it until the present session closes.

Three deaths have recently occurred from the fatal plague. There are no cases now in the town, but the health authorities do not know when it may come. Its terribly fatal in its effect. The patient after taking it seldom lives longer than twenty-four hours. There are eight hundred students at the institution. An eminent physician on hand with a serum which is relied upon to combat the disease should it break out again. The little son of Judge and Mrs. G. C. Moore, of London, died this week of this same malady.

The greatest minds in the medical profession in all civilized countries are giving more attention to sanitation than to theory—in other words to the prevention of diseases—than to the cure of them.

Their achievements in that direction have marked an epoch in the history of civilization. The miasmas and the fashions of Panama have been changed from hot beds of yellow fever and other diseases into comparative health resorts—as free from yellow fever as Kentucky.

Many malarial districts, have been freed from malaria and typhoid fever is prevented rather than cured. Consumption in its early stage is curable and in most cases is preventable.

Dry, clean houses with good ventilation will place Mt. Vernon back in the column it occupied in the U. S. census report 1890 namely; the healthiest locality in the United States.

Almost daily we hear such questions asked as: why don't the trustees have certain box pens removed, or certain portions of the street cleaned up, or some particular stable taken off the street? Very pertinent questions. But the very people who ask these questions frequently have something under their control, equally as bad as the nuisance they want abated, but without public sentiment to back it is a dead letter. Then let each one of us begin to pick the beam from our own eye that we may see more clearly how to aid our brother to remove the mote from his. Let us as good citizens begin at once to put our premises in order. And if we need, help our neighbor do the same.

Any ordinance touching upon this subject is meant for the good of the whole people and should be complied with as nearly as possible promptly and cheerfully.

You Hear Some Talk These Days About Economy

Prices cut on Mens and Boys' Suits Nearly one-fourth off.

Look for this label on collar.

Why buy a suit, said to be just as good, when "Shield Brand" costs no more, and is guaranteed.

Maybe you're being economical yourself. Its a good thing we believe in it; but its best to be clear as to what economy is.

Economy isn't buying cheap stuff because its low priced; nor paying too much for good stuff because its good.

Real economy is measured by comparing what you get with what it costs; a question of proportion no price.

That's why you ought to buy our "SHIELD BRAND" Clothes; they're all wool; perfectly tailored; correct in style. You get better value and bigger returns from your money in these goods than at any other.

THE FOUNTAIN OF GOOD CLOTHING

is the hidden points—the material that the fabric depends upon to hold it in shape to make it stay where the tailor cut and fitted it.

LET US SHOW these POINTS IN OUR SUITS and OVERCOATS.

Our Spring Clothes

I love to see the green grass grow
I love to see the roses
I love to ride in them—Fisher Buggies—

For when they go, they zooms. HUGH

Word reached here a few days since of the marriage of Mr. E. J. Ham to Mrs. Rose Gleason, of New Hope. Eugene is one of Rockcastle's most deserving young men and we join with his best of friends in this county in extending to him and his our very best wishes.

Did you ever notice that the fellow who never subscribed for and the fellow who don't have time to read newspapers is the one who gets it in the neck? He is the fellow that is talked into buying gold bricks. He is the fellow that keeps the confidence men sleek and fat. He is the fellow that pays two prices for an article that some slick agent brings around.

We could fill a big book with accounts of how he is fooled by not reading and keeping quiet. We once knew a man who paid 25c for Concord grape vines which he could have bought them for 5c a piece or \$3 for a hundred. We knew another man who paid \$2 for two vines when he could have bought them at the nursery for 50c.

A range peddler once sold a \$30 range to a man for \$80. The range man put up at the best hotel, and his expenses for team was large; yet the man who was too busy to read took the bait, when he could have saved \$50 by trading with his home dealer, who, by 10-10-10 child's game, ought to know, could sell cheaper than a man whose expenses in hauling a range day after day from home to house, could sell it. But the fellow who hasn't time to read is the one that don't know how to think when these slick ducks come around after their money, and he goes down in his pants and hands it over. The men readers are too well posted to feed them. They don't swallow all the fat stories peddled around by the lumber-tongued gentry that live of these innocent souls who have no time to read and don't take any paper—burnside item.

I want what I want when I want it, what I want is one of Hugh's nice Fisher Buggies.

FOR SALE—Several dwellings, hotel and store room, in Livingston. Address, Mrs. SUE MULLINS, Feb. 6-11.

FARM FOR SALE—I offer for sale my farm of 93 1/2 acres, one fourth mile west of Roundstone Station. 45 acres in cultivation, balance timber. Good house and barn, and well watered. There is 35 acres bottom land and well set in place. 11 sold before April 1st will be sold a bargain. Address, W. B. SIMONS, Wildie Ky.

NOTICE—Those holding claims against the estate of the late J. C. Childers, deceased, will present same to me within this next thirty days properly proven. Also those indebted to him will please settle same. J. S. LANGFORD, admr. Feb. 21-31 Wildie Ky.

Acting Gov. Cox has appointed Attorney John W. Tuttle, of Monticello, special judge of the Local Circuit Court in the case of the Commonwealth against B. Boyd, indicted for the killing of James Sparks at the last September term of court. Judge Tuttle will also sit in the civil action brought by the widow of Sparks against Boyd for \$30,000 damages for the killing of her husband, and in the case of Lillie Hobbs against Boyd the executor of the estate of the late Judge Robert Boyd to recover portion of the estate.

You remember in last weeks issue of the SIGNAL I told you I would make you a new Fisher Buggy to your red, red, red. One cow one man bought me a nice red cow and I put him in a nice Buggy and sent him home to his good wife and children as happy as a man could be. Another man came into my office and said he did not have a cow to correspond with the colors that I advertised for but said he had a nice black cow. I told him I would take her when he brought old black in. He had a big home in a nice Fisher Buggy and will say to you he was so overjoyed, he had a smile on his face equal to the same in the moon. The colors of color, bring on your cow I will try to make you all happy. HUGH.

GET RICH QUICK.

Schemes of this class have again come to grief along with the gullible investors, causing serious loss to innocent bystanders, as it is always the case of panics in Wall St.

While this last lesson is yet fresh in mind, it is an opportune moment to consider causes and means to avoid like trouble in the future.

Direct your attention to that greatest of all Newspapers the Cincinnati Enquirer. From its columns one can readily detect the trend of currency, its lodging places, by whom handled, uses made of it, and final results.

Again you read quotations of Bonds, Stocks, and Securities of every nature, being Status of all business from the retailer, to United States Government.

Also Current News, facts and reliable data covering the entire world, all sufficiently explicit to enable thinking people to avoid snags and follow the channels of success.

Its extra size and high price, is the secret of its ability to discover, obtain, print and serve its patrons with all the news, and cater to wants of people in every calling of life.

The Weekly Enquirer for the year 1908 has greatly increased its Clubbing offers which now include the most select and popular publications of the day at prices slightly over half the regular Subscription rates.

Do not overlook the fact that the year 1908 promises to exceed in prosperity any of the past, and that the Enquirer printed at Cincinnati, Ohio, is one of the most reliable sources of information.

THE JUMPING OFF PLACE.

"Consumption had me in its clutches and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery, and I went to work and it saved my life. Improved my health with the first bottle and after taking one dozen bottles I was a well and happy man again," says George Moore, of Wheeland, N. C. As a remedy for coughs and colds and heart and lung troubles and for preventing pneumonia New Discovery is supreme. See how it cures Chas. Davis' drug store Trial bottle free.

Baron Knoro Takahira, the new Japanese Ambassador to Washing on, arrived in New York Sunday. He said that the Japs knew nothing of a break in the cordial relations with the United States, and advised the idea of war, as it would be the most inhuman event in the world's history, and was too heinous to be thought of.

At times when you don't feel just right, when you have a good stomach, take something right away that will assist digestion, not a medicine that will operate for a time but something that will positively do the very work that the stomach performs, and an ordinary and normal condition something that will make the food digest. To do this you must take a natural digestant like Kodol For Dyspepsia. Kodol is a scientific preparation of vegetable acids with natural digestants and contains the same juices found in a healthy stomach. Each dose will digest more than 3,000 grains of good food. It is sure to afford prompt relief; it digests what you eat and is pleasant to take. Sold by Chas. C. Davis, 111 Main St., Lexington, Ky.

The funeral of the young gentleman Virgil McKnight, of Mason county whose death occurred suddenly at Frankfort, was held in Louisville Wednesday. Mr. McKnight was a native of Louisville. The funeral service adjourned mid Thursday out of respect to his memory, and a committee was appointed to attend the funeral. Another committee will submit appropriate solutions.

CASTORIA

Everything taken into the stomach should be digested fully within a certain time. When you eat that your stomach is not a good order, that the food you have eaten is not being digested, take a good, natural digestant that will do the work the digestive juices are not doing. The best remedy known today for all stomach troubles is **Castoria**. It is guaranteed to give prompt relief. It is a natural digestant; it digests what you eat. It is pleasant to take and is sold here by Chas. C. Davis.
