DO NOT CROWD THE SEASON
The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been hunched up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by Chas. C. Davis.

CROP REPORT

Shows Promising Spring about to open.

During the few days of open weather the past week, many farmers made haste while the sun shone. Heavy acreage of land were plowed. Others made preparations for plowing but before they could be completed bad weather came and they were compelled to delay their work movements. Preparations were also made for their farm work, and farmers are now anxiously waiting for conditional weather.

Wheat is in some better condition, and crop may not be so curtailed as was at first predicted.

Lambs are arriving fast, and ewes are lighting extremely well. A big lot of lambs are expected to be raised in Madison this year if weather is favorable, and several bunches have been sold for June delivery in great prices.

Work animals are in great demand and good prices are being realized. The demand is, of course, due to the necessity of such stock for producing a 1908 crop, but a share can be contributed to the

Following is an extract from a dispatch from Barboursville, home of Caleb Powers, which expresses the sentiment of the Republicans of that section:

"It is generally reported that Caleb Powers, whether or not he is set free, will be one of the strongest contestants for the Republican nomination for Congress, and should he indicate that he was not the honor there is little doubt but that he would have a walk-over. Friends of Powers in this city, his home, are already boosting him for the Congressional nomination, and that his name will be considered is shown by the fight for the local places on the committee. Powers' backers claim the Corbin meeting is premature and doubt the legality of the call."

A NARROW ESCAPE.

Many people have a narrow escape from pneumonia and consumption as a result of a cold that hangs on. Foley's Honey and Tar cures coughs and colds no matter how deep seated, and prevents pneumonia and consumption. Refuse substitutes. Chas. C. Davis.

ANNOUNCEMENTS

We are authorized to announce G. W. JOHNSON as a candidate for County Court Clerk, subject to the action of the Republican party.

We are authorized to announce ELLIOTT BOWMAN as a candidate for County Court Clerk, subject to the action of the Republican party.

Breaking a deadlock extending over a period of seven weeks, the Kentucky General Assembly Friday afternoon elected William O. Bradley, former Republican Governor of the State, United States Senator to succeed Senator James B. McCreary, whose term expires March 4, 1909. Mr. Bradley is elected for a term of six years, and will serve until March 4, 1915.

The election of Mr. Bradley was accomplished on the twenty-ninth joint ballot, after one of the most long, drawn-out and bitter senatorial contests in the history of the Commonwealth. The elective majority was a single vote, and was made possible by the support of four Democrats, who repudiated former Gov. J. C. W. Beckham, the so-called nominee of his party, and Mr. Bradley's opponent.

On the elective ballot the Democratic nominee received but fifteen votes, the balance of his support scattered in a wild endeavor to settle on another Democrat in order to defeat the Republican.

The four Democrats who made Bradley's election possible were Senators Charlton and McNutt and Representatives Mueller and Lillard. After the fourth Democrat had voted for Bradley, Beckham's name was withdrawn and a wild effort was made to agree on another Democrat who would receive the united support of the party, but the "bolters" replied "no late." Speaker Gooch delayed the announcement of the vote for several minutes, in the vain hope that his delay would give one of the bolting Democrats time to change his mind and suggest some Democrat other than Beckham.

While we are glad that Beckham is down and out and trust forever eliminated from any control whatever of Kentucky democracy, yet we can not say, as some of our democratic friends and scribes have said, that Bradley is our second choice. But the rule of fair play to Beckham, and his cohorts Knott, Whalen et al., nothing more than Bradley as second choice could be expected of them.

Our night office closed a prospect of night mails being discontinued, one of our citizens forced to leave his comfortable home and go elsewhere to get work and a general inconvenience to the entire community is the result of the nine hour law for operators which became effective Wednesday. In our town some citizens will be seriously inconvenienced by certain changes which it has brought about, and those for whom the law was intended are injured rather than benefited, but like most of the legislation which has taken place during the so called war upon corporations, the large majority of those for whom it was presumably intended have been the birds and bees.

We were glad to see Beckham defeated, yet we did not expect to see Bradley the man to do it. Honor to such men as Campbell, Arnett and Kirtz, but shame upon Mueller, Charlton, McNutt, Lillard, who would take Bradley as the lesser of the two evils.

SENATOR ELLIOTT BOWMAN by three a bond in order for Fairbanks and would use his powers to carry the state for the Vice President.

POLITICS AND POLITICIAN

The election of Bradley seems to mean a victory for Fairbanks in Kentucky. Talk was indeed for the nomination of Bradley by the Missouri State Convention. Bradley was nominated for Governor. The chairman of the House committee on the Judiciary says there is no chance for the passage of the joint resolution for a constitutional amendment granting the right of suffrage to women. He holds that this is a state right.

The McChord tobacco bill which puts representatives of tobacco companies under the police power of the State passed the House by a vote of 60 to 24. The opponents exhausted the list of dilatory motions in an effort to prevent a vote on the bill.

The house at Washington Wednesday Mr. Sims, of Tennessee, spoke in favor of the Burleson bill prohibiting the use of the mails, telegraph and telephone service in dealing in "scotch futures" where the delivery and acceptance of actual cotton is not intended.

Caleb Powers is planning to make the race for Congress in the eleventh district whether he is released from jail at Georgetown before the nominations are made or not. The friends of Congressman D. C. Edwards are planning to have an early primary or convention called in the hope of keeping Powers out of the race.

William O. Bradley, in a statement given out Monday, announced that he favors the nomination of Fairbanks. Mr. Bradley denounces the activity of Federal officeholders in politics and says that Taft, even if nominated, could not be elected. He gives five reasons why he prefers Fairbanks to the other opponents of Judge Taft.

With the senatorial contest out of the way, chief interest at Frankfort is centered in the county unit and State Capital bills. A hard fight is being made on the county unit bill and its opponents feel confident that it will not become a law. The Democrats are determined that the State Capital appropriation shall carry with it the provision that no change of architects is to be made.

The Danville Advocate now admits that Lillard is condemned on all sides for voting for a Republican. A banner was stretched across the main street in Danville bearing Lillard's name and the words "Traitor," expressions of the popular feeling there against him. It is believed that he will be appointed to an office by Gov. Wilson and thus taken care of at the expense of the State.

The Senate passed the Curton riot bill, changing the code of practice in libel actions so that libel suits against newspapers must be brought in the county where the paper is published, the county where plaintiff resides or in the county where the alleged transaction took place. Senator Curton explained the injustice now placed on newspapers by the present libel law. The bill was passed by a vote of 23 to 2.

One of the most dramatic incidents in connection with the attempts to win the Democrat vote for Governor Bradley back to one of their own party was when Arthur Goebel, with tears in his eyes, went to Representative Lillard, and placing his arm around his neck, begged him to return to the Democratic ranks. His pleadings were in vain, however, Mr. Lillard answered that it was "too late."

There will be no more of the "free trade" bill, which is a bill to reduce the tariff on raw cotton. The bill was introduced by Senator McClure, and was passed by the Senate on Monday. It is believed that it will be vetoed by the Governor.

What to do in Dyspepsia

Dyspepsia has become a great deal in America, and just as we are as a nation, over-eat, so now we are under-eating. The one is as bad as the other. Man needs food and plenty of it to sustain life and to give strength to compete in this busy world. It is not, however, the fact that you may eat too much that hurts you, but that you don't digest what you eat. And if that doesn't hurt you, it will cure the trouble by eating down your food right. If you do this, you will be creating the proper amount of gastric and peptic juices, and your system will be in the best of health. For more complete information on these necessary foods, see the book "The Science of Nutrition," published by the National Health Association, 1115 North Dearborn Street, Chicago, Ill. It is a book of 100 pages, and is sold for 25 cents. It is a book that every man, woman and child should have. It is a book that will tell you what to eat, and how to eat it, and why. It is a book that will tell you what to do in dyspepsia, and how to do it. It is a book that will tell you what to do in all the common ailments of life. QUETLEY SETS A TRAP

How the Republicans Brung About the Election of Bradley. The Latest Were Not Looking for Things to Take the Turn They Did on That Eventful Friday and Were Taken Unawares. Frankfort, Ky., March 3.—The senatorial race came to an unexpected close last Friday, when the four Democrats, Charlton, McNutt and Mueller of Louisville and Lillard of Boyle, who have persistently refused to vote for Beckham, voted for Bradley and elected him. The finish was an exciting one. The day's ballot was set as a trap for the Democrats and caught them napping. It takes seventy votes to make a quorum of the joint assembly, and if all the Democrats but those who voted for Bradley had remained out of the joint session Friday, there would not have been a quorum, and several Republicans were out of the city. The Democrats knew this, but the absent Republicans and Democrats were paired, they thought it could not make any difference, and they thought they would be just like the others that preceded it. When the roll-call began the Democrats voted for Beckham and the Republicans for Bradley. Whis Charlton's name was called he voted for Wheeler Campbell as usual, but after five or six Democrats had voted for Beckham, which insured a quorum, he arose and changed his vote. He had been told by a Democrat that he was in the meshes of the trap, and all the roll-call he had to do was to get out of the trap and get his name called. He was told that he was in the meshes of the trap, and all the roll-call he had to do was to get out of the trap and get his name called. It is said that there are over 300,000 life-threatening cases in the United States. One of the best ways of testing "croup" up and down because all yard space is congested with cars.

Washington, Feb. 25.—In regard to the negotiations which have been going on between the Southern Railway Company and its employees in respect to a reduction of wages, President Fitch of the Southern Railway, today made the following statement:

"Our employees, working under contract, having declined our proposition in regard to a reduction of wages, we will feel confident that there should be an amicable adjustment, and do not propose to proceed in any arbitrary way. We have notified our employees of our regret that we cannot, at the present time, see their way clear to accept the suggestions as to the adjustments as to the wage scale which the management considers imperatively necessary under existing conditions, and has stated to them that we will ask the mediation of the Chairman of the Interstate Commerce Commission and the Commission of Labor, under section 2 of the Erdman Act, which provides that in any controversy concerning wages which threatens to interrupt the business of an interstate carrier, either party may ask the intervention of the Chairman of the Interstate Commerce Commission and the Commissioner of Labor, and in the event of such request, requires the officials named to put themselves into communication, with all practicable expedition, with the parties to the controversy and use their best efforts by mediation and conciliation, to bring about an amicable adjustment of the question at issue."

"We have accordingly requested the mediation of the official named in the hope of arriving at an adjustment of all matters in controversy, with our men, which will be cordially accepted by both interests involved."

This is what Hon. Jake Moore, State Warden of Georgia, says of Kodal. Dr. Dyspepsia. "E. C. DeWitt & Co., Chicago, Ill.—Dear Sirs—I have suffered more than twenty years from indigestion about eighteen months ago I had grown so much worse that I could not digest a trust of corn bread and could not retain anything on my stomach. It cost me the life I made up my mind that I could not live but a short time, when a friend kindly recommended Kodal. I consented to try it to please him and I was better in one day. I now feel better than I ever did in my life and am in better health than for many years. Kodal did it. I keep a bottle constantly, and write this hoping that humanity will be benefited. Yours verily, Jake C. Moore, Atlanta, Aug. 10, 1907." Sold by Chas. C. Davis.

SIMPLE HOME RECIPE

Get from any prescription pharmacist the following:
Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.
The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and drain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the affliction may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being secured without the slightest injury to the stomach or other organs.
Mix some and give it a trial. It certainly cures highly recommended. It is the prescription of an eminent authority, whose entire reputation it is said, was established by it.

A druggist here, at home when asked started this crowd, should apply the ingredients or mix the prescription for our readers, also recommends it as harmless.

GOOD FOR EVERYBODY.

Mr. Horman R. Coulter, a prominent architect, in the Decker Building, San Francisco, 4944 "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system. Electric Bitters is the best purifying medicine every sold over a druggist's counter. As a blood purifier it is unequalled. 50c at Chas. C. Davis' drug store."

Pale, Thin, Nervous?

Then your blood must be in a very bad condition. You certainly know what to take, then take it—Ayer's Sarsaparilla. If you doubt, then consult your doctor. We know what he will say about this grand old family medicine.

Be careful about that little cough. Get something right away's one good reliable remedy that will move the bowels. Kennedy's Laxative Cough Syrup acts gently yet promptly on the bowels, and stays in circulation at the same time. It is pleasant to take and it is especially recommended for children, as it tastes nearly like maple sugar. Sold by Chas. C. Davis.
