RESOLUTIONS OF RESPECT.

Mt. Vernon Chapter, No. 140 R. A. M., Mt. Vernon, Ky. Whereas, Almighty God has seen fit, in His wisdom, to summons in his presence our beloved Companion, Chas. Simpson, a member of Mt. Vernon Chapter 140 R. A. M. Therefore, be it resolved, That we humbly bowing to the will of a Divine Providence, we deeply deplore the loss to our Chapter of a most worthy and efficient member. Resolved, That in his death the community has lost a useful citizen, the wife a tender husband, the children a loving and devoted father.

Resolved, That we extend to the family and friends our heartfelt sympathy in their bereavement, and commend them to God, who alone can give them comfort.

Resolved, That a copy of these resolutions be spread on record book of our Chapter, that a copy be presented to the bereaved family, and a copy be sent to the Mt. Vernon Signal for publication; and that the usual badge of mourning be worn by the members of the Chapter for thirty days.

J. W. BROWN, S. C. FRANKLIN, Committee. C. D. SUTTON.

CHAMBERLAIN'S COUGH REMEDY IS BOTH AGREEABLE & EFFECTIVE.

Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite remedy for all ages. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my children who have used it will not take any other." For sale by Chas. C. Davis.

THE NAVY DEPARTMENT RECEIVED A WIRELESS MESSAGE FROM ADMIRAL EVANS' FLEET INDICATING THAT THE VESSELS ARE LESS THAN 900 MILES FROM MADEIRA BAY WILL BE REACHED BY MARCH 12.

DO NOT CROWD THE SEASON.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating and sunshiny hours. Children that have been huddled up all winter are brought out and you wonder where they all get their winter clothing. It throws sads and messy shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are twice as dangerous as those in mid winter, as there is much more danger of pneumonia. The Chamberlain's Cough Remedy, however, will keep you from catching anything. It always cures, and we have never known a cold to result in pneumonia when it is treated with Chamberlain's. It is for sale by Chas. C. Davis.

HIS TWENTIETH DOLLAR FOR THE SIGNAL.

Ard. N. Mex, March 13, 1908. Editor SIGNAL, Dear Sir:—I herewith send you the twentieth dollar I have paid for the dear-old Signal, from first to last. But I need not call it old, for I hardly think it has gotten its growth fully yet. I know it gets better each year. I have just rounded out one year in the "Wild and woolly west." But that name does not suit this country now, if it ever did. It is as gentle as Mary's lamb, and of the fine haired type.

We have had a very pleasant winter here, but we had some snow but no rain, slush nor mud that we have to endure in Ky., and Mo. We are having warm, almost summer weather now.

I have seen several ex-Kentuckians here, but I have not met but one ex-Rockcastleite. He was a Mr. Johnson, and formerly lived near Brodhead, on Negro creek. It is with a feeling of sadness that I read of the deaths of so many of the old citizens of Mt. Vernon and Rockcastle county. My good friend, Mr. D. N. Williams, is about the only one of the old-timers I can recall in Mt. Vernon.

RHEUMATIC PAINS RELIEVED.

Chamberlain's Pain Balm relieves rheumatic pains and makes sleep rest possible, which is alone worth many times its cost. B. F. Jucker, 84, now 84 years of age and for twenty years Justice of the Peace at Martinsburg, Iowa, says: "I'm a terrible afflicted with sciatic rheumatism in my left arm and right hip. I have used three bottles of Chamberlain's Pain Balm and it did me lots of good." For sale by Chas. C. Davis.

THE STATE NEWS IN A NUTSHELL

Are Found Accurately Detailed Happenings of the Largest Kind Which Are Attracting Attention Throughout Kentucky.

Hinton, Ky., March 15.—Trotter is located in Bath county on account of a receipt of notes threatening to pull a cattle of those to whom the following notes have been received by prominent farmers and Equity men:

Dear Sir—This is to notify you that unless you permit us to raise a crop of tobacco in 1908, you will not raise any cattle.

The notes were signed "Tenants." These notes were typewritten and mailed to Mr. Sterling and enclosed in each was a small envelope containing a white powder.

A reward of \$1,000 has been raised by citizens as a reward for the arrest and conviction of the person or persons sending these threatening notes.

THREATS CARRIED OUT

Campaign of Cattle Killing Begins in Kentucky.

Lexington, Ky., March 14.—Following are the letters recently mailed to Mr. Sterling and received by farmers of Bath and Montgomery counties, which are threats to destroy the herd of cattle belonging to R. M. Squires, whose farm is near Chilesburg, was are a precarious condition. The timely discovery of jars of green in the trough before more feed was put in saved the remainder of the seventy cattle in the feeding trough.

The poison was placed in the trough some time during the night and the cattle which were poisoned are supposed to have eaten before the morning feed was put in. Under one of the troughs a can which had contained jars of green was found.

Mr. Squires knows of no enemy who would be desirous to injure him, and he has had no quarrel or controversy that could explain it. He has been on the Lexington side in the controversy and his attitude has been generally known. He has offered a reward of \$1,000 for the arrest and conviction of the guilty party.

IS DANGEROUS COUNTRY

Two Traveling Men Unsuccessfully Got to Lexington, Ky., Saturday.

Dixon, Ky., March 16.—The fatal wounding of Deputy Marshal Smith Childers by Jake McDowell at Providence, Ky., Saturday evening, has precipitated a race war and was the indirect cause of two traveling men being shot at by W. C. Carter, a traveling man of Chattanooga, who was dangerously and perhaps fatally wounded and J. B. Brien, another commercial traveler, who was painfully wounded. The two men were shot from ambush by negroes while driving from Dixon and Providence in company with two other denizens. The negroes who did the shooting evidently harbored some impression that the quartet were part of a mob pursuing McDowell.

Deputy Marshal Childers was shot while attempting to arrest McDowell. The negro was immediately taken into custody and hurried to Dixon for safekeeping. A mob of whites immediately began forming and negroes in the vicinity of Providence, hearing of this, also armed themselves and set out by the road where they met the traveling men for the advance guard of the mob, and after firing on them, made their escape. McDowell after being taken to Dixon and hurried on to Henderson. The mob in pursuit arrived at the Dixon jail at 2 o'clock in the morning and, after a search, made no change of getting McDowell immediately set out to beat the country with bloodhounds for the negroes who had fired on the traveling man. Thus far no trace of the couple has been found. Carter was taken to a hospital at Evansville, Ind.

POWERS IS AMBITIOUS

Wishes Jordan Before Congressional Government Matters.

Lexington, Ky., March 12.—S. M. Wilson of this city and Judge J. C. Stans of Bowling Green, counsel for Caleb Powers, have decided to withdraw their request to appeal to Governor Wilson to open to examine the petition forwarded to him for a pardon and to pass on them. It is said that fully 100,000 names have been added to the petitions. Powers' idea in wanting the petitions passed on now is said to be that if he is to be pardoned he wants to know what he can take steps toward presenting his candidacy for congress in the fall.

The approval of the Governor, Sullivan, Watkins by changing the trustee system of management of the public schools to County Commissions has passed both branches of the General Assembly and now awaits only the Governor's approval to become a law.

These are two concrete results of a season marked for the most part by mediocrity, petty partisanship, and by a recklessness of appropriation that has defeated its own ends. They are results from which Kentucky will receive immediate and lasting benefit, and to their author to the General Assembly in this instance and to Gov. Wilson the State's gratitude is owed.—Louisville Times.

The editor of the Interior Journal gets upon his all-fours and brands us as a "bolter" because we took occasion to criticize certain articles which appeared in his splendid paper.

The origin of the trouble dates back twelve or fourteen years, when Pup and Jack Rigby upon one side and Greely Lear and Armp Rowland on the other engaged in a general fight in which Rowland and Jack Rigby lost their lives. Par Rigby was tried for the killing of Rowland, but acquitted, the testimony showing that Jack Rigby was the man who did the killing. Lear was tried for the killing of Jack Rigby and given two years, which time he served. Trouble has long since been expected between them as a most bitter feeling existed.

Lear was buried Wednesday in the Oak Hill grave yard.

DeWitt's Little Early Risers, small, safe, sure little liver pills. Sold by Chas. C. Davis.

Hon. Harvey Helm, our present Congressman, was in town Tuesday and made this office a most pleasant call. He gave us his announcement for reelection, which appears in this issue. Mr. Helm is making a splendid record in Congress, and the people have every reason to be proud of him. It is a custom and a good one, too—to give a representative the second nomination without opposition and, we are glad to say, the sentiment in Gardner is strongly in favor of re-nominating Mr. Helm in this way. He had a hard fight to win the nomination last year, and those Democrats to whom we have yielded say unhesitatingly that he should be given another term, not only as an endorsement of his good work in Congress, but as a reward for the splendid service he has given his party. We have heard of opposition to Mr. Helm, and that there will be none.—Lancaster Record.

It seems to us that some of our citizens, who are able to do so, could make it profitable to build a few houses for rent. There is hardly a day we do not see some one looking for a house in Mt. Vernon, and not a single empty one. Even the upstairs of some of the business houses are now being used for residences.

CARD OF THANKS We wish to tender our sincere thanks to the good people of Livingston and Mt. Vernon, who so willingly rendered us valuable assistance during the sickness, death and funeral of our son and brother, "Alex." These generous acts, so willingly bestowed, will ever be remembered and cherished in our hearts. A. Pennington and family.

L. T. Welch, local agent for the Turner, Day & Woodsworth Hardware Co., closed a deal Wednesday with F. Krueger & Son for 900 acres timbered land on Skaggs Creek. It is estimated that there are 1,000 cords of hickory in the boundary, which will take two years longer to cut out, in addition the timber located on adjoining land, which will be brought to the mill, which will be located on this tract.

Harve P. Watts, who was in jail at Stanford on the charge of murder, committed suicide by taking 110 grains of calomel.

In September of last year Watts shot to death Hamilton Vandever, the O. & C. agent at Kings Mountain. He was intoxicated, and killed his victim without provocation.

He was a brother of John P. Watts, a wealthy lumberman of Harrison, Tenn., who had been indicted Judge M. C. Sauley and other well-known lawyers to defend him. He leaves a wife and eight children, who are now living at Stanford. He was about fifty years of age.

Alex Pennington, aged 25, died at the home of his parents, Mr. and Mrs. A. Pennington, at Livingston, Sunday afternoon, after an illness of only a few days. For many years he had been afflicted with an epileptic, and while the family fully recognized that, and was rapidly growing nearer, yet they did not feel that it was so close. Only last week, he was in Mt. Vernon visiting his sisters, Mesdames Parrott and Brown, apparently as well as he had been for many months, but returning to his home he was soon seized with a violent attack of that awful malady which had completely wrecked his life. For many years he was a faithful employe in this office, and was given the position because of his health.

The remains were brought here Monday on the noon train, and taken to the Baptist church, where, short, but appropriate services were conducted by Rev. C. C. Metcalf and Mr. W. H. Cox, after which the remains were laid to rest in Elmwood cemetery. Besides his devoted father and mother, he leaves several brothers and sisters, to whom he had been for many years a constant watch, care and the object of their most tender affection.

Mrs. W. J. Edmiston, Mch. 20-31. Crab Orchard, Ky.

Chas. Neild, Jr., the only son of Mr. and Mrs. Chas. Neild, passed into the great beyond last Friday morning, after an illness of only a few days. For more than five years he had been sorely afflicted, but for the past several months had been feeling much better, and at the time of his last illness was in Wilton, where he located the large coal mines, for which his father is General Manager. His father and mother were at their home in Louisville when the news came, bearing the sad tidings that their only son had died of his heart's and the object of their fondest hopes, was dangerously ill. Double pneumonia soon made its appearance and in less than thirty hours he had his first death throes, and his gentle spirit went to the God on high. The remains were brought here Saturday and laid to rest in Elmwood cemetery beside his grand-parents, Capt. and Mrs. Jack Adams.

The silver cord is loosed, the golden bowl is broken, the dust has returned to the earth as it was; the spirit has returned to the God on high. The departed boy, who had numbered his eventful days of his youth, ere the evil day came, or the years drew nigh, when he should say, I have no pleasure in this, has finished his course and reached the heavenly goal, while yet an infant in the race of life. The floral offerings were sent in by profession and beauty to anything ever seen here before, the broken, weak, emblematic of the first broken link.

Cox-McPerron: At the home of Dr. and Mrs. W. J. Childers, Livingston, last Monday evening was solemnized the marriage of their sister, Miss Mattie McCerron, to Mr. E. B. Cox. At the appointed hour the couple, attended by Misses Georgia and Nell McCerron, sisters of the bride; Mr. C. C. Cox, a brother of the groom, and Mr. A. B. Furnish, took their place. Rev. J. W. Masters, pastor of the Mt. Vernon Christian church, pronounced the ceremony in a most beautiful, impressive manner. At the close of the ceremony, hearty congratulations were extended; and at 1 o'clock and elegant three course supper was served by Mrs. Childers, assisted by Misses Georgia and Nell McCerron. The bride and groom, accompanied by Miss Georgia McCerron and Mr. A. B. Furnish, left on the early train for Louisville, where their honeymoon will be spent, after which they will return to Mt. Vernon to make their future home. The presents received by the newly wedded couple were numerous and handsome as well as valuable.

The bride is a daughter of Mr. and Mrs. Houston McCerron, of Pine Hill. She is a young lady of many graces of mind and person, who is capable of filling the home she will adorn with happiness and will prove to be truly a helpmate and companion by the husband she has chosen to honor with her hand.

The groom is from one of our best families, and by those who know him, he is considered one of the substantial, young men of the county, who will make his mark as a worthy son of honorably parents. The congratulations on this happy event are numerous and the paper is greatly pleased on this occasion to add its hearty good wishes to those being so freely extended.

BROWN MEMORIAL SCHOOL. J. D. Barker, superintendent of the Sherwin-Williams factory at Montreal, gave an address in January before the New England High School Teachers' Association on what the business world requires of the big schools to do for boys. He voices the opinion of thousands of firms employing men. Below are a few of the points. The rest will be given next week.

"Commerce is for a long time engaged the attention and energies of the larger proportion of the population, but the importance of it in comparison with other occupations deserves to be emphasized. Business includes within its sphere of operations the supplying of humanity with all civilized necessities, includes the developing of all nature's resources and their transportation, manufacture and distribution. The standard of success in business is fully as exacting both as regards natural qualifications and special training as in all of the learned professions. It is, therefore not surprising that the various branches of commerce should now attract not only the cleverest and most energetic, but also the most highly cultured and refined among our population.

"The first item on the specification of requirements for business is physical fitness. A boy who is weak and able to do his work every day and all day, is more valuable than one who can run hundred yards in ten seconds, but loses two or three days out of every month through ill health. Therefore, excessive sport or exercise is undesirable. Business is the modern battlefield and calls for the exercise of all martial qualities—courage, self-control, quickness of eye and will, endurance, patience, cheerfulness, and the absence of fairness, and he will take chances.

"The first of the mental qualities required is a willingness to learn. A boy has not finished learning when he completes High School. On the contrary all he possesses by this time is the mental preparation to begin to learn business.

"Second, Discipline.—This has three aspects, the first of which is punctuality. This is more or less insisted upon, and the boy who is punctual can often attract the attention of his superiors. (2) Obedience. A boy is not at all expected to exercise his own judgment or initiative, but is expected to carry out orders and to follow the instructions that are given him. He must not be a 'how many boys' sort of a person. (3) Responsibility. A boy should be given a few of the duties of his position. He should be given a few of the duties of his position. He should be given a few of the duties of his position.

spect for superiors. Business is not democratic any more than the schools, and the men occupying the high positions in business gained them through merit and fitness, and are worthy of respect.

"Third, Accuracy.—This is perhaps more important than extensive knowledge. A boy should be absolutely sure of what he knows. The ability to add a long column of figures and check his own work is worth more to him than a knowledge of logarithms.

"Fourth, Good Handwriting.—It is possible for everyone to write a clear legible hand. This only requires intelligent practice.

"Fifth, The English Language.—Commerce is world wide in its operations and an enormous amount of business has to be carried on by correspondence. But few men can write a good business letter, still less dictate one successfully to a stenographer. Through drilling in grammar, spelling, and composition, and a course of reading in the best of classic English authors are the elements of a knowledge suitable for commercial requirements. Only a love for the best authors will enable a boy to express himself in good English and equip him with a sufficient vocabulary.

The Music Department is fast getting into splendid running order. The pupils are showing an interest in the serious side of the work and good results are sure to follow.

Besides Miss Florence Allen's Lectures, which will be in April, Miss Smith and Mr. McDonald are planning three recitals during the term—one for the pupils, one for themselves, and one in which both will participate. They will include not only the piano work of the pupils, but quartets, trios, and various voices, the orchestra, and the dormitory girls and boys in College Glee.

There will be no charge for admission for either Faculty or Pupils. Recitals and a cordial invitation is extended to all friends of the school.

Next Sunday afternoon at 3 p. m. the musical services will be held in the Chapel of Brown Memorial School. Miss Smith will sing a selection from Gail's Holy City, and the orchestra will play the famous "Ibelen" from "Verdi's" "Il Trovatore."

Everybody is invited to these Sunday services. They are distinctly religious, but non-sectarian in character.

There will always be good music, a Bible lesson, and short talk illustrating the scripture reading.

Mr. J. R. Orndorff aged about twenty five died at his home in Livingston last Thursday after an illness of several weeks. "Pup," as he was known among the mill-roads boys, although he was about the oldest, was one of the best engineers in the service of the L. & N. Company. His remains were taken to Stanford on the early train Saturday morning and laid to rest in the Stanford cemetery. Besides his wife he leaves two sons and two daughters to mourn the loss of a kind husband and devoted father.

Most people know that if they have been sick they need Scott's Emulsion to bring back health and strength.

But the strongest point about Scott's Emulsion is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

All it contains no drugs and no alcohol.

GOOD FOR EVERYBODY.

Mr. Horace R. Coulter, a prominent architect, in the Deliberate Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic and preventive of disease in every body. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. Sold at Chas. C. Davis' drug store.

For several weeks past the Ferguson shops have been entering on their force of mechanics at Columbus, Indiana. Chas. C. Davis, Birmingham and Somerset in the Ferguson shops have lost in that time more than a hundred and fifty mechanics and helpers.

On Saturday the anticipated order came to close the "back shops" and let all the force except about twenty five men the Ferguson shops. It is to be kept up running repairs.

As for the permanency of this close down, in which so many are interested, it is not for anyone to speak adversely. The road has a large number of idle new engines on hand in position to start a few months of rigid economy of repairs if the necessity of doing so continues.

The withdrawal of a pay roll of about \$50,000 per month at Somerset looks a serious matter to the business of the city and is not very cheerfully spared from trade channels.

If reports be true as to the future intentions of the road management, there is a silver lining to the overhanging cloud. It is suggested that the closing of the shops became necessary, under present regime, to avoid conflicts with the Labor Unions and Interstate Commerce Law in regard to discharge employees without lawful cause. It is further suggested that the company will make the Ferguson shops "open" and employes of the future will have to enter same "unaffiliated" and under a revised wage scale, that the Ferguson shops will become at perhaps an early day, what has been all along intended, the main construction and repair shops of the Q. & C. system—Somerset Journal.

Be careful about that little cough. Get something right away, some good, reliable remedy, that will move the bowels. Kennedy's Laxative Cough Syrup acts gently, yet promptly on the bowels, and stays in the system for the same time. It is pleasant to take and is especially recommended for children, as it tastes nearly like simple sugar. Sold by Chas. C. Davis.

S. A. Shaglin, the Democratic candidate for Governor of Georgia, says of Kodol: "I have used it for several years on my old army wound, and whenever it aches, and closed him up the best healer in the world. The House passed the Sullivan educational bill, which changes the whole system of school trustees and establishes a high school in every county in the State. The bill provides that the county shall be the governing unit for school matters, and that a tax of not to exceed twenty cents shall be levied for school purposes in each county. A county board of education which shall consist of not less than four nor more than six members. The County School Superintendent shall be a member ex-officio. It is to be established. This board is to be selected by the election of one school trustee in each school district, and the trustees of these districts to compose a division board of education in each educational division of the county, of which there shall be not less than four nor more than eight. The teachers are to be selected by the division board and each trustee is required to look after the needs of the schools in his district.

The main feature of the bill, aside from the alteration in the methods of managing schools, is that each county in the State shall have a high school. The bill now goes to the Senate and is practically certain to pass there, both the Democrats and Republicans favoring it. The bill does not effect a graded high school or graded city school which now exist.

NO USE TO DIE.
"I have found out that there is no use of die of long trouble, as long as you get Dr. King's New Discovery," says Mrs. J. P. White of Rushboro, Pa. "I would not be alive to-day only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung disease even after the case is pronounced hopeless." This most reliable remedy for coughs and colds, lagrippe, asthma, bronchitis and hoarseness, is sold under guarantee at Chas. C. Davis' drug store. 50c. and \$1.00 Trial bottle free.

The February statement of the London Board of Trade shows decreases of \$2,499,000 imports and \$619,000 in exports. Although food imports increased in February by \$10,000,000, they are more than offset by the decrease in raw materials.

Kodol is today the best known and most reliable remedy for all disorders of the stomach, such as dyspepsia, heart burn, sour stomach and belching of gas. Kodol contains the best medicine found in a healthy stomach. Kodol is pleasant to take. It is guaranteed to give relief and sold by Chas. C. Davis.
