DEMOCRATIC TICKET.

For Congress. HON. HARVEY BELM.

ANNOUNCEMENTS

We are authorized to announce G. T. JOHNSON as a candidate for County Clerk, subject to the action of the Republican party.

The friends of Hon. R. H. Tomlinson, and they are many, are urging his claims for delegate from the 8th District to the National Democratic convention, and they feel that he ought to win.

The friends of Hon. R. H. Tomlinson, and they are many, are urging his claims for delegate from the 8th District to the National Democratic convention, and they feel that he ought to win.

The Democratic State Convention is called to meet at Lexington on June 1st, the county convening to meet on June 6th. Whether the selection of Lexington over Louisville as the place for holding the State Convention is a victory for Beckham or not, is not the most vital question, but the State for Bryan at the November election is the thing for which Democrats should fight.

Col. John G. Mathews has done his part in a letter charging machine rule, withdrawals from the race for Congress in the Eleventh. Col. Mathews evidently saw the hand-writing, stamped in "box-car" letters, since he has so prematurely quit the race. It was hoped that he would continue in the fight—and then see the wood fly.

OF INTEREST TO DEMOCRATS.

The National Democratic Congressional Campaign Committee has begun active operations at its headquarters at Washington D. C. In addition to its regular work, it is now preparing a Campaign handbook which it hopes to have ready for distribution by July 1st—two or three months earlier than heretofore.

The Committee is charged with the duty of assisting, in every way possible, the election of a Democratic Congress. We wish the active co-operation of every voter in the United States who believes in the right of the people to elect a Democratic Congress would greatly benefit the country. We must rely upon the people to sustain our work by giving information as to local conditions, and suggestions, for our guidance.

Each individual can at least aid by making a contribution. Will he not do so and interest others in helping us too?

We wish our Campaign handbook distributed as generally as possible, and we will furnish a copy as soon as published, to every one who contributes to our Committee.

Send remittances to me at Washington, D. C.

JAMES T. LYDDE, Chairman.

Keep Your Bowels Open

It is a noticeable fact, and one which any doctor will verify that people who suffer most often from disease are the ones who have the most difficulty in keeping their bowels open. Regular bowels mean health.

People who have a tendency to constipation must of necessity use something to help nature along. This should not be a violent aid like salts or purgative waters. It should be a gentle, but a strong liquid that will get the intestines and membranes that it comes in contact with. Children, women and weak people generally should never give a dose of any medicine. And it is true for the strongest person because the bowels are the most delicate. And it is true for the weakest person because the bowels are the most delicate. And it is true for the strongest person because the bowels are the most delicate. And it is true for the weakest person because the bowels are the most delicate.

Mr. J. A. Hopkins, living on the surveyed route of the East Tennessee Telephone Co., has refused to allow the company to set 14 poles on his property and a suit has been instituted by the company concerning the land for that purpose. This is the first case of the kind that has ever come up in the county.

Mrs. Lou Jones fell a very serious case, receiving a very serious break of one of the bones of a lower limb. She was to have been married the following day to Mr. Ed Smith and had stepped out in the yard to help her father catch a turkey for the wedding dinner, when she fell and received the serious injury.

We would like to see what kind of looking creature the editor would have to be, to be able to edit a newspaper and print just the very thing to please every body every week. About the only privilege or real pleasure the ordinary country editor is able to claim as his own is to think as he believes to be right and then say what he thinks if he wants to say.

The books of the First National Bank of this place show that some 12 cents ago George B. Cooper, our efficient and clever county clerk, deposited \$300 to the credit of H. W. Rice. The money has remained there since. Mr. Rice died at his home at Livingston six years ago but told neither his wife nor two sons about the amount he had deposited. He did business with the Lincoln County National Bank and it is supposed that Mr. Cooper made a mistake in the bank in which he was requested to place the money. Mr. Cooper has no recollection whatever about the transaction, but when told about the money remaining in the bank so long he naturally made inquiry about it. Mr. William Pleida is a relative of Mrs. Rice and thinking it was her dead husband's money he had that lady come down and she called on the bank officials Saturday. She knew nothing of the money, but remembered that on one occasion she heard her husband say that he had deposited that his bank account was not as large as he thought it was. Mrs. Rice will qualify as administratrix of her husband's right away and will claim the money which very probably rightfully belongs to her. Had the money been loaned out at six per cent, it would have earned \$416 making the sum total \$516. Interior Journal.

Mrs. Rice came here Monday accompanied by her son, Chas. H. Rice, and qualified as administratrix of her husband.

Notice:—My office is now open ready for business. I have just equipped my office with a new out fit and am prepared to give you the very best service at as reasonable a price as is consistent with the best material and first class workmanship. Call and see me. Respectfully, DR. MYERS.

The practice of base-ball playing on Sunday, we can not indorse and to our young boys who compose the ball team and who are our bert young men, we would suggest that they cut out Sunday ball. There is plenty of time during the week days for this sport and there are many who would patronize the games if Sunday was cut out. As a rule the majority of the smaller towns disapprove of Sunday ball and when, "we are in Rome we must do as Rome does."

"The Merry Widow" play, by local talent will be given at the court house on Friday night, May 23rd proceeds to go for benefit of Christian church. Admission: 25 and 35 cts. We are assured by those who have witnessed the several rehearsals, that every one who attends, will get full value for their money.

This money is to go for a most glorious purpose, and we trust that those who have given so much of their time and labor, may have cause to feel that their efforts have been in vain in doing for a good cause. Remember the date and don't fall to attend.

LIVINGSTON

Mrs. W. T. Mcrimmon and children, of Paris, Ky., are spending a few days with their father and mother, Mr. and Mrs. George Pope. Mr. Pope, of whom we spoke last week has being very sick, is resting a little easier at present but is yet in a very critical condition.—Mr. and Mrs. Hugh Jassie and little daughter are visiting in Virginia this week.

Dr. W. J. Childress left Monday for Chicago where he will attend the Medical Association and Lectures from four to six weeks. We regret, of course, to have the Doctor away for so long a time but we are glad to see him take so much interest in the advancement of himself in the medical profession, and it is very nice that we have two so congenial physicians as Doctors Childress and Webb so that when one wishes to be absent the other can and will keep up both of their work.

Dr. and Mrs. W. J. Childress were in Cincinnati the first of the week shopping. Mrs. Childress accompanied the Doctor that far on his way to Chicago.—Dr. Deas of Danville, is at the Eight Gaules this week doing dental work. If you are needing such work now is the time to have it done as he will not remain long.—Remember the date for the ice cream and strawberry supper to be given at the store room of J. C. Callaway Saturday May 23 by the Y. P. C. E. S. Be sure and come and bring your friends with you and enjoy yourselves. Let us make this an evening of enjoyment and feasting and while so doing be helping in a good cause.—That Grim reaper, Death, visited our little city last Thursday and claimed the spirit of that good old lady, Mrs. Mahala Carson. She had reached that ripe old age of 81 years 9 months and 29 days. She had been married three times. Her first marriage was to Moses Cummins who were born, five girls and two boys; the second marriage was to Milton Hicks and to that union three children were born two

boys and one girl. Her third and last marriage was to Joseph Carson and to this union there were born two children one boy and one girl. There are seven out of the thirteen yet living and who deeply mourn the loss of a dear and devoted mother.

Ann "Haly" as she was familiarly known was also a sister to Old Uncle Ashly Owens who departed this life some twenty years ago and Uncle Martin Owens who passed away only a short time ago and while she was almost 62 years of age she had always been in good health until some two months ago, when she received a severe fall from the porch of the Mullins hotel. To this is attributed the hastening of her taking away and now to those who are left behind to mourn her loss on earth it is a sweet consolation to know and feel that if we live up to the requirements of the supreme being we will all meet again here on this earth of sin and sorrow but on that bright celestial shore where all is beauty and splendor. The remains were taken to Providence and gently laid beside her last husband to await the final resurrection.

Elme of Middlesboro state agent for the Tribe of Redmen is organizing a tribe at this place. This is a

very strong organization and we hope he may be successful in his undertaking and we see no reason why he should not have success.

Miss Lula Bryant the 15 year old daughter of Mrs. Hurt died at her home here May 19th. Her remains were taken to Wildie for burial Wednesday. The pall bearers were composed of six of her young lady Sunday school mates, Misses Sarah Alcorn, Lucy Woolf, Alice Burton, Pearl Owens, Lucy Dees and Ethel Smith and they deserve great credit for the becoming way in which they discharge their duties.
