Tarsley Told Information Concerning Matters of Current Interest to Kentuckians.

THE STATE NEWS IN A NUTSHELL.

Lexington, Ky., June 10.—President William Coedell Frost, during commencement exercises at Berea college, announced that a contribution of \$50,000 had been made to the Berea college school fund by an unknown easterner. The money was donated on condition that one dollar for every dollar given by the eastern party must be duplicated by subscribers secured in Kentucky, until the amount reaches \$50,000. When this is done the \$100,000 necessary will have been raised and the matter of locating and building the school will be taken up. Two hundred and ninety thousand dollars have already been raised. The \$50,000 contribution was pledged through James H. Canfield, librarian of Columbia university, New York City.

THE CONRADS ABSOLVED

Not Indicted for Failure to Call Doctor for Dying Children.

Danville, Ill., June 10.—The grand jury of Vermillion county has held that it is not incumbent on believers in spiritual healing, under the statutes of the state of Illinois, to call physicians in case of illness in their families, by refusing to heed John and Sophia Conrad for the death of their three children, two eight and one thirteen years old, several weeks ago. A strong effort was made to obtain an indictment holding the parents responsible, but the grand jury refused to take the action desired by the state.

Parla Journal Lays Recent Murders at Door of State.

Paris, June 10.—Hénot Rochefort, the editor of the Patrie, whose letter to the Clemenceau government is well known, insinuates in the Patrie that the police do not desire to solve the mystery of the murder of Adolphe Steinhell, the noted painter, which occurred more than a week ago. Yet, he says, he could solve the mystery in an hour if permitted to do so. He insists that the alleged robbery of the Steinhell house never occurred.

"The government deceives itself."

He continues, "If it imagines that this affair will die out, it strikes more false than many sensational crimes. After the mysterious death of M. Felix Faure, the president of the republic, on the day the decree for the revision of the Dreyfus case was to have been promulgated, the president was shot to death; after the pretended suicide of M. Gabriel Syveton on the day before he would have been acquitted of assaulting War Minister Andre, and now after the strangulation of Steinhell by three men and a woman, who did not carry away even a spoon, Parisians are pronounced by the Patrie to be deceived." "Let an individual have in his possession documents embarrassing to those in power, and next morning he may be found with a bullet in his head, a knife in his breast or a cord round his neck."

MINERS RETURN TO WORK

EMPEROR'S BELL LOST CLAPPER

Boston, June 10.—A scarcity of beef in the local market has sent wholesale prices to a figure higher than had been reached since the beef strike several years ago. Whole cattle were selling at 12 1/2 cents per pound. Dealers said that the cause of the rise was due solely to the law of supply and demand. They expected the market to drop lower prices until late in the summer.

The result of the mass conventions held in the 119 counties of the commonwealth Saturday dispelled any doubt that anyone might have had relative to Bryan's strength in Kentucky. Every county that instructed its delegates at all instructed them to vote Democrats to represent the State-at-large who would cast their votes in the National convention for the Nebraska County after county that did not instruct its delegates for Beckham, McCreey, Paymaster, James or any of the other candidates for delegate at large, instructed them to vote for Bryan delegates. In an instance was there an exception to this rule, or a voice against Bryan's nomination. It is also a certain prediction, according to the instructions of the Counties, that Gen. Beckham will be Governor. J. B. McCreey will be two of Kentucky's Big Four. Congressman Olie M. James of the First Congressional district, was named by many of the counties, and it is practically sure that he will have the third place on the delegation.

Mr. and Mrs. R. B. Mullins and daughter, Miss Bessie, were called to Corbin Monday on account of the death of the four year old son of Mr. and Mrs. Luther Mullins. G. T. J. Brown is back from Chicago, where he spent a month or more attending lectures. He was present at the meeting of the National Medical Association and took part in the deliberations of that great body—Interior Journal. Mr. and Mrs. T. S. Mrs. Elizabeth Sower, of Brodhead, mother of W. E. Sower, came to Mt. Vernon Sunday for a week's visit to friends and relatives. This is her first trip to Mt. Vernon in nearly forty years. She has been invalid for more than thirty seven years. For many years she was confined to her bed all the time, but for the last few years has been able to take a few steps about the room, each day.

W. T. Sharp, from Langford Station, was a pleasant and substantial caller at this office yesterday. Let us have street lights. Mr. S. F. Bowman and Miss Maggie Hansel will teach the public school at this place this year. The Brown Memorial School closed last Thursday night with a splendid musical program. "The Merry Widow" play will be given at Brodhead next Wednesday evening. Mr. H. H. Beatty has bought the residence of G. T. Johnson on Main St., known as the M. C. Williams residence. Price paid \$1250. The L. & N. will sell tickets to Louisville June 13 to 17, limited to June 26th at \$4.12 round trip account of the International Sunday-school Convention. In our next issue will appear the program of children's day to be held at Mareburg June 21. It is a splendid program. We can assure all who attend of a pleasant and enjoyable day. Among those receiving honors in proficiency, deportment, etc. of the Versailles public school, there appears in the Eighth grade the name of Miss Hamie Estes, who is well known to most of Mt. Vernon people. Jack Adams has started a feed and livery stable in the J. T. Adams barn. He will also handle ice having received a car load Tuesday, which he will deliver every morning to any home in the corporate limits of the town. Jack is certainly a hustler and it is worth much to a town to have such progressive young men as he, in it. The Court of Appeals has affirmed the judgment of the lower court in the case of Witt vs. Western Union Telegraph Co., sent up from Laurel circuit court. The company failing to deliver a message announcing the death of Mr. Witt's sister were the grounds for damages C. C. Williams was the attorney for the plaintiff and \$400 the amount of damages awarded. The Rockcastle County Teachers' Institute will convene at Brodhead on July 6th. All teachers of the county and those holding certificates are requested to be in attendance the full session. Let us have few excusers and come with renewed energy. Respectfully yours, G. M. EBELARD, County Superintendent. We want to suggest that our town board of trustees follow the example of neighboring towns. Brodhead, and put in some street lights, which can be done at a nominal cost. The lights referred to, are made by the Incandescent Light & Stove Co., of Cincinnati; each light is 1500 candle power and the cost of installing is about \$50 for each light. We certainly need them, and we hope that our board of trustees, who have thus far proven themselves equal to every emergency will take the matter up at once and if consistent take favorable action. SAD AFFAIR—On last Tuesday John Croucher, a well-to-do and highly respected citizen of the Scaffold Case section, cut a gash in his throat from the effects of which he can get no recovery. The time he committed the act, he was preparing to go for a doctor to see his sick child and seemed to be perfectly all right. Soon after doing the deed he regained consciousness and talked freely of what he had done. He said it was not premeditated and that the only reason he cut his throat was that while getting ready to go for the physician, he turned blind. His wife died about a month ago and by many, it is believed that the death of his wife was cause for the deed. For more than a week he has been breathing through the opening made by the gash.

The hop at the Miller Hotel last Friday night was largely attended and thoroughly enjoyed by those present. Marriage license was issued this week to Mr. William Hilton and Miss Rebha Helton, both of the Copper creek section. Notice—The tax payers are hereby notified that the Sheriff's tax books for 1908 are now ready and in either my depositories, are ready to receive your taxes. R. L. McLEROY, S. R. C. The four year old son of Mr. and Mrs. Luther Mullins, died at his home in Corbin Monday after an illness of two weeks of brain fever and spinal meningitis. The remains were laid to rest in the Corbin cemetery. A rather small crowd was in town yesterday to witness the performance of the M. L. Clark Shows. Time is worth too much to the farmers to lose a moment which is not necessary. The exhibition was a very considerable one and those who attended felt that they got value received. LIVINGSTON Mrs. R. SIDI 42336. COURIER-JOURNAL CUTS.

This Percheron Stallion will make the season of 1908 at the Adams Ivory stable. He was imported from France in September 1907 and has as fine blood as can be bred into a horse by the French Government, as will be shown by his pedigree. Aside from his pedigree he is as good an individual as there is in the State. He is coal black, fine style and action and weighs twenty-three hundred pounds.

PEDIGREE: Folded April 15th 1904. Brod by M. Brouard, commune of Bord-huis, Canton of Nive, Department of Orne. Sired by Courmesnil 45560, Dan Rossie 47223, she by Lavoisier 40512, 2nd dam Sans Souci 73571, she by Petite Caprice 17420, 3rd dam Louissette 25546, she by Abrador 14079, 4th dam Petite 16174, she by Favorit 12874, 5th dam Petite Blongant to M. Jousselin. A more extended pedigree can be seen at the stable.

I write the people to come and see this horse before breeding elsewhere. If you like the horse I shall appreciate any mare sent to him, and am sure none will regret sending after the colt is folded.

SIDI will make the present season at the above named stable at \$20 to insure a living colt. Money due if mare is traded after being bred. Breeds will be taken to prevent accidents, but not responsible should any occur.

Nature has provided the stomach with certain natural juices known as the digestive juices, and it is through these juices that the food we eat is acted upon in such a way as to produce the rich red blood that flows through the veins of our body and thereby makes us strong, healthy and robust, and it is the weakening of these juices which destroys health. It is our own fault if we destroy our own health, and yet it is so easy for any one to put the stomach out of order. When you need to take something that is prompt, but take something you know is reliable, and something like Kodol for dyspepsia and indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by Chas. C. Davis.

NO HUMBUG.

No humbug claims have to be made for Foley's Honey and Tar. The well known remedy for coughs, colds and lung troubles. The fact that more bottles of Foley's Honey and Tar are used than any other cough remedy is the best testimony of its great merit. It is the only taking some unknown preparation when Foley's Honey and Tar costs you no more and is safe and sure. Sold by Chas. C. Davis.

SLANDER.

There is nothing that wings its flight so swiftly as calumny, nothing which is uttered with more ease than to be listened to with more readiness, or dispersed more widely. Slander soaks into the mind as water soaks into low and marshy places. Where it becomes stagnant it becomes offensive. Slander is like the Greek fire which burned unquenched beneath the water; or like the weeds which when you have exterminated them in one place, are sprouting vigorously another.

The tongue of slander is never tired; in one form or another it manages to keep itself in constant employment. Some times it drips honey and then gall. It is bitter now, and then sweet. It will hide a curse under a smooth word and administer poison in the praises of love. Like death, it "loves a shining mark," and is never so available and eloquent as when it can blight the hopes of the noble-minded, soil the reputation of the pure, and break down or destroy the character of the brave and strong.

That man or woman who attempts to bring down and degrade those who are more than he or she does not thereby elevate himself.

He who indulges in slander is like one who throws acids to the wind, which comes back to the same place and covers him all over. Never speak evil of another, even with a cause.

Remember we all have our faults and if we expect charity from the world we must be charitable ourselves.

Remember a word once spoken can never be recalled.

Fear not if of a friend, or speak of an enemy.

Believe not all you hear, nor to report all you believe.

Be cautious in believing ill of another, and more cautious in reporting it.

Deal tenderly with the absent.

Say nothing that will inflict a wound on their reputation.

On many a mind and many a heart there are and inscriptions deeply engraved by the tongue of slander, which no effort can erase.

They are more durable than the impression of the diamond on the glass for the inscription on the glass may be destroyed by a blow but the impression on the heart will last forever.

The less one has to do for themselves the more they lend to the affairs of their neighbors.

All of things of earth the most miserable is the sick-tongued tattler.

Study to shun the company and influence of all characters that will defame you so doing you will be a man or a woman (whichever hated or loved) that will shun the gates of a deceivers hell.

Yours truly,
B.

THEY ARE COMING.

Everything under the sun is an encompassing statement, but very appropriate and fitting in making a true assertion relative to the man, God, attractions and diversified features of the J. C. ADAMS' JONES SHOWS. Constructed in statement literally and add a little of imagination, and even then, after seeing these Greater Shows there will be no subsequent indication for exaggeration or perversion of the truth. Figuratively speaking the J. C. ADAMUS' JONES SHOWS have spread a dragon over the amusement and zoological universe and banished the ropes. Have made a scientific assortment of the great catch, striking all, was wonderful, retaining or seasonal, and cast away the refuse. If there is aught that has been overlooked it must be, either elusive or imaginary. Every avenue of possible innovation has been traversed. Every field of possible feature has been ravaged.

Aggrandisement and progression were the watch word; originality the slogan, and the date at Livingston is Monday, June 15 for the Jones Enormous Shows.

Special forecast: The Missouri river flood at Kansas City will crest during Wednesday at a stage of 20 feet or possibly five tenths of a foot higher. The Mississippi at St. Louis will continue to rise, and from present indications a stage of between 32 and 35 feet is indicated by about Monday next. The low of Red River will also continue to rise and if the levee should a stage of between 38.5 and 40 feet is indicated at Alexandria, La. by June 19. There are no present indications of unseasonable high temperature in any part of the United States. In the Middle Eastern and Northwest States will be generally fair, with moderate temperature. A barometric depression that will appear over the Rocky mountain districts on Wednesday will move slowly eastward over the plains States Thursday, crossing the central valleys Friday and Saturday and reach the Atlantic coast Saturday or Sunday. A low rain and a slight rise in temperature will attend the advance of the rain area and following its passage there will be a day or two the beginning of next week of somewhat low temperature from the north central valleys to the Middle and North Atlantic coast.
