

FOR COMMONWEALTH'S ATTORNEY.

HON. B. J. BETHURUM,

Whose announcement appears elsewhere in this issue as a candidate for the nomination for Commonwealth's Attorney for this, the 28th Judicial district, to fill the unexpired term caused by the resignation of J. N. Sharp, subject to the Republican primary to be held August 14th 1908.

Mr. Bethurum has always been an ardent and loyal Republican always taking an active part in all political matters, and up until he changed his residence to Somerset had been one of the leaders of the Republican party in this county.

For some time he has been filling the position, under appointment, and has done so with honor to himself and credit to the district.

The hearty endorsement for Mr. Bethurum which will receive from Rockcastle Republicans, will bespeak the esteem and regard which he is held by the people on to fill out the unexpired term of his native birth. The following is an editorial clipped from the Somerset Herald:

"In an appropriate column of The Herald, will be found the announcement of Hon. B. J. Bethurum as a candidate for Commonwealth's Attorney for the Twenty-Eighth Judicial District of Kentucky, subject to the Republican primary election, which has been set for August 13th, 1908. This district is composed of the counties of Clinton, Rockcastle, Pulaski and Wayne. (Before coming to Pulaski county Mr. Bethurum had lived continuously in Rockcastle, where he had made a most creditable reputation as a lawyer and politician, having served

Rockcastle county one term in the Legislature representing Rockcastle and Laurel counties. Since coming to Somerset, Mr. Bethurum has taken high rank as a lawyer, being universally recognized as one of the best young lawyers in Southeastern Kentucky, as well as a man of the highest honor and integrity. As a Republican he has a record without a blemish, and is always found ready and willing to do service for his party and its nominees. Being a man of fine personal appearance, a forceful and logical speaker, his capacity for leadership is second to none. Mr. Bethurum is now serving the district as Commonwealth's Attorney, having been appointed last January by Governor Willson to fill the vacancy caused by the resignation of Hon. J. N. Sharp, and the election this November is official then Mr. Bethurum has the latter gentleman. Mr. Bethurum's conduct relative to the discharge of his official duties has been all that could be desired by his constituents, and it seems to be the opinion of all concerned, that the district has not had a more obliging, painstaking and efficient official than Mr. Bethurum has proven himself to be. His friends confidently assert that it matters not who may enter the primary against him, he will certainly win the nomination. Whoever supports him will have the satisfaction of knowing he has supported a self-made man, distinctively so, an able officer and a Republican in the very fullest meaning of the term."

WILLIAMSBURG.

The Whitley county Teachers Institute will be held here next week.—Miss Eva Fish of Mt. Vernon is visiting her aunt, Mrs. J. B. Fish.—Mrs. J. Frank Myers who was severely injured by a fall last week is improving slowly.—The jury in the trial of Mr. S. B. Galtiff for killing Heberne Gilreath brought a verdict this morning of nine years in the penitentiary. A new trial will be granted.

C. Tate on the charge of a nuisance given four months on the rock pile. A motion for a new trial, in the case of Pur Rigby, who was given two years in the pen, for killing Greely Lear, was made Monday, but the court has not handed down his decision to civil business. The case of Jasper McGraw against W. M. Bullock, in which about twenty acres of land, valued at \$300 was involved resulted in a verdict in favor of the defendant. The Commonwealth of Kentucky vs. Louisville & Nashville railroad Company awarded \$50 damages. The grounds for damages in this case were that the Railroad Company because of abutments for a bridge across Roundstone Creek, had backed the water, so that the ford which is only a short distance above the bridge, is impassable during high water.

The case against Lee Norton, charged with the shooting and wounding of Mrs. James Arnold at the same time her husband and son were killed by Joe Norton, was called Monday but passed over until yesterday it being necessary to summon a special jury, of seventy-five men to get the jury. The following jury was selected and the taking of evidence was begun yesterday before noon. The case will go to the jury today. The following are the gentlemen who were selected to try the case: Jason Robinson, Frank Adams, Lee Herron, J. C. Phillips, Lewis Owsen, A. P. Chandler, J. E. Craig, Sam Rose, W. M. Luceford, Willis Baste, Joe Bullock and R. C. Shearer.

Come out and witness a good game of ball and we might suggest, for the benefit of base ball boys, that you bring a little change along. It costs money to play ball and those who enjoy the game, should be willing to bear a small part of the expense.

Walter Brown, Henry Williams and N. A. Guilbert, leading Ohio politicians, called on Secretary Taft Monday to demand the selection of Arthur I. Vorys as national chairman. They told Mr. Taft that the choice of Hitchcock or any other man would discount the Republican organization. As the result of the conference Mr. Taft sent word for Mr. Vorys to call on him at Washington, but he announced that no decision would be made until after the conference with the subcommittee of the National Committee, which will be held July 8 at Hot Springs, Va.

ONE MORE STAR FOR THE GRAND OLD FLAG

Oklahoma's, Added on July 4, is the Forty-sixth in Old Glory.

A Fourth of July Sketch by John Walter Whitehouse. Copyright, 1908, by C. N. Lewis

Under the provisions of an old act of congress Oklahoma's star, the forty-sixth, will be added to the American flag this Fourth of July, but on New Year's day school children in Philadelphia presented the oldest addition of the new star in a very pretty ceremony, as shown by the accompanying illustration. Though Oklahoma was admitted to statehood by the president's proclamation of Nov. 16, 1907, under a law passed in 1818 thereby star could not be added until the Fourth of July following. This law has applied to all stars added since the year mentioned. The little old house in which the first "star spangled banner" was made under direction of General Washington and a committee of congress stands at 238 Arch street, Philadelphia. It was there that the little girls and boys celebrated the advent of 1908 by holding a flag containing forty-six stars. Thirty-two girls and boys, dressed in white, represented the original stars, while a boy dressed up as a figure of the American flag, and another uniformed like a colonel of the Continental army, assisted in the ceremony.

FLAG HOUSE CELEBRATION, PHILADELPHIA, IN OKLAHOMA'S HONOR.

Lately twenty-five years old, an artistic, needle worker, made the first old-fashioned flag in that old house. Just before the flag raising on New Year's day the children participating therein assembled in the old house and enacted a tableau representing the making of the original flag. One little girl skilful in needlework took her seat in a chair

house from Charles P. Mijnd. The money she had purchased was distributed by her to a million persons, many of them school children. The children were \$200,000 worth of the money consisted of dimes.

An interesting innovation in American history was the ceremonial of the admission of Oklahoma to statehood. The conferring of full citizenship upon the Indians of the Five Civilized Tribes—Cherokees, Creeks, Choctaws, Chickasaws and Seminoles. These Indians now may vote, run for township constable or president of the United States and exercise any other franchise of citizenship which is open to a citizen of any state.

Each of these Indians, man, woman and child, has been allowed a certain acreage of land in the Indian Territory part of Oklahoma. The lands were allotted to them as tribal citizens.

The War of the Chesapeake.

The war of 1812 sometimes is called the war of the Chesapeake. Several years before war was declared she Atlantic Sea was challenged by a British ship of war and desired to give up four men who had deserted from the American ship. Captain Barry, her commander, refused. The British vessel opened fire, killing and wounding a number of Americans. After an ineffectual defense the Chesapeake struck colors to the Briton and delivered up the men wanted. Three of these were American citizens who had been imprisoned in the British service. It was such an infamous act on the part of Great Britain that caused the war of 1812.

Charles Carroll of Carrollton. When Charles Carroll of Maryland was about to sign the Declaration of Independence he was warned that he was jeopardizing his immense property in some one else's hands. "Oh, King George will never hang Carroll. There are too many of them. They will not let me go," he replied. "True," said Carroll and promptly wrote after his name "of Carrollton."

The Absentminded Man. "What day does the Fourth of July come on this year?" asked the absentminded man. "On Saturday." "Yes, but what day of the month?"

A REVELATION.

It is a revelation to have the severe cases of lung trouble that have been cured by Foley's Honey and Tar. It not only cures the cough and gripes and tightens the lungs. L. M. Ruggell, Resnor Iowa, writes: "The doctor said I had consumption, but I got no better until I took Foley's Honey and Tar. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bullock."

IT CAN'T BE BEAT. The best of all teachers is experience. O. M. Harden of Silver City, North Carolina, says: "I feel Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it the most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run-down conditions. Best too for chills and malaria. Sold under guarantee at Chas. C. Davis drug store. 50c.

GROVER CLEVELAND.

COMMENTS ON HIS DEATH

In all the history of this country there has been none with whom he can be compared. There was none like him in moral heroism, in breadth of view, in joy in high conviction, in true patriotism, in executive force, in personal sacrifice. He was as big as his country, devoted to its welfare, true to its best traditions, confident of its future. He was saved by his bravery, and in which he was cruelly and unjustly defamed by a very charitable while he was in authority, unjustly and misrepresented by every demagogue who has had the ear of the multitude, abandoned by his party because he would not yield to the follies of the times, the target of the revolutionist and the special abhorrence of the political mountebank and swindler. He moved to the close of his honorable life, serene in his composure and comforted by his own conscience, void of offense to God and man. We must pay the tribute of our warmest admiration because of his generous treatment of the South. He did more for us than any other President this country has ever had. He restored the South to the Union. He made it a part of the life of the nation; he gave it a place in the Government at Washington, and recognized it in the diplomatic service of the country. That he failed to impress his faith in the South and his love for the South upon the people of this part of the country was not his fault, but the result of the unworthy character of the men placed by the South in positions of influence and power, and by whom the South must be judged and has been judged to its shame—News and Courier, Charleston, S. C.
