LIVINGSTON

Albert Censerae about 28 years who lived about three miles east of this place fell into the river while fishing Monday and was drowned. He was buried Tuesday evening...

L. M. Westerfield who has been away for some two weeks has returned to his post of duty in the Dispatchers office...

We are reliably informed that there will be some new trees put out of Livingston Monday next. This is certainly pleasing to the citizens and if it is only two or three crews it will help and I suggest that our citizens open their eyes and make it a point to assist in every way possible to advance the company's interest...

Miss Mary Johns, Acting Principal. Judge Kohlsaat in the Federal Circuit Court at Chicago refused to set aside the injunction preventing the Government from enforcing the new whisky labeling regulations...

only committee present made his report and the entire board being present there was some pretty hot arguments on both sides but the meeting finally extended a vote of thanks to the board of trustees for their services and adjourned. We do not regret very much that this unpleasantness has arisen, and I trust it may vanish as suddenly as it arose. The School Trustee Election at this place last Saturday was pretty interesting. Everyone worked hard to win his point but Dr. Childress won over Magee by 12 votes...

Summer complaints and other serious ailments common in hot weather can be traced to the stomach nine times out of ten. Keep the stomach in good order right now by keeping a bottle of Kodol handy in the house all the time but especially through this month. Take Kodol whenever you feel you need it. That is the only time you need to take Kodol just when you need it; then you will not be troubled or a stirring expression in the Taft speech of acceptance, and every statement is nicely parted in the middle. It is a calm, judicial presentation of the reasons why Taft and Roosevelt

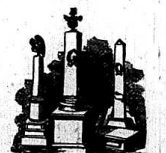

Speaking of the speech the Philadelphia Record says that "there is not a ringing sentence or a stirring expression in the Taft speech of acceptance, and every statement is nicely parted in the middle. It is a calm, judicial presentation of the reasons why Taft and Roosevelt will be elected President. It does not read at all like a speech, and at least of all like a political speech. It is an unemotional as a Court decision regarding a dispute boundary, and has not nearly the snap and vivacity of the decision of the Circuit Court of Appeals in the celebrated case of John D. Rockefeller vs. Kewasaw Motzain Landis. It is as voluminous as a Presidential message and as argumentative as a bill in equity. The decision is against the evidence and will be unquestionable set aside."

KILLED:—John Graves shot and instantly killed Brack Thacker near Graves, last Wednesday morning. Graves is a well-to-do farmer, and is about 60 years of age, the deceased was about 25 years. Bad feeling had existed between the parties for some time. The circumstances immediately preceding the trouble as told by Coroner John Taylor, who held the inquest over the body. Thacker, are these: Graves and his son, Rome, were at their barn and Thacker, who lived nearby came to Mr. Graves' peach orchard, climbed a tree and was knocking peaches, when Graves told him to get down. Thacker did so, got his shot gun and started toward the barn where Graves and his son were working with apples and nuts. What words took place just before the shooting we are unable to say. The only eye witnesses were Thacker's wife and Rome Graves, yet Mrs. Thacker says she ran in the house just before the shooting took place. Graves shot Wednesday afternoon and surrendered and is now under guard. His examining trials set for to-day.

A GREAT LINE OF FREE ATTRACTIONS.

In line with its policy to put on only the greatest attractions that can be secured, the Kentucky State Fair management has closed a contract with Frank Spellman of Cleveland, O., for what is believed to be the best line of free attractions ever seen at a Southern Fair. These attractions will be seen in front of the grandstand each day, including Spellman's Performing Bears and ten other free attractions, such as trapeze acts, mid-air performances, etc.

A Japanese troupe of gymnasts and acrobats, excellent in their line, nothing ever seen before in Louisville, has been engaged especially for the State Fair, and will be shown exclusively in Kentucky at that time. In addition to the more thrilling of the well-known acts of balancing and acrobatic work, they have devised several features which will be for the first time introduced here.

The thrill of free attractions, however, will be the trapeze performers, including several comedians and a tiny tot which is hurled by its heels twenty-five feet through the air and is safely caught by one of its attendants. Accidents do not occur in this act, but despite their perfection a net is present for a possible emergency, so that even if an accident should occur, no fatality would result.

The show already engaged for the "Stretch" are Peroria's Trained Wild Animal Congress, the Dicky Wild West Show and Cow Boy Indians, the Dark Tow Fire Brigade; Hoana and Hell Mechanical Device; Johnsons Flood; Palace of Illusions; Electric Palace; and many others which will be added later. This is enough to insure that the State Fair will be something doing every minute.

EXHIBITS AND CLASSIFICATIONS

At the Kentucky State Fair. Entries of exhibits in Livestock Departments, except for Hogs, Indefinite and Jack stock, will close Monday, Sept. 7th, at 5 p. m., and in all other departments prior to Thursday, Sept. 10th. Entries of horses, mules and jacks will positively close at 12 o'clock the day before the exhibition this year, as there will be a printed program of the horse and mule shows, and the owner, the name and color of the horse, and the number of the entry, which must correspond with the information on the person riding, driving or exhibiting same. It is absolutely essential that the exhibitor file this information by noon of the day preceding the exhibition.

Exhibits must be placed by 9 o'clock Monday morning, Sept. 7th, and exhibitors of all departments have been so notified.

There are 1228 different rings in which liberal prizes are offered, while there is a total of over 300 different lots. The horse classification is subdivided into classes suitable for harness, breeched saddlers, three-gaited drivers, roadsters, combined harness and three-gaited saddle, combination saddlers, rumpback, high stepping, sheldons points and fine horses. The mules and jack stock are well taken care of.

In the Beef Cattle Department the classification is as follows: Aberdeen Angus, Polled Durhams, Aberdeen Angus and Red Polts. In the dairy cattle department Jerseys, Holstein-Friesians, Guernseys and Ayrshires are recognized. The Swiss Friesians include entries such as: Land-Champ, Durck-Champ, Chester Whites, Ramworth, Hampshire and Friesians. In the Sheep Department the following breeds are recognized: Shropshires, Cotswolds, Southdowns, Merinos, Cheviot, Oxford and Hampshire. Doves, Ramboulllets and Lincoln, also a class for Angora Goats. The Poultry classification covers every known standard variety, and the same is true of the Pigeon Department, the prize money being increased over last year's list. The Departments for Vegetables and Melons, Field and Garden Crops and Tobacco contain classes for almost every product grown on the farm. In Horticulture there are hundreds of entries offered for apples, peaches, pears, grapes, etc.; Plants and Flowers, one of the most attractive features of the fair, will be larger and better than ever before. In no department is there more interesting collection of premiums than in that set aside for woman's work, children's work and textile.

A. S. Naubaum, Batesville Ind., writes: "Last year I suffered for three months with a summer cold distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not touch my case, and I took several medicines which seemed only to aggravate it. BALL GAME.

Berea came over last Saturday and crossed bats with our boys on the local grounds and were easily defeated by the score of 11 to 7. Barnett who was at the center of the diamond for the home team pitched a fine ball allowing the visitors only 8 hits all of these being scattered and had it not been for errors at critical times Berea would have had no showing at all. During this time our boys got after Hopkins for 11 hits, including a home run, 2 triples and a double. The boys consider this quite a victory as the opposing pitcher is going to pitch in the Blue-grass league the rest of the season. Mt Vernon has been playing good ball this year having won 7 out of 10 games played. Following is the line up and score by innings:
