WHY JAMES LEE GOT WELL

"Everybody in Zadesville, O., knows Mrs. Mary Lee, of rural route 3. She writes: 'My husband James Lee, firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely affected that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health.' Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it! Sold under guarantee at Chas. O. Davis' drug store, 50c and \$1.00. Trial bottle free."

John G. Carlisle, secretary of the treasury under Cleveland, expresses his opinion of the political outlook as follows: "Tilt has been the best of it and will probably be elected. But his fight is now a one-sided as in the past, and a number of things may happen in the next few months to give the election to Bryan."

A BOON TO ELDERLY PEOPLE.

Frankfort, Ky., Aug. 13.—Governor Wilson tonight denied emphatically that he has any intention of notifying W. S. Taylor after the election in November, he must return to Kentucky to stand trial for alleged complicity in the plot which brought about the assassination of William Goebel, as stated in a Louisville paper this afternoon. "I have positively talked with no one upon the subject of having Mr. Taylor brought back to Kentucky or on his voluntary return to stand trial; nor have I considered the case in any way with respect to politics. There is absolutely no foundation whatever for the charges which is made to me and what I will do in the papers this afternoon."

THE race war which has been on in Springfield, Ill. for the past two weeks is one of the most disgraceful affairs that has ever blackened the pages of the history of our country. The negro problem in the south, is and has long since been a hard question to solve, but, never have the innocent been made to suffer for the crimes of the guilty. The terrible thing, but doubly so when the innocent and almost helpless, are knocked down, drug through the streets and hanged, as was the case with the old shoe maker, in the Illinois capital.

HON. F. P. HARRISON a prominent attorney of Monticello, has been nominated by the Democrats of this district as a candidate for Commonwealth's attorney, to oppose Hon. B. J. Bethurum. Mr. Harrison is a splendid lawyer a good speaker and a strong advocate and will not doubt prove himself a good runner, notwithstanding the very great odds against him.

THE Presidential and Vice Presidential candidates in both parties have, at last, all been notified that they had been nominated, and the next thing now in order, is to set the ball rolling, to get votes.

BYLAN and Helm clubs should be organized in every school district in the county.

ROCKCASTLE COUNTY FAIR.

The most successful exhibition of the Rockcastle County Fair Association closed last Friday. If the payment of a large dividend to stockholders, is the standard of success then, it would be proper for us to say that the fair was a failure, since there will be no dividend declared. But the crowd in attendance, the exhibit of good stock of all kinds, the display of the floral ball and the general satisfaction, and feeling of good will, all satisfied that their time and money had been well spent, speaks a grand success. Mr. Jasper Rickles, aged 87, died at his home at this place, Tuesday afternoon, after an illness of many months. To fact he has been what might be called an invalid for many years, as the result of a severe case of typhoid fever which settled in his legs, which at times would swell to such proportions and become so painful that it was necessary for him to go to his knees. But being a man of strong fortitude and will power, he continued his avocation, unwilling to give up as long as it was possible for him to earn a livelihood. He was an honorable, upright christian man and since he united with the church, more than forty years ago had followed closely the steps of the lowly Nazarine. His remains were laid to rest in Glasgow cemetery Wednesday afternoon after short, but appropriate services conducted at the Christian church by Mr. W. H. Cox. He leaves a wife and six children so mourn the loss of a kind and devoted companion and father.

A newspaper with 1,000 subscribers has 5,000 readers. A merchant who pays out 1,000 hand bills possibly gets 400 people to read them, that is if the boy distributes them doesn't chuck them under the side walk. The handbills cost much as a column advertisement in the home paper. All the women and girls most of the men and boys read the home paper and the advertisement. Results are merchant who uses the paper 1,000 or more readers to each 100 of handbill readers. There is no estimating the amount of business that advertising brings to a merchant, but the right kind of newspaper advertising always brings results.

STATE FAIR PROGRAM

Special Prizes.—Superintendents of Departments.

The very handsome sum of \$425,000, supplemented by special prizes amounting to \$5,000 will be offered in prominence at the 18th annual State Fair to be held on its new grounds and in its new home the week of Sept. 12 to 19 inclusive. In nearly every department the prize money has been materially increased over past years and consequently the most attractive and liberal classification ever presented by a fair south of the Ohio river is offered to the exhibitors. In the horse department the prizes are 50 per cent greater and in the milk and jack departments 25 per cent in excess of last year's list, and still a more liberal increase in the poultry and swine departments.

Among the special prizes listed are two handsome trophies presented by the Louisville Automobile Club, one for the best American carriage animal to be judged by the standard of classification provided by the United States Department of Agriculture governing the exhibit of carriage horses at the various State Fairs and Expositions of the country, and one for the best pair of mules owned by a Kentucky exhibitor. The latter in addition to its value and attractiveness is something in the way of a novelty, in that it is offered by a manufacturer of harness for animal who the world knows to be its strongest competitor in trade. Other specials are the Highland Home Cup, valued at \$100, offered by Gay Bros. of Glasgow, Ky., for the best and most add-to-bred foal of 1918; the Montgomery Club Special, valued at \$100, offered by the Ball Bros., Versailles, Ky., for the finest and best stallion, mare or gelding, any age, by Kentucky-bred stock, to be shown in hand; a cup by Powhatan Stock Farm for the finest yearling colt or gelding; a \$500 cup by Smyser Bros. of Lyndon, Ky., for roanster champion and a \$500 cup by the Belmont Club, for senior head of jack stock, and American Jack Breeders' Association Special for junior head of jack stock, the lump sum of \$500, donated by the American Shorthorn Cattle Breeders' Association for prize for Shorthorn cattle, and the amount by the American Hereford Association for prize for Hereford breed; \$125 offered by the Louisville Tobacco Warehouse Company for special prize for tobacco; and a grand silver loving cup presented by the American Dairy Breeds' Association for the best young head of Berksheires exhibited by a Kentucky breeder, and many other specials for farm products offered by the H. M. C. Rankin, State Commissioner of Agriculture.

KENTUCKY STATE FAIR RACES.

Horse racing, always an attraction at a State Fair, and more especially at an exhibition held under Southern skies, will be featured more than at any previous State Fair. The new \$500,000 track, now in process of construction, when completed will be one of the fastest half-mile courses in the country and the program indicated for a first-class harness race meeting this fall. Four stakes, five purses, and three special events, have already been announced; in addition to these there will be two running fairs each day, so the Kentuckian who thinks that his day's visit at a fair is incomplete without seeing a first-class horse race will not be disappointed at the year's State Fair. Among the early closing events are the Kentucky Breeds' Association stakes for 220 trotters, the Louisville Retail Merchants' Association stake for 220 trotters, and the Louisville Commercial Club stake for 218 pacers. Stake entries closed July 14th; purse entries close Sept. 1th and entries for the cup races at 12 o'clock the day before the race.

The stake races will be contested on the Kentucky track, which has a five-foot-bank, and the purse races on the two in three heat plan. It is the intention of the management to build a full mile track enclosing the present-half-mile course, and it is hoped to have the change of the racing program indicated, which will compare favorably with the best state fair tracks in the country, and Louisville will doubtless become one of the most popular training grounds in the country.

SPECIAL NIGHTS AT THE KENTUCKY STATE FAIR.

J. V. Beckman, manager of the State Fair, has announced that the Special Nights Committee, and has been authorized for several weeks past in arranging the most attractive night programs possible.

The first will be School Children's Night, Prof. E. H. Mark, Superintendent of the Louisville public schools, is chairman of the committee in charge for that night.

Tuesday will be German-American Night, with Mrs. Louis Seelbach in charge; Wednesday, Labor Night, John Young, president of the Federation of Labor, chairman; Thursday, Middle West Night, W. H. Haldeman, commander of the First Kentucky regiment, chairman; Friday, Irish-American Night, Thomas McCabe, chairman; Saturday, Far-west Night, W. A. Robinson, chairman.

The show on Saturday will be especially interesting on account of the various horse championships being awarded that day.

MACHINERY EXHIBITS AT THE STATE FAIR.

An unusually large exhibition of farm implements and machinery is projected. Owing to the incompleteness of the State Fair grounds, this department does not share the same advantages afforded them by some of the other institutions in the way of large machinery halls, but every other facility and accommodation will be at their disposal. Commodities which will be assigned to this department, and already a large number of applications are on file, including manufacturing machinery, pumps, stock scales, fencing, mills, road machines, vehicles, harvesting machines, hayrack machines, plows, and every utensil used by the farmer. The farmer who desires to be instructed in the use of better methods and better machinery will have a great object lesson before him at this Fair.

COLLIE DOGS AT THE STATE FAIR.

The collie dog exhibit at the Kentucky State Fair promises to be a great attraction than ever before. No new dog, one entirely original, and the first ever held in this section will be a show trial given by an expert, which will show the usefulness of the collie to the farmer. A creditable show of the nature will appeal to every collie fancier, as four points are to be judged by owners toward champion status, and the American Kennel Club. It is expected that this year's show will bring out 150 collies, including many famous line dogs. The show trial will be started by expert Eastern dogs. Any farmer is the state desiring to train up his dogs along this line and can compare will be eligible.

STUDENTS' JUDGING CONTEST.

Following a plan devised by the old or state fair institutions of the country and one that has proved eminently successful at all the great Western fairs, as well as a progressive step in the progress of agricultural education, the Louisville Rankin has offered \$100 in cash for a scholarship to the Agricultural Department of the State University for the young man who displays the most skill in judging the best work in livestock judging at the Kentucky State Fair of 1918, and contestant to be required to file a written opinion with the reasons therefor on horses, cattle, sheep and show animals. Forfeitures of selection will count \$50 and reasons substantiating the same, 25 cents.

LIFE INSURANCE.

The Kentucky State Fair management has arranged for a life insurance program which alone is worth the price of admission.
