NEWS OF KENTUCKY

Tereley Told Information Concerning Matters of Current Interest to Kentuckians.

THE STATE NEWS IN A NUTSHELL

Here Are Found Accurately Detailed the Happenings of the Largest Importance Which Are Attracting Attention Throughout Kentucky.

Brookville, Ky., Sept. 2.—Twenty eight riders, masked and armed, met with a wain reception on the farm of Walter Galloway, five miles east of Palmouth. They rode up to the tobacco barn and applied the torch, 8,000 pounds of tobacco being destroyed.

The fire was returned without damage and the riders galloped away. Galloway's change of shirt struck one of the men, who rode to Palmouth for surgical attention. The identity of the wounded man has been disclosed and he may be arrested. He is said to reside on a farm near that of Galloway.

COURT FINES W. O. BRADLEY Judge Adams Says He Will Preside at Trial of Beech Hargis.

Jackson, Ky., Sept. 3.—When the Breathitt circuit court convened for the trial of Beech Hargis, who killed his father, Judge James Hargis, Judge

ADAMS announced from the bench that he would overrule the motion of defendant requesting him to vacate the bench. He directed the clerk to enter a writ of habeas corpus for the defendant, who fled the affidavit making him to vacate the bench. Judge Adams said the motion of the attorneys in preparing the affidavit and filing same in a contempt of court, and under the rules of the law the affidavit does not present at this time reasons that justify the court in refusing to preside at the trial.

Indianapolis Black Turn on Kentucky

Negro Who Betrayed Murderer. —Indianapolis, Sept. 2.—Charles Andrew, the cousin and betrayer of Jesse Cox, the negro murderer who was shot to death in southern Kentucky and whose body was brought here for identification, narrowly escaped violence at the hands of a mob of colored people in Coffeyville, Mo. As the result, Andrews, who had decided to make Indianapolis his home, went back to Tompkinsville, Ky., with Sheriff Bryan and his deputy, Granger Conklin, the officers who killed Cox, and who brought the body here.

A certain class of the negroes of the city regard Cox as a hero and they are angry at Andrews for a part he played in the killing of this desperado. The mob was held in bay by a detective, who, with drawn revolver, threatened to kill anyone that came near. Reinforcements arrived and Andrews was taken to the city station for safe keeping. Afterward he was sent in the charge of two patrolmen to the home of a relative, where he remained until the departure of the Kentucky officers, who accompanied south. It is believed by negroes here, however, that he will never again show his face in the mountain home of the Cox.

Girls Burned When Fuse Burned Out. —Lexington, Sept. 2.—Misses May Collins and Emma Bryant of Versailles, May Hagerdon, and Jennie Goodie of this city all members of a merry making party on the Bell line streetcar, were badly burned and injured by a fuse on the car burning out. The girls jumped from the car when the blaze appeared and were not rescued, besides being burned.

Shot Boy Brave. —At Minerva, in Marion county, John Bruce, aged twenty years, shot and killed his father, Lewis Bruce, forty-two years old. The older Bruce, it is said, had attacked his wife, when his son interfered and shot him with the fatal bullet.

OBALDIA TAKES CHARGE. New President of Panama Enters Upon Executive Duties. Panama, Sept. 2.—The electoral proceedings which began last January and which for so long a time threatened the peace of the republic, ended this day when Dr. Augusto Boyd, chairman of the national jury on elections delivered to senior Don Jose Domingo de Obaldia the document setting forth the final count of the states of the whole republic which makes him the constitutional successor of President Manuel Amador. To celebrate this event Senor Obaldia gave a banquet Sunday night by the most prominent Panamanians and foreigners on the isthmus, at which the president-elect was the object of many felicitations. The national assembly will convene tomorrow. As far as politics are concerned, no trouble is expected on the isthmus for a long time to come.

REPUBLICAN VOTE FELL OFF IN VERMONT

Independence League Seems to Have Got Some Figure.

White River Junction, Vt., Sept. 2.—The Republicans won the election in Vermont Tuesday by carrying the state for Lieutenant Governor George H. Prouty of Johnson for governor by about 29,000 votes over James E. Burke of Burlington, Democrat. The opponent. The plurality was the smallest in a presidential year since 1892, when it was only 2,000 and was followed by a Democratic national victory, but it was larger than in 1888 and almost slightly larger in 1896. There was a falling off in the four years of about 8 per cent in the Republican vote, while the Democratic vote fell off about 3 per cent.

The Independence League appeared for the first time and polled about 1,500 votes, while the Prohibition and Socialistic vote remained about the same. "An unusually large number of local contests for members of the legislature, although bringing out a heavy vote and resulting in Democratic gains in the lower branch of the legislature, apparently had no bearing on the gubernatorial fight.

General Buckner Now Alone.

St. Louis, Sept. 2.—Lieutenant General Alexander P. Stewart, one of the last surviving lieutenant generals of the confederacy, is dead after the death four months ago of Lieutenant General Stephen D. Lee, commander of the confederacy. Stewart was a native of Tennessee and served in the Confederate army. General Stewart was born in Tennessee and served in the Confederate army. General Stewart was born in Tennessee and served in the Confederate army.

SKIFF Run Down by Yacht.

Chicago, Ill., Sept. 2.—A skiff containing five persons, was in two Sunday night by the Illinois river by the yacht Mayflower, and Mrs. May Appleton of Alton was drowned. She was knocked unconscious and sank immediately. Mr. and Mrs. Albert Combs of St. Louis were thrown into the water and Mrs. Combs' husband rescued her by diving. He also saved Miss Kate Lamar, who was floating on her back above the water. Combs then went to the rescue of Walker Stillwell, who could not swim.

Child Fell to Its Death.

Chicago, Ill., Sept. 2.—William A. Decker, Jr., the five-year-old son of William A. Decker, a wealthy planter of Memphis, Tenn., fell from a window in the Vendome hotel here Sunday and was instantly killed. The boy and younger brother were in a room by themselves when the older one pushed a screen from the window and fell with it to the pavement below.

Grand Jury Still at Work.

Springfield, Ill., Sept. 2.—With a total of seventy-eight indictments returned, the special grand jury empaneled to hear evidence on recent race riots is still in session. An indictment charging murder was returned against Frank Brady, a white man of Sullivan. The young man has confessed to killing Thomas Brady.

Only Two of Crew Survived.

Toledo, Sept. 2.—None of the sinking of the British steamer Dunbar and the loss of all but two of the fifty-three members of her crew in the typhoon which raged over the Gulf of Goto, on the island of Kishiu, has reached here in a report received here.

A Girl and a Gun. —Andrew Lee, 26, by the accidental discharge of a revolver in the hands of his ten-year-old sister, Jessie Hankins, while they were playing at the home of a relative in this city, Walter Hankins, six years old, was shot and instantly killed.

BRODHEAD

Rev. C. C. Willson has just closed a protracted meeting at Sparks Quarry where 27 were added to the church 20 of whom were baptized. A nice sum has been subscribed for which to build a church. Rev. Willson is a good man has been the instrument of bringing many souls to Christ in this county.—Mrs. M. E. Willmont and two daughters, Misses Clyde and Mattie are visiting Mrs. G. W. Brooks at Williamsburg this week.

Miss Maude Watson has accepted a position in J. Thos. Cherr's store in the dry goods department. —Your scribe had the honor of being a guest at the home of Mr. and Mrs. R. L. Smith in the Hill neighborhood also at Mr. J. H. Allen, Hillside. He's going back to that country.—Members of the Baptist and Christian churches will each present a play one night during the institute. Don't miss either for both are good.

HOW TO GET STRONG.

P. J. Daly, of 1247 West Congress St. Chicago, tells of a way to become strong. He says: "My mother who is old and was very feeble deriving so much benefit from Electric Bitters, that I feel it my duty to tell those who need tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger."

The Japanese Immigrants who were sent to the State of Sao Paulo by the Imperial Immigration Company of Tokyo are leading a very happy life in large numbers. They have been at work on the coffee plantations, but apparently were not satisfied with the employment. Many of them have arrived at Rio Janeiro for the purpose of securing employment as domestic servants.

A PAYING INVESTMENT.

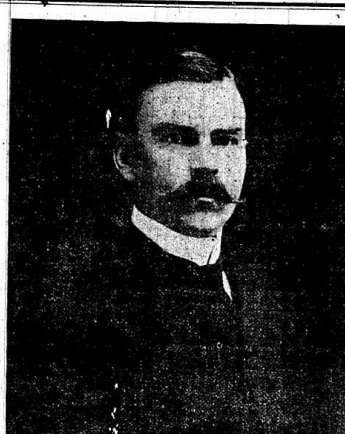

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough all winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a bottle of Dr. King's New Discovery, before that was all gone. This winter the same happy result has followed; a few boxes once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies. Sold under guarantee at Chas. C. Davis' drug store. 50c. and \$1.00 Trial bottle free.

JUDGE L. W. BETHURUM,

Who was nominated at Harrodsburg last Thursday by the Republicans of the Eighth Congressional District, as a candidate for Congress, to oppose the Hon. Harvey Helm. His nomination was by acclamation.

Judge Bethurum was born in this county and reared on a farm three miles south of Mt. Vernon. He secured his education in the public and private schools of Rockcastle county, later attending what is now Highland College of Williamsburg, and Brown University, Valparaiso, Ind. He taught in the common schools of Rockcastle county, studied law and was admitted to the bar May 10th, 1895, and graduated from the Law Department of the University of Louisville in 1897, formed a partnership with his brother, Hon. B. J. Bethurum and practiced law under the firm name of Bethurum & Bethurum. He was elected County Attorney of his home county in 1901, which position he held one term. He was then nominated by the Republican party, without opposition, for the office of County Judge and elected, at the November election, 1904, by a handsome majority, which office he now fills. His grandfather, B. K. Bethurum, was elected County Judge of this county in 1858, re-elected in 1862, and held the office of County Attorney from 1885 to 1890. His father, D. P. Bethurum, was County Judge, being elected in 1894, serving one term. This is the only instance in the history of the state where father, son, and grandson held the office of a County Judge.

Judge Bethurum is an able lawyer, a strong and forcible speaker, and convincing advocate on the stump; has always taken an active interest in the Republic politics, and all matters relating to the best interests of the county and state.

AN IMPRESSIVE GRAND PARADE

Veterans of Great War Revive Memories of Oger Days.

SHOULDER TO SHOULDER AGAIN

As in the Days When Their Country Called Them. They Marched Again. Stout of Heart Though Best of Frame, Giving a Pathetic Glimpse to the Country of the Now Sadly Depleted Ranks of the Hoosier Boys.

Toledo, O., Sept. 2.—The nation was today again given a pathetic but most impressive object lesson in patriotism when veterans of the great war from all parts of the country stood patiently, holding the aloft a witness one more of that annual march of the grizzled veterans of the Great War, who in their forty-second annual gathering here saw again an exhibition of valor and courage such as few of the veterans are noticeably depicted, but there were thousands in the line.

A street parade of a civic character and the dedication of the Fort Meigs monument at Perryburg, twelve miles from Toledo, divided the interest of the veterans yesterday.

LOCAL

Next Monday week is Institute week, at Brodhead.

The New concrete sidewalks looks like there is something doing in Mt. Vernon.

I. O. O. F.—All members of Mt. Vernon Lodge No. 319 are urged to be present at the regular meeting, Saturday night Sept. 5th. Business of importance to come before the lodge.

W. A. Cox, Sec'y.

Oscar Wallin, son of Squire W. D. Wallin, of the East End, was married last week to Miss Eubety Davis, the pretty daughter of Dr. S. C. Davis, of Mt. Vernon. The groom is a sober, industrious and clever young man and his bride, i one of Mt. Vernon's finest young ladies. We wish them a long, happy and successful married life.—Interior Journal.

Our enterprising merchant, Mr. C. Baker, has set the pace in improvements which we trust others will imitate. Mr. Baker has just finished nice concrete walks in front of his residence, also walks leading around and about his premises, and last but not by any means the least, a handsome concrete fence in front of his residence. It is certainly a great improvement and something we hope to see more of in Mt. Vernon.

NARROW ESCAPE—Sam Purcell who bought a portion of the Colyer farm in the Glades section, had the experience a few days ago of being buried alive. Mr. Purcell and another gentleman were digging a well, and had gone down some more or twelve feet, when there was a cave in of the dirt, and for a few moments Mr. Purcell, was covered over with more than three feet of dirt. Fortunately, Mr. Purcell's assistant had gone up out of the well, or both men, would have been buried. Mr. Purcell was left there to his fate, as no one was near who could have come to their rescue. A large straw hat, which Mr. Purcell wore, which bent downward and covered his face is probably all that saved him, as it took his companion some little time to rescue him from his living burial.

Mr. Willis Adams narrowly escaped being seriously injured last Sunday afternoon, while returning from Langford, where he had gone to take Atty. C. C. Williams, to meet the Cincinnati passenger train. Mr. Adams was within two miles of Mt. Vernon on his return with the coupling of the carriage in which he was riding came loose, and let the bed of the buggy drop. This frightened the horse, which is a very spirited animal anyway, and he started to run. Mr. Adams held on until one of the reins gave way, and then seeing there was no more he could do, attempted to free himself and only did so after receiving several cuts and bruises about his limbs and body but none serious. The handsome stanhope, belonging to Mr. Williams and which he had purchased only a short time ago was completely demolished.

GRADED SCHOOL—Under the new act passed at the last session of the Legislature, each and every county in the State, where no high school is not already provided, must within two years from the passage of that act, establish one or more graded schools in the county. The law provides that the first must be established at the county seat and to us it seems that it is time that certain steps be taken by a score of counties, by establishing a score of them. It is certainly fitting that Lancaster's star pitcher was in the box for Crab Orchard, but was batted often and hard by the Mt. Vernon boys. Both sides played a good ball but Mt. Vernon played a little the best. The score would indicate that there was some pretty rocky ball played, but not so, the conditions of the grounds, made certain ground rules necessary and led to several scores, which on good grounds would not have been. It was a very good game and neither side has cause to be ashamed.

Young Men's Clothes

We won't admit being daffy over the Young Fellows clothes but we claim the young men's trade of Mt. Vernon and Rockcastle county have done so for a number of years, and are better prepared to serve them now than ever before. We've the reputation for giving the Young Fellows the best clothes service of any house in the county.

This season is no exception, we have lots of new and nerry styles in Young Men's clothes that appeal to them. Not so much on the extreme but different from father's clothes. They are not high priced.

Suits \$10 to \$18.

Mt. Vernon Base ball nine defeated Crab Orchard by the latter's 14 runs to 5. Runners by a score of 10 to 17, ten innings. Anderson, Lancaster's star pitcher was in the box for Crab Orchard, but was batted often and hard by the Mt. Vernon boys. Both sides played a good ball but Mt. Vernon played a little the best. The score would indicate that there was some pretty rocky ball played, but not so, the conditions of the grounds, made certain ground rules necessary and led to several scores, which on good grounds would not have been. It was a very good game and neither side has cause to be ashamed.

WHITE CITY AND STATE FAIR.

Louisville's Famous Amusement Park Be Open for Visitors from the State

The White City, Louisville's greatest amusement park, built at a cost of \$300,000, will be kept open through the week of the State Fair to give the visitors from the State an opportunity to enjoy its multitude of attractions.

This announcement is of the greatest interest to Kentucky people who will visit the fair, as it doubles the inducement of the trip to Louisville. The White City is the largest amusement park in the country outside of Chicago, and New York. It covers enough space for 200 acres and its bounds can be found amusement and entertainment unlimited.

The beauty of the White City in itself more than repays a visit. The immense Board Walk, built around a broad lagoon, is surrounded by the bull-eyes and devices, all of white and hand-painted.

The Kentucky Railroad Commission handed down an important decision Wednesday in the case of the Louisville Coal and Coke Company against the Louisville and Nashville and Chesapeake and Ohio railroads. It involved the rates of coal, mainly to points on the line of the Louisville and Nashville between Lexington and Louisville. The railroads were fully sustained in the rates which they have fixed for coal to points such as Anchorage. The contracts for the leases of the tracks of the Louisville and Nashville by the Chesapeake and Ohio from Lexington to Louisville were also sustained.
