Bad roads in Rockcastle have kept our people far behind in life's race for wealth and education. The worldly possessions of our people would have been ten times greater if our forefathers had builded more wisely. Fine homes would be where cabins are. Rich paying meadows would have taken the place of brier patches. Our hill-sides would have been ornamented with sod and grass. Dollars would have been to our credit where we have not a penny now. Those who have been educated sought other and better fields. Ambitious young men have gone where the business world was alive and things were being done; where good roads and schools abound and where money is in circulation. Having no roads we have had virtually no markets; having no markets, we have had but little, if any, money, we could have no building and but little buying, and that of the bare necessities of life. This is why many of our best citizens have left us.

Our people have heretofore failed to realize the good and disadvantages of bad roads. Our highways have been a great hindrance and drawback to the success of the county. They have cost in money and comforts lost, many times more than the price of maintaining good ones. Mr. Farmer, wake up! Mr. Merchant, bestir yourself! Ladies

buckle on the shield of a worthy cause and urge this very important and necessary work. We are all vitally interested. Farm life has been too lonesome and unprofitable in Rockcastle. The cause of this is the miserable roads. These two things have made us lose many of our young men who would have been useful among us and assisted in the building up of our county. We must turn the tide; we must retain what we have and bring others into our fold. This can only be done by modernizing our roads.

If J. H. McKinney and Fred Hahn (enterprising citizens they are) had only had a splendid pike on which they could have brought their wheat to town, how much time they could have saved, how much more wheat they could have hauled—how much easier it would have been for both man and beast? Think of how much it would have saved wagon and how much quicker the trip could have been made. From the remotest part of the county, with good roads, our boys and girls could get a higher education and yet remain under the parental roof at night. Bad roads greatly impede progress; drives us from our homes; chills the enthusiasm of the farmer, which is so essential to success and keeps us stranded in the desert of ignorance, crime and poverty. Good roads can be built. We have the material and plenty of it. Our neighboring counties are striving to and are rapidly getting them. Will we lag behind, or will we wake up to the great and innumerable benefits of having broad modern highways?

The officials of the Rockcastle Fair Association and the people of Broadhead are ambitious, confident and accommodating. They want every body to come to the Fair and enjoy themselves. They will lend a helping hand in every way possible to make the occasion a great success. In addition, this is a Rockcastle enterprise and deserves the hearty co-operation of each and every citizen.

Our "official daddies" we wish well. The season of our "hay making" is at hand. Will we take advantage of the summer sun, or will we again let it pass into the Winter of municipal do-nothing?

The Somerset Times pokes fun at our Town Trustees and rather intimates that they are slow and old foggy, because they passed an ordinance permitting cows to run at large during a certain period of the year. This paper was opposed to such a permission, but we will beg our own Trustees and all other citizens can keep hands off. They don't always do just what we think they ought; but they are waking up to the needs of a better and larger town. It has been and shall continue to be the policy of this paper to give them credit for everything they do that looks toward the building up of our community and to endeavor to encourage them to do more. So, Brother Williams, let the fall and us-cut for you. Look after the weeds in your own town.

The Louisville Herald has been purchased by John C. Shaler, of Chicago. It has been heretofore republican in every thing, but now announces that it will support the present national administration, but that it will be independent in local politics, advocating the election of those men for office that seem best fitted to serve their community, irrespective of party.

Around a convivial table one night, "in the heart of the Cumberland," says one Middleboro gentleman. Says one,— "Let's build a broad modern highway from Middleboro to Cumberland Gap." "Agreed," chimed in the others. As a result there can be found in Bell county a piece of model road that makes a mountaineer's heart beat with pride.

The farmers of Owen County have received more than \$100,000 in the last week for their pool of tobacco. Don't this prove that it pays to farm and especially when you raise the stuff that will bring money? Wheat and tobacco are mighty certain money producers.

Look out there! One of those autos, just from the Laurel county factory, will run over you. The Company will soon have its first car ready for use, but the thing that is disturbing our peaceful slumber is—where on earth will they show its speed?

number of teams organized and games played. This is an innocent and healthy sport, worthy of the endorsement of all.

FARM FOR SALE—I desire to sell my farm of 500 acres located near Livingston, on what is known as Trace branch, about one-half farm in timber, balance in cultivation; good two story residence, barn and other outbuildings, never failing orchard of nearly 500 trees. A store house and a splendid location saw and grist mill located on farm. On account of age and health, not being able to work the farm, will sell at a bargain if sold at once.

A. J. SAMS,
Livingston, Ky.
July 16-4t.

While attempting to recover a package which had left for a moment on the tracks of the Louisville and Nashville railroad, Miss Helen Steedman, the 16-year-old daughter of Dr. W. U. Steedman, was struck and instantly killed by a passing passenger train at 10 o'clock Sunday morning at this place, as shown by the

FOR SALE—On easy terms 7 room two story house, large lot, good stable and other necessary out-buildings. This is very desirable residence property, on Stanford St., Crab Orchard, Ky. For further information address, S. C. KING, Ensley, Ala.

CUT FLW WERS FOR SALE— I can furnish the public with the best, as well as the freshest of cut flowers plants of all kinds, bulbs, potted flowers on short notice. Also make a specialty of wreaths for funeral purposes. In connection with the above, I have all kinds of vegetables on hand at reasonable prices.

CHRISTMAN GREEN HOUSES,
ED HUBBARD, PROP.,
Stanford, Ky.

SHERIFF'S SALE. By virtue of execution No. 610 directed to me, which issued from the Clerk's office of the Rockcastle Circuit Court, in W. D. Mullins Dec'd, for one, of my deputies, will on the 23 day of August 1909, between the hours of 9 o'clock A. M. and 4 o'clock P. M. at Court House door in Mt. Vernon Rockcastle county, Kentucky, expose to public sale to the highest bidder the following property, (or so much thereof as may be necessary to satisfy the amount of Plaintiff's debt, interest and cost), to two hundred and twenty five acres of land more or less, on the waters of Wolfe creek, Rockcastle county Ky, and known as the W. D. Mullins farm. This land had been sold subject to his widow's life time dower.

Levied upon as the property of W. D. Mullins, deceased. Terms—Sale will be made on credit of three months bond with approved security required, bearing interest at the rate of six per cent, per annum from day of sale, and having the force and effect of a judgment.

This August 3rd, 1909.
R. L. McFARSON, Sheriff, R. C. By G. S. GRIZZARD, D. S.

SMALL FARM FOR SALE! I desire to sell privately my farm of 57 acres, in Lincoln county, seven miles from Stanford and two miles Maywood, on good road 3/4 miles from pike, in good neighborhood, close to church, rural route and 1/2 mile from school-house. Land all very productive, 35 farm in grass, balance in cultivation; all under good fence. Comfortable house of six rooms, new barn and all other outbuildings. Abundance of fine water and fruit of all kinds.

HERBINE

What is It?
A Positive Cure For
RHEUMISM, CONSTIPATION,
DYSPEPSIA, MALARIA, CHILLS,
AND FEVER, AND ALL LIVER COMPLAINTS.

It is a powerful medicine, made from the most reliable and purest ingredients. It is a positive cure for all the above named ailments, and is a most valuable remedy for all who suffer from them. It is a most reliable and purest medicine, and is a positive cure for all the above named ailments, and is a most valuable remedy for all who suffer from them.

Price 25 Cents per Bottle.
BALLARD SNOW LINDSAY CO.,
2000 East Second Street, St. Louis, Mo.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weakness peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either dishonest or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

ANNOUNCEMENT

Of an important fact, that we are selling first class, up-to-date furniture for less money than was ever known before.

Beds, springs, mattresses, bed-room suits, single pieces of furniture, any kind or quality. We can furnish anything you need for your home.

Drop in and see our line.

ROAD TO PROSPERITY.

Small sums will open a bank account with us. Your bank account will establish your credit. Good credit opens the way to all things. Open an account to-day with the Peoples Bank and lay the foundation of a successful career. Money turns the wheels of the mill of prosperity. Without money you can not even start the wheel, but once started it turns easier with every revolution.

There is but one way to accumulate money, and that is by saving. A little money and a good credit established constant saving, will accomplish wonders.

We want you to get ahead, and stand ready to help you. Nothing opens the gateway to success so quickly as money saved by being deposited in bank.

Nothing gives you more satisfaction than to know you have a bank account with your bank. It adds to your good cheer and brings contentment. So start with us at once.

PEOPLES BANK

Wednesday was a big day for English Pilgrims in 1633, and Gloucester, Mass. where the Wednesday was Gloucester spirit of rural prosperity of the early Day. A case of 1,600 persons country was received in all the Day. A case of 1,600 persons received glory. The first produced "The Canterbury Pilgrimage" settlement by the grim.

LIVINGSTON

Lots of sickness in this locality. Mrs. J. E. Hayes is still improving. Mr. and Mrs. H. D. Magee have gone to Louisville this week. Mr. Magee will visit Frankfort and other towns while he is gone. Henry Browning is overseeing the yard work while Magee is away. W. A. Satterfield of Louisville was with us two days last week. H. L. Delph and Dr. R. G. Webb have returned from Louisville where they went to buy goods.

Mr. and Mrs. J. E. Singleton have returned from Elgin, Pulaski county where they went to attend the funeral of Mrs. Singleton's brother, James Starus, who was killed by his son. Mrs. Maggie Harris of Lexington is visiting Mrs. J. C. McCreary. Mrs. Patterson and Mrs. Maggie Martin are visiting in Middleboro this week. W. M. Hicks, who was very sick, is some better. Miss Anna M. and Rice Walton will leave in a few days to attend college at London.

The Scriptures say we are not to be afraid of man, but when anything is both a duty and a pleasure we are always glad to get to talk about it. What we want is for the town trustees to get a bustle on them and take advantage of this beautiful weather and have the roads worked and the streets looked after. We must get out of the rut and there is no better time than the present. So Mr. Trustees lets hear from you. We don't think we are just asking this just to be talking, it is the sentiment of the town. C. E. Millins of the White oak section has declared himself a candidate for Magistrate in this and Crooked creek precincts. Charley is a good man and a true friend of the town. London's base ball boys came down Tuesday to play the boys here and the score stood 12 to 4 in favor of Livingston. They had another game with Wednesday and score stood 12 to 8 in favor of London. We have just received a letter from Judge E. G. Williams of Covington. The Judge thinks we are doing the right thing in asking the Town Board to look after the streets and roads in the town limits. We all know how the judge worked for the interest of education and the up-building of the roads while he was judge and we know full well that he has the interest of his dear old county at heart. We have lost all hope that the New Livingston Coal Co. will ever go to work. A part of company are here to sell their stock of goods. There is a man here from Middleboro to buy it. This would be a good deal for some of our merchants as we understand it is to sell at 90 per cent. on the dollar. We had hoped that they would go to work again as this was a great help to the town and we are sorry to see them leave.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY. Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, and even these you will do it ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co., Toledo, Ohio. Sold by druggists. Price per bottle, 50c. Hall's Catarrh Cure for constipation.

Cuba's tobacco production in 1908, manufactured and unmanufactured, was at the value of \$45,000,000 gold, of which \$11,000,000 was used for home consumption. DeWitt's Little Early Bitters the pleasant, safe, sure, easy little always prepared. A safe you may always depend upon. It is the best where you need it. DeWitt's Catarrh With Hazel Salve. The best of all for the eyes. Sold by Chas. C. Davis.

COVE Mr. and Mrs. Sam Bryant visited Mrs. Bryant's parents, Mr. and Mrs. Marion Treadway, Saturday and Sunday. Gete Falls and wife returned to Pine Hill Wednesday after an extended visit to her folks here. Mr. and Mrs. Ed Bullock were the guests of Will Proctor's family, Saturday and Sunday. Mrs. Della Owens visited Mrs. James Bullock last Sunday. Jessie Agee of Hamilton, Ohio, was the guest of his sister, Mrs. James Riddle last week. Mrs. Henry returned from a visit to East Berstadt last Thursday. Mrs. G. M. Ballard, who since returned from Richmond, has been at the home of her mother, J. H. Sunday for Mr. Vernon. A large audience attended the service conducted by Rev. James Riddle last Saturday night and Sunday afternoon. Jones Priddy went to Berstadt Sunday to work on the railroad.

Take Kodol at the times when you feel that you are not digesting. Kodol digests what you eat so you can eat sufficient of any good wholesome food if you feel that you are not digesting it. Sold by Chas. C. Davis.

It is believed in Washington that an agreement has been reached by which J. C. Riddle, of Mayfield, has agreed to represent the people of George Du Sable as United States District Attorney for Western Kentucky.

BRODHEAD

J. G. Prith has rented the "Prith Hotel" to Sperry Fisher, of Dripping Springs and we understand will be open for the traveling public Aug. 10.—Mrs. J. W. Hutchison spent Friday until Monday with her parents at Salva Ky.—Mr. H. H. Hutchings is spending this week at the home of Dr. W. E. Gravely, having returned from Norton Infirmary Louisville, where he underwent a very serious operation.

Miss Elva Melvin, of Boone county is visiting Mr. and Mrs. J. Thos. Cherry. Lester Hinton and wife, of Rowland are here this week. Lester is rapidly recovering from his recent illness.—Dr. O. O. Stone made a flying trip to New Tazewell Tenn. this week.—Mrs. Louisa Code, of New Albany, Ind., is visiting at the home of Oscar Hamm, in the country near here. Her first visit for 25 years.—Mrs. Emma Tharp is visiting at Riley's—U. B. Cass was at home Wednesday.—Mrs. Judith Chesnut is visiting at Mareburg.—Geo. Durham, the soft drink man, was a caller Wednesday, stocking the boys for the Brodhead Fair.—A. K. Anderson, of this place, died very suddenly Tuesday afternoon at 3 o'clock. Some eight days before he was inflicted a slight bruise on his finger while running a scuttling box in his father's barn. He came to town after some little time and had it dressed and went on to his work thinking no more about it, until Monday afternoon, when he was taken with spasms almost instantly. Lockyer followed and he lasted only a few hours. We do not hear of him only spoken of as a good boy but as among the best ever reared in this community. He seemed to be his father's dependent at home and a pride of the family. He had a pleasant word and a smile for every one old and young. His remains were laid to rest in the Gosben cemetery Lincoln Co., Rev. Livingston conducted the service. We extend our sympathy to the bereaved parents, brother, sister and friends.

The best remedy we know of in all cases of Kidney and Bladder trouble and the one we always recommend, is DeWitt's Kidney and Bladder Pills. They are anti-septic and once assist the kidneys to perform their important work. But when you ask for these pills be positive that you get DeWitt's Kidney and Bladder Pills. There are imitations placed upon sale to deceive you. Get DeWitt's and insist upon them; and if your dealer cannot supply you—refuse anything else in place of them. Sold by Chas. C. Davis.

EXHIBITORS from any county in Kentucky will be eligible to competition. Entries close Monday, Aug. 2, at 6 o'clock p. m., and no entry will be accepted thereafter. All exhibitors must be placed not later than 6 o'clock p. m. of Saturday, August 7, and no exhibit that is not in place and complete at that time shall be eligible to compete. Prof. H. Garman of the Kentucky Experiment Station will act as judge. Prof. George Roberts of the State University of Kentucky, will be Superintendent in charge. The standing committee for the department of Mr. G. E. Martin, chairman; Prof. C. W. Matthews, Dr. B. H. Hatley, Prof. George Roberts, Mr. G. E. Martin, and Mr. H. Garman. Though in no sense relating to this exhibit or coming into competition for any of the prizes offered, the management of the Blue Grass Fair is gratified to state that the Kentucky Experiment Station will make a display at the fair on the lower floor of the Floral Hall, where this exhibit will be held. The fair will be taken part of the day by the department of Prof. H. Garman, and will not only include a large number of samples of crops raised in the Experiment Station, but will also attempt to set forth intelligibly the insect pests which are a serious detriment to farm crops grown in Central Kentucky, which can be successfully combated by various of the best methods recommended by the Experiment Station.

As in past years, the Blue Grass Fair will continue both day and night. The fair will be held at the Floral Hall, beginning at 7:30 a. m. and closing at 11:00 p. m. A grand display will be given, the full program of the fair will follow and all the large aggregation of above will be open.

INDIVIDUAL FARMS

Will Be Given Unequalled Opportunities at the Great Blue Grass Fair.

CONDITIONS FOR EXHIBITS

All Kentucky Farmers Eligible to Enter. Extraordinary Competitive Exhibit Under Simple Conditions Set Out Below—Do Not Forget That Entries Close Monday, August 2.

In order to stimulate interest in improved agriculture and to offer opportunity to show to the world the character of farm products grown in this section, the Blue Grass Fair, to be held at Lexington the week of August 9-14, has framed conditions for the following exhibit, which should be one of its most attractive and successful features. Exhibit of products from individual farms, not less than six from appended list to be shown, all to be grown by exhibitor, \$100, divided into four premiums—\$50, \$25, \$15, \$10.

From the following list the exhibitor is to choose not less than six products of his own farm to be shown, and it is most advisable that exhibitor may show as many more than six as he may desire: Bunch Tobacco—One plant of green tobacco in pot or cut. Hay—Three-lb. bundle. Corn in Shalk—Six stalks. Sorghum in Shalk—Six stalks. Wheat in Straw—Two-lb. bundle. Oats in Straw—Two-lb. bundle. Rye in Straw—Two-lb. bundle. Bucky in Straw—Two-lb. bundle. Alfalfa—Two-lb. bundle. Red Clover—Two-lb. bundle. Aitken—Two-lb. bundle. Crispus Clover—Two-lb. bundle. Soy Beans—Two-lb. bundle. Cow Peas—Two-lb. bundle. Blue Grass—Two-lb. bundle. Orchard Grass—Two-lb. bundle. German Millet—Two-lb. bundle. Potatoes—Selection of six, any named variety. The exhibits will be judged by points on the following basis: Quality, 50 points; diversity and commercial value, 15 points; arrangement, 15 points.

Where grains are exhibited in the bundle, the judge will consider both quality and quantity. All samples of grains must be correctly named as to variety. Tax to so designate them will be supplied by the superintendent. Each exhibit must be arranged so as not to occupy more than five feet of space. It is suggested that all exhibits of small grains, grasses and legums be attached to a board, as in this way a much more effective display can be secured.

In the case of tobacco it is suggested that 2 1/2 lbs. intended for exhibit be grown in pots, though cut tobacco may also be shown. Exhibitors who grow both smooth and bearded wheats may, if so desired, show a bundle of each and a same amount as two of the articles used to permit the exhibitor to show the phrase, "two-lb. bundle," used to designate quantity to be shown, measure two inches in diameter where tied. All exhibits will be marked by number in line, and no names of exhibitors shall in any case be attached nor shall there be any designation of exhibitor. The identity of exhibitors may be known until after awards are made. Exhibitors from any county in Kentucky will be eligible to competition. Entries close Monday, Aug. 2, at 6 o'clock p. m., and no entry will be accepted thereafter. All exhibitors must be placed not later than 6 o'clock p. m. of Saturday, August 7, and no exhibit that is not in place and complete at that time shall be eligible to compete. Prof. H. Garman of the Kentucky Experiment Station will act as judge. Prof. George Roberts of the State University of Kentucky, will be Superintendent in charge. The standing committee for the department of Mr. G. E. Martin, chairman; Prof. C. W. Matthews, Dr. B. H. Hatley, Prof. George Roberts, Mr. G. E. Martin, and Mr. H. Garman. Though in no sense relating to this exhibit or coming into competition for any of the prizes offered, the management of the Blue Grass Fair is gratified to state that the Kentucky Experiment Station will make a display at the fair on the lower floor of the Floral Hall, where this exhibit will be held. The fair will be taken part of the day by the department of Prof. H. Garman, and will not only include a large number of samples of crops raised in the Experiment Station, but will also attempt to set forth intelligibly the insect pests which are a serious detriment to farm crops grown in Central Kentucky, which can be successfully combated by various of the best methods recommended by the Experiment Station.

As in past years, the Blue Grass Fair will continue both day and night. The fair will be held at the Floral Hall, beginning at 7:30 a. m. and closing at 11:00 p. m. A grand display will be given, the full program of the fair will follow and all the large aggregation of above will be open.
